GOVERNMENT OF MADRAS.
Edcuation and Public Health Department.
G.O.Ms.No.1134, Education dated 12th April 1949.

Abstract.

Subsidies - Local Bodies - Construction of buildings for certain Secondary Schools under Local Bodies - Sanctioned.

Read:

From the Director of Public Instruction Rc.944 G2/48 dated 28th October 1948, and Rc.1421 G2/48 dated 27th October 1948.

ORDER:

The Government sanction subsidies to the undermentioned District Boards and Municipal Councils towards the cost of construction of buildings for the Secondary Schools specified agai them. The subsidy will be limited to one half of the actual cost of construction of the works subject to the maximum limits specified against them except in regard to the scheme for completion of the Western Wing of the building newly constructed for th Board High School, Madakasira, Anantapur District Board, for whi as a special case a subsidy towards the full cost will be paid.

ame of the cal Body.	Description of the Scheme.	Estimated cost.	Maximum subsidy admissible.	Amount of subsidy provided for payment in 1949-50.
District Board, Anantapur.	Board High School, Madakasira - Completion of the Western wing of the building newly constructed by local Committee.	25,000	25,000	12,000
2.District Board, West Godavari.	Board High School, Nidadavole - Construction of a tiled shed in place of the building destroyed by fire.	45,000	22,500 ✓	11,000
3.District Board, Vizagapatam	Board High School, Yellamanchili - Construction of a block.	22,200	11,100 ~~22,200~~	5,000
4.District Board, Chingleput.	Board High School, Walajabad-Construction of a building	80000	35,00	12,000
5.District Board, Chingleput.	Board High School, Poonamalle - Construction of an additional pucca shed.	14600	7,300	5,000
6.District Board, Malabar.	Board High School, Kadirur - Construction of additional building.	12800	6,400	5,000
Board,	Board High School, Sendamangalam - Completion of the building.	(not known)	10,000	8,000

			130150	35000	12500

Construction of a rear block.)

131750

The subsidy sanctioned to the Anantapur and Salem District Boards for the completion of the buildings already constructed by local Committees is subject to the condition that the Committee concerned should legally convey to the District Board the lands already acquired and the building already constructed with the balance of cash left with the Committee and the District Board should prepare an estimate of cost for completion of the work and get it approved by the Director of Public Instruction before proceeding with the execution of the work.

2. The subsidies will be disbursed on the post payment system. The local bodies concerned should take steps to execute the works and claim before the end of 1949-1950, the subsidy admissible towards the expenditure actually incurred on the execution of the work till then. The balance may be claimed in 1950-51 after completing the work.

3. A loan of Rs.95000 will be sanctioned to the Municipal Council, Pollachi, to meet its share of the cost of construction of the rear block in the Municipal High School Pollachi. The Commissioner, Pollachi Municipality is requested to submit the necessary application for loan for publication in the Fort St.George Gazette.

4. Necessary provision has been made for the payment of subsidies to local bodies towards the construction of buildings specified above under "37 h. Education.Secondary-Grants to Local bodies for Secondary Education-A Ordinary Areas 2 Buildings" in the Estimates of Expenditure for 1949-50.

(By Order of His Excellency the Governor).

J.M. LOBO PRABHU,
Joint Secretary to Government.

To
The Director of Public Instruction.
" The Accountant General through Finance Department.
" The Special Officers of District Boards concerned.
" The Commissioners of Municipalities concerned through Chairmen.

ANNEXURE NO. 13.

Explanatory Remarks.

37 (h) Education - Secondary - Grants to Local Bodies for Secondary Education - A. Ordinary areas - (h) A.2. Buildings - Voted.

3

73687

In regard to item No.1 no provision can be made in view of G.O.Ms.No.596 Edn., dated 20-3-1948 wherein Government have permitted the Municipal Council to allow the private committee to undertake the construction of buildings for the school from its funds.

In regard to items 2, 3 and 4, the Local Bodies have reported that the work is not in progress now and that they are not in a position to state definitely as to how much grant will be claimed next year. Hence no provision can be made in respect of these Schemes.

In regard to item 5, the Special Officer, District Board, Malabar has reported that Rs.1,000/- will be claimed during 1948-49 while the remaining amount will be claimed during 1949-50. Provision is made accordingly both in the Revised Estimate and Budget Estimate.

As regards items 6 to 8, the report of the Special Officer has not yet been received. Hence provision is made tentatively in respect of these schemes.

In all provision may be made for Rs.3,500 in the Revised Estimate 1948-49 and for Rs.5,000/- in Part I of the Budget Estimate ~~in respect of the Schemes~~ in respect of the ~~Xnhx~~ Schemes 5 to 8. In regard to item No.9, which is a new scheme, provision may be made for Rs.5,400 in Part II of the Budget Estimate for 1949-50.

Memo. No. 73687 B1/48 R — 1 Edn dated 25-10-48

In the explanatory remarks on Annexure No 15 to the BE for 1949-50, the DPI has stated that Govt are being addressed separately for payment of subsidies in the current year towards the cost of provision of playgrounds to the Municipal High School Stonehousepet - (Nellore) Board High School Tirukoilur (South Arcot) and Board High School Papanasam (Tanjore). The proposals have not yet been received. As these are new schemes, they should normally ~~go~~ be dealt with as Part II schemes. It is not clear why this procedure cannot be adopted and subsidies should be sanctioned in the current year itself

12 8/

As the cost of the schemes is small, it should be possible for the local bodies concerned to meet the cost from their own funds in the current year and claim the subsidy due early next year. As these schemes will have to be treated as Part II schemes normally, the DPI is requested to submit the proposals referred to immediately.

Memo. no. 73687A/48 – 1 Edn.

2. ~~[illegible]~~ Certain applications received from local bodies for subsidies in 1949-50 for the construction of buildings for secondary schools referred to the DPI have not yet returned with the Director's recommendation. As the question whether subsidies should be sanctioned or not for these schemes, should be decided immediately, the DPI is requested to forward the applications with his remarks. The Director is also requested to submit a consolidated list of schemes - arranged district war for which the question of payment of subsidies & loans in 1949-50 may be considered. He is requested to treat the reference as special as Part II schemes should be sent to Finance before 1st November

Rc.No.944 G2/48 dated 28-10-1948.

ASST. SECRETARY TO GOVERNMENT
1 NOV 1948
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub: Subsidies - Buildings and Play-grounds - Secondary Schools under Local Bodies - Part II Schemes for 1949-50.
Ref: Government Memo No.73687 B1/48 dated 25-10-1948.

7-8 ante

Regarding para 1 of the Government Memo referred to above I wish to state that the proposals under reference were already submitted to Government in Director's Letter Rc.944 G2-48 dated 6-10-1948 - despatched on 7-10-1948. I am, however (c) enclosing a copy of the same herewith. As already stated therein Government, in their memo No.78 354-C1/47-4 Edn., dated 24-3-48, informed the Director that an appropriation of Rs.25,000 was made in the Budget Estimate 1948-49 for the provision of playgrounds for the Local Body Secondary Schools and called for proposals for distribution of the ~~XXXXXXX~~ same as grants to local bodies. Accordingly proposals under reference were Copy at (c) submitted to Government for distributing the amount allotted for the purpose. There can, however, be no objection for treating the proposals as Part II schemes. In the event of treating these proposals as Part II Schemes, the concerned Local Bodies in regard to the 3 schools under reference (i.e.) Municipal High School, Stonehousepet, Board High School, Tirukoilur and Board High School Papanasam may be advised to meet the cost from their own funds in the current year and claim the subsidy due therefor early next year.

As regards para 2 of the Government Memo I may state that all the applications received from Local Bodies for subsidies in 1949-50 towards the construction of buildings for secondary schools referred by Government have already been resubmitted to the Government, with Director's remarks. I, invite

in their connection, your attention to Director's letter Rc.No.1421 G2/48 dated 27-10-48 (with reference to Government Memo No.27236 B1/47-24 Edn., dated 15-10-48) - despatched to-day - wherein the schemes which have to be considered in connection with Part II of the Budget Estimate for 1949-50 have been listed out. I wish to add in continuation of this letter that the plans and Estimates relating to the Board High School, Poonamalle (Chingleput District) were received back from the Joint Consulting Architect to Government yesterday and the estimate is being approved for an amount of Rs.14,600/-.

Yours faithfully,

for Director of Public Instruction.

Sir,

Sub: Grants - Buildings - Secondary Schools for boys under Local bodies.
Ref: Govt. Memo.No.27236-B1/47-24 Edn. dated 15-10-1948.

pp 101-107 g (T)

1 Subsequent to the submission of the proposals under reference to Government, the Director has approved plans and estimates relating to Building Schemes of Local body Secondary schools only in respect of the following two cases.

Name of Dt.	Name of School.	Nature of the Scheme.	Cost of the approved Estimate. Rs.
Vizagapatam	Yellamanchili Bd. High School.	Construction of building.	22,200/-
Tiruchirapalli	Lalgudi Bd. High School.	Construction of "Ramakrishna hall".	18,000/-

2 These two schemes and that relating to the construction of Manual training shed for the Munic~~k~~ipal High School and Municipal ~~Middle High~~ Muslim High School Nandyal may be added to the list of 14 schemes ~~approved~~ appended to ~~the~~ Government Memo. referred to above.

3 In regard to the construction of "Ramakrishna Hall" for the Board High School, Lalgudi, I do not recommend this scheme for consideration now for the reason that a major scheme relating to the construction of the main building for the same school is also now under consideration--Vide the list under reference. I recommend all the remaining 16 schemes for consideration, in connection with the Budget Estimate for 1949-50--preference being shown to the schemes relating to the construction of a laboratary in the Municipal High School Kodaikanal and the construction of a Manual Training Shed for the Municipal High School and Municipal Muslim High School Nandy~~y~~al, Vide - last para of the Govt. Memo. referrred to above.

4 As regards the other list called for in the same para of the Govt. Memo the following are the schemes in respect of which plans and estimates have been received for Director's approval.

PTO

Name of Dt.	Name of School.	Nature of the Scheme	Amount of the estimate.	State at which the question stands at present.
Vizagapatam	Sreengavarapukota. Board High School.	Construction of a building.	14,000	@
Tirunelvelly	Tenkasi Board High School.	-do-	7,880	
Chittoor	Pileru Board High School.	-do-	1,21,000	
Chingleput.	Poonamallee	-do-	-	**
Coimbatore	Kollegal	-do-	-	
Tiruchirapalli	Perambalur	-do-	-	

@ While the plans and estimates have been forwarded to Joint consulting Architect to Govt. he has suggested that they should be got revised as per the cheaper type-designs. Since Govt. have not yet passed final orders approving these designs and since the question is now under the consideration the local bodies have been advised to await the orders of Govt. and then revise the plans and estimates and forward them to the Director's approval.

** Plans and estimates have been forwarded to Joint Consulting Architect to Government for his remarks and their receipt back is awaited. Since the estimates have been sent to the Joint Consulting Architect information relating to the amount of the estimates is not available in this office now. Attention is in this connection invited to Govt. U.D. Note 66926/48-B1 dated 18-10-1948 and Director's reply U.O. 2044-G2/48 dated 26-10-1948 regarding Board High School, Poonamallee.

pp13-recd in linked file

--

5/ I wish to add in this connection that in regard to Board High School, Madakasira and Kalyandrug of Anantapur District the Special Officer has forwarded some time ago plans and estimates and requested for subsidy from provincial funds. But since these estimate were prepared in 1945 and since some particulars also were wanting the Special Officer was addressed for forwarding estimates revised as per the rates obtaining at present and also for furnishing the required particulars. The Special Officer now reports that the revised estimates are under preparation by the Divisional Engineer and that pending their submission grants may be allotted in respect of these schemes. The approximate cost of the estimates is reported to be Rs. 50,000/- in each of these two cases. I recommend that these two cases also may be ~~taken~~-considered in ~~contin~~ connection with the Budget Estimate for 1949-50.. I invite your attention, in this connection, to Govt. Memo. ~~25~~ 94557-B1/47-6 Edn. dated 20-10-48 and Director's reply Rc. 336-G3/48 dated -10-1948 regarding the scheme relating to Board High School, Madakasira.

Seperate file sent to Fin

PTO

File sent to Finance

I further wish to invite your attention to Govt. Memo. No. 39575-B1/48-3 Edn. dated 9.9.48 wherein Government have advised the Special Officer, District Board, West Godavari to send plans and estimates relating to the Board High School, Niddadavole for Director's approval so that this scheme may be considered in connection with the Budget Estimate for 49-50. These have not been received from the Special Officer, so far. - Further report received from S.O.

Vide lower file

I also wish to state incidentally that the Board High School, Walajabad (one of the 14 schemes in the list ~~approved to the~~ appended to the Government Memo. referred to above) was opened during 1947-48 and though this school has got only one Year's standing, this scheme was recommended for sanction of grant, since the plans and estimates in this regard have already been got approved by the Director and since the villagers have contributed a fairly large sum towards the execution of this work and are very anxious to put up a building for this school.

Yours faithfully,

for Director of Public Instruction.

A P P E N D I X I.

Form of application from local bodies for grants for elementary school and medical buildings, water-supply and drainage in urban and rural areas and roads and bridges including village roads and other works executed by them.

22

NEW WORKS.

1. Name of the local body:	Municipal Council, Pollachi.
2. Name of the work:	Construction of a new building for the Municipal High School, Pollachi.
3. Total estimated cost of the work:	Rs.1,30,150/-
4. Government share of the cost according to any general or special orders that may be applicable to the case.	Rs.65,075/-
5. Whether detailed plans and estimates for the work have been accorded technical sanction by the competent authority? (Works for which such sanction has not been accorded at the time of submission of this application should not be included).	(Sanction has been applied for) Sanctioned by the Director of Public Instruction in his letter No.Nil received on 7--7--'48.
6. Has the site been selected and, if so, whether it is already at the disposal of the local body?	Yes.
7. If not, is land acquisition necessary and if so, what is the estimated cost of acquisition and the Government's share of it?	No.
8. What steps, in detail, have been taken to secure acquisition by Revenue authorities and by what date is it anticipated that the land would be placed at the disposal of the local body?	--
(NOTE: This should be ascertained in consultation with the Revenue authorities conerned. When land has to be acquired, the budget provision for grant in the first year should be restricted to the Government's share of the cost of land)	--
9. Can the body give an assurance that it has funds of its own available for land acquisition or for immediate expenditure on the work in the event of Government sanctioning a grant for either purpose?	Yes.
In the case of applications for grants for medical buildings is the local body willing to meet one-half of the cost of the works from its own funds?	---
10. Having regard to particulars under items 7 to 9, what is the total amount inclusive of Government grant which the local body expects to spend on land acquisition or on actual construction within the financial year for which budget provision is to be made?	Rs.1,30,150/-

p.t.o.

~~20~~ 38

11. What is the Government share of item 10 and what is the amount of grant likely to be drawn within the year?	Rs.65,075/- Rs.65,075/-
12. What will be the probable total expenditure and the Government grant in each of the subsequent years until the worki is completed? (Reasons should be given for the anticipation in regard to expenditure in each year until completion of the work)	Nil.

(NOTE: It is essential that the estimates under items 10 to 12 should be prepared intelligently and carefully examined with reference to the nature of the work and other conditions affecting or likely to affect the rate of progress).

13. How the balance of the cost will be met: By loan from Government.

28 4/ 49/ 31/

Extract from the letter of the D.P.I. R.C.No 1421 G2/48 dated 27-9-48- Grants- Buildings-Secondary schools under local bodies

28

I am herewith enclosing the statement containing the schemes for whichthe lump sum amount under reference may be sanctioned. 22 scheme relating to secondary schools under local bodies have been included in the statement and inrespect of all these schemes plans and estimate have already been approved by the Director.

