Request of.

--000--

Dear Sir,

May I place before your kind and favourable consideration the following facts and position of mine?

I am an S.S.L.C. eligible hand with the Y.M.C.A. College training Certificate (Lower Grade 1937-38. Exemption granted). After my training in 1938, I have been serving this Institution for the past 10 years as a Physical Training Instructor. Though Physical Education is considered to be an integral part of education as a whole, I am convinced that the Physical Training Instructor may be of more use to the pupils if only he is also a Secondary Grade Trained hand. Moreover, having lived and moved with children for over 10 years and having taught subjects like History, Science and Moral Instruction to the boys, I feel confident that I will be of real use to the boys, if only I am enabled to become a Secondary Grade trained hand.

As such I would humbly entreat you to exempt Physical Training Instructors with a fixed minimum service from undergoing the Secondary Grade Training Course and to allow them to take the T.S.L.C. Examination privately.

I hope, Sir, that my earnest desire to become a Secondary Grade Assistant without the necessity to undergo the Sec. Grade training course may be fulfilled by your favourable consideration of this humble request of mine, for which act of yours please trust me, Sir,

I am,
Your most obedient servant,

A. Venkatachalam

This is an application from an Y.M.C.A. College trained Physical Instructor. He wants to appear for the Secondary Grade examination. Under the rules we have allowed teachers to appear for the examination without undergoing the course. I think that will apply to this case also. The matter may be examined and put up.

$$\mathcal{E} \text{ d.p.h.}(e.)$$

According to rule 138 of the M.E.R., only teachers after Higher Elementary Grade who have undergone the training course of that grade or after 1940-41 and teachers after Higher Elementary Grade who have undergone the training course of that grade prior to 1940-41 and have had five years of teaching experience ~~at least~~ subsequent to their passing the Teachers' Certificate examination of that grade are eligible to appear from the T.S.L.C. Exam. of the secondary grade without further training, provided they have passed the university matriculation examination or are otherwise eligible for admission to university courses of study. This does not apply to ~~candidates~~ teachers who possess only a teachers certificate in physical education. The candidate in question is not eligible to apply to appear for the T.S.L.C. Exam. of the secondary grade, without joining a training school. The rule may be

This may be a general concession to all teachers who have passed the S.S.I.C. and this may be applied to physical training instructors. If any change in the rules is necessary, the D.P.I. may be asked to suggest the necessary amendments.

the file may be sent to the D.P.I. for consideration. Resubmitted U.O.

The case of Physical Training Instructors is different from that of the Trained teachers. The latter have undergone a course of training which is not very different from the training provided for secondary grade teachers. Instead of their repeating the training, the Elementary grade teachers are permitted to take the Higher Examination as a concessional measure. Attention is in this connection invited to para 4 of my letter M.C.No. 1032-E/44 dated 4.9.1944. The Physical Training Instructors do not undergo any training in teaching, their training being of a technical kind. They cannot therefore be exempted from taking the training course.

Please see the note from H.M.(Edn) at p 2 and whether the concession proposed by the H.M.(Edn) at p 2 should be granted. The file may be circulated to the H.M.(Edn)

I thought over the matter and I feel that this concession may be given to them. The D.P.I. may be asked to put up the necessary change of rules.

 From the D.P.I. No.432-E4/49, dated 23--2--1949.
 Please see the Memo to the D.P.I. and his reply on pages 3-5 c.f. If the concession of appearing privately for the secondary grade teachers' training examination is to be extended to Physical Training instructors it should be extended also to pandits and other instructors. Orders on this point may be taken in circulation.

Perhaps, H.M.(Edn) may like to agree with the D.P.I. (p. 5 c.f.) that the exemption from undergoing a course of training should not be given to Physical

Training Instructors as this will expose the education
to system of teachers without the due course of training.
In that case the question of extending the exemption
to Pandits and other Instructors does not arise.
