(1) above:- The Govt. decided to develop the Presidency College, Madras, into a premier institution of Post-graduate and research studies. For this purpose, they ordered the removal of intermediate classes from this college to the Govt. Muslim College, and this necessitated ~~for~~ the employment of addl. staff and the purchase of addl. equipment in the Govt. Muslim College. The Govt. therefore sanctioned the employment of ^{the} necessary addl. staff in the Govt. Muslim College and an expenditure ^{involved is} of Rs. 79,000/- non-recurring and Rs. 15,000/- recurring ^{and} on the purchase of equipment, etc. for the college. It is expected that a ^{total} recurring expenditure of Rs. 18,400/- and non-recurring expenditure of Rs. 70,000 will have to be incurred in the year 1948-49.

(b) From 1944, the public of Mangalore had been representing to Govt. to raise the second grade college there into first grade. The Govt. therefore approved the proposal of the D.P.I. to raise the college to first grade with effect from the academic year 1948-49 and sanctioned the employment of the ^{necessary} addl. staff for the college. As there was great rush for admissions in the Junior intermediate class in the college, the Govt. ^{also} sanctioned the proposal of the D.P.I. to admit 74 addl. students in the Junior intermediate class in the college. They also sanctioned ^{admission of} necessary addl. staff ^{for the college}. It is expected that a ^{total} recurring expenditure of Rs. 6,000/- and non-recurring expenditure of Rs. 20,000/- will have to be incurred in 1948-49.

(c) There was a great rush for ~~the~~ admissions in the Intermediate class in the Arts College, Anantapur also. The Govt. sanctioned the proposal of the D.P.I. to admit 75 addl. students in the Junior intermediate class and to ^{admission of} employ the necessary addl. staff. The addl. expenditure ^{out of the revenue} for 1948-49 is expected to be Rs. 4,000/-.

(d) The Asst. Professors and Asst. Lecturers in Govt. colleges were allowed a scale of Rs. 120-240 in the revised scales of pay sanctioned in 1947. They were representing to Govt. ^{repeatedly} for a long time that the pay was very low. Recently the Govt. sanctioned ^{with} the revised scale of Rs. 150-250

(2) - ~~Item (1)~~ - Grant to the Loyola College, Madras, for the construction of an auditorium and library Hall.- This Govt. originally sanctioned a grant of Rs. 50,000/- only for this scheme costing Rs. 5 lakhs. The Govt. of India have now agreed to the inclusion of this scheme in the Post-War Development Programme for 1947-48, the Provincial expenditure on which counts fully against the Central Government's block grant. Hence this scheme is now eligible for the total half-grant of Rs. 2.5 lakhs. It is expected that this amount would be disbursed to the authorities of the College during the current year. As there is a provision of Rs. 50,000/- only in the Budget, the balance of Rs. 2 lakhs is included in this supplementary estimate.

3. ~~Item (11)~~ - Grant to the Loyola College, Madras, for the purchase of equipment ~~sixth~~ for the Chemistry laboratory -

For this scheme also, this Govt. sanctioned originally a grant of Rs. 50,000/-. The Govt. of India have now agreed to include this scheme also in the Post-War Development Programme for 1947-48. This scheme would therefore be eligible for a total half-grant of Rs. 1,20,500/-. It is expected that the management of the College would draw the entire amount of Rs. 1,20,500/- during the current year. As there is a budget provision of only Rs. 50,000/-, a sum of Rs. 70,500/- is included in this supplementary estimate.

(2) In order to mitigate the hardship caused by restrictions placed on building grants to aided colleges, in 1941, the Govt. have set apart a special allotment of Rs. 1.5 lakhs to be given during 1948-49 as building grants to the aided colleges which were affected by those restrictions. Out of this allotment, the Govt. sanctioned the following grants to the institutions specified below:--

Rs.50,000/- for the Veerasaiva College, Bellary.

" 75,000/- for the West Godavari Bhimavaram College, Bhimavaram.

