R.C.No. 469-M/48 dated 14th September, 1948.

SIR,

BASIC EDUCATION--Expansion of Basic Education--
Provision of lump sum amount for the--part II
Scheme for 1949-50.

69738

During 1948-49 Government sanctioned a lump sum provision of Rs. 8,62,300/- towards the expansion of Basic Education in the Province. This enabled me to submit proposals for Government regarding the conversion of certain Government Training schools into Basic Training schools, payment of ~~stap~~ stipends to Basic Training schools newly opened etc.

Since Basic Education is in the initial stage of development, there must be provision for expanding the work as and when opportunities arise. It may therefore be necessary to provide for some original proposals that may arise next year such as payment of stipendiary building or equipment grants to new Basic Training Schools under private managements that may be opened next year. I recommend that Government may sanction a lump sum provision of Rs. One lakh for meeting such expenditure during 1949-50.

I am including the necessary provision under Part II of the Budget Estimate for 1949-50 and request Government to approve of my proposal.

YOURS FAITHFULLY,

R.V. Rudrahaswami,

Explanatory Note.

The Director of Public Instruction suggests that a lump-sum provision of Rs. 1 lakh may be included in the Budget Estimate for 1949-50 for meeting any unforeseen expenditure that may arise in 1949-50 on Basic Education as it is not possible for him to forecast all the items of expenditure which may have to be incurred in 1949-50 for which provision should be made. This Department consider that the inclusion of such a provision is necessary in the early stages of the introduction of the scheme of Basic Education and recommend that provision may be made in the budget estimate for the next year as indicated in the summary above.

Sub: Basic Education - Expansion of Basic Education
Provision of lump sum amount for the Part II Scheme for
1949-50.

Ref: From the D.P.G. No. 469 M/48 dated 14-9-48

The D.P.G. suggests that a lump sum ^{provision} of Rs. one lakh may be made in the budget estimate for 1949-50 for meeting any unforeseen expenditure connected with the expansion of Basic Education that may arise in that year and for which specific provision has not been made in the budget estimate. Presumably the Director is not able to forecast the nature of the expenditure which may have to be incurred and for which it is not possible to provide in the Part II ⁴⁸ budget. It is not usual to make such lump sum of provision in the budget estimate without deciding the purpose for which it should be utilised. If, as stated by the D.P.G., it is not possible to forecast the new items of expenditure which may have to be incurred in 1949-50, two courses are open:—

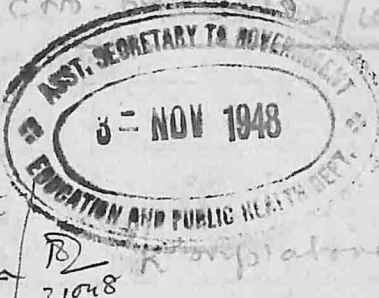

(i) If the expenditure is on the existing services, funds can be provided by reappropriation if the Govt. decide to sanction the expenditure.

(ii) If the expenditure is on the "new services", ^{on the 1st April} orders of Govt. may be obtained and the "new service procedure" ~~being~~ followed for provision of funds.

In any case it does not seem necessary to make lump sum allotments as proposed by the D.P.G. [In the current year, the Govt. decided that the allotment suggested for the introduction of compulsory Elementary Education should be utilised for Basic Education] It is for orders whether the proposals of the D.P.G. may be ^{vetted} accepted. The draft may not be issued. Especially in these early stages, a lump sum allotment like this is necessary, as experience has shown in the last year. And so, this may be put up along with the part II schemes.

The file may be circulated to H.M. (Edn) with the minute above.

A Part II Scheme note is submitted for approval. Finance may see for remarks before circulation.

irrigation facilities for each Basic Training School. It is presumed that the S. F. C. want that the lands should be acquired or taken on lease for the existing ^{Basic} training schools. It is doubtful whether this can be done with Rs. 1 lakh for all the existing ^{Basic} training schools. Perhaps the D.P. I. may be informed of the provision and of the S. F. C.'s decision on its utilization and asked to submit necessary proposals in the matter.
