Sir,

Sub: Colleges - Queen Mary's College, Madras - B.Sc., (Home Science) and Intermediate (Household Arts) - Provision for additional seats.

Ref: Government Memo. No. 64411/47-6A. Edn. dated 15-3-1948.
@30

In connection with Part II of the Budget Estimate for 1949-50, I have the honour to submit for the favourable consideration of Government the following proposals for increasing the sanctioned strength of B.Sc. (Home Science) class from 8 to 16 and the Household Arts Group in the Intermediate from 24 to 36 in the Queen Mary's College, Madras with effect from the academic year 1949-50.

(1) B.Sc. (Home Science).

2. The sanctioned strength of the B.Sc. (Home Science) class is 8. This course has become very popular and there is a ~~great~~ ^{great} demand for it. In the current year there were 60 applicants for admission to this course. The existing arrangement is, the students of the Queen Mary's College go to the Women's Christian College for classes in Nutrition. The existing strength of this class in the Queen Mary's College is subject to the limitations imposed by the Women's Christian College. It is reported that the Women's Christian College can not accommodate more than 8 students from the Queen Mary's College. A Nutrition Department is a necessity for the course, which the Queen Mary's College does not have.

3. The Principal, Queen Mary's College, has submitted proposals for starting a Nutrition department for the college. Besides the cost on equipment and staff, the proposals involve the construction of a building at a cost of about 60,000/-. In the alternative to meet

-2- 3

meet the immediate needs she has also proposed the increase of admissions to the B.Sc. (Home Science) Course by 8 during 1949-50 together with a temporary provision of facilities for holding Nutrition classes in the College itself. It is proposed to convert a bath room in the Chemistry Department to serve the purpose of an Animal House, to utilise another small room in the same Department for a kitchen and to conduct chemical experiments in the organic Laboratory in the Chemistry Department. This is purely a temporary make shift arrangement which involves certain minor alterations to suit the purpose. There is a pressing need for a permanent Nutrition Department for the Queen Mary's College. The proposal for increasing the existing ~~max~~ provision for admitting 8 more students to the course during 1949-50 together with the temporary arrangement suggested by the Principal for conducting Nutrition classes in the College itself may be approved in order to meet the immediate need.

The question of construction of a permanent building for the ~~Nutrition~~ Nutrition Department may be taken up as a Part II Scheme for 1950-51.

4. The present proposal involves the employment of 1 lecturer in Nutrition (in the Madras Educational Service); 1 Demonstrator and 2 attenders.

5. The financial effect of increasing the number of admissions to B.Sc. (Home Science) Course from 8 to 16 will be as follows:

1949-50.

RECURRING (STAFF)

One lecturer in Nutrition.	230 x 8	Rs. 1840
One Demonstrator	80 x 8	640
Two Attenders	22 x 2 x 8	352
	Total	2832
	or Rs. 2800/-	

NON-RECURRING:

Equipment:

Physics	Rs. 2000
Chemistry	Rs. 3000
Nutrition	Rs. 7500
Physiology	Rs. 3000
Bacteriology	Rs. 3000
Books	Rs. 2000

20500

ULTIMATE COST (RECURRING):

PTO

4 Ultimate cost on account of D.A. for Lecturer = $(17\frac{1}{2} \times 9230 + 6) / 12$

$(37 \times 239 + 1) / 12 = 161 + 24 = 185$

$185 \times 3 = 555$

for 8 months = $555 \times 2 = 1110$

Ultimate cost on account of D.A. for Demonstrator = $(17\frac{1}{2} \times 26 \times 12) = 288$

for 8 months = $288 \times 2 = 576$

Ultimate cost on account of D.A. for 2 attenders = $19 \times 2 \times 12 = 456$

for 8 months = $456 \times 2 = 912$

Total ultimate cost on account of D.A. = $1110 + 576 + 912 = 2598$

Total cost for 8 months on account of D.A. = $370 + 192 + 304 = 866$

H.A. = $75 + 7 + 14 = 96$

$96 \times 12 = 1152$

$96 \times 8 = 768$

ULTIMATE COST (RECURRING):

1 Lecturer	449 1/3 x 12	5392
1 Demonstrator	116 2/3 x 12	1400
2 attenders	26 16/45 x 2 x 12	632
Equipment		6300
Books		1000
		14724 or 14800 per annum.

(2) INTERMEDIATE HOUSEHOLD ARTS:

There is an increasing demand for Household Arts course in the Intermediate. At present provision exists for the admission of 24 students to this group. In the current year 50 candidates have applied for admission to the course. The Principal proposes to increase the number of admissions to the group from 24 to 36 with effect from 1949-50. [The additional cost to Government will be as follows:

1949-50-

NON RECURRING:

Equipment	4000
Books	1000
	5000

1950-51 and succeeding years.

RECURRING:

Equipment	300
Books	150
	450

or Rs. 500/-

Considering the existing demand, I recommend an increase of 12 seats in the Intermediate House Hold Arts group.

I am including the necessary provision in respect of B.Sc (Home Science) and Intermediate House Hold Arts courses in Part II of the Budget Estimate for 1949-50.

yours faithfully,

P. M. M.

for Director of Public Instruction.

