Stamps - Administration Report - Statistics of revenue and expenditure for 1946-47 - Delay in submission - Extract of Hon'ble Premier's minute communicated to the Departments of the Secretariat.

The Administration Report relating to Stamps for the year 1945-46 which was due with the Government from the Board of Revenue on 1-7-1948 was received by Government in a complete form after a delay of nearly nine months. When the file was circulated to Hon'ble Premier, he has minuted as follows:-

"I am unable to understand why it takes so much delay to publish an Administration Report. In future these reports should be published within three months of the ending of the official year".

As Hon'ble Premier's minutes relate to all Administration Reports

Please see the H.O. Note on pages 1-2 ante. This section is concerned with the Report on Public Distribution. The report is for the official year ie year ending 31st March. Under the existing orders the report should be subd to Govt by the 15th October ie the report for 1947-48 should be subd to Govt by the 15th October 1948. In practice the Director never sends the report ^{but only much later.} in October. According to the Honble Premier's minute, orders should be issued on the report by the end of June. The Director has to get the figures from a large number of institutions Govt, Local Body, and private and then consolidate them in his office. That is why he is allowed six months time to submit the report to Govt. In any case six months is ample and it seems that the Director should be asked to adhere to the date 15th October without fail. The Director may see the case no.

A typed copy of the Report on Public Instruction
for 1947-48 will be submitted to Government within a week i.e.
by the 7th December 1948.

2. As regards the question whether the date for
the submission of the report can be advanced from 15th October
to 1st July I invite your kind attention to the printed
copy of Procs. C. No.131-F/47 dated 26/3/1947(enclosed with
my letter C.No.916-F3/48 dated 7/11/1948) wherein several
dates for the submission of the returns by the subordinate
officers have been fixed allowing sufficient time for compilation
and consolidation in their offices. The date fixed for the
submission of Financial Return No. 7 viz. 15th June has been
fixed with due regard to the convenience of the local bodies
so that they may be in a position to furnish correct audited
particulars to the Inspecting officers. Further,
the returns are so many and so complex that sufficient
time has to be allowed for compilation and consolidation
both in the subordinate offices and in this office. As
already explained in my letter C.No. 984-F3/48 dated
26/11/1948(in reply to the U.O. note dated 14/5/48 of the
Hon'ble Minister for Education regarding availability of
latest statistical information) the officers of this depart-
ment have also to depend on the local bodies, institutions
not under their direct control and other Departments so that
considerable delay and difficulty is experienced
in the consolidation and preparation of the report. Again,
with the changes in the classification of the institutions
which I have suggested to Government in my letter
C.No. 916-F3/48 dated 7/11/1948 the inspecting
officers will have to furnish extra particulars in the annual
returns which will make the work of consolidation further
complicated.

3. Under the circumstances explained above,
I submit that even with the present time allowed to the
Subordinate officers, they are not in a position to
adhere strictly to the dates and that the mere advancement of
date by three months will not bring about the desired expedi-
tious submission of the report and the date now allowed viz.
15th October may kindly be allowed to stand.

Yours faithfully,

G. Sankaran 3/12/48.

Please see the D.P.I.'s letter on the previous page. In the circumstances stated the existing date for the submission of the Public Instruction Report viz 15th October may remain. But the Director may be informed that this date should be strictly adhered to. H.M.(Edn) may see.

1/4/49

1/4/49

H.M.(Edn)

The reasons given by the D.P.I. are not wholly convincing. Whatever the complexity and No. of returns, ^{months} three/~~year~~ should be enough for their preparation and compilation. During a good part of these three months the schools will be closed for holidays which should provide time for concentrated attention on the report. The argument that the date should not be advanced because even the present date is not observed, simply means that the prompt submission of the report is not taken seriously. Delay in the submission of the report not only reduces its importance as a document of public interest, but also reduces its value for administrative purposes. May insist that the report may be submitted within three months as would be done by all other departments.

Subject:- SUBMISSION OF EDUCATIONAL STATISTICS FROM PROVINCES
TO THE CENTRAL GOVERNMENT.

Sir,

You may be aware that the Government of India in the Ministry of Education collects every year the educational statistics pertaining to each Province/Area/State in the country from the Director of Public Instruction/Education (or the Educational Authority concerned) and then consolidates and prints these statistics. Till now these statistics have been published very late. This delay in publication has reduced their utility, and also reflected adversely on the efficiency of Government machinery. The publications are sent to countries abroad and our Ambassadors/Consulates, etc., through whom they are sent, have often expressed diffidence in forwarding publications out of date by 3 or 4 years to Educational authorities abroad. The demand of educational statistics is always for the latest figures; but the delay in receiving statistical returns from the Provinces, etc., compels this Ministry to supply old statistics.

2. To remove such deficiencies, the Government of India have for some time past been pressing upon the Provincial Governments to expedite the return of the educational statistics to this Ministry. The Directors of Public Instruction/Education, etc., have expressed the view that delay on their part in despatching in time the educational statistics to this Ministry is because of very late submission to them of the same statistics from the

District and Municipal Boards. We would, therefore, request that you will be good enough to instruct (under intimation to this Ministry and to the Director of Public Instruction/Education, etc., of your Province) the managements in the various Districts and Municipal Boards of your Province to send well in time every year to the Director of Public Instruction/Education, etc., the requisite educational statistics about the institutions under their management.

