Special Branch C.I.D.,
Madras 4
22nd March 1949.

Dear Mr. Bhadrappa,

In continuation of my No. 786/S, dated 21-3-49, I enclose copies of the S.S.L.C. Mathematics and History question papers which are reliably learnt to have leaked out in Madras. If the questions tally with those set for the ensuing S.S.L.C. Public Examination, necessary action may please be taken. The source of this information should not be divulged.

Yours sincerely,

Sri P. Bhadrappa Naidu,
Director of Public Instruction,
MADRAS.

No. 812 /S

Copy forwarded for information to the Chief Secretary to Government and the Secretary to Government, Home Department, Madras.

ENCLOSURE.

Copy of the S.S.L.C. Mathematics Question paper.

1. A certain capital in 2 years amounts to Rs. 3370-8-0. In 3 years amounts to Rs. 3472-14-0. If compound interest has been collected, what was the rate of interest and principal?
2. One Merchant mixed 1 viss of pure ghee at the rate of Rs. 1-12-0 and is sold for Rs. 1-10-6 and gained 12½%. What was the proportion in which the ghee has been mixed?
3. In one vessel it was marked 50% pure ghee, in another vessel there is oil. The merchant to get 40%, mixed the ghee and oil. What is the ratio of the mixture?
4. The price of ghee is Rs. 2-4-0; oil 0-8-0; if he sold the mixture at Rs. 2/- what was his gain?
5. The motor boat which can go at a speed of 16 miles per hour, goes a certain distance with the current and returns to the starting point. Find its average speed. The river flows at 4 miles per hour.

Answer:- 15 miles per hour.

6. The train passes a platform of 110 yards in 13½ seconds. Find the speed of the train.
7. At some school sports, a mile race is run on a perfectly circular court. The breadth is 8 yards. 4 times round the court make a mile. What is the length of the inner track?

Answer:- 490 2/7 yards.

P.T.O.

18
8. Price of an article is Rs.607. What should be fixed as the credit price of it, if it is to be paid at the end of 6 months. Interest being calculated at 5% per annum.

Answer is Rs.61-8-0

9. Draw the plan of a field A B C D. The sides A C = 180 yards; B D = 200 yards; AB = 120 yards; angle A B C is 30 degrees; angle A C D is 45 degrees.

10. You find that the height of a wireless post whose eye is 6 feet above the level of the ground fixed a pole 21 feet in height and 80 feet away from the foot of the post. Then went 20 feet and found his eyes in line. Find the height of the pole.

Answer 81 feet.

11. The angles of a triangle are in the ratio of 1:2:3. What kind of a triangle is it?

12. A publisher allows a book-seller a discount of 25% on the published price and gives one copy free for every dozen purchased by him. If the book seller sells at the published rate, what will be his percentage of gain?

Copy of the S.S.L.C. History Question Paper.

1. Describe about Harsha - Administrator.

2. Who are Rajputs?

3. What is Sathi Sabagamam?

4. Who is Mohammad Ghori? When and how many times did he invade India?

R.C.No. 222-B/49. Office of the Commissioner for Government Examinations, Madras, Dated 8th April 1949.

From

Sri P. Bhadriah, M.A., L.T.,
Commissioner for Government Examinations,
Madras.

To

The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

Sir,

Subject: S.S.L.C. Public Examination, March 1949 -
Alleged leakage of question papers - Report
submitted.

PP 19-20 ante

With reference to D.O.No. 24541-G2/49-1, Education, dated 2nd April 1949, I have the honour to state that a set of questions in (1) Elementary Science (2) English (3) Elementary Mathematics (4) Telugu language and (5) History of India alleged to have leaked out were received from the Superintendent of Police, Special Branch, C.I.D., from the 20th to 23rd March 1949 stating that it was reliably understood that the questions had leaked out in Madras and that suitable action might be taken if the questions tallied with the official question papers. As each set of questions was received by me, I compared them with the official papers and satisfied myself that there had been no leakage at all, as the questions received from the Police Department did not agree with those in the actual question papers. Out of 20 questions in the paper on Physical Science, 21 questions in Natural Science and 10 in English I Paper, only 3 questions in Physical Science, 3 in Natural Science and 2 in English I Paper of the questions received from the C.I.D. Department had a bearing on the subject-matter of the questions, though the form of the questions did not tally. In the Elementary Mathematics paper, one question agreed in model only with the actual question, but the data in the official paper was entirely different. Leakage cannot be suspected from the similarity of two or three questions out of several probable questions listed by an anonymous mischief-monger and reported to me by the C.I.D. as reliable information.

A letter dated 29th March 1949 from one T.N. Subrahmaniam, Headmaster, Corporation High School, Puraswalkam alleging that all the question papers had leaked out in Madras was received from the Hon'ble Minister for Education. It is to be noted in this connection that this letter was written at the fag end of the examination. It was ascertained from the Educational Officer of the Corporation that there was no teacher with the above name in the service of the Corporation, apart from the fact that there is no high school run by the Corporation in Puraswalkam. This is manifestly the work of some mischief-monger who wanted to have a little fun under cover of anonymity.

No report about the leakage of questions in any subject has been received from any of the Headmasters or the Departmental Officers connected with the conduct of the S.S.L.C. Public Examination.

COMMISSIONER.

D.O. No.

Dean Mr. Baddi

Subject: Recent S.S.L.C Examination leakage of Question papers and

27 APR 1949
HONORABLE MEMBER FOR EDUCATION
EDUCATION AND PUBLIC HEALTH DEPT. GOVT. OF MADRAS

26151

Sir, It is hereunder brought to your kind notice the circumstances which go to show the blatant leakage of S.S.L.C Question papers - all the papers. Your good-self may verify for yourself and order a re-examination accordingly.