*　　　　*　　　　*

One of the principles laid down by Govt is that these grants should be distributed on districtwar basis- the districts which have hitherto been inreceipt of building grants being given preference to districts for which building grants have been given in the past. It is presumed that for this purpose the schemes for which provincial subsidies have been sanctioned subsequent to G.O.No 1915 Edn dated 9-12-1941 xxxkx should be taken into consideration. It is seen from the building grant register maintained in this office that the Municipal high school Palni (Madura Dt) and the Municipal High scho Chicacole (Vizagapatam Dt) were sanctioned building grants xxxxxx subsequent to 9-12-41 Hence proposals 20 and 21 Kodaikanal Mel Sx High school in Madura Dt and 1,2 and 3 relating to Vizagapatam North have to take their rank after the remainining schemes which should be given preference over the former. All the remaining schemes may be taken as urgent.

Z

Vizagapatam Dt Board-	Cost of the approved estimate	HxxXxxthe Amount of sunsidy	Amount likely to be clammed in the first year
Board High school Palkonda- Additional building	16,400	7,200	5,000
Board High school Tekkali Additional building	11,000	5,500	5,000
Board High school Rajam Additional Building	13,800	6,900	5,000

E&PH (B1)

~~The scheme~~ The scheme for the construction of buildings for the Board High School, Yellamanchili at a cost of Rs 22,200 may be included in the list of building schemes from which a selection is to be made for payment of grants in 1949-50.

2 No information has been furnished as to how the D.Bd proposes to meet its share of the Cost - This may be obtained after the scheme is selected

1-10-48

1-10-48

5-10-48

With reference to Secretary's query in the margin, it is submitted that the procedure in regard to the inclusion of schemes in the list of approved works and then selecting the schemes from that list for making provision in the estimates of expenditure for payment of grants is followed only in respect of schemes for the construction of buildings for Secondary schools under private managements which are aided under the Grant-in-Aid. Code. ~~The~~ applications received from local bodies for grants and loans for the construction of buildings are considered every year in connection with Part II schemes for the next year and the selection is made at that time on the recommendation of the DPI.

2. The DPI has already furnished a list of schemes for the construction of buildings for secondary schools under local bodies for which plans & estimates have been approved & which can be taken up for execution. The question as to which of the schemes included in that list should be selected for payment of grant in the current year has been raised separately and after orders are passed in that file, ~~the~~ a list of the remaining schemes will be drawn up and orders will be taken as to which of the schemes included in that list should be considered as a Part II scheme for 1949-50. As Part II schemes should reach Finance before 1.11.48, the selection should be made during the course of this month.

(Separate file to be circulated)

DIRECTOR OF
Dis 2058/48
6-NOV 1948
8/11/48

Roc 30852/S.E.2/DB/48 dated 4--11--48.

Sir,

Sub: Loans and grants--Local Boards and Municipal Councils--requirements 49--50--reconsideration--requested.
Ref: Your R.C.No. 2058/G2/48 dated 23-9-48.

I invite your kind attention to the Government memorandum 32654/1C dated 17-8-48 stating that it would be sufficient to have rough estimates for the works at the time of application to Government for grants and loans for the works. As such out of the 7 works included in the application for 1/2 grant, the estimate is not received only for item 2. The estimates for the remaining 6 items are received and the present position is explained below in detail.

Item No. 1 :--Estimate for Rs. 36,000/- is received and it will soon be sent to the Director of Public Instruction for approval of plan and estimate as per G.O. 506, Education, dated 2-4-45. The Hon'ble Minister for Education has also laid the foundation stone for this construction on 12-9-48 at the Board High School, Udamalpet.

Item 2:

The plan and estimate are called for and will be sent during the year.

Item 3:

An estimate for Rs. 7,500/- was sent to Director of Public Instruction for approval of plan and estimate as required by G.O. 506, Education, dated 2-4-45 and they have been returned in Director of Public Instruction's R.C. 8554/G2/46 dated 2--11--46 for revision of the estimate and plan as per instructions of the consulting Architect and the ~~required~~ revised estimates and plan are under preparation by the Engineering Department and they are expected to be ready in a fortnight's time. The revised estimate and plan will be sent to the Director of Public Instruction at the most, within a month.

Item No. 4:-

As estimate for Rs.9,150/- was sent for approval of plan and estimate as per above G.O. and was returned for revision as above in Director of Public Instruction's R.C. 6297/G2/46 dated 6-12-46. The revised estimate and plan are expected shortly and will be transmitted soon.

Item 5 and 6:-

Two estimates one for Rs.10,000/- and the other for Rs.5000/-

~~36~~ 54 ~~98~~

with their respective plans were sent for approval as above and they have also been returned in Director of Public Instruction's R.C.1376/G2/48 dated 30-11-46. The revised estimate and plan are since received, from the Engineering Department and it will be sent soon.

Item No. 7:

The Director of Public Instructions is addressed in this office letter Roc 28792/S.E.2/DB/48 dated 23-8-48 for approval of plan and estimate as per G.O. 506, Education dated 2-4-45. A D.O. reply is also received from you in your D.O. No. 2188/G2/48 dated 28-10-48 to the Collector and Special officer, Dist.Board, Coimbatore for the D.O. letter of this office.

In these circumstances, I request you to reconsider and recommend atleast these 6 items to Government for a half grant.

Sir,

Sub: Loans and grants--Local Boards and Municipal Councils--requirements 49--50--reconsideration--requested.
Ref: Your R.C.No. 2058/G2/48 dated 23-9-48.

I invite your kind attention to the Government memorandum 32654/1C dated 17-8-48 stating that it would be sufficient to have rough estimates for the works at the time of application to Government for grants and loans for the works. As such out of the 7 works included in the application for 1/2 grant, the estimate is not received only for item 2. The estimates for the remaining 6 items are received and the present position is explained below in detail.

Item No. 1 :--Estimate for Rs. 36,000/- is received and it will soon be sent to the Director of Public Instruction for approval of plan and estimate as per G.O. 506, Education, dated 2-4-45. The Hon'ble Minister for Education has also laid the foundation stone for this construction on 12-9-48 at the Board High School, Udamalpet.

Item 2:

The plan and estimate are called for and will be sent during the year.

Item 3:

An estimate for Rs. 7,500/- was sent to Director of Public Instruction for approval of plan and estimate as required by G.O. 506, Education, dated 2-4-45 and they have been returned in Director of Public Instruction's R.C. 8854/G2/46 dated 2--11--46 for revision of the estimate and plan as per instructions of the consulting Architect and the ~~[illegible]~~ revised estimates and plan are under preparation by the Engineering Department and they are expected to be ready in a fortnight's time. The revised estimate and plan will be sent to the Director of Public Instruction at the most, within a month.

Item No. 4:-

As estimate for Rs.9,150/- was sent for approval of plan and estimate as per above G.O. and was returned for revision as above in Director of Public Instruction's R.C. 6297/G2/46 dated 6-12-46. The revised estimate and plan are expected shortly and will be transmitted soon.

Item 5 and 6:-

Two estimates one for Rs.10,000/- and the other for Rs.5000/-

56

Sir,

Sub: Grants--buildings--Education--institutions under local bodies 48--49--reconsideration--requested.

Ref: 1. Proceedings of the Director of Public Instruction, Madras. R.C. 1421/G2/48 dated 17-9-48.
2. Endt. R.C. 396/E/48 dated 29-9-48, from Dist. Educational officer, Coimbatore.

This office letter Roc 20936/S.E.2/DB/48 dated 9-7-48 is the application for the grant for the year 48--49 and the reference under D. Dis. 27623/DB/48 dated 1-9-48 is for the grant for the year 49--50.

The District Educationalofficer, Coimbatore in his R.C. 396/E/48 dated 19-7-48 have recommended the proposal of construction of new building to the Board High School, Kollegal. The plan and estimate of this proposal is pending with the Director of Public Instruction. The Director of Public Instruction also in his D.O. No. 2188/G2/48 dated 28-10-48 has informed this office that they are pending with the consulting Architect.

In the above circumstances, I request you to reconsider the matter and recommend to the Government for grant during the year 48-49 itself for the proposal of construction of new building to the Board High School, Kollegal.

Resubmitted.

The scheme relating to the Board High School, Walajabad has been included in the proposals submitted to Government in Director's letter Rc.1421.G2/48 dated 17-9-48 (vide Govt. Memo. No.27236-B1/47-17 Edn. dated 15-6-48) in connection with the distribution of the lump sum grant sanctioned for 1948-49.

Separate file.

Regarding construction of additional shed to the Board High School, Poonamallee, plans and the revised estimates sent by the Special Officer to the Dt. Educational Officer have not yet been received in this office. Since plans and estimates have not yet been approved, the scheme cannot be considered now.

As regards the scheme relating to the reconstruction of Laboratory shed at Ponneri High School, the plans and estimates thereof do not seem to have been got approved by the Director and no mention about the same has been made by the Special Officer. Further the work is also said to be in progress already. The scheme, therefore, need not be considered.

Fort St. George, Madras.

Sir,

Sub: Loan--Chingleput District Board--Construction of a Secondary School building at Kovur--Application for loan--Submitted.

73933 ls

Ref: Government Memorandum No.31276/48-I.C dated 9-8-1948.

An application for a loan of Rs.15,000/- required for the construction of a Secondary School building at Kovur, in the year 1949-50, is enclosed.

The Board Secondary School at Kovur was opened in the current year with Forms I to III. Form IV will be opened in the next year 1949-50, as the strength is encouraging and the school is ~~also~~ popular.

The Sundareswarar Devastanam at this place have come forward to contribute a sum of Rs.1,000/- (One thousand only) annually for the maintenance of the school.

The school is at present located in a rented building not quite suitable for a Secondary School.

So, it is proposed to construct a Type Design 'A' building at a cost of Rs.30,000/- in the coming year, on the site to be got alienated by the Revenue Department. Alienation proposals have already been sent to the Collector, Chingleput District, Saidapet, for sanction.

The District Board is not able, with its limited income, to find funds for the construction of the building. Half the estimated cost will be met from the grant applied for separately and the other half from the loan now applied for. A copy of the Board's Resolution therefor will be forwarded separately.

In the circumstances, I request that the Government may be pleased to sanction the loan applied for.

U.O.REPLY C.NO.~~2058~~ 2044 G2/48 DATED 26--10--48.

Sub: Subsidies and Loans - District Board, Chingleput - Buildings for Secondary Schools for Boys - Requirements in 1949-50.

A6

With reference to Government U.O.Note 66926/48-Edn.,B.1-3 dated 18-10-48 I wish to state that in regard to scheme No.(2) i.e., Board High School, Poonamallee, the plans and estimates have since been received from the Divisional Inspector of Schools, Madura Division and they have been forwarded to the Joint Consulting Architect to Government for his remarks. Since the estimate has already been once revised by the Special Officer in the light of the remarks of the Joint Consulting Architect to Government, it is very likely that the Joint Consulting Architect would recommend it for approval. I, therefore, recommend that the scheme may be considered in connection with Part II of the B.E for 1949-50.

2 As regards the scheme relating to the reconstruction of laboratory shed for the Board High School, Ponneri, the plans and estimates in this respect have not been forwarded for the Director's approval. The Special Officer has replied on 22-10-48 that the plans and estimates have not been forwarded for Director's approval because the approval of the Director was not considered necessary - the work being only for repairs to the fire-burnt shed and not a new one. The work is in progress now. The action of the Special Officer in not having got the plans and estimates approved by the Director is not in order, but this may, perhaps, be overlooked. I leave the question for such orders of the Government as they deem fit. I may also add that I am addressing the Special Officer for forwarding the estimate for approval.

3 As for Scheme No.(4) i.e., Board Middle School, Kovur, this school has been opened only

during

CHINGLEPUT DISTRICT BOARD.

APPLICATION FOR GRANTS FOR SECONDARY SCHOOL BUILDINGS FOR 1949-50 WORKS IN PROGRESS.

Office of the Chingleput District Board,
Saidapet, 10th November 1948.

Roc.No.15648-48-A.5.

To

The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras--9.

150

Sir,

14 NOV 1948

Sub: Subsidies and loans--Chingleput District Board--Buildings for Secondary Schools for boys--Requirements in 1949-50--Government Memorandum No.66626-B1/48-4-Edn., dated 2-11-48.

83866

A provision of Rs.80,000/-(Eighty thousands only) has been made in the Budget Estimate of the Chingleput District Board for 1948-49 under "Capital--Education other than Elementary" for the Construction of building for the Board High School, Walajabad (Rs.20,000/- in the Revised Estimate for 1947-48 and Rs.60,000/- in 1948-49) and a corresponding credit of Rs.25,000/- ~~km~~ taken on the receipts side as contribution from the Walajabad Building Fund Committee. The closing balance under General Account--Ordinary according to the Budget Estimate for 1948-49 as approved by the Government in G.O.Ms.No.578-L.A., dated 25-3-1948 was Rs.25,470/-. But actually the "General Account Ordinary" opened with a balance of Rs.4,01281/- for the year 1948-49 as against the budgetted opening balance of Rs.1,67,570/- If the closing balance of the Budget Estimate under "General Account-Ordinary" is revised with reference to the above actual balance it works out to Rs.2,59,181/-. From this it will be seen that the financial position of the District Board under General Account is sound and cannot be termed as unsatisfactory as stated by the Government in their Memorandum cited above.

As regards the works, I wish to bring ~~it~~ to the notice of the Government that they are of utmost importance. If these works are deferred, it will go a great way to mar the enthusiasm of the Public in the concerned localities who are keen on the expansion of Secondary Education. The following additional facts will speak for themselves how these works are essential and cannot be postponed.

(i) Board High School, Walajabad. This school now runs with Forms I to V and with satisfactory strength. It is housed in a building offered free of rent by the public of Walajabad but the accommodation available is not adequate for its growing strength. As no other suitable building is available in the locality and as Form VI has to be opened early next year, the school needs a building of its own urgently. The public of Walajabad who are enthusiastic about the development of this High School have kept promise and they have donated Rs.25,000/- towards the cost of the building for the school. An estimate for Rs.80,000/- for the construction of a building has been sanctioned by the District Board after getting the plans and estimates approved both by the Director of Public Instruction, Madras and the Superintending Engineer, (Highways), Madras excepting half the cost from Government Grant. Tenders for the work have also been called for and the work is to be put on hand shortly after the selection of a Contractor, by the Superintending Engineer, (Highways), Madras, who has been addressed in the matter.

(ii) Construction of additional pucca shed in the Board High School, Poonamallee for Rs.15,000/-. The sheds proposed to be constructed are in the place of the existing sheds that were condemned by the Divisional Engineer (Highways), Saidapet as unsuitable. The present sheds will fall down at any moment and will endanger the life of the pupils. So this work is to be

A

P.t.o.

~~78~~ 96 -2-

A be executed immediately as the approval order from the Director of Public Instruction has since been received for the plan and estimate ~~m~~ for the work.

(iii) Construction of building for the Board Secondary School, Kovur-Rs.30,000/- This is a newly started school upto Form III. Form IV will be opened next year and a building for the school is absolutely necessary to find ~~out~~ adequate accommodation.

Under the above circumstances, half grants and the loans may kindly be sanctioned as~~xx~~ applied for in this office letters Roc.No.15648-48-A.4 dated 30-8-1948 and 28-9-1948. pages 9-

ASST. SECRETARY TO GOVERNMENT
1- APR 1948
EDUCATION AND PUBLIC HEALTH DEPT.