3. It is hoped that you will offer your co-operation in the matter and see that the instructions are properly executed.

Re. 203 F/49 dated 26-3-1949.

Sir,

Sub: Annual Returns - Financial returns in respect of schools under local bodies - particulars for not yet furnished to the Inspecting Officers by the local bodies.

Ref: Government Memo 20356 A/49-1 Edn., dated 18-3-1949

25204

With reference to G.O.No.4684 L & M dated 24-11-28 it is obligatory on the part of the local bodies to furnish the Inspecting Officers of this department with the statement of receipts and charges in respect of all schools under their control punctually before the close of the month of May every year. Not only this, it is also necessary on the part of the local bodies to furnish in the statement referred to above the details of expenditure of schools classified as boys or girls schools and as those for Muhammadans, Harijans etc. etc. with reference to G.O.1893 L.E. dated 5-10-1926. This instruction has also been emphasized in G.O.1430 L & E dated 9-8-33.

It will be seen from the schedule of time of submission of annual returns in my office fixed in my Proceedings C.131 F/47 dated 26-3-1947 a copy of which has already been submitted to Government along with my letter C.916 F3/48 dated 7-11-48 (vide Government T.M. by post No.86324 A/48 Edn., dated 26-1-49) that the last date for receipt of return No.7 is 15th June. Therefore, it is absolutely essential for the Inspecting officers to be provided with the statement of expenditure on schools under the control of the local bodies before the due date i.e. 31st May. For, the inspecting officers should have sufficient time to classify and consolidate in the required form the particulars of expenditure in all the schools in the whole district as to be able to submit to me the return before the prescribed date. Unless the annual returns are received in my office before the prescribed dates the consolidation work in my office cannot proceed according to programme so as to make available the required statistical material for the preparation of the administration report. It may easily be seen from what has been stated how any delay on the part of the local bodies to furnish the particulars to the inspecting officers, they being the controllers of a large number of schools, will affect the progress of the statistical work both in my office and in the offices of the inspecting officers.

In the past it has been a regular feature every year on the part of the inspecting officers to experience great difficulty in getting the required statements in respect of both Elementary and Secondary schools from District Boards and Municipalities. Reports from the inspecting officers reveal that some local bodies even failed to comply with the repeated requests of the inspecting officers even though it was a matter of delay of several months. It is also seen from the reports that the inspecting officers are even put to the necessity of deputing members of their office staff to collect the required material from the office of the local bodies.

In view of the importance which statistics has assumed now and in view of the imperative necessity of getting the report in print early I consider that the time has come to issue strict instructions to the local bodies to furnish complete and accurate figures relating to expenditure in schools under their control with all the details duly classified before the prescribed date to the Inspecting officers.

Yours faithfully,

Kanchanram

Financial returns--non-receipt of--reported.

In G.O.No.Ms.1123 Education dated 12--4--49 Government were pleased to order that the Report on Public Instruction should be submitted to Government in future with in three months after the close of the financial year. Specific instructions were accordingly issued by me to the subordinate Officers to implement this decision of Government and to take every possible care to submit the Annual Returns punctually.

But inspite of all reminders including telegraphic, some of the annual returns have not yet been received from the subordinate Officers and heads of institutions and consequently the compilation of the Public Instruction Report in my Office is being delayed. From the replies received from the defaulting Officers in reply to my several reminders and D.O. letters it is seen that the submission of the returns especially the financial returns relating to expenditure on schools, on educational buildings etc., is being held up owing to the non-receipt of particulars of expenditure from Local Bodies and the Engineering department. The subordinate Officers have also reported that they have taken necessary action for the prompt and expeditious submission of the annual returns.

In these circumstances Government may be pleased to grant time upto the end of this month for the submission of the Public Instruction Report by me. Every effort will be made to submit this within that time.

Yours faithfully,

AUG. R.O. No. 430-F/50 dated 4-8-1950.

Sir, Sub: Public Instruction Report - 1949-50 - Annual Returns
non-receipt of - reported.

According to the instructions issued in G.O.No.Ms.1123 Education dated 12-4-1949 the Report on Public Instruction is due to Government within three months after the close of the financial year. To implement this decision of Government specific instructions were issued by me to all the subordinate officers and other returning officers for the punctual submission of the annual returns.

But in spite of several reminders including telegraphic and D.O. letters some of the annual returns have not yet been received. Consequently the compilation of the Public Instruction Report is being delayed. From the reports received from the defaulting officers it is seen that the submission of the returns especially the financial returns is being held up owing to the non-receipt of materials from local bodies whose expenditure statements for 1949-50 are reported to have not yet been finalised. Further, the reports relating to education of the Inspector of Municipal Councils and Local Boards and the Honorary Director of Harijan Welfare are also yet to be received. In reply to my reminders they have promised to furnish the reports as soon as their administration reports are completed.

In these circumstances Government may be pleased to grant time upto the end of this month for the submission of the Report on Public Instruction by me.

In this connection I also request Government to be pleased to issue suitable instructions to the local bodies to forward the returns due from them promptly to the subordinate inspecting officers.

Yours faithfully,

N. Srinivasan

for Director of Public Instruction.
