Sub: Schools - Government Special - Opening of schools for Deaf, Dumb and Blind Children.

As ordered by Government in their memorandum No.78906 B1/47 -11 Edn., dated 31-5-48 a notification inviting applications from qualified candidates was issued in the 'Hindu' and Mail and also in the Gazette. In response to this only three applications have been received, out of which only one is from a qualified candidate and I have asked the applicant to state his mother tongue and the nature of the defective children he is qualified to teach. No applications have been received from persons who are acquainted in Telugu or Kannada. In the absence of qualified teachers, it may be not be possible to open any schools either for deaf and dumb or for blind during the current year in any centure except in Malabar, where a School can be opened either for deaf and dumb or for blind according as the only available candidate is qualified to teach. The Divisional Inspector, Coimbatore, has not reported where the school can be located and whether any building is available. On receipt of this information, I shall arrange to open a School only in Malabar this year.

Sir,

SUB: SCHOOLS - Special - Opening of Government Schools for deaf and dumb and blind children.

Ref:- Govt. Memo.No.50173-B1/48, dated 31-7-48.

***

With reference to para one of the Memorandum under reference, I have the honour to submit the following proposals for the opening of new schools for deaf and dumb and blind for consideration as a Part II scheme for 1949-1950.

2. Government propoded to open in the current year four schools (two for deaf Mute and two for the Blind) and provided the necessary funds in Part II of the Budget Estimate for 1948-1949. It was decided to open schools in the following places.

Deaf Mute	...	Vizagapatam or Rajahmundry.
Deaf Mute	...	South Malabar.
B l i n d	...	Cuddappah.
B l i n d	...	South Kanara.

3. In response to a notification published in the Gazette and dailies inviting applications from qualified teachers for employment in these schools, only one qualified applicant from Travancore was available. He was qualified to teach Deaf Mute children and as a building was reported to be available near Ottapalam (South Malabar), I have addressed Government in my letter Rc.1863-K4/48, dated 10--9--1948 for sanction to open the school for Deaf Mute from January 1949. The Schools in the remaining three centres could not be opened for want of qualified teachers.

4. With reference to G.O.No.1560 Education, dated 15-6-1948, the following teachers are reported to have joined the existing schools.

	Rentachintala
U.L.C.M. Blind School/ ...	Two.- (Telugu)
Blind School, Palamcottah	Two. (Tamil)
Deaf School., Palamcotta.	Two. -(Tamil)

The absence of aided schools to train teachers in Telugu to teach Deaf Mute children makes it imposible to open a deaf mute school in Rajahmundry or Vizagapatam as was originally proposed. The same is the case in regard to the school for the Blind proposed for South Kanara. As the above ~~One~~ recommends that teachers will be available for appointment next year / that a Blind School at Cuddappah and a Blind Deaf School in one of the

in one of the Tamil District may be opened in 1949-1950. The place in which the school for Tamil Districts is to be opened will be reported later. A building is available in Cuddappah for the location of the Blind School.

I shall shortly submit proposals for the training of Teachers in Telugu, Tamil and Malayalam in the Government School for the Blind, Poonamalle for teachers both for Blind and Deaf Mutes. Till teachers become available it is not possible to open new schools.

5. The financial effect of the proposals is as follows:-

R.O.C.No.1863-K4/48 dated 8th November, 1948.

SIR,

SCHOOLS--Special--Opening of Government schools for the blind, deaf and dumb during 1949-50.

Reference:-Government Memorandum No.72490-B1/48-2 Education dated 22..10..1948.

I have the honour to state that the scale of staff for the schools for defective children cannot be the same as in the case of the schools for normal children. In the case of these schools there should be atleast one teacher for every 12 children. In addition, the school for the deaf and dumb should have a craft instructor and the school for the Blind, a music teacher in addition to a craft instructor. In the case of the school for the Deaf-Mute to be opened in South Malabar under sanction accorded in G.O.No.2553-Education dated 10.10.1948, I proposed only 2 teachers - One Higher Elementary and one secondary Grade. The Higher Elementary Teacher was the only qualified applicant available for appointment, and as one teacher will not be able to manage the institution, the employment of a secondary grade Malayalee teacher was recommended. In case the new school has the full strength of 50 pupils as proposed it may be essential to employ 2 more qualified teachers. This may be considered when the school is actually opened and the strength reported.