23856
FR

Respected Sir,

The humble representation on behalf of the Madakasira Taluk Public respectfully showeth.

There was a Board Middle School in the Madakasira Taluk and town. It was raised to the status of a High School in 1943-44. The cost of equipment for the higher forms and later on, temporary accomodation was required of the public in the first instance as a necessary condition for the continuance of the recognition. The question of permanent accomodation at the cost of the public subsequently cropped up. A building committee was formed. Donations and subcriptions were raised and a poor beginning was made. Seasonal Conditions grew worse and famine was conspicuous during 1945-46 and 46-47. People have not yet recovered from the effects of the recent bad seasons and famine. The intended begging from door to door all over the taluk has now become a practically impossibility. We are seriously handicapped.

3. The High School has been working satisfactorily. The strength has increased. The results of the Public S.S.L.C. examination have been satisfactory. The necessity for the continuance of the High School has been admitted on all hands in this nook and corner taluk. The people are generally poor and and largely indebted. They cannot afford to send their boys and girls to distant places for Secondary education. The central and provincial Governments are determind to do away with illiteracy. The business like merchants.-- Government has gone --

The people's Government has come to stay.

4. Agreeably to the available finances, the building committee commenced constructing only one wing out of the "H" shaped Type design plan at a cost of Rs 21,000 in 1945. The contractor took in unrecognised partners. Disputes arose. There was delay in execution. The work was pushed through. It has been built up to the stage of roofing at a cost of Rs. 8365/- Iron girders could not be procured at any cost. Even iron round bars; cement etc. could not be got. We are receiving piece meal compliances from the Director of Industries and Commerce. The roofing work of the Western wing buildings has therefore been delayed. The doors and windows have yet to be provided. The flooring and verandahs are still to be done. The cost of materials and wages (skilled and unskilled) have abnoramally risen. The present schedule of rates is more than three times the rates in 1945. If the roofing materials were available in 1945 and 46, we could have completed the work at a further cost of Rs. 12,000/- Now we cannot expect to do the balance of work at not less than Rs, 30,000/- or even more. We have about Rs. 5000/- and we expect to collecto about Rs. 8000/- if the few gentlemen are faithful to their promises. We have no other resources.

5. There is a proposal to hand over the purchased site of 11 acres and odd, the incomplete school building, cash, and the promised donations, (if collected and realised) and infact everything to the Goverment for the purpose of providing adequate building, accomodation, compound wall, well and playground etc. The matter is under correspondance with the Director of Public Instructions and the Special Officer, District Board, Anantapur.

If finances to do all this be not available at present, funds actually needed to complete the

incomplete Western wing building, at least has necessarily to be provided. This building consists of four class rooms, one Science Hall with a laboratory room attached to it and Head Master's and Library Rooms.. 5A

This is our earnest and sincere prayer. The present Collector and SpecialOfficer is fully aware of the present precarious conditions of this Godd-forsaken and man-forsaken Madakasira taluk. The interested visit of the Hon'ble Finance Minister in the first week of February 1948 was unavoidably postponed. It is humbly and requestfully requested that adequate finances be provided urgently in consultation with the Hon'ble the Minister for Education. The District Collector, ~~xkx~~ and the Special Officer, District Board and the Local M.L.A. Sri. Kalluv Subba Rao may be kindly consulted.

Madakasira.

REF:- Your Rc.25658-E4-47 dated 25.3.48.

******

The estimate which you have now forwarded was prepared during the Year 1945. Since then there has been an increase in the cost of building materials etc., The Estimate therefore need revision with reference to the rates obtaining at present. Please, therefore forward a revised Estimate. The Plans and estimates received are enclosed herewith.

It has been stated in your letter referred to above that it is not proposed to spend any amount from the funds of the District Board. Since there should be a contribution, whether from public donations or from the funds of the District Board atleast equal to the amount to be sanctioned from Provincial funds it will but be necessary that the District Board also should be prepared to meet a portion of the expenditure if it becomes necessary, inspite of the further contribution that the Committee hopes to raise hereafter. Please, therefore, obtain and forward a Resolution of the District Board on this point.

Further, onky the Middle School portion of the High School was started before the year 1930 and hence the proposed building for which subsidy is required from the Provincial funds should be utilised only for the Middle School classes and not for the Higher forms. Please, therefore, state whether the District Board is willing to abide by this condition and if so a Resolution of the District Board may please be obtained and forwarded.

I may inform you further that the question of sanctioning subsidy from Provincial funds towards the scheme under reference can be considered only as a part II scheme in connection with the Budget Estimate for 1949-50 after the revised plans and estimates are scrutinised by the Consulting Architect to Government. Please, therefore, see that the revised estimate and plan are forwarded at an early date.

Dear Sir,

In reply to the memorandum presented to you on 24.12.47 (at Madras) by the president of the Tk. Congress Committee, Madakasira, the Special officer, Dt. Board, Anantapur, had called for some particulars in connection with the handing over of the present school building under construction to the Govt. for further construction.

The necessary particulars, as required were duly sent to the Spl. officer, Dt. Board, Anantapur on 4.2.48 by regd. post.

In this connection, we may also

Please forward immediately the revised estimate and the resolution of the District Board as required in paras 1 and 2 of the Director's letter referred to above. As regards para 3, I wish to inform you that Government have since relaxed the rule according to which all recognised secondary schools under local bodies are eligible for building grant irrespective of the year of their opening. It is, therefore, enough if the resolution called for in para 2 of the letter alone is furnished, as the one called for in para 3 of the letter is not now necessary.

Yours faithfully,

for Director of Public Instruction.

MINISTER FOR EDUCATION
2 AUG 1948
GOVT. OF MADRAS

From

M. Subba Rao, Secretary,
High School Building Committee,
Madakasira,

To

The Hon'ble Sri. T.S. Avinasalingam Chettiar
Minister for Education, Madras.
Camp, Hindupur.

57596 Du

ASST. SECRETARY TO GOVERNMENT, EDUCATION AND PUBLIC HEALTH
3 AUG 1948

SECRETARY, EDN. AND P.H. DEPT.
2 AUG 1948
GOVERNMENT OF MADRAS

Respected Sir,

Sub: School - newly recognised - Madakasira Town - Anantapur Dt. - accomodation - construction and completion of the building - Government's contribution requested.

Madakasira ~~xx~~ is a town and Taluk Head quarters in Anantapur district not connected by ~~xxx~~ railway or telegraph. There was only a Middle School upto I943 maintained by the District Board Anantapur.

The Educational Authorities, accorded the sanction of recognition for a High School in I944 to be opened at Madakasira on condition that temporary accomodation and subsequently permanent accomodation also, equipments, books and maps and science apparatus for higher forms i.e., forms IV, V and VI are provided at the cost of the General Public of Madakasira. Accordingly the school building committee raised funds from the public and has spent as noted below and has undertaken to construct ~~of~~ a H shaped type-design building which is in progress. For want of girders, the building is left up to the roofing.

	Rs a p
Initial deposit in the District Board	5000- 0- 0
Temporary accomodation (sheds etc.,)	2600- 0- 0
Furniture, Books, maps& science apparatus etc.	5000- 0- 0
Purchase of site measuring II-70 cents.	I200- 0- 0
Amount spent towards the purchase ~~xxxxxx~~ of iron materials & constructionof the Western wing upto roofing.	II284- 0- 0
Cash on hand	5200- 0- 0
	30284- 0- 0

16484

Arrangements are being made through the Director of Industries and Commerce Madras, to get iron joints, bar and cement, but only three girders and two tons of iron rods have been received so far out of I4 girders required and indented. The reference is pending for the last one year.

On account of the crippled finances, the Anantapur District Board does not take any interest towards the completion of the infant High School. The Director of Public Instruction in his letter R.C. No. 336-g2/48 dated 20-4-48 to the Special Officer, District Board, Anantapur, has informed that the question of sanction of subsidy from provincial funds towards the scheme under reference can be considered only at a part II the scheme in connection with the budget estimate for I949-50 after the plans and estimates are scrutinised etc.

This infant High School has secured 6 out of I5 passes in I945, I5 out of 2I in I946-47 and 23 out of 29 in I947-48 occupying the first rank in the district in all these years.

Madakasira, which ~~is~~ was well known to be the garden of the Ceded districts is now rendered itself into almost a barren tract on account of failure of timely rains and successive insufficient supplies to all the irrigation sources in the Taluk, and thus it is rendered economically poor. The General Public of Madakasira have so far contributed ~~xxxxxx~~ over Rs30000/- and they are unable to contribute for the completionof the H shaped building.

~~98~~ 118

Beside this building under construction, the eastern wing a draw well, waiting room for teachers, lunch room for boys and girls, a lavatory and laying down play grounds and compound walls an additional contribution of over Rs 50000/- is required.

It is therefore most respectfully, requested that the Hon'ble Minister for Education may graciously be pleased to sanction the requisite funds required for the completion of the rest of the work specified above.

A personal interview of the Hon'ble Minister was also -- accorded to the Secretary of the Building Committee on 24-12-1947. The High School Building Committee of Madakasira in its resolution No. I dated 18-1-48, have resolved to hand over the properties and cash of the High school building either to the District or to the Government provided either of them would undertake the completion of the building.

Thanking you in anticipation of favourable orders.

Yours Faithfully,

M Subba Rao

8/28/X.

Extract from the letter of the D.P.I. R.C.No 1421-G2/48 dated 27-10-48

I wish to add in this connection that inregard to the Board high School Madakasira and Kalyandrug of Ananatapur Dt the Special Officer has forwarded sometime ago plans and estimates and requested subsidy from provincial funds. But since these estimates were prepared in 1945 and since some particulars were wanting the Special Officewr was addressed for forwardig estimates revised as per the rates obtaining at present and also for furnishing the required particulars. The Special officer now reports that the revised estimates are under preparation by the Divisional Engineer and that pending their submission grants may be allotted inrespect of these schemes. The approximate cost of the estimates is reported to be Rs 50,000 in each of these cases. I recommend that these two cases also may be considered in connection with the budget proposals for 1949-50. I invite your attention in this connection to Govt Memo No 94557 B1/47-6 Edn dated 20-10-48 and Director's reply R.C.No 336-G3/48 dated 10-48 regarding the scheme relating to the Board High school Madakasira.

pp 25-27 ante

E.404(50)

Subsidy - Buildings - Dt Bd Anantapur - Board High Schools Madakasira + Kalyandurg - Appln. for 1949-50

Memo No: 94557-B1/47 - 6 Edn dated 2-11-48

With reference to his request that the schemes for the construction of buildings for the Board high schools at Madakasira + Kalyandurg may be considered in connection ~~in connection~~ with Part II Schemes for 1949-50, the S.O Dt Bd, Anantapur, is requested to report immediately

2/11/48

p27 cf

(1) whether the estimate of Rs 50.000 is for the whole scheme according to the present cost of building materials + labour or only for the completion of the works already partially executed - excluding the amount already expended on them;

(2) what is the approximate amount required for completing the western wing of the school building at Madakasira which is reported to have been constructed up to the roof and to provide sanitary conveniences in case it is considered that the Eastern wing may be taken up after the prices of building materials + cost of

p21 cf

labour come down to normal;

(3) - what is the present stage of the construction of a building for the Board High School, Kalyandurg - the amount already spent by the Committee, the funds available with the Committee for further expenditure and the amount required for completing the building already begun in case the construction of the remaining buildings are put off till the cost of building materials & labour come down to normal.

The S.O. is requested to report whether the High School Committee, Kalyandurg, is willing to hand over the site with the buildings already constructed and the cash available for further construction to the Dt Bd so that it may undertake the completion of the buildings and whether the Dt Bd will meet from its general funds ~~to meet~~ the amount required to cover one half of the cost in case a subsidy is made towards the other half of the cost of construction of buildings. The reference should be treated as special and a reply should be sent so as to reach the Govt not later than the 10th inst.

12/11/48

Sir,

Sub:--Subsidy - Building - Board High Schools, Madakasira and Kalyandurg - payment of grant for buildings - for 1949-50.
Ref:--Government Memorandum No.94557-B.1/47-6.Edn., dated 2-11-1948. — PP 29-30 ante

----

I submit the following points in reply to the Government Memorandum quoted above :--

1 Board High School, Madakasira :- The approximate cost of Rs.50,000/- is the minimum required for completing the whole building including the amount that can be collected from out of the public donations and excluding the amount already spent.

(2) To complete the construction of the western wing alone a sum of Rs.25,000/- is required. But, as that portion of the building alone cannot suffice even for the existing needs of the High School forms, it is essential to take up at least the connecting hall at an additional cost of Rs.25,000/-. Thus for the completion of the western wing and the connecting hall a sum of Rs.50,000/- is required. Within this allotment, sanitary arrangements will also be provided for and the play-ground space will be got rendered for use.

(3) The following particulars which are required in the case of the building of the Board High School, Kalyandurg are furnished in this case also :--

Madakasira ?

(a) The present stage of the building is, the stone-work has reached roofing level for the western wing.

(b) A sum of Rs.8,365-12-0 has so far been spent towards the construction of the building.

(c) A sum of Rs.4,991-8-5 is available with the committee and it is made up as follows :--

(1) Balance in the Co-operative Town Bank, Hindupur.	Rs.3,071-8-5

[P.T.O.

130

- 2 -

	B.F. 3,071-8-5
(2) Cash on hand.	1,570-0-0
(3) Amount recently sent for iron girders.	350-0-0
Total Rs.	4,991-8-5

2 Board High School, Kalyandurg :- The construction of the whole building has been taken up and the walls have risen upto eight feet. Iron bars have also been fixed to the windows. Four iron girders and other iron meterials have been purchased.

As against the original estimated cost of Rs.62,000/- the estimated cost according to the current schedule of rates is Rs.84,000/-. The Committee has spent Rs.19,536-1-6 or nearly Rs.20,000/-. Under the existing rates the amount spent may be estimated at Rs.30,000/-. Hence the amount required would be Rs.54,000/-. This excludes the cost of sanitary conveniences, estimated at the usual rate of Rs.6,000/-. Therefore, the sum of Rs.50,000/- already requested would be the minimum needed.

A sum of Rs.160/- only is available with the committee.

The High School Committee passed a resolution at its meeting held on 19-7-48 agreeing to handover the building and the site without any legal encumbrance attached to it, to the District Board, Anantapur It is also willing to handover the cash on hand.

The District Board, Anantapur is willing to meet from its General Funds the amount required to cover one half of the cost in case the subsidy is sanctioned towards the other half of the cost of construction of buildings, -- if necessary, by taking a loan from the Provincial Funds.

3 Incidentally, I invite your kind attention to the letter R.C.No.19933-E.4/48 dated 14-3-48 and Government Memorandum No.23846-B.1/48-1.Edn., dated 9-4-48 in reply thereto and request you to kindly consider the desirability of sanctioning at least a sum of Rs.70,000/- for the Board High School, Kadiri. The particulars which have been furnished in respect of the Board High Schools at Madakasira and Kalyandurg will be furnished in respect of the Board High School, Kadiri also in about a week.

....

I invite kind reference to my letter Roc No.15648--48-A5 dated 10-11--48 regarding the sanctioning of half grant and loan applied for by this Board for the construction of new buildings for Secondary Schools.

In this connection I have to report that, as already stated, tenders for the construction of building for the Board High School at Walajabad were invited and the contract has now been settled in favour of Messrs. Madras Commercial Corporation Ltd., at 0.6% less than the estimate rates as approved by the Superintending Engineer (Highways) III Circle, as the Contractor is not liable to execute the work if the tender is not accepted within a period of three months from the date of tender.