As the management of the Veerasaiva College has decided to close down the college from 1949-50, they are not proceeding with their building scheme. The grant of Rs.50,000/- referred to above need not therefore be paid in the current year. As regards the West Godavari Bhimavaram College, the D.P.I. has suggested that only a small provision need be made for this college during the current year. Accordingly, it is proposed to make a provision of Rs.5,000/- towards the building scheme of this College. The Director has brought to notice that the management of the Sri Venkateswara College have taken up for execution their building scheme for the College in the current year and that a total expenditure up to Rs.20,000/- will be incurred by the management on the scheme up to the end of March '49. Though plans and estimates have not yet been approved by the P.W.D., the scheme has been included in the approved list. The Director has proposed the payment of a grant of Rs.10,000/- to this college towards this work from the special allotment referred to, in the current year. The total amount of grant payable towards this scheme is Rs.75,000.

It is proposed to accept the proposals of the Director and to include a provision of Rs. 15,000 (Rs. 5000 + Rs. 10000) for grant towards the two building schemes mentioned above, in the supplementary estimates.

for them. The ultimate addl. expenditure will be Rs.25,000/- per year. The addl. expenditure in 1948-49 is about Rs. X

The addl. expenditure involved in the current year on account of all these sanctions ^{has been} ~~can be~~ met by re-appropriation from savings ^{within} under the grant. As the expenditure is on ^a ~~the~~ 'New Service' a token sum of Rs.100/- is included in the supplementary estimate.

[P. 1. See separate sheet attached p-3 art-1] 96. (2) ⁴⁵ above:- In 1945, the Govt. sanctioned the opening of a degree course in Ele. ^{meil} Communications Engg. in the Engg. College, Guindy, with effect from the academic year 1945-46, with the necessary staff. As the number of students for the course ~~has~~ increased, the staff had ~~also~~ to be strengthened. The addl. expenditure involved in 1948-49 is about Rs.3,200/-. It ^{has been} ~~can be~~ met by re-appropriation from ~~the~~ savings ^{within} under the grant. As the expenditure is on a 'New Service', a token sum of Rs.100/- is included in the supplementary estimate. 21

96. (3) ⁵ above:- The Arthur Hope College of Technology, Coimbatore, is temporarily located in the premises of the Argus Engg. Company. For want of accommodation, the first year class of the college is held in Guindy this year. This ^{has} necessitated ~~the~~ ^{an} employment of addl. staff in ^{the} Guindy Engg. College which involves ^{an} addl. expenditure of Rs.5,600/- in the first year. The amount ^{has been} ~~can be~~ met by re-appropriation from the savings ^{within} under the grant. As ^{it is} ~~is~~ a 'New Service', a token sum of Rs.100/- is included in the supplementary estimate.

96. (4) ⁶ above:- The Engg. College, Anantapur, was opened in 1946. Till ~~last~~ last year, it was located in the Guindy Engg. College for want of accommodation at Anantapur. The College was removed to Anantapur this year. To enable the college to start working at Anantapur, the Govt. sanctioned an expenditure of Rs.10,69,800 in the current year for the purchase of ^{the} necessary equipment and furniture. The necessary addl. staff was also sanctioned. ~~Addl. expenditure on account of the staff was also sanctioned.~~

Addl. expenditure on account of the staff in the current year is about Rs.59,100/- The Govt. also sanctioned a lorry costing Rs.11,000/- for the college and a driver for the lorry.

(6) The Engg. College, Vizag (Kakinada) was opened in 1946. It is temporarily located at Kakinada pending selection of site for the construction of permanent building at Vizag. The College is in the third year. The Govt. sanctioned the purchase of equipment for the college for Rs.9,46,000/-. It is expected that an expenditure of Rs.6,96,000/- will have to be incurred in the current year.

The Govt. also sanctioned addl. staff for the college in connection with the opening of the third year class in the college in 1948-49. The addl. expenditure on account of this is expected to be Rs.24,300/- in the current year.

