Dear Sir,

I will be greatly obliged to you if you will kindly enlighten me about the following.

On behalf of our High School I applied in November for equipment grant and forwarded the application to the District Educational Officer. He returned it on the grounds that the application was made late. I sent it again requesting him to treat it as a special case for the reasons (1) that the school is a new one and (2) that the construction of the school building was so quick that I could think of the equipment only in May, i.e. when it was made certain that the school could be started in June. It was again sent back; but this time the reason quoted is that there is no provision in the ~~xxx~~ rules to entertain the application.

As I have explained to you in person, our school is a new born baby which needs much feeding. An equipment grant will be of great help. I request you to enlighten me as to what I should do at this stage.

Thanking you and awaiting an early reply,

Yours sincerely,

S.R.P. Ponnuswamy Chettiar

Sir,

Subject:- Schools -- Secondary Aided -- Devanga
High Schools, Coimbatore -- Application
for equipment grant.

Reference:- Government Memorandum No.3389 B1/49-1 Edn.,
dated 31st January 1949.

With reference to the Government Memorandum referred to above, I have the honour to state that the Correspondent of the Devanga High School, Coimbatore, submitted an application for equipment grant to the District Educational Officer, Coimbatore, on 26-11/48. As 1st of April has been fixed as the last date for the submission of equipment grant applications to the District Educational Officers, the application was belated by 7 months. Further, the application was even too late for submission to the Director since as per Rule 57 of the Grant-in-aid Code, all applications should reach the Director's Office by 1st of July. Therefore, the District Educational Officer had to return the application as belated. Again, the Correspondent has resubmitted the application on 29-12-48 to the District Educational Officer with a request that it might be entertained as the school was newly started during June 1948. The application was again returned by the District Educational Officer since there was no point in submitting the application, as provision for it could not be included in the Budget Estimate for the year 1949-50.

2. Further, from a scrutiny of the application, it is also observed that the Correspondent had applied for grant on the articles already purchased by him. The action of the Correspondent in having purchased these articles without obtaining the previous approval of the Director is against Rule 58 (b) (iv) of the Grant-in-aid Code according to which no grant should be given for articles regarding which the Director has not been consulted and for which aid has not been promised previously to purchase or manufacture.

3. The file, in original, is herewith submitted for reference and return.

Yours faithfully

Thiruvananthapuram