It is requested that early sanction may kindly be accorded for the grants and loans applied for and for execution of the above work.

Copy of this office letter Roc. Dl. 18304-48 dated 6-8-48 addressed to the Director of Public Instruction, Madras, through the District Educational Officer, Salem, with copies to the Secretary to Government Education and Public Health Department, Fort St. George, Madras and to the Divisional Engineers(Highways), Salem and Krishnagiri.

GRANTS - buildings - Educational institutions - Salem District Board 1948-49-50 - application.

.....

Proceedings of the Director of Public Instruction, Madras, R.C. No. 1421-G2/48 dt. 30-6-48 communicated with Endt.No. 512/D/48 dated 5-7-48.

I enclose a statement of the several schemes of building works in respect of Elementary ~~and~~ secondary schools in the form required in your letter cited above. The statement includes 6 items of works (Elementary and secondary) already admitted to grant in G.Os No. 2437, Edn, dated 12-11-47, and No. 827, Edn, dated 8-4-48. The grant of Rs. 1,949/- in respect of the Elementary schools (3 works) may be reallotted for 1948-49.

2. All the other works noted in the statement, both Secondary and Elementary school works, may be admitted to grant, so that estimates for the works for which they have not been received yet, may be got and the works put into execution soon.

3. The work of constructing a high school building at Sendamangalam has been included in the application. The work was undertaken by the High School building Committee at the time of opening the High school there. The President of the Committee, Rao Sahib M.K. Seetharama Chettiar, represents that the committee was able to collect a sum of Rs. 40,000/- till now and this was spent for the purchase of about 20 acres of land for the school and for partial construction of the main building of Block "A" of the plan approved by the Director in his proceedings No. 4405-46 dated 23-8-46, and that terracing and flooring the building have to be done to complete the work. He also states that the town people have already contributed liberally and that any further attempt will not be of any avail. He requests that a ~~good~~ Government grant of Rs. 10,000/- out of the sum of Rs. 35,000/- noted in your proceedings cited above may be got sanctioned for this work. As the request made is quite reasonable and is in the interest of expansion of education in the interior parts of the District, I request you to recommend this item of work in the statement which is executed by the committee, for the grant applied for. The school was seen by the Hon'ble Minister ~~xx~~ for Local Administration on 30th July 1948 during his recent visit to this district.

4. As noted in the abstract of the statement, a grant of Rs. 44,000/- nearly is expected to be drawn in 1948-49. If the allotment is to be restricted, it will be restricted to Rs. 35,000/- or less even.

5. In this connection I may invite your reference to the orders in G.O. No. Ps. 1352, L.A., dated 9-7-48 (copy of Para 1 enclosed) wherein Government have accepted the recommendations of the Chief Engineer that local bodies need not be required to have sanctioned plans and estimates ready for their works at the time of their application to Government for grants and that it would be sufficient to have rough estimates for purpose of deciding the question of making provision in the Provincial Budget for grants and loans for works. This has been ordered in view of the fact that the time and labour spent in the preparation and sanction of detailed estimates will be a waste, if proposals for grant are not ultimately accepted by Government, and that in the present dearth of technical personnel, the services of the available men have to be utilized to the best advantage. So, the condition of prior approval of plans and estimates may not be insisted on.

Sd. K.P. Sankunni,
for Special Officer.

Copy of Proceedings R.C. No. 1421-G2/48, dated,17-9-48 of the Director of Public Instruction, Madras.

Sub: Grants - Buildings - Educational institutions under Local Bodies - 1948-49.

Read: 1. Again Director's Pros. R.C.1421-G2/48, dated 30-6-48.
2. Replies received from the Inspecting officers.

....

From among the proposals recommended by the District Educational Officers for the sanction of grant under the scheme under reference, the following proposals are being recommended to Government for the sanction of grants. The remaining schemes could not be included in the scheme since plans and estimates thereof have not been got approved by the Director as yet. The District Educational Officers are, requested to inform the concerned Local bodies accordingly.

2. In some cases recommendations have been made by the District Educational Officers for sanction of grants though plans alone have been approved by the Director in these cases. They are informed that both the plans and estimates thereof must have been got approved by the Director to render the scheme eligible for consideration.

3. In regard to the cases which have not been included in the scheme under reference the Local bodies concerned may be definitely informed that the question of payment of grants from provincial funds can be considered only after plans and estimates are got approved by the Director.

Names of proposals included in the scheme.

My Dear Subramanian,

GRANTS - buildings - Educational institutions - Salem District Board - 1948-49-50 - application - no work recommended by the Education department - reconsideration atleast for 1949-50 - requested.

Vide p.l. ante

I enclose a copy of this office letter Roc. No. Dl. 18304-48 dated 6-8-48 addressed to the Director of Public Instruction, Madras, with a copy of the application for half-grant for certain school building works, for your kind reference. The application was called for in the Director's Proceedings R.C. No. 1421-G2-48 dated 30-6-48. When sending up the application for grant, the Director was specially requested not to insist on the prior approval of the plans and estimates in view of the recommendations of the Chief Engineer (Highways), Madras, approved by Government in para 1 of G.O. Ps. 1352, L.A., dated 9-7-48, that local bodies need not be required to have sanctioned plans and estimates ready for their works at the time of their application for grant and that it would be sufficient to have rough estimates for purpose of deciding the question of making provision in the Provincial Budget for grants for works. This was ordered in view of the fact that the time and labour spent in the preparation and sanction of detailed estimates will be a waste, if proposals for grant are not ultimately accepted by Government, and that in view of the present dearth of technical personnel, the services of available men have to be utilised to the best advantage. But the Director of Public Instruction has not recommended any of the works included in the application for want of plans and estimates approved by him. A copy of his proceedings R.C. No. 1421-G2/48, dated 17-9-48, is enclosed for your information. A perusal of the application for grant will show that the estimates for items 4 to 15 under Elementary schools were already sent to Government through the Director of Public Instruction along with the application for grant last year and they have not been returned to this office. At least these works could have been recommended. The Hon'ble Minister for Local Administration was specially impressed with the efforts of the local public in the case of the Board High school, Sendamangalam, which he saw during his last visit to this district, and he particularly suggested to my predecessor, Mr. Subba Row, that the School Building Committee, which had come almost to the end of its resources, might be enabled to complete their work successfully, by an application for grant for the rest of the work. This was accordingly included specially in the application (item No. 10 under secondary schools). The Hon'ble Minister for Education also, during his recent visit to this place, expressed his desire to help the Board as much as possible in pushing on its school-building programme. I therefore specially request you to bring the matter to the personal notice of the Hon'ble Ministers (Education) and (Local Administration). In the interest of Education, and in order to solve the vexed question of accommodation for schools, I request you to reconsider the grant application and admit the works for grant atleast for 1949-50.

YOURS SINCERELY,

C. V. Narasimhan

To

GRANTS - Buildings-Educational institution - Salem
District Board - 1949-50 - application.
My D.O. Letter of even number dated 7-11-48.

p.1. ante

P.P. 5-7. ante

May I remind you of my D.O. letter cited above and request you to inform me whether there is any likelihood of any grant being sanctioned in 1949-50 in respect of the schemes (item Nos. 4 to 16 under Elementary School buildings and items 4 to 13 under secondary schools buildings, mentioned in this office application for grant? The District Educational Officer, Salem since informs me that the Director of Public Instruction, has recommended to Government for consideration of the grant of a subsidy for schemes Nos. 4 - 16 relating to Elementary schools under part II scheme for 1949-50. No intimation has been received regarding the Secondary School buildings. As the question of providing additional accommodation to the schools, Elementary and Secondary, has to be solved quickly, and as necessary formalities of getting the estimates prepared and approved by the Director have to be gone through before the commencement of the next official year, I request you to inform me whether it ~~xxx~~ would be possible to get the works mentioned in the application, admitted to grant in 1949-50.

ASST. SECRETARY TO GOVERNMENT EDUCATION AND PUBLIC HEALTH 27 MAR 19

Subject:- Education -- Secondary -- District Board --
West Godavari -- Building Grants for Secondary
Schools - 1949-50.

Reference:- Letter Rc.No.C5.12187-48 dated 10-3-49 of the Special Officer, District Board, West Godavari addressed to Government.

Submitted in continuation of Director's ~~Proceedings~~ letter Rc.No.1522-G2-48 dated 16--1--148 and with reference to Government Memorandum No.57591-B1/48-4 Edn., dated ~~16~~ 9-11-48.

The plans and estimates relating to the two works under reference which were forwarded to the Joint Consulting Architect to Government for his remarks have been returned by him for revision and retransmission in the light of the remarks offered by him. The same have therefore been sent back to the Special Officer for compliance and their receipt back is awaited.

2. As per G.O.No.3156 Education, dated 10-12-48 no building scheme for Elementary Education has been sanctioned for 1948-49. The Special Officer has been informed that the proposals may be renewed early in July 1949 for consideration in connection with the Part II Schemes for 1950-51.

For Director of Public Instruction

GOVERNMENT OF MADRAS.
Edcuation and Public Health Department.
G.O.Ms.No.1134, Education dated 12th April 1949.
Abstract.

Subsidies - Local Bodies - Construction of buildings for certain Secondary Schools under Local Bodies - Sanctioned.

Read:

From the Director of Public Instruction Rc.944 G2/48 dated 28th October 1948, and Rc.1421 G2/48 dated 27th October 1948.

ORDER:

The Government sanction subsidies to the undermentioned District Boards and Municipal Councils towards the cost of construction of buildings for the Secondary Schools specified against them. The subsidy will be limited to one half of the actual cost of construction of the works subject to the maximum limits specified against them except in regard to the scheme for completion of the Western Wing of the building newly constructed for the Board High School, Madakasira, Anantapur District Board, for which as a special case a subsidy towards the full cost will be paid.

Name of the Local Body.	Description of the Scheme.	Estimated cost.	Maximum subsidy admissible.	Amount of subsidy provided for payment in 1949-50.
1. District Board, Anantapur.	Board High School, Madakasira - Completion of the Western wing of the building newly constructed by local Committee.	25,000	25,000	12,000
2. District Board, West Godavari.	Board High School, Nidadavole - Construction of a tiled shed in place of the building destroyed by fire.	45,000	22,500	11,000
3. District Board, Vizagapatam	Board High School, Yellamanchili - Construction of a block.	22,200	11,100 ~~22,200~~	5,000
4. District Board, Chingleput.	Board High School, Walajabad-Construction of a building	80000	35,00	12,000
.District Board, Chingleput.	Board High School, Poonamalle - Construction of an additional pucca shed.	14600	7,300	5,000
6. District Board, Malabar.	Board High School, Kadirur - Construction of additional building.	12800	6,400	5,000
7. District Board, Salem.	Board High School, Sendamangalam - Completion of the building.	(not known)	10,000	8,000

P.T.O.

8. Municipal Council Kodaikanal.	Municipal High School - Construction of a laboratory building.	11000	5500	5500
9. Municipal Council, Nandyal.	Municipal High School and Municipal Muslim High School - Construction of a Manual Training shed.	10900	5450	4000
10. Municipal Council, Pollachi.	Municipal High School. ~~xxxxxxxxxxxx~~ Construction of a rear block.)			
		130150	35000	12500

The subsidy sanctioned to the Anantapur and Salem District Boards for the completion of the buildings already constructed by local Committees is subject to the condition that the Committee concerned should legally convey to the District Board the lands already acquired and the building already constructed with the balance of cash left with the Committee and the District Board should prepare an estimate of cost for completion of the work and get it approved by the Director of Public Instruction before proceeding with the execution of the work.

2. The subsidies will be disbursed on the post payment system. The local bodies concerned should take steps to execute the works and claim before the end of 1949-1950, the subsidy admissible towards the expenditure actually incurred on the execution of the work till then. The balance may be claimed in 1950-51 after completing the work.

3. A loan of Rs.95000 will be sanctioned to the Municipal Council, Pollachi, to meet its share of the cost of construction of the rear block in the Municipal High School Pollachi. The Commissioner, Pollachi Municipality is requested to submit the necessary application for loan for publication in the Fort St.George Gazette.

4. Necessary provision has been made for the payment of subsidies to local bodies towards the construction of buildings specified above under "37 h. Education.Secondary-Grants to Local bodies for Secondary Education-A Ordinary Areas 2 Buildings" in the Estimates of Expenditure for 1949-50.

Sectional notes 9Φ

on applications 9 10

EDN(M).

Subsidies - Buildings - Vizagapatam Dt Bd - Buildings for Secondary Schools - Requirements for 1949-50

p1cf From the S.O. Dt Bd Vizagapatam Rc no 79/48-G1 d 20.8.48

p5cf From the DPI Rc no 2044-G.2/48 d 23.9.48

Out of the schemes for the Construction of buildings for secondary schools under the Vizagapatam Dt for which application has been made for the payment of subsidies in 1949-50, the DPI has recommended only the following four schemes for which plans & estimates have already been approved by him

		Costs per approved estimate Rs	Amount of subsidy admissible Rs	Amount likely to be claimed in the first year of execution
Vizagapatam North	1. Board High School Palkonda Construction of addl building -	14,400	7,200	5,000
p.4cf	2 Board High School Tekkali construction of addl building	11,000	5,500	5,000
	3. Board High School Rajam Construction of addl building	13,800	6,900	5,000
Vizagapatam South.	4 Board High School Yellamanchili	22,200	11,100	5,000

Out of four schemes it may be possible to select only one as the total amount of subsidy that will be available for distribution viz 1.25 lakhs will have to be given to as many urgent schemes as possible taking into consideration the requirements of schools in the several districts. The maximum amount which the Dt Bd will have to incur from its own funds even if the last scheme mentioned above is selected will be Rs 11,100.

A The remarks of L.A. may be invited as to whether the financial position of the Dt Bd will permit the incurring of this expenditure from its general funds.

B with reference to the remarks of the Director at 2 ~~[illegible]~~ page 4cf, it is submitted that ~~[illegible]~~ the [illegible] has not yet started ~~[illegible]~~ the (cost of) construction of a building for the high school even though the subsidy was sanctioned in 1946 and it has applied for a subsidy towards the full cost

2

of constructing a building which is estimated to cost Rs 44,000 as per revised estimate. The application will have be treated as a fresh appln. and there seems to be no objection to the selection of one of the schemes relating to the Vizagapatam Dt. for payment of subsidies in 1949-50.

Subsidy - Buildings - Municipal High School, for boys Pollachi - Construction of the rear block - Application for subsidy & loan for 1949-50 - (Part II scheme).

91

p1 cf From the Commissioner Pollachi Municipality, Roc. C1/7308/47 d 17.9.48

p7 cf From the DPI Rc No 1421 C2/46, d 7.10.48

The Commissioner, Pollachi Municipality has applied for a subsidy of Rs 65,075 and a loan of Rs 65075 towards the cost of construction of a rear block in the Municipal High School for boys Pollachi. The DPI recommended the scheme for consideration in connection with the proposal to sanction subsidies not exceeding Rs 1.25 lakhs in the current year to local bodies towards the cost of construction of buildings for secondary school for boys which were subject to restrictions, but the scheme has not been selected for payment this year. It has to be considered only in connection with Part II Estimates for 1949-50.

Vide Go 2613 Edn 19-10-48

2. With a view to distribute the funds available to as many deserving schemes as possible, it has been decided to restrict the maximum subsidy payable for each building scheme to Rs 35,000. If the scheme for the construction of a rear block in the municipal high school Pollachi is selected, the subsidy will be limited to Rs 35,000. The Council should take a loan of Rs 95,150 to meet its share of the cost.