The expenditure on account of all these items can be met by re-appropriation from the savings under the grant. As the expenditure is on 'New Service', a token sum of Rs.100/- is included in the supplementary estimate.

above:-The Govt. of India proposed to open a Music College called Central College of Karnataka Music, Madras. This Govt. have agreed to contribute an amount not exceeding Rs.3/- lakhs non-recurring and half the recurring cost not exceeding Rs.40,000/- a year. Recently, a site was selected at Chromepet for construction of permanent buildings for the college and the Govt. sanctioned an expenditure of Rs.1 lakh (representing a portion of Rs.3/- lakhs non-recurring contribution promised by this Govt.) for acquisition of the site. The site chosen was found to be unsuitable and a new site is being selected. No expenditure is likely to be incurred on the site in the current year.

This Govt. may, however, have to contribute a sum of Rs.10,500/- in the current year towards the re-curring expenditure of the college as it is proposed to appoint a Special Officer in March 1949, to organise the college and also for purchase of some equipment. As the amount required in the current year cannot be met from the savings within

It is, however, proposed to appoint a Special Officer in March 1949 to organise the college and to purchase some equipment. The expenditure in the current year will be about Rs.10,500/-

Out of this a sum of Rs.4,00,800 has been met from savings within the grant. The balance of Rs.70,25,000 is included in the supplementary estimate.

the grant a sum of Rs.10,500/- is included in the supplementary estimate.

above:-In Dec. 1948, the Govt. sanctioned subsidies and grants to Local Bodies and private managements towards the construction of buildings for ele. schools in the current year. The grants sanctioned in respect of each building was half the cost of construction not exceeding Rs.7,000/- in the case of a higher ele. school and Rs.4,000/- in the case of a lower ele. school. The total subsidy payable to local bodies in the current year comes to Rs.1,70,700 and Rs.1,77,700/- The total grants payable to private managements amount to Rs.58,088/- Out of this amount of Rs.58,088 a sum of Rs.24,250/- was sanctioned to the management of St. Joseph's Higher Ele. School, Arni, towards the construction of school buildings. The expenditure of subsidies and grants for ele. school buildings was not originally provided in the budget. As the expenditure has been treated as a 'New Service', a token sum of Rs.100/- is included in the supplementary estimate. The actual expenditure will be met by re-appropriation from savings within the grant.

above:-The appropriation sanctioned for the current year under the head is 2,87,70,100/-. This has been found to be inadequate for the following reasons:-

- (1) payment of dearness allowance at increased rates from 1-1-1948;
 - (2) expansion of Ele. Education consequent on opening of new schools or standards resulting in employment of addl. teachers;
 - (3) provision of increments for trained teachers.
- The amount actually required under the head for the current year works out to Rs.3,61,96,500/-. This sum includes also a sum of Rs.25,98,100/- being the amount required for payment of monthly grant for the month of January 1949 in March 1949. The amount required as addl. allotment is Rs.74,26,400/-.

During the period of training the school asst. will be paid a maintenance allowance of Rs.40/- p.m. She will draw T.A. for her journey from and to Calcutta at the rates admissible to her. Besides, her tuition fees for the course at Rs.300/- and the seat rent of Rs.36/- per year will have to be met by the Provincial Govt. The addl. expenditure involved in the current year on account of this sanction ^{has been} met by re-appropriation from savings under the grant. As the expenditure is on a 'New Service' a token sum of Rs.100/- is included in the supplementary estimate.

Item (10) above:- In April 1948, as a token of appreciation of the work of Visva Bharathi, Santiniketan, W.Bengal and its all-India nature the Govt. sanctioned the payment of a grant of Rs.5,000/- p.a. for a period of 3 years from 1948-49 to 1950-51. The total cost of the scheme is Rs.15,000/- The amount required for payment during the current year is Rs.5,000/-. No provision exists for this scheme in the B.E. for 1948-49. The sum of Rs.5,000/- ^{has been} reappropriated ^{within} from savings under the grant. A token sum of Rs.100/- is included in the supplementary estimate as the expenditure is on a "New Service".