2. In my letter Roc.No.1863-K4/48 dated 27.9.1948, I had mentioned that 4 teachers were undergoing training in the t wo schools for the Blind at Rentachintala and Palamcottah and 2 in the Deaf School, Palamcotta. It has since been reported that there are 3 teachers undergoing training in each of the blind schools and that the 2 teachers who were admitted into the Deaf school were sent away. This will mean that it may not be possible to open the Deaf, Mute school, but steps will be taken to secure qualified teachers before the school is actually opened. In accordance with the scale suggested in para 1 above, all the 6 teachers now undergoing training in the blind schools will be necessary for the proposed schools if a strength of 50 is realised in each school. I therefore request that in modification of my original proposals, Government may kindly sanction the employment of 3 secondary grade teachers in each of the schools and in addition, one music and one Craft instructor for each of the blind schools and one craft instructor for the Deaf, Mute school.

3. In regard to para 2 of the Memo. the exact location of the Blind and Deaf-Mute school has not yet been decided. Subordinate officers are being addressed

P.T.O.

to report on the availability of suitable building for the location of the school. If suitable buildings to accommodate 100 pupils cannot be secured, separate schools have to be opened for the Blind and Deaf. The exact rent to be paid may be determined when the building is secured and fixed up. A further report on the subject will be submitted.

Yours faithfully,

For Director of Public Instruction.

C. No. 72490 B1/48. Schools - special - Opening of Govt schools for the deaf and dumb and blind children - Part II scheme for 1949-50

From the DPI, Rc no 1803 K/4/48, dt 27.9.48

Provision has been made in the current year's budget for the opening of four new schools for defective children - two for the deaf and dumb and two for the blind. As sufficient number of qualified teachers are not available, the opening of only one school for the deaf & dumb in South Malabar from January 1949 has been sanctioned. The provision for the remaining three schools will not be utilised.

2 With a view to provide qualified teachers for employment in these special schools, sanction was accorded for the training of twelve teachers in the existing special schools under private managements in the current year. It is reported that only six teachers have actually joined the special schools. As these teachers will be available for employment from the next school year, the DPI recommends that two new Govt special schools may be opened from the next year - one for the blind at Cuddapah and another for the blind & deaf in one of the Tamil districts. As it is necessary to increase the facilities for the education of the defective children, the Director's proposal may be accepted.

3 In estimating the cost on account of the opening of two new schools, the Director has included provision for the employment of two peons and two cooks in the School for the blind to be opened at Cuddapah. Only one peon has been sanctioned for the deaf & dumb school to be opened in the current

year in South Malabar - One peon and one cook may be allowed for the school to be opened at Cuddapah. The school proposed to be opened in a Tamil St will be a combined school for the blind + deaf and will accommodate 100 pupils - If no suitable building is available to accommodate such a number, separate schools will have to be opened for the blind + deaf. Two peons and two cooks may be allowed for this school. The D.P.I has not taken into account the dearness allowance to be paid to the staff - The pay of Rs 15 for watchman + Rs 20 for a cook proposed seems to be too low. As these menials will have to be paid at mofussil rates taking into account the cost of living, some addl. provision Provision should also be made for the grant of special pay to headmasters & the driving staff(s) seems necessary. If provision is made for the above mentioned purposes, the cost will work out as shown below. -

[Issued as Memo No 72490 B1/48-3 Edn dt/5.11.48]

Memo No. 72490 B1/48 dt 8.11.48 from the DPI Roc. no 1863-K-4/48 dt 8.11.48

1. Please see the Director's reply on pp 9-10 c/f. He states that the scale of staff to be employed in the schools for the deaf and dumb and for the blind is atleast one teacher for every 12 children and that it is therefore necessary to employ 3 secondary grade teachers and one higher Elementary grade teacher in each of the special schools with a strength of 50 pupils. He also states that it is necessary to employ in addition one music and one craft instructor for each of the blind schools and one craft instructor for the deaf-mute school. In the circumstances stated by the Director, the scale of staff proposed may be provided.