16/10/48

3. The remarks of L.A. may be invited as to whether the financial position of the municipal Council will permit the payment of the annuity on a loan of Rs 95,150. They may be requested to treat the reference as specially urgent as Part II schemes should be sent to Fin before 1st November

Subsidies & loans - District Board Chingleput - Buildings for secondary schools for boys - Requirements in 1949-50

---

pp1-2cf
p5cf

C.No 74383. From the S.O. Dt Bd Chingleput Roc. No 15648/48-A-4 Dt 28-9-48 & 30-9-48

The S.O., Dt Bd, Chingleput, has applied for subsidies and loans for the construction of buildings for secondary schools for boys specified below for consideration as a Part II scheme for 1949-50:-

	Amount of estimate Rs	Amount of subsidy applied for Rs	Amount of loan applied for Rs
(1) construction of a building for the high school at Walajabad	80.000	40.000	—
(2) Construction of an additional pucca shed in the ~~Ml~~ Board High School Poonamalle.	15000	7.500.	—
(3) Construction of a laboratory shed in the high school at Ponneri	5,000	2.500	—
(4) Construction of a building for the board secondary school at Koour	30,000	15,000,	15000

pages 2 & 3 of

In respect of this scheme, a subsidy of Rs 3500/only is admissible.
15/10/48

p5cf

2. The DPI recommended the application for a subsidy towards the construction of a building for the high school at Walajabad for consideration in connection with the payment of subsidies in the current year, but it has not been selected. This may be considered in connection with the selection of schemes for payment of subsidies in 1949-50.

The [illegible] Separate file

3 The plans & estimates for the construction of ~~[illegible]~~ an additional shed in the ~~Municipal~~ Board high school Poonamalle have been subd. to the DPI for approval. The construction of a laboratory shed in the ~~high~~ school at Ponneri is reported to be in progress as it was unforeseen work ~~and~~ it had been taken up for execution. There is no information whether the plans & estimates for this work have been got approved by the DPI. A reference has been made to the ~~commissioner~~ S.O on this point.

Col(5) on [illegible]

4 The board secondary school at Koour which was newly opened in the current year with forms I to III is located in a

2

rented building and it is reported that the building is not suitable. As it is proposed to open Form IV from the next year and develop it into a complete high school, it is proposed to construct a new building. There is no information whether the plans & estimates for this work have been got approved by the DPI. As the school has been newly started it would seem that the construction of buildings may be undertaken after some experience is gained of the working of the school.

5 The remarks of the DPI may be obtained as ~~as~~ to whether the schemes (2) ~~(3)~~ & (4) should be considered in connection with the BE for 1949-50. The Director may also be consulted whether the question of sanctioning a subsidy for the construction of a laboratory shed in the Board High School Ponneri may be considered in connection with the BE for 1949-50 as it is reported to be in progress.

6 A copy of the note may be sent to the DPI/with the S(b) on pp 3-4 cf and the file may then be sent to L.A. vo. for remarks on the ability of the Dt Bd to meet the annuity on a loan of Rs 15000 required towards the construction of a building for the secondary school at Kovur

LA vo. 41135/48-1C
26.10.48

79286
27 OCT 1948

Please see the remarks of the DPI on page 13-14 cf. He has recommended that the schemes for the construction of a building for the Board High School, Walajabad and the construction of an additional pucca shed in the Board High School Poonamallee may be considered for payment of subsidies. The L.A. Dept have already stated that the financial position of the Dt Bd is very unsatisfactory. The Dt Bd will not be in a position to meet any portion of the cost of the new works from its own funds. The schemes ~~should~~ may therefore be deferred.

29-10-48

2 The construction of a laboratory shed in the Board High School Ponneri at a cost of Rs. 5000 had already been undertaken by the Dt Bd from its own funds without getting the approval of the Director as it is in the nature of repairs. No subsidy need be paid towards the cost of this work.

29-10-48

A draft memo is submitted below for approval

pp 21-22 cf

C no 88.866. From the S.O Dt Bd Chingleput Roc no 15648-48 A.S d 10-11.1948

Please see the letter from the S.O. Dt Bd Chingleput on pp 21-22 cf. He points out that the financial position

4 3

of the Dt Bd is not unsatisfactory as pointed out, by LA and that it will be possible for the Dt Bd to meet its share of the cost from the ~~[illegible]~~ general funds and that necessary provision has been made in the BE of the Dt Bd which is expected to close with a balance of Rs 25 lakhs. The Dt Bd's share of the construction of a building for the Board High School Walajabad will be Rs 20000 excluding the contribution of Rs 25000 realised from the public. The Board's share of the cost of construction of a shed in the Board High School, Poonamalle, will be Rs 7500.

p 21 cf

Both the works may be noted for consideration in connection with the BE for 1949-50. If the works are selected and the grants are sanctioned, the Dt Bd may be informed that the works should be put on hand only after the budget estimates containing provision for meeting the Boards' share are approved. This may be added to the applications in the main file after approval.

The question of giving a subsidy of Rs 35,000 to the Chingleput Dt Bd in 1949-50 towards the cost of construction of a building for the Board High School Walajabad is dealt with in the list of schemes dealt with in the top file. It is for consideration whether provision may be included in the Part II estimate for the payment of a subsidy of Rs 7500 to the Dt Bd towards one half of the cost of construction of a sheds in the Board High School Poonamalle, as the existing sheds have been condemned as they are likely to fall down at any moment & endanger the life of the pupils. The Dt Bd is not in a position to meet the entire cost from its own funds.

In the circumstances stated by the Special Officer ('A' on pages 21-22 cf) the request for a half grant of Rs 7300/- may perhaps be agreed to; the D.P.I. has reported at p10 cf of the top file that the final revised estimate is only Rs 14600/-

Subsidy - Buildings - District Board - Anantapur - Board High Schools at Madakasira + Kalyandrug - completion of buildings - Application for 1949-50

p 5-7 From the Secretary - High School Building Committee Madakasira dated 20-3-48 ~~& 5-7-48~~ & 27-7-48

p 27 f From the DPI Rc. 336 - G2/48 d 27.10.48

The S.O. Dt Bd Anantapur has applied for ⊗ the payment of subsidies in 1949-50 towards the cost of completion of the buildings for the Board High Schools at Madakasira and Kalyandrug which have been partially executed by local Committees, as they are not in a position to complete the buildings out of contributions from the public. The DPI recommends that the application may be considered in connection with the BE for 1949-50 (Part II scheme).

⊗ application pending with the DPI

2. Buildings for the Board High School Madakasira.

The High School Building Committees, Madakasira has purchased a site measuring 11 acres + 70 cents and has commenced the construction of one wing (western) of the H shaped Type design and has incurred an expenditure of Rs 11284 on the purchase of iron materials and construction of the wing up to roofing & the cash of Rs 7.200 that is still left will not be sufficient to complete the work. The Committee is willing to hand ~~to hand~~ over the site together with the buildings thereon & the cash on hand to the Dt Bd if it undertakes to complete buildings. The DPI has instructed the S.O to have the estimates for the work revised according to the current rates as the estimate was prepared in 1945 + there has been increase in the cost of building materials since then. The estimates are under ~~revision~~ preparation by the Divisional Engineer. The S.O

p 9 f

p 27 f

12

has reported that the revised estimate will approximately be Rs 50000. On this basis if a subsidy is made towards one half of the cost the Dt Bd will have to find from its own funds ~~for~~ about Rs 8500 - if the amount already spent by the Committee & the cash on hand are adjusted towards the DtBd's share of the cost. It is not known whether the Dt Bd will be in a position to meet this amount from its general funds. If the finances of the Dt Bd will not permit the incurring of any expenditure from its funds even by raising a loan, the Govt will have to make as a special case a subsidy towards the entire amount required to complete the buildings already begun so that it may not become a waste. The Dt is educationally a backward district and in the circumstances stated by the Secy High School Building Committee, the case deserves special consideration. Even if the construction of the Eastern wing is postponed, it seems it necessary to complete the western wing already partially executed & provide the sanitary conveniences essential for the school. The SO. DtBd, Anantapur, may be asked to report the amount required for this purpose.

96 57/B1 96

The B.E. of the Anantapur Dt Bd for 1948-49 as revised by Govt is expected to close with a balance of Rs 67,164. The extra cost on account of the payment of dearness allowance at enhanced rates is Rs 21,990 to general account and Rs 48,228 to E.E. acct. The E.E. account for 1948-49 is expected to close with a deficit. The ~~balat~~ balance under the General acct will be converted into a deficit ~~on accou~~ on account of the payment of dearness allowance to both general and E.E. staff. The Board cannot therefore meet any portion of the cost in question from its general funds.

3.11.48

FINANCE DEPARTMENT

Please see the notes on pages 1-4 above.

It is stated that the financial position of the Anantapur District Board is not satisfactory and that it will not permit the incurring of any expenditure from the funds of the District Board on the completion of the buildings already put up by private committees for the Board High Schools at Madakasira and Kalyandrug. As the schools are in need of accommodation, and as the money already expended upon the works should not become a waste, E.& P.H. propose

p. 3 above

K above

---

98 97 15

that, as a special case, the Government may give a subsidy to the District Board towards the full cost of completion of the buildings already undertaken by the local committees upto a stage ~~for~~ from which further execution of the scheme may be taken up later after the cost of building materials and labour come down. They also suggest that the maximum subsidy payable to the District Board may be limited to Rs 35,000.

K on p 4 above

M on p 4 above

2. ~~From~~ On the Memo issued by E.& P.H. at pages 29-30 C.F., ~~it is seen that~~ information ~~is lacking~~ has been called for on a number of points connected with the scheme. ~~The cost involved in the proposal i.e. on the completion of the buildings already undertaken by the local committees is not known.~~ The maximum amount of subsidy proposed by E.& P.H. was (Rs 35,000) ~~seems to be of a lumpsum nature~~ is only provisional & arbitrary. The revised estimates for the work relating to the Madakasira High School are not yet ready. It is stated that they are under preparation by the Divisional Engineer. The present stage of the scheme relating to the Kalyandrug High School is not known.

M on p. 4 above

Para 2 on p. 1 above

Para 3 on p. 1 above

3. Every Part II Scheme should be fully worked out. Grants and loans to local bodies for new works will not be considered unless detailed plans and estimates have been sanctioned by the competent authority and unless their necessity has been established-(para 57 of the Madras Budget Manual).

88388

The schemes in the present case do not therefore seem to be in a fit stage for consideration as a Part II Scheme for 1949-50.

4. Further, the present policy of the Government is to defer all building schemes. What applies to Government building schemes applies with equal force to grants for building schemes of the local bodies and private institutions.

5. One of the grounds urged by E.& P.H. for the grant of a subsidy to this District Board towards the full cost of completion of the buildings already undertaken by the local committees is that the money already expended on the works should not become a waste. It cannot be said that if the work on the construction of the buildings is not completed now, the money already spent on it will become a waste. If circumstances do not permit, the work can be completed after some time. In the meantime, the present arrangement for holding the classes

K on p. 4 above

6. 16 18

may be continued ~~[illegible]~~ or class, may be held ~~in shift~~ on a shift system as is done in a number of schools, where accommodation is inadequate.

6. In the circumstances, Finance may suggest that the proposal may be deferred and brought forward for consideration as a Part II Scheme for 1950-51, when it may be possible to consider the full details of the schemes. If E.& P.H. do not agree, they may be requested to take orders in circulation including H.M.(Finance) and H.Pr., ~~[illegible]~~ whether the proposal may go forward as a Part II Scheme for 1949-50.

PW 10.11.48

E & P.H. called for a reply to their Memo on pp 29-30 c7 by the 10th instant. If the reply has not already been received, it may be received very shortly. E & P.H. may note further on the case with refce to that reply & send the case again to Finance.

Corr 83839. From the S.O Dt Bd Anantapur Rc no 19933/48 E.4 dt 9.11.48. p31 cf

Please see the letter from the S.O. Dt Bd Anantapur on pp 31-32 cf furnishing the information called for in the memo on pp 29-30 cf

2. Board High School building at Madakasira.

The S.O. Dt Bd Anantapur reports that for completing the western wing alone a sum of Rs 25,000 is required, but as that portion of the building alone cannot suffice even for the existing needs of the high school forms, he considers it essential to take up atleast the Connecting hall at an addl cost of Rs 25,000. For completion of the western wing & Connecting hall a sum of Rs 50000 is required and it is reported that sanitary arrangements will also be provided within this allotment. The S.O reports that the Dt Bd will meet one half of the cost from its funds by raising a loan if necessary, but L.A. have stated that the financial position of the Dt Bd will not permit the payment of annuity on the loan. It is for consideration whether this Dept. may press for the grant a subsidy of Rs 25,000 towards the cost of completion of the western wing. If any saving is effected within this

p31 cf

p32 cf
p3 ant

12/11/48

7
99 98 17

amount, the Dt Bd may be permitted to utilise it for the provision of sanitary conveniences. The Connecting hall may be taken up after completing the western wing and the question of giving a subsidy towards the cost of this work may be considered later on as it may not be possible to sanction Rs 50,000 for this Dt Bd alone.

3 Board High School Kalyandrug. It is reported that the construction of the whole building has been taken up and walls have been raised upto eight feet. The work is now estimated to cost Rs 84,000 against which the value of the work done so far is estimated at Rs 30,000. The S.O. Dt Bd Anantapur reports that a minimum sum of Rs 50,000 is required. As this is a costly scheme and as it may not be possible to pay subsidy towards the amount required for completion in addn to the subsidy that may be paid towards the cost of construction of a building for the Board High School at Madakasira, this may be deferred.

p32 cf

para 3 ant 32 cf

12/11/48

4 The S.O Dt Bd Anantapur reports that he will furnish the particulars required for the Board High School Kadiri in a week so that the question of giving a subsidy towards the cost of the scheme may be considered. This is not ripe for consideration and it is not possible to give subsidy for all the schemes at a time.

12/11/48

The file may be sent to Finance no. for remarks

2. The proposal for consideration now relates to the grant of a full subsidy of Rs 25,000 to the District Board, Anantapur towards the cost of completion of the Western wing for the Board

p.t.o

18

High School at Madakasira.

The local High School building Committee purchased a site measuring 11 acres and 70 cents, and incurred an expenditure of Rs 11,284 on the purchase of iron materials and construction of the western wing of the High School upto ~~reopening~~ roofing. It has still left with it a cash of Rs 5,200 but this will not be sufficient to complete the work. It is stated that the Committee is willing to hand over the site together with the buildings thereon and the cash in hand to the District Board, if it undertakes to complete the building. The Special Officer, District Board, Anantapur has reported that for completing the western wing alone, a sum of Rs 25,000 is required and that this ~~position~~ portion of the building alone will not be sufficient even for the existing needs of the High School forms. As L.A. have stated that the financial position of the District Board will not permit the payment of the annuity on a loan, E.& P.H. press for the grant of a full subsidy of Rs 25,000 towards the cost of completion of the western wing.

p.1 above

p.1 above

p.31 CF

M anp. 6 above

2. The following remarks ~~seem~~ are called for in this department:-

The revised estimates for the work are not yet ready. It is stated that they are under preparation by the Divisional Engineer. Every Part II Scheme should be fully worked out, and grants and loans to local bodies for new works will not be considered unless detailed plans and estimates have been sanctioned by the competent authority - see para 57 of the Madras Budget Manual.

p.1 above

(R/R not put up)

It is usual to give a subsidy only towards half the cost of the scheme. Full subsidies are given only in very special cases - for instance, ~~thexgxxgx~~ this department agreed to the grant of a full subsidy towards the cost of construction of a building for the Board High School at Nidadavole (West Godavari district) as the High School building together with its equipment was destroyed by fire. It does not seem that a strong case ~~can be~~ has been made out for the grant of a full subsidy in the present case. L.A. have previously stated that the District Board ~~will~~ would not be able to pay an annuity of Rs 2,984 on a loan of Rs 35,000 which was then contemplated. Out of the estimated cost of ~~the~~ completion of the Western wing for the High school, viz.,

p.3 above

---

18 ~~99~~ 100 99

Rs 25,000, if the usual subsidy of Rs 12,500 only is to be given towards half the cost of the scheme, the loan to be raised by the District Board will be only Rs 12,500, and the annuity on this loan (Rs 12,500) repayable in 15 instalments at 3¼% interest will be only Rs 1,066. L.A. may be requested to state whether the District Board will not be able to pay at least this annuity. by taking special measures for improving its finances, as [illegible] the D. Board may try to get some more local contributions.