Explanatory Note

Last year, the urgent need for provision of addl. seats in the B.Sc. Home Science and the Intermediate Household Arts Courses in the Queen Mary's college, Madras was voiced in the Legislative Assembly. The D.P.I. has reported that there is a real demand for addl. seats in these Courses and has submitted proposals for the admission of 8 more students to the B.Sc. Home Science Course and 12 more students to the Intermediate Household Arts Course. In the

127
connection, the Director has stated as follows:
[H.E. paras 2, 3 & 6 on p1-5e f.]

2. The addl. staff required on account of the proposal is one Lecturer in Nutrition, one Demonstrator and two attenders.

An expe. of Rs 22,500/- nonrecurring and Rs 6,600/- recurring on equipment and an expe. of Rs 3,000/- nonrecurring and Rs 1,150/- recurring on books & other, will have to be incurred. This Dept.

supports the Director's proposal and recommends that provision may be made in the Budget Estimate of 1949-50 as shown in the Summary at the top.

EXPLANATORY NOTE.

Last year, the urgent need for the provision of additional seats in the B.Sc. Home Science and the Intermediate Household Arts Courses in the Queen Mary's College, Madras, was voiced in the Legislative Assembly. The Director of Public Instruction has reported that there is a real demand for additional seats in these courses and has submitted proposals for the admission in 1949-50 of 8 more students to the B.Sc. Home Science Course and 12 more students to the Intermediate Household Arts Course. In this connection, the Director has stated as follows:--

"The sanctioned strength of the B.Sc. (Home Science) class is 8. This course has become very popular and there is a great demand for it. In the current year there were 60 applicants for admission to this course. The existing arrangement is, the students of the Queen Mary's College go to the Women's Christian College for classes in Nutrition. The existing strength of this class in the Queen Mary's College is subject to the limitations imposed by the Women's Christian College. It is reported that the Women's Christian College cannot accommodate more than 8 students from the Queen Mary's College. A Nutrition Department is a necessity for the course, which the Queen Mary's College does not have.

The Principal, Queen Mary's College, has submitted proposals for starting a Nutrition department for the college. Besides the cost on equipment and staff, the proposals involve the construction of a

building at a cost of about Rs.60,000/-. In the alternative, to meet the immediate needs she has also proposed the increase of admissions to the B.Sc. (Home Science) Course by 8 during 1949-50 together with a temporary provision of facilities for holding Nutrition classes in the College itself. It is proposed to convert a bath room in the Chemistry Department to serve the purpose of an Animal House to utilise another small room in the same Department for a kitchen and to conduct chemical experiments in the organic Laboratory in the Chemistry Department. This is purely a temporary make shift arrangement which involves certain minor alterations to suit the purpose. There is a pressing need for a permanent Nutrition Department for the Queen Mary's College. The proposal for increasing the existing provision for admitting 8 more students to the course during 1949-50 together with the temporary arrangement suggested by the Principal for conducting Nutrition classes in the College itself may be approved in order to meet the immediate need. The question of construction of a permanent building for the Nutrition Department may be taken up as a Part II Scheme for 1950-51-

There is an increasing demand for Household Arts Course in the Intermediate. At present provision exists for the admission of 24 students to this group. In the current year 50 candidates have applied for admission to the course. The Principal proposes to increase the number of admissions to the group from 24 to 36 with effect from 1949-50. Considering the existing demand, I recommend an increase of 12 seats in the Intermediate House Hold Arts Group."

2. The additional staff required on account of the proposal is one Lecturer in Nutrition, one Demonstrator and two attenders. An expenditure of Rs.22,500/- non-recurring and Rs.6,600 recurring on equipment and an expenditure of Rs.3,000 non-recurring and Rs.1,200 recurring on books will have to be incurred. This Department supports the Director's proposal and recommends that provision may be made in the Budget Estimate of 1949-50 as shown in the summary at the top.

~~RE-S.CS.~~

Sub: College - Queen Mary's , Madras - B.Sc. Home Science and Intermediate House-hold Arts Courses - Provision of addl. seats.

Ref: From the D.P.I. No.1348-K2/47 dated 16-9-48.
From the D.P.I. P.c. of T.M. dated 13-10-48.

In connection with certain representations made

in the Legislature last year, the D.P.I. was asked to ascertain whether there is a real demand for additional seats in the B.Sc. Home Science and the Intermediate Household Arts courses in the Queen Mary's College, Madras; and, if so, to put up proposals to Govt. to increase the number of seats in the above courses. The D.P.I. stated in reply that there was great demand for admission to these courses and that the existing provision was not equal to the demand; but suggested that proposals for increasing the seats in the above courses might be considered as a Part II scheme for 1949-50, as it was then too late to obtain the necessary permission of the University for the proposal. The Director was accordingly asked to put up proposals to the Government in the matter for consideration as Part II scheme for 1949-50; and he has now submitted his proposals.

2. The Director states that the existing strength of the B.Sc. Home Science Course in the Queen Mary's College, Madras, is 8 only and that this low strength is due to the fact that the college does not have its own Nutrition Department, and that its students are taking their classes in Nutrition in the Women's Christian college and that this college cannot accommodate more than 8 students from the Queen Mary's College. Therefore, to increase the seats in Home Science B.Sc. in the Queen Mary's College, the provision of a separate Nutrition Department in the College involving the construction of ~~the~~ building at a cost of Rs.60,000/- besides staff and equipment, is an absolute necessity. The Director suggests that the construction of the building may be taken up as a Part II Scheme for 1950-51. To meet the immediate demand, it is proposed to admit 8 more students to the course in 1949-50 and to arrange for their Nutrition classes in the College itself.

copies of the Part II note have been sent to Fin.