2. The Director now reports that no teachers are undergoing training in the Deaf Dumb School Palamcottah in the current year and this will mean that it may not be possible to open the deaf-mute school but steps will be taken to secure qualified teachers before the school is opened. In the circumstances it is for consideration whether provision may be made in the RE for 1949-50 for the opening of a deaf-mute school in Tamil Dt. The Director states that the exact location of the Blind and Deaf-Mute school has not yet been decided but if suitable buildings to accommodate 100 pupils cannot be secured, separate schools have to be opened for the Blind & Deaf. As the possibility of opening a school for the deaf-mute seems the remote, separate provision may be made for the schools for the blind & deaf mute to be opened in a Tamil Dt. fixing for rent of Rs 160 for each school.

Subject to orders, a draft Part II scheme note is submitted below for approval. It may be sent to Finance no. for acceptance

The orders in circulation on page 6 above and the notes following may be perused. With reference to this dept's suggestion at ¶ on p. 5 above, regarding the scales of staff to be employed in the Schools for defective children, the D.P.I has stated that there should be atleast one teacher for every 12 children and. He has also stated that in addition the school for the deaf and dumb should have a craft instructor and the school for the Blind, a music teacher in addition to a craft instructor. In the circumstances stated by the Director on p 9 c.f., this dept may agree to the scales of staff proposed. As the possibility of opening a school for the Deaf-mute seems to be remote in view of the paucity of qualified teachers, E.H.H propose to make separate provision for the schools for the blind and Deaf-mute by providing for a rent of Rs 150/- p.m for each school. For the circumstances explained by the D.P.I in para 2 on p 9 c.f., this dept may agree to the proposal.

There are now four schools for the blind, four for the deaf and dumb and one for the blind, deaf & dumb. Out of these, two deaf & dumb schools are run by

municipal Councils of Coimbatore and Kozhikode and the remaining seven schools are under private management. As the existing facilities for the education of these defective children are inadequate, and as it is necessary to establish additional schools throughout the province, provision was made in the current years budget for the opening of four Govt schools – two for the blind and two for the deaf and dumb. As qualified teachers are not available for the opening of the schools, the opening of only one Govt school for the deaf & dumb in South Malabar has been sanctioned. It is not proposed to open the remaining three schools in the current year. The Govt have decided to take over under their management the Victory Memorial school for the Blind at Poonamalle and the school is now run by Govt on behalf of the Board of Governors pending the completion of the formalities for legally effecting the transfer of the school to Govt with all its assets

2. with a view to provide qualified teachers for employment in the schools for defectives to be newly opened, the Govt sanctioned the training of 12 teachers – 6 for the teaching of the blind and 6 for the deaf & dumb in the existing schools under private managements, but only six teachers came forward to undergo training in the teaching of the blind. The DP I has submitted proposals for the opening of two new Govt schools for the blind in the next year, one at Cuddapah and another in a Tamil Dt. He has also proposed that a govt school for the deaf and dumb may be opened in a Tamil Dt in the next year if qualified teachers are available for appointment and if suitable buildings are available, the school to be newly opened in a Tamil Dt will be a combined school for the blind, deaf & dumb and if buildings are not available separate schools will be opened in places where suitable rented buildings are available for the schools. The DP I has proposed that to start with provision may be made for the admission of 50 pupils in each school.

In regard to staff, the DP I has reported that the minimum staff required for teaching defective children is one Secondary grade trained teacher for 12 children and in addition it is necessary to employ a craft instructor in the school for the deaf & dumb and a craft instructor & a music teacher in the school for the blind. As these special schools will be residential schools, provision has to be made for the boarding & lodging of the defective children.

3. The scheme is absolutely essential and it is necessary

to increase the facilities for the education of the defective children. The DP I has actually recommended the opening in the next year of the three schools which were proposed to be started in the current year, but could not be started for want of qualified teachers. This Dept recommend that necessary provision may be made for the scheme as shown in the summary at the top.