Cf. A anp 3 above

See also below

18.11.48

18.11.48

Subject to the remarks of L.A., this department may advise that a subsidy of Rs 12,500 and a loan of Rs 12,500 may be given to the District Board towards the cost of completion of the Western wing for the High School.

3. E.& P.H. may be requested to take orders in circulation including H.M.(Finance) and H.Pr. whether the proposal may go forward as a Part II Scheme for 1949-50. The file may be returned to E.& P.H. through L.A.

PW 17.11.48

The completion of the building though desirable cannot be said to be imperatively and immediately essential. The existing arrangements for the holding of the classes may continue till prices of materials & cost of labour come down and the work can be completed. The estimate for completion of the building (Western wing) has not yet been finalised [illegible] proposal is also not ripe for consideration now. The scheme may therefore be deferred. If it is at all to be pursued, [illegible] half [illegible] giving a chance for [illegible]

I agree

29 NOV 1948
30055

E & PH (RD)

Attention is solicited to the letter from the S.O. Dt Bd Anantapur on page 31 cf. There are three schemes for the construction of buildings for secondary schools under the control of the Anantapur Dt Bd which have been undertaken by local ~~bodies~~ people and which have been partly

20

executed but have not been proceeded with for want of funds. The local Committees are not in a position to collect the funds required for completion of the schemes and so they are willing to hand over the buildings so far constructed to the Dt Bd with the cash remaining out of the amount collected so that the Dt Bd may take steps to complete them. The Dt Bd is not in a position to meet the cost from its funds and it has therefore applied for a subsidy towards the full cost of completion of the buildings. - Out of the three ~~[illegible]~~ schemes, this Dept recommended that a subsidy of Rs 25000 towards the ~~complet~~ full cost of completion of the western wing of the ~~Board~~ High School Madakasira, which has been constructed up to the roof may be made so that the building so far constructed may not be allowed to deteriorate being exposed to sun & rain and as the completion of ~~the~~ atleast the western wing will solve the problem of accommodation for the school atleast partially. The S.O. has applied for a subsidy of Rs 25000 also for the construction of the connecting hall, but this Dept did not recommend it. Finance do not agree even to the modest proposal of this department. They suggest that the scheme may be deferred and that if a subsidy is to be made it may be limited to one half of the cost of completion of buildings. The Dt Bd is a poor one & the area is educationally backward. If public support had been forthcoming, the schemes would have been finished long ago.

Mon p 6 ante

p 31 cf

pages 8-9 ante

It is therefore for consideration whether this Dept may press for a subsidy of Rs 25000 being given to the Anantapur Dt Bd towards the full cost of completion of the ~~buildings. Of the~~ western wing of the Board High School at Madakasira

May be pressed.

We have allotted Rs. 6 lakhs for elementary schools

103 25 II 102

for the whole province. Out of that 6 lakhs, we have distributed only about 2 lakhs and odd. This 6 lakhs must be distributed according to district-war and I think we can certainly give a portion to Salem. The matter may be examined in this sense and put up.

In fact we have asked Sp. Ofs to apply for these grants.

The matter may be treated as special & put up.

TSA

2.12.48

SECRETARY, EDN. AND P.H. DEPT.
3 DEC [illegible]
GOVERNMENT OF MADRAS

P.T.O.

Please see the minutes of H.M. (Edn) at p.p. 16-17. ante.

please also see the note at p.p. 14-15. ante.

As per orders in circulation the ~~prop~~ provision of Rs 6 lakhs proposed to be made in the Budget Estimate for 1949-50 towards building grants for elementary schools, will be distributed district-war on population basis. The total grant admissible to Salem Dt. in 1949-50 under the Rs 6. lakhs' scheme is Rs 35000. The Director has already submitted proposals for the payment of building grants out of this Rs 6 lakhs provision. Thirteen building schemes in the Salem Dt. have been recommended by him. The total grant payable in 1949-50 in respect of the building schemes submitted by the Director comes to Rs 2. lakhs (Roundly). ~~St. as~~ A copy of the statement showing the distribution of building grants towards ele. schools to the various districts during 1949-50. is submitted at flag Ⓩ below. From the statement it will be seen that the Salem Dt. will be getting a grant of Rs 35000/- which is the maximum amount that can be given to that district under the present scheme.

Vide statement of Ⓩ

P.T.O.

Even if it is decided to distribute the balance of provision of Rs 4 lakhs towards building schemes, the ~~Sale~~ share of Salem Dt. will not increase.

The main file on the subject relating to distribution of building grants was circulated to H.M. (Edn), H.M. (Fin) and H.P. on 25-11-49. In the circumstances stated above no further action seems called for on the S.G.'s proposal request for building subsidies for ele. schools.

29

21

p 19 above

E-PH have stated that out of the allotment of Rs 2.5 lakhs for disbursement of grants to local bodies and private managements for constructing buildings a sum of Rs 12125 still remains unspent. This will further get reduced by Rs 4.375 which represents the additional grant proposed to be paid to the Ramakrishna Mission School at Perianaickenpalam.

Verified from E-PH accounts

12125
4375
7750

2. The plans and estimates for the work have not been prepared so far. They have not also been approved by the DPI. The scheme has not been included in the list of Part II schemes for 1949-50. If a grant is sanctioned now as proposed, it is likely that the Dt. Bd. will not be able to utilise the sanction before the end of the current financial year. In these circumstances, it does not seem desirable to sanction the grant in the current year. Finance may therefore advise against the proposal. If it is considered that a grant should be given to the institution as early as possible, it may perhaps be treated as a scheme for introduction in the course of next year and a grant paid in 1949-50 ~~after~~ in accordance ~~observing the formalities~~ with the rules.

[of the balance left against B.10, M.I. ...]

p.13 c.f. Ref. from the S.O. Dt. Bd. Salem; No. 18304-48 dated 31 12/48.

Please see the D.O. from the S.O., Dt. Bd., Salem, at p.13 c.f. He enquires whether the schemes relating to ele. school buildings and Secondary school buildings mentioned at pp. 5-7 c.f. ~~would~~ will be admitted for the purpose of grant during 1949-50. Out of these schemes the D.P.I. recommended 13 schemes relating to ele. schools for the payment of half grant during 1949-50. The total grant ~~to be paid~~ recommended by him in respect of these thirteen schemes ~~will~~ was be Rs. 76,683. But the share of Salem dt. in the Rs. 6 lakhs allotment in 1949-50 as formerly proposed is only Rs. 35,000/-. It was therefore considered that the entire share of Salem district might be assigned to the Dt. Board, Salem. Subsequently it has been ordered in circulation that a provision of Rs.12 lakhs instead of Rs. 6 lakhs might be made in the next year's Budget for building grants for elementary schools. In this view the share of Salem district is likely to increase. It is proposed to ask the Director to send up schemes to cover the entire provision of Rs.12 lakhs, and the question of actual selection of schemes will take some time. The S.O. may be told accordingly.

Separate file not linked.

Vide statement at (Z)

As regards building schemes for Secondary schools, it is proposed to sanction a subsidy of Rs.10,000/-[x] during 1949-50 in respect of only one item, viz. item 10 - construction of a building for Bd. High School, Sendamangalam.

for AS IV

8/1/49

Extract of Secy's remarks in the routine note:—

" Isn't an increased lump-sum provision to be made in respect of Secondary schools also? If so, is there any chance of this Dt. Board getting anything more under Secondary schools? 'A'

P - in draft - I am not sure that it would be appropriate at this stage to give this information.

R - But have not some schools been selected already? 'B'

But, even then, can any information about actual selections be given at this stage at all? "

M.V.S.,
17-1-49.

'A' above.

It was first proposed to make provision of Rs.3,83,800/- in the B.E. for 1949-50 for building grants for secondary schools. Subsequently it was proposed to increase the provision by Rs.2.5 lakhs. The proposal was placed before the Standing Finance Committee, and it has recommended a provision of Rs.2.5 lakhs only as against the total provision of Rs.6,33,800 proposed by this Department. Under the circumstances there is no chance of this District Board getting any thing more towards building grants for secondary schools.

383800
250000
633800

'B' above.

Submitted that the D.P.I. had sent a list of building schemes relating to ele.schools for the grant of subsidies during 1949-50. While recommending the half grants in respect of these schemes, the Director did not adhere to the limits prescribed. It is proposed to ask the Director to send up revised list having regard to the limits prescribed.

P.T.O

---

107 33 106

A provision of Rs.12 lakhs was proposed by this dept. for building grants for ele.schools during 1949-50. But the Standing Finance Committee has recommended that the provision may be reduced to Rs.10 lakhs. It is proposed to address the D.P.I. to submit a list of schemes to cover the entire provision to be made as soon as the decision of the Cabinet is known. It would therefore seem sufficient to inform the S.O. now that the matter is under consideration as a Part II scheme and that the actual selection of schemes will take some time.

A revised draft D.O. is submitted.

Part II scheme for 1949-50.

[Subject - subsidy to the Dt Bd Salem towards the cost of completion of the building for the Board high school ~~for boys~~ at Sendamangalam.]

Summary.

Head of account	Item of expenditure	Non-recurring Ultimate cost Rs	Cost in 1949-50. Rs
37 W. Education - Secondary - Grants to local bodies for Secondary Education. A Ordinary areas - 2. Buildings - Voted.	Subsidy to the Dt Bd, Salem, towards the cost of completion of the building for the Board high school ~~for boys~~ at Sendamangalam.	10,000	10,000.

G.O. No. 1915 Edn 6/12/41 not put up

Prior to 1941, subsidies not exceeding one half of the cost were given to local bodies towards the cost of acquisition of land and construction of buildings for secondary schools for boys. In 1941, with a view to conserve all available funds for Elementary Education, the Govt decided that no building grant should be given to any secondary school for boys unless a special case was made out that a grant was essential. Owing to the imposition of this restriction, subsidies to local bodies for the construction of buildings for boys' Schools were considerably restricted and it was limited to one or two works in a year. As several schools under local bodies are in need of suitable buildings, extensions & improvements and as the finances of most of the local bodies do not permit them to put up the required buildings without Govt aid, the Govt ~~have~~ considered it necessary ~~and~~ to revise their policy & sanction subsidies for the construction of buildings for secondary schools for boys not exceeding one half of the cost or Rs 35000 whichever is less. Accordingly subsidies amounting to Rs 1,03,975 were sanctioned in the ~~next~~ current year. ~~For~~ In the next year, it is proposed separately to sanction subsidies amounting to Rs 1,62,300 towards the cost of construction or completion ~~of~~ to buildings partly constructed with the aid of public donations and to provide a sum of Rs 100,000 for part payment in ~~the estimate of expenditure~~ that year.

G.O. No. 2613 Edn 19-10-46 (B)

(A)

~~for 1949-50.~~

2. In 1946, the DPI approved the plan for the construction of a building for the High School at Sendamangalam under the control of the Salem Dt Bd. The work was undertaken by a local Committee which was able to collect a sum of Rs 40.000 for the purpose. The Committee has utilised the amount on the purchase of about 20 acres of land for the school and partial construction of the main block 'A'. Terracing & flooring the building have yet to be done to complete the work. As the public have already contributed liberally, and it is not possible to collect anything more, the Committee & the Dt Bd have applied for aid for the completion of the building. It is considered necessary that the building should be completed & brought into use. It is therefore proposed to make a subsidy not exceeding Rs 10.000 towards one half of the cost of completion of the building subject to the condition that the Committee should legally convey to the Dt Bd, the lands already acquired & the building already constructed with the balance of cash left with the Committee and the Dt Bd should prepare an estimate of cost for completion of the work & get it approved by the Director of Public Instruction before proceeding with the execution of the work. The case is similar to the scheme for the construction of a building for the Board High School at Madakasira under the Anantapur Dt Bd for which it is proposed to sanction a subsidy in the next year for completion of the work.

Item 10 on p 7 cf

p 22

Item 1 in p 4 of the printed note cf (A)

3 This Dept. recommends that a subsidy of Rs 10.000 may be provided in the next year's budget in addition to Rs 1 lakh proposed for ten schemes pertaining to other local bodies. — (A)
As the application from body was received late, it was not possible to include it in the main Part II scheme itself.

Edn (S.1)

Subsidies - local bodies - Buildings and Playgrounds for secondary schools - Part II scheme for 1949-50.

According to the procedure prescribed for the preparation of the budget estimates under "37 h. Education - Secondary - Grants to local bodies for secondary education - Buildings" and "Playgrounds" provision is made in Part I for schemes in respect of which a portion of the subsidy has been paid or is likely to be paid before the end of the year preceding the budget year and for other new schemes in Part II.

2. Buildings. Please see the statement on p 2 cf and the remarks of the DPI on p 1 cf. The construction of buildings for the municipal high school Gudiyattam has been undertaken by a private Committee and no application has been made by the mcl. cl. for a subsidy

Item 1 on p 2 cf

(A) 23/10/48 | no provision need be made for this work. The construction of a building for the Board High School, Uttamapalayam and the Board High School Kamuthi has been suspended by the local bodies concerned and it is reported that they are not in a position to state definitely how much grant will be claimed next year - Owing to the delay in the execution of the work, the estimates will have to be revised with reference to the current schedule of rates - The local bodies may be informed that unless steps are taken to complete the works in 1949-50, the promise of grant will lapse. The Directors' recommendation that no provision need be made for these two schemes may be accepted

Item 2 on p 2 cf

Item 3 — do

p 1 cf

This does not seem necessary in view of the scarcity of building materials
23/10/48

p 1 cf

23/10/48 | The municipal Council, Chicacole, has applied for a subsidy of Rs 44.000 towards the full cost of construction of a building for the municipal high school based on the revised estimates for the work. - As the maximum subsidy for a building scheme will be limited to Rs 35.000, the work will have to be financed partly by subsidy & partly by

Item 4 on p 2 cf
Linked [illegible]

This will have therefore to be considered as a new scheme in connection with the BE for 1949-50. – no provision need be made in Part I for this scheme ~~for this scheme~~. The Director's recommendation that a provision of Rs 3500 in the RE for 1948-9 and of Rs 5000 in the BE for 1949-50 in Part I for schemes 5, 6, 7 & 8 in the list on page 2 cf may be accepted.

The decision in the linked file may be awaited.
23/10/48

28/10/48

~~Since~~ After the estimates were submitted to Govt. orders have been issued in G.O. no 2613 Edn dated 19-10-48 (& No 2607 Edn d 19-10-48) ~~[illegible]~~ sanctioning subsidies to 10 local bodies for the construction of buildings for secondary schools or for repairs in the current year. An addl. provision of Rs 40.000 may be made under ordinary areas in Part I for the nine schemes specified in G.O. 2613 Edn d 19.10.48 and of Rs 1500 in Part I under Partially Excluded areas for repairs to the Board High School Bhadrachalam as there is no certainty that the entire amount will be claimed in the current year.