In the examination hall in the National High School (Girls), Triplicane, for example, many candidates began working out the sums in Elementary Mathematics paper as soon as the answer books are distributed and before the question papers were handed over to them. The supervisor

in charge and the assistant super for reasons known only to them did not bestow much attention under such curious circumstances. They could have easily given the information to the higher authorities about the leakage of paper that particular day; but did not do so.

In the P.S. High School, Mysore, a similar thing happened on the Elementary Science examination day.

In the Hindu High School, Triplicare, on the English second paper day, the name of the story poem, 'Harmosani' was on the lips of every other student just before the beginning of the examination. On the Sanskrit paper day, students were discussing the questions and answers of the Grammar part of the paper before the examination hour. On the C group

Mathematics day, ⁽³⁾ some school teachers were seen working out problems in Geometry which made their appearance in the question paper. Immediately after the examinations were over, students in the city were seen moving about saying "I have done well in this paper. I have done well in that paper. C group Mathematics papers were out and I will get cent percent in that etc".

For all probability your good self may already be in the know of all these and other things in this connection so that it will be but just & fair in the interest of the high standard of education in the Madras Presidency to consider the necessity for a re-examination in all seriousness at least.

M A D R A S.

The following is the full report on the conduct of the SSLC Public Examination at this Centre. A thorough and impartial enquiry is re-

1. The police constable who was on duty caught redhanded one of the school peons while bringing a number of copies from outside and handed over to the Senior Deputy Inspector of schools Mr. S. Venkataraju, B.A., B.Ed., (Departmental officer). The name is G. Ramachandrudu, and he is not in any way worthy. A statement was taken from him also but not reported to you.
2. There is another peon whose name is Ghantasali Venkanna, deputed to be at the Achanta Centre boys, who earned a lot of money from the well-to-do people of Achanta of (3rd year and final chance pupils) of T.H. School used to bring take daily questions papers torn answers were prepared from outside and brought over to the pupils concerned from whom he extracted money.
3. Mr. S. Venkataraju (Departmental Officer) allowed copying hopelessly in the hall and encouraged to do so and disallowed outside interference by the police.
4. There is no co-operation between the Asst. Supdt. and Departmental officer.
5. People in hundreds and thousands assembled through examinations climbing over the walls and jumping for giving copies to pupils inside and seeing all incidents with his own eyes kept quiet.
6. The peons were left free.
7. If a special duty Inspector is appointed for impartial investigation, everything will come to light.
8. The Departmental Officer never took notice of the Asst. Supdts.
9. Even though a careful and efficient conduct of examination is requested for, things are going wrong.
10. It is a pity that the Senior Deputy Inspector is not following the fundamental principles.
11. No. I Supra is a grave crime and the Police Commissioner noted the peon's name in his diary also and should be taken at once by an officer from Madras (Not a mere report may be obtained).
12. If you fail to take action immediately, your duties and injustice will be done and general slaughter to intelligent who sets zeroes in the hall by getting copies from outside.

E

in the answer books. Telugu as well as English was done like that.

thorough investigation is requested.

Re-Examinations are preferable as in the case of Bhimavaram High School.

Regarding Achantu Pupils, much nuisance is done opposite to the Departmental Officers room only and in his own eyes when things are going on he never cared to warn them or punish them or advise them even, simply he kept quiet knowingly.

17. The Panchayat board Preside, The Village Munsiff, and the Lecter and others big gentlemen with property and influence have bribes and applied influences on Mr. S. Venkataraju, the Departmental Officer, and he thereby never even a single time visited their seats or rooms and warned them.

18. He knows fully well that regular and organised copyin. is being carried in the rooms but never interfered with the boys. Thus he encouraged copyin.

We pray and request you to conduct re-examinations at an early date without fearin. for the expenditures. Then we think you are dischargin. your duties seeing the face of the almighty.

Failing which you are a sinner.
Secret enquiry is needed, immediately.

Yours obediently,

PARENTS and Guardians.

To the Minister for Education, Madras.

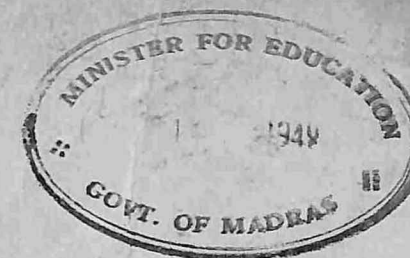

Secretary, SSLC Board, Madras.

E. P. H. (Gr)

May be lodged

Styly

6445

Alagadda,
30th March 1949

To

The Minister of Education,

4 - APR 1949

Madras

I have the honour to submit the following few lines for your earnest consideration.

The English Second Paper in recent S.S.L.C. Public Examination is wholly beyond the range and scope of any average student of VI Form. The question on precis is one to be prescribed for Intermediate or even for B.A. Examination. The style is highly flowery and twisted. The nondetailed questions are deceiving. The question like contrast the characters of Eliehe and Effin is above school final standard. Such questions might be reasonable if at all in the English I Paper but they are unthinkable in the nondetailed study. All the questions must be of narrative form. The powers should immediately come to the rescue of 60,000 odd pupils who have appeared for the public examination and save them from the terrible fate that awaits many of them. The inevitable failure of a large percentage. The examiner has tried to test not what boys know but what they do not know. To put the matter mildly the examiner has tried to corner the innocent boys for no fault of theirs.

In the translation paper the idea on prayer is very abstract and an average student can hardly grasp its meaning and express it in his mother tongue.

If reexamination is out of question in these papers suitable ways must be thought out to avert the inevitable failure of a large percentage of candidates.