(B) (V) 17-18 cf

(B) 23/10/48

New schemes for 1949-50.

The DPI has recommended that provision of Rs 5400 may be made in Part II for payment of subsidies to the Nandyal Municipal Council towards the cost of construction of a manual training shed – The appln. of the mcl. cl is at Ⓡ. The applications received from certain other local bodies for the grant of subsidies & loans for the construction of buildings are pending with the DPI and a few have been sent to LA. for remarks on the financial position of the local bodies to meet their share of the cost of construction of buildings from the general funds or by raising a loan. As ~~building~~ grants for the construction of buildings for secondary schools for boys were considerably restricted since 1941 and as several schools are badly in need of additional accommodation it was decided in Cabinet that a sum of Rs 2.5 lakhs should be sanctioned in the current year for secondary schools (local board schools & aided schools) and a portion of this sum was distributed to local bodies in G.O. no 2613 Edn d 19.10.48 & no 2607 Edn dated 19-10-48. H. M (Edn) has minuted that similar provision should be made in Part II Estimates for 1949-50. The DPI has been asked to submit a list of schemes for the construction of buildings for secondary schools for boys under local bodies for which provision may be made for

109

payment of subsidies in 1949-50. The Director's reply has not yet been received. As it will take sometime to select the schemes for which provision should be included in the Part II estimates for 1949-50, Finance may be requested to agree to this Dept's suggesting the amount to be provided for by the 15th November or to a provision of Rs 1.25 lakhs being tentatively included for this purpose pending the selection of schemes for which subsidies should be sanctioned in 1949-50.

M 23/10/48

This suggestion may be considered later on if necessary.
23/10/48

3 Playgrounds – Attention is solicited to para 2 of the remarks of the DPI on the estimates ~~of the DPI~~ under this head on p4 cf. He has stated that Govt are being addressed separately regarding the payment of grants in the current year for playgrounds for the Municipal High School Stonehousepet, Board High School Tirukoilur and the Board High School Papanasam. The proposals have not yet been received. It is not clear why the schemes cannot be considered in connection with Part II estimates for 1949-50. As they are new schemes, the usual procedure of considering them as Part II schemes may be adopted. The amounts involved are small and it should be possible for the local bodies concerned to meet the cost entirely from their own funds & claim the subsidy early in 1949-50.

They have been approved by the D.P.I. as he is competent to admit such schemes upto a limit of Rs 2500 in respect of each scheme. He may however be consulted.
23/10/48

4 A draft memo to the DPI is submitted below for approval. After issue, the file may be sent to Finance U.O. for remarks.

Playgrounds - The DPI says that he has already recommended that subsidies may be paid in the current year for the acqn. of lands for playgrounds to the municipal high school Shine Hassapet, Vellore, Board High School Tirukkoilur and Board High School Papanasam out of the lump sum of Rs 1 lakh provided p. 9 cf.

---

in the current year's budget. This is under separate consideration in C1 Section. No provision need be made for these schemes in the next year's budget.

2. Secondary schools for ~~boys~~ girls - Buildings

pages 1-2 of (D)

The Municipal Council Tiruppur ~~has applied~~ for a subsidy towards the cost of construction of buildings for the Srimati Jaivabai Devji High school for girls. The plans & estimates amounting to Rs 10 0000 have been subd to the DPI. His remarks in regard to the necessity for undertaking the construction of new buildings for the school are not available as the appln. has not been subd through the Director. A committee of the Mpl Cl. recently waited in deputation on HM (Edn) in this connection. Being a girls school, it deserves consideration, but as the scheme is a costly one and as Govt have sanctioned a subsidy of Rs 32,000 in the current year towards the cost of construction of a building for the K.S. High school for boys ~~in the current year~~, it is for consideration whether a ~~year~~ subsidy shd be made for the scheme for the construction of buildings for the girls school in the next year subject to a maximum of Rs 35,000. Perhaps the Council may be advised to defer the execution of the scheme till the cost of building materials & labour comes down.

p 2 of (D)

Item 5 of G.O. No 2613 Edn. 19-10-48 p 113 (B)

HM's orders may be taken.
15/11/48

3. Secondary schools for boys - Buildings

Out of the 2.5 lakhs which the Govt decided to sanction in the current year as grants for the construction of buildings for secondary schools for boys which were subject to restrictions, a sum of Rs 237,875 has been sanctioned and the balance of Rs 12,125 is available. A scheme the estimated cost of which does not exceed Rs 24,250 may be selected if necessary out of the applications which are to be considered for sanctioning in the current year as grants to the extent of Rs 106,400 has been sanctioned to local bodies as against Rs 131,475 sanctioned to private managements.

Rs List at (M)

6

BE IV

~~A~~ statement showing the ~~Schemes~~ for the construction of buildings for secondary schools for boys under local bodies for which applications have been made either to the DPI or to Govt for the grant of subsidies is put up at (M). Finance (B.E.IV).

Part II Scheme for 1949-50.

111

Grants for the construction of buildings for Secondary Schools for boys under local bodies.

	Ultimate Cost. Non-recurring. Rs.	Cost in 1949-50. Non-recurring. Rs.
p 6 above.	1,20,000	75,000

(Previous Finance note on p.4 above).

Please see the notes from the bottom of page 4 above.

The total amount of subsidy to be paid to ~~the~~ local bodies for the schemes mentioned on page 6 above works out to Rs 1,20,000 roundly. As only a part of the subsidy will be claimed in the first year of execution of the schemes, E.& P.H. propose that a sum of Rs 75,000 only may be provided for in next year's budget for these new schemes. They have also stated that all costly schemes have been left out and that only essential schemes have been included.

M on p. 6 above

N ibid

It may be noted here that as regards item 4 on p.6 above, namely subsidy to the Anantapur District Board towards the cost of completion of the western wing of the building newly constructed by the local committee, this department has suggested in the main file that, if at all, a subsidy of Rs 12,500 only may be given on the usual half-cost basis, towards half the cost of the scheme, the balance other half being given as a loan. If this is finally accepted, the ultimate cost on account of these new schemes would be reduced by Rs 12,500 i.e. it will come to Rs 1,07,450 or 1,07,500 roundly.

2. Finance may agree to the proposal going forward as a Part II Scheme for 1949-50. E.& P.H. may prepare the ~~MEEEX~~ necessary Part II Scheme note, after obtaining orders in circulation including H.M.(Finance) and H.Pr.

The Case relates to the inclusion in the BE for 1949-50 under Part II provision for payment of subsidies to local bodies towards the cost of construction of buildings for secondary schools for girls & boys.

2. Secondary schools for girls The Tiruppur Mpl. Cl. has applied for a subsidy towards the cost of construction of buildings for the Srimati Jaivabai Devji High School for girls estimated at Rs 1 lakh. ~~As~~ this is a costly scheme & as the municipal Council has been ~~given~~ allowed a subsidy of Rs 32,000 in the current year towards the construction of buildings for the boys' High school, it is for consideration whether the council may be advised to defer the scheme till the cost of building materials & labour come down to normal.

Item 5 of file No 2613 Edn
19-10-48

As suggested on p.5 ante, orders of HM (Edn) may be taken
22/11/48

3 Secondary schools for boys.

A statement showing the applications received is put up at (M). This Deptt proposed that subsidies may be paid in the next year to the 8 schemes specified on page 6 ante. Finance have agreed to the proposal going forward as a Part II scheme for 1949-50, subject however to orders that may be passed in the linked file II dealing with the application of the Anantapur Dt Bd for a subsidy towards the full cost of completion of the western wing of the Board High School Madakasira estimated approximately at Rs 25000. Finance have suggested that if a subsidy is to be paid, it may be limited to one half of the cost.

2. The two files which were originally linked file (applications of the Chingleput & Anantapur Dt Bds for subsidy) have been added to the file of applications & the notes thereon.

& Sectional notes – pages 9 & 20. (R)

3. The scheme for the construction of a rear block in the municipal high school Pollachi has been ordered to be included in the list of schemes for which provision for payment of subsidies should be made in the next year's budget. In respect of this scheme, the municipal Council has applied for a loan of Rs 65,000 & a subsidy of Rs 35000. As the maximum subsidy payable is only Rs 35,000, the Council will have to take an addl. loan of Rs 30,000 to meet its share of the cost. LA have noted that the Council can find the annuity on the loan of Rs 95,000. The Council has to be consulted whether the Council requires a loan of this amount or whether it will be possible to meet the addl sum of Rs 30000 from the balance under the General Account. As there is hardly time to make this reference & then include necessary provision a provision of Rs 65,000 as asked for may be provided and the balance may be paid if required by reappropriation. Pending the approval of this arrangement by Finance provision has been made in the Part II note for the loan of Rs 95,000 required to meet the Council's share of the cost.

pp19.20 cf do Rc no 1522-G2/48 d 25.10.48

The Dt Bd, West Godavari, has applied for payment of subsidies towards the cost of construction of seven buildings specified in the St. on pp ~~14-15~~ 15-16 cf.

2. Item 1. Construction of a tiled shed in the Board High School, Attili. - A subsidy of Rs 4950 has been sanctioned towards the cost of this work in G.O. no 2618 Edn d 19.10.48 ©

3 Items 2 to 6 - Temporary sheds. Board High School, Kovvur - Improvements to the main building & construction of addl buildings for the Bd High School Tanuku - Construction of tiled sheds in the Board High School Undi - Construction of tiled sheds in the Board High School Veeravasaram. - pp 21-22 cf. The D.P.I. does not recommend consideration of these schemes, since the plans & estimates have not yet been got approved by him. Pon p18 cf

The Director's recommendation may be accepted.

30/10/48

4. Item 7. Construction of pucca sheds for the Board High School, Nidadavole. - The S.O. Dt Bd, West Godavari, first applied for a subsidy of Rs 50,000 to construct suitable structures for the Board High School, Nidadavole, as the school building & sheds were burnt down. - In Memo no 89875 A1/48-3 Edn d 9.9.48, the S.O was requested to forward the plans & estimates for the construction of buildings to the DPI. In the meantime the S.O submitted to the DPI plans & estimates amounting to Rs 36,000 for the construction of pucca tiled sheds. On this the DPI sent a reference to the S.O. whether in view of the proposal to construct a pucca building for the school, it is necessary to construct a tiled shed as proposed. The S.O has not

p1 cf

p3 cf

replied to the reference - From the description of the works proposed to be undertaken for the provision of accommodation for the School item 7 on p 16 cf, it appears to be the intention to construct two sheds - one at a cost of Rs 36,000 and another at a cost of Rs 64,000. Instead of spending Rs 1 lakh on the construction of sheds, it would seem desirable to construct a permanent building for the amount. The DPI points out that the proposal to construct sheds does not seem to be necessary and that it need not be considered in connection with the Budget Estimate for 1949-50. The Director's recommendation may be accepted. The S.O. may be informed that a subsidy towards the full cost cannot be paid and that the maximum subsidy towards the cost of construction of a building will be limited to Rs 35000 and the Dt Bd must meet the balance of cost from its own funds or by raising a loan for the purpose.

EDUCATION AND PUBLIC HEALTH DEPARTMENT (B-1 SECTION).

PART II SCHEME FOR 1949-50.

[SUBJECT.—*Subsidies and loans to local bodies for the construction of buildings for secondary schools for boys.*]

Summary.

Head of account.	Item of expenditure.	Non-recurring. Ultimate cost.	Non-recurring. Cost in 1949-50.
(1)	(2)	(3)	(4)
		RS.	RS.
37. h. Education—Secondary—Grants to local bodies for secondary education—A. Ordinary areas—2. Buildings—Voted.	Subsidies to district boards and municipal councils for the construction of buildings for secondary schools for boys.	1,62,300	1,00,000
Loans and Advances bearing interest—c.—Loans to municipalities—c. Loans for educational purposes.	...	95,000	95,000

Prior to 1941, subsidies not exceeding one-half of the cost were given to local bodies towards the cost of acquisition of land and construction of buildings for secondary schools. In 1941 with a view to conserve all available funds for elementary education, the Government decided that no building grant should be given to any secondary school for boys unless a special case was made out that a grant was essential to the institution. The restriction does not apply to the grant of subsidies for the construction of buildings for secondary schools for girls or for the provision of playgrounds for all schools.

2. Owing to the imposition of the restriction, most of the institutions had to get on with the existing accommodation without putting up additional buildings required. The buildings in which several schools are housed are unsuitable and require reconstruction or extensive alterations and improvements to satisfy departmental requirements. Further to meet the rush for admissions, temporary sheds have been constructed in most of the schools pending the construction of pucca buildings by way of extensions and local bodies have to incur expenditure on renewal and reconstruction of temporay sheds. Considering all these aspects, the Government considered it necessary to revise their policy and sanctioned grants in the current year amounting to Rs. 1,03,975 to certain local bodies. In view of the need for assisting a large number of institutions they have decided to restrict the maximum subsidy payable to any individual scheme to one-half of the cost or Rs. 35,000, whichever is less.

3. According to the procedure prescribed for the preparation of budget estimates under this head, provision is made in Part I for schemes in respect of which a portion of the subsidy due has been paid or is likely to be paid before the end of the year preceding the budget year and for other schemes in Part II. The total outstanding liabilities in respect of part-paid schemes on 1st April 1949 will be Rs. 1,22,677 against which a provision of Rs. 50,000 has been made in Part I of the budget.

12

4. The following are the new schemes for which subsidies and loans are required in 1949-50 :—

		Estimated cost. RS.	Amount of subsidy to be paid. RS.
1. Anantapur District Board.	Board High School, Madakasira—Completion of the western wing of the building newly constructed by the local Committee.	25,000	25,000
2. West Godavari District Board.	Board High School, Nidadavole—Construction of a tiled shed in place of the building destroyed by fire.	45,000	22,500
3. Vizagapatam District Board.	Board High School, Yellamanchili—Construction of a block.	22,200	11,100
4. Chingleput District Board.	Board High School, Walajabad—Construction of a building.	80,000	35,000
	Board High School, Poonamallee—Construction of an additional pucca shed.	13,600	7,300
5. ~~Tiruchirappalli District Board.~~	~~Board High School, Lalgudi—Construction of Ramakrishna Hall.~~	~~18,000~~	~~9,000~~
6. Malabar District Board.	Board High School, Kadirur—Construction of additional building.	12,800	6,400
Kodaikanal Municipal Council (Madura district).	Municipal High School—Construction of a laboratory building.	11,000	5,500
Nandyal Municipal Council.	Municipal High School and Municipal Muslim High School—Construction of a Manual training shed.	10,900	5,450
Pollachi Municipal Council.	Municipal High School—Construction of a rear block.	1,30,150	35,000 and loan of Rs. 95,000
	Total ..	3,68,650	1,62,250

to be omitted as grant has been sanctioned in 1948-9

The Anantapur District Board is not in a position to meet any portion of the cost of completion of the western wing of the building for the high school at Madakasira which has been constructed up to the roof by the local Committee. The Committee has agreed to the transfer of the building so far constructed with the cash on hand to the district board as it is not found possible to raise further subscriptions to complete the building as originally designed. As it is necessary that at least the western wing should be completed to meet partially the need for accommodation for the school it is proposed to sanction, as a special case, a subsidy towards the full cost of completion of the building. In all other cases, the subsidy will be limited to half the cost or Rs. 35,000, whichever is less. Only essential and non-costly schemes have been selected for aid having due regard to the policy of Government to defer all costly building schemes till the cost of building materials and labour comes down to normal. As only a portion of the building will be completed in the first year of execution and subsidy is payable on the post-execution system, it is considered sufficient to provide for part-payment of the maximum subsidy admissible and a loan of Rs. 95,000 to the Pollachi Municipal Council to meet its share of the cost of construction of building for the municipal high school.

This department recommends that a subsidy of Rs. 1,00,000 and a loan of Rs. 95,000 may be provided in the next year's budget.

M. V. SUBRAMANIAN—26-11-48.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

PART II SCHEME FOR 1949-50

(SUBJECT: Subsidy to the District Board Salem towards the cost of completion of the building for the Board High School at Sendamangalam).

SUMMARY

Head of account.	Item of expenditure.	Non-recurring.	
		Ultimate cost Rs.	Cost in 1949-50 Rs.
(1)	(2)	(3)	(4)
37.h. Education-Secondary - Grants to local bodies for Secondary Education. A.Ordinary areas - 2.Buildings - Voted.	Subsidy to District Board, Salem, towards the cost of completion of the building for the Board High School at Sendamangalam. ..	10,000	10,000

Prior to 1941, subsidies not exceeding one half of the cost were given to local bodies towards the cost of acquisition of land and construction of buildings for secondary schools for boys. In 1941, with a view to conserve all available funds for Elementary Education, the Government decided that no building grant should be given to any secondary school for boys unless a special case was made out that a grant was essential. Owing to the imposition of this restriction, subsidies to local bodies for the construction of buildings for boys' schools were considerably restricted and it was limited to one or two works in a year. As several schools under local bodies are in need of suitable buildings, extensions and improvements and as the finances of most of the local bodies do not permit them to put up the required buildings without Government aid, the Government considered it necessary to revise their policy and sanction subsidies for the construction of buildings for secondary schools for boys not exceeding one half of the cost or Rs.35,000 whichever is less. Accordingly subsidies amounting to Rs.1,03,975 were sanctioned in the current year. In the next year, it is proposed separately to sanction subsidies amounting to Rs.1,62,300 towards the cost of construction or completion of buildings partly constructed with the aid of public donations and the/provide a sum of Rs.1,00,000 for part payment in that year.

/to

2. In 1946, the Director of Public Instruction approved the plan for the construction of a building for the High School at Sendamangalam under the control of the Salem District Board. The work was undertaken by a local committee which was able to collect a sum of Rs.40,000 for the purpose. The Committee has utilised the amount on the purchase of about 20 acres of land for the school and partial construction of the main block 'A'. Terracing and flooring the building have yet to be done to complete the work. As the public have already contributed liberally and it is not possible to collect anything more, the Committee and the District Board have applied for aid for the completion of the building. It is considered necessary that the building should be completed and brought into use. It is therefore proposed to make a subsidy not exceeding Rs.10,000 towards one half of the cost of completion of the building subject to the condition that the committee should

P.T.O.

~~14~~

should legally convey to the District Board, the lands already acquired and the building already constructed with the balance of cash left with the Committee and the District Board should prepare an estimate of cost for completion of the work and get it approved by the Director of Public Instruction before proceeding with the execution of the work. The case is similar to the scheme for the construction of a building for Board High School at Madakasira under the Anantapur District Board for which it is proposed to sanction a subsidy in the next year for completion of the work.

3. This Department recommends that a subsidy of Rs.10,000 may be provided in the next year's budget in addition to Rs. 1 lakh proposed for ten schemes pertaining to other local bodies. As the application for subsidy was received late, it was not possible to include it in the main Part II Scheme itself.

M.V. SUBRAMANIAN,
Secretary to Government.

PART II SCHEME FOR 1949-50.

[SUBJECT.—*Subsidies and loans to local bodies for the construction of buildings for secondary schools for boys.*]

GOVERNMENT PRESS
4 DEC 1948

Summary.

Head of account.	Item of expenditure.	Non-recurring.	
		Ultimate cost.	Cost in 1949-50.
(1)	(2)	(3)	(4)
		RS.	RS.
37. h. Education—Secondary—Grants to local bodies for secondary education—A. Ordinary areas—2. Buildings—Voted.	Subsidies to district boards and municipal councils for the construction of buildings for secontary schools for boys.	1,62,300	1,00,000
Loans and Advances bearing interest ~~—c.—Loans to municipalities—~~ c. Loans for eductional purposes.	.....	95,000	95,000

Prior to 1941, subsidies not exceeding one-half of the cost were given to local bodies towards the cost of acquisition of land and construction of buildings for secondary schools. In 1941 with a view to conserve all available funds for elementary education, the Government decided that no building grant should be given to any secondary school for boys unless a special case was made out that a grant was essential to the institution. The restriction does not apply to the grant of subsidies for the construction of buildings for secondary schools for girls or for the provision of playgrounds for all schools.

2. Owing to the imposition of the restriction, most of the institutions had to get on with the existing accommodation without putting up additional buildings required. The buildings in which several schools are housed are unsuitable and require reconstruction or extensive alterations and improvements to satisfy departmental requirements. Further to meet the rush for admissions, temporary sheds have been constructed in most of the schools pending the construction of pucca buildings by way of extensions and local bodies have to incur expenditure on renewal and reconstruction of temporay sheds. Considering all these aspects, the Government considered it necessary to revise their policy and sanctioned grants in the current year amounting to Rs. 1,03,975 to certain local bodies. In view of the need for assisting a large number of institutions they have decided to restrict the maximum subsidy payable to any individual scheme to one-half of the cost or Rs. 35,000, whichever is less.

3. According to the procedure prescribed for the preparation of budget estimates under this head, provision is made in Part I for schemes in respect of which a portion of the subsidy due has been paid or is likely to be paid before the end of the year preceding the budget year and for other schemes in Part II. The total outstanding liabilities in respect of part-paid schemes on Ist April 1949 will be Rs. 1,22,677 against which a provision of Rs. 50,000 has been made in Part I of the budget.

27

With 8 p.

4. The following are the new schemes for which subsidies and loans are required in 1949-50 :—

		Estimated cost.	Amount of subsidy to be paid.
		RS.	RS.
1. Anantapur District Board.	Board High School, Madakasira—Completion of the western wing of the building newly constructed by the local Committee.	25,000	25,000
2. West Godavari District Board.	Board High School, Nidadavole—Construction of a tiled shed in place of the building destroyed by fire.	45,000	22,500
3. Vizagapatam District Board.	Board High School, Yellamanchili—Construction of a block.	22,200	11,100
4. Chingleput District Board.	Board High School, Walajabad—Construction of a building.	80,000	35,000
	Board High School, Poonamallee—Construction of an additional pucca shed.	13,600	7,300
5. Tiruchirappalli District Board.	Board High School, Lalgudi—Construction of Ramakrishna Hall.	18,000	9,000
6. Malabar District Board.	Board High School, Kadirur—Construction of additional building.	12,800	6,400
Kodaikanal Municipal Council (Madura district).	Municipal High School—Construction of a laboratory building.	11,000	5,500
Nandyal Municipal Council.	Municipal High School and Municipal Muslim High School—Construction of a Manual training shed.	10,900	5,450
Pollachi Municipal Council.	Municipal High School—Construction of a rear block.	1,30,150	35,000 and loan of Rs. 95,000
	Total ..	3,68,650	1,62,250

The Anantapur District Board is not in a position to meet any portion of the cost of completion of the western wing of the building for the high school at Madakasira which has been constructed up to the roof by the local Committee. The Committee has agreed to the transfer of the building so far constructed with the cash on hand to the district board as it is not found possible to raise further subscriptions to complete the building as originally designed. As it is necessary that at least the western wing should be completed to meet partially the need for accommodation for the school it is proposed to sanction, as a special case, a subsidy towards the full cost of completion of the building. In all other cases, the subsidy will be limited to half the cost or Rs. 35,000, whichever is less. Only essential and non-costly schemes have been selected for aid having due regard to the policy of Government to defer all costly building schemes till the cost of building materials and labour comes down to normal. As only a portion of the building will be completed in the first year of execution and subsidy is payable on the post-execution system, it is considered sufficient to provide for part-payment of the maximum subsidy admissible and a loan of Rs. 95,000 to the Pollachi Municipal Council to meet its share of the cost of construction of building for the municipal high school.

This department recommends that a subsidy of Rs. 1,00,000 and a loan of Rs. 95,000 may be provided in the next year's budget.

Part 11 scheme for 1949-50

(Subject - Subsidies and loans to local bodies for the construction of buildings for secondary schools for boys)

119

Summary

Head of account	Item of expenditure	Non-recurring Ultimate cost	Non-recurring Cost in 1949-50
		Rs	Rs
37 h. Education-Secondary ~~Grants~~ aid rants to local bodies for secondary education A Ordinary areas ~~A~~ A 2 Buildings -Voted	Subsidies to district boards and municipal councils for the construction of buildings for secondary schools for boys	1,62,300	1,00,000
Loans and Advances bearing interest ~~C~~ C-Loans to municipalities ~~for~~ - C. Loans for educational purposes		95,000	95,000

GOVERNMENT PRESS
29 NOV 1948
MADRAS

Prior to 1941, subsidies not exceeding onehalf of the cost were given to local bodies towards the cost of acquisition of land and construction of buildings for secondary schools. In 1941 with a view to conserve all available funds for elementary education the Govt decided that no building grant should be given ~~in future~~ to any secondary school for boys unless a special case was made out that a grant ~~is~~ was essential to the institution. The restriction does not apply to the grant of subsidies for the construction of buildings for secondary schools for girls or for the provision of playgrounds for all schools.

2. Owing to the imposition of the restriction, ~~most of the institutions~~ most of the institutions had to get on with the existing accommodation without putting up ~~the~~ additional buildings required. The buildings in which ~~thexxxxxxxix~~ several schools are housed are ~~dilapidated~~ unsuitable and require ~~xxtxxxxxxxxxxxxxxxxxx~~ reconstruction or extensive alterations and improvements to satisfy departmental requirements . Further to meet the rush for ~~xx~~ admission, temporary sheds have been constructed in most of the schools pending the construction of pucca buildings by way of extensions and local bodies ~~mostly~~ have to incur expenditure on renewal & reconstruction of ~~sheds~~ temporary sheds. Considering all these aspects, the Govt ~~xxxx xxxxxxxxx~~ considered it necessary to revise their policy and sanctioned grants in the current year amounting to Rs 103975 to certain

local bodies. In view of the need for assisting a large number of institutions they have decided to restrict the maximum subsidy payable to any individual scheme to one half of the cost or Rs 35,000 whichever is less.

2. According to the procedure prescribed for the preparation of budget estimates under this head, provision is made in Part I for schemes inrespect of which a portion of the subsidy due has been paid or is likely to be paid before the end of the year preceding the budget year and for ~~tother~~ other schemes is Part II. The total outstanding liabilities inrespect of part-paid schemes on 1st April 1949 will be (Rs) against which a provision of Rs has been made in Part I of the budget.

will be filled in later from Part I Estimates file page 609

3. The following are the new schemes for which subsidies and loans are required in 1949-50.

		Estimated cost Rs	Amount of subsidy to be paid. Rs.
1. Anantapur Dt Bd	Board High school, Madakasira - Completion of the western wing of the building newly constructed by the local Committee.	25,000	25,000
2. West Godavari District Board	Board High school, Nidadavole - Construction of a tiled shed in place of the building destroyed by fire	45,000	22,500
3. Vizagapatam Dt Board	Board High school, Yellamanchili - Construction of a block.	22,200	11,100
4. Chingleput Dt Board	Board High school, Walajabad - Construction of a building	80,000	35,000
	Board High school, Poonamalle - Construction of an additional pucca shed	13,600	7,300
5 Tiruchirappali Dt Bd	Board High school, Lalgudi - Construction of Ramakrishna hall	18,000	9,000
6 Malabar Dt Bd	Board High school Kadirur - Construction of additional building	12,800	6,400
Kodaikanal Mcl Council (MaduraDt)	Municipal High school - Construction of a laboratory building	11,000	5,500
Nandyal Municipal Council	Muncipal High school and Municipal Muslim High school - Construction of a Manual training shed	10,900	5,450
Pollachi Municipal Council	Municipal High school Construction of a rear block	1,30,150	35,000 and loan of Rs 95,000
	Total	3,68,650	1,62,250

The Anantapur Dt Bd is not in a position to meet any portion of the cost of completion of the western wing of the building for the High school at Madakasira which has been constructed up to the roof by the local Committee. The ~~High school~~ Committee has agreed to transfer the building so far constructed with the cash on hand to the Dt Bd as it is not found possible to raise further subscriptions to complete the building as originally designed. As it is necessary that ~~the building~~ (at least the western wing) should be completed to meet partially the need for accommodation for the school it is

M V Subramaniam
Secretary to Govt

Please see the letter from the DPI on page 114 cf. In his letter Rc no 2058 G/2/48 d 25-10.48, the DPI reported that he had already informed the S.O. Dt Bd Coimbatore that none of the schemes for which a half grant was applied for in the S.O's letter D Dis 27623-D8/48 d 1.9.48 could be considered for payment of grants in 1949-50 as the plans & estimates hadn't been approved and so no action was considered necessary. Subsequently the DPI recommended the scheme for the construction of a buildings for the Board High School Kollegal for which plans & estimates were pending with the Consulting Architect maybe considered in connection with the budget for 1949-50 but as this was a costly scheme (Estimated at Rs 2.7 lakhs), it was not selected for inclusion in Part II scheme

Fin (EXP A)

(Last Finance note on p. 9 above)

The draft order put up by E & P.H. covers the schemes included in the Part II scheme notes at pp 11-14 ~~and p. 14~~ above. According to the Part II scheme notes a total sum of Rs 1.63.300/- is ultimately payable to the local bodies as subsidy for the several building schemes. // With reference to the decision of the Cabinet to see A on p 49 of (R) reduce the total ~~the~~ provision in 1949-50 for subsidies for secondary schools (under local bodies and aided managements) to Rs 2.5 lakhs, the provision for the schemes covered by the draft order has ~~been~~ to be reduced to Rs 80.000/- — see items 39 and 41 on p 128 of the Budget Memorandum for 1949-50. (This ~~sub-budget~~ ~~of~~ Rs 80.000/- is made up of a sum of Rs 72000/- for subsidies to local bodies for the construction of buildings for secondary schools and a sum of Rs 8000/- provided for subsidy to the Salem District Board for the construction of a building for the Board High School, Sendamangalam — item ~~8~~ 7 on p 2 of the draft. Excluding this item, ~~The amount of grant payable to this institution~~ the provision of Rs. 72,000 has to be distributed over the remaining nine items specified on pp. 1-2 of the draft order ~~in 1949-50 will therefore be Rs 8000/- only. As regards the other institutions the a proportionate cut will have to be made to reduce the amount of grant to Rs 72.000/- in 1949-50. It would seem equitable if a proportionate cut in all the building schemes is effected~~.

E & P.H. may be requested to indicate the ~~amount~~ subsidy admissible in 1949-50 (s) as indicated in pencil in a separate column in the draft order so as to make the position clear. The total of this column should work out to Rs. 80,000.

Subject to the above remarks, the draft order may be accepted.

E&PH (B1)

Please see the remarks of the Finance Dept above. The actual subsidy to be disbursed for each local body will depend upon the progress made in the execution of the scheme and the expenditure incurred thereon up to the time of claiming the subsidy. There is however no objection to indicating the amount of subsidy provided for each scheme. If in any case, the amount provided for is not claimed it will be open to Govt to utilise the provision for other schemes which have proposed & for which subsidy in excess of the provision made becomes payable.

The distribution is shown in col 5 of the table in the draft order. The order as now added to may be issued.