(11) above:- Dr. Rajendra Prasad, the Chairman of the Bharatiya Ithihasa Parishad requested this Govt. ^{to make} for a suitable grant for the compilation of a Modern History of India in 20 Volumes. In view of the importance of the work, the Govt. sanctioned the payment of a grant of Rs.10,000/- during 1948-49. An equal amount will be paid in 1949-50 also. The expenditure for the current year is Rs.10,000/-. No provision exists in the B.E. for 1948-49 for this item. This amount ^{has been} met from savings within the grant. A token sum of Rs.100/- is included in the supplementary estimates as the expenditure is on a 'New Service'.

(12) above:- In connection with the XIV Olympiad ^{held} last year, the Indian Olympic Association requested the Govt. to

8
grant each competitor selected to represent the Madras Province half ^{of} his expenditure amounting to Rs.4,000/-

In view of the importance of the venture from the ^{natural} point of view the Govt. agreed to meet half the expenditure incurred by the 2 competitors chosen to represent the Madras Province. Sanction was accorded to the payment to the Indian Olympic Association of a contribution of Rs. ⁴⁰⁰⁰ ~~4000~~ at the rate of Rs.2,000/- for each competitor. The addl. expenditure involved in the current year on account of this ^{has been} met by re-appropriation from savings under the grant. As the expenditure is on a 'New Service' a token sum ^{of} Rs.100/- is included in the supplementary estimate ^{for all the above three items.}

It is expected that the management of the College would draw the entire amount of Rs. 1,20,500 during the current year. As there is a budget provision of only Rs. 50,000 a sum of Rs. 70,500/- is included in this supplementary estimate.

Item (4):- The Government sanctioned the opening of a degree course in Electrical Communications Engineering in the Engineering College, Guindy, with effect from the academic year 1945-46, with the necessary staff. As the number of students for the course increased, the staff had to be strengthened. The additional expenditure involved in 1948-49 is about Rs. 3,200/-. It has been met by reappropriation from savings within the grant. As the expenditure is on a 'New Service' a token sum of Rs. 100/- is included in the supplementary estimate.

- 4 -

Item (5):- The Arthur Hope College of Technology, Coimbatore, is temporarily located in the premises of the Argus Engineering Company. For want of accommodation, the first year class of the college is held in Guindy this year. This has necessitated the employment of additional staff in the Guindy Engineering College involving an additional expenditure of Rs.5,600/- in this year. The amount has been met by re-appropriation from the savings within the grant. As the expenditure is on ^a'New Service', a token sum of Rs.100/- is included in the supplementary estimate.

Item (6):- (a) The Engineering College, Anantapur, was opened in 1946. Till last year, it was located in the Guindy Engineering College for want of accommodation at Anantapur. The College was removed to Anantapur this year. To enable the college to start working at Anantapur, the Government sanctioned an expenditure of Rs.10,69,800 in the current year for the purchase of the necessary equipment and furniture. The required additional staff was also sanctioned. Additional expenditure on account of the staff in the current year is about Rs.59,100/-. The Government also sanctioned the purchase of a lorry at a cost of Rs.11,000/- and the employment of a driver for the lorry. 27

(b) The Engineering College, Vizag, (Kakinada) was opened in 1946. It is temporarily located at Kakinada, pending selection of a site for the construction of permanent buildings at Vizag. The College is in its third year. The Government sanctioned the purchase of equipment for the college for Rs.9,46,000/-. It is expected that an expenditure of Rs.6,96,000/- will be incurred in the current year.

The Government also sanctioned additional staff for the college in connection with the opening of the third year class in the college in 1948-49. The additional expenditure on account of this is expected to be Rs.24,300/- in the current year.

The expenditure on account of all these items can be met by re-appropriation from savings within the grant. As the expenditure is on 'New Service', a token sum of Rs.100/- is included in the supplementary estimate.

49

Item (7) : The Government of India propose to open a Music College called "The Central College of Karnatka Music, Madras". This Government have agreed to contribute an amount not exceeding Rs.3/- lakhs non-recurring and half the recurring cost not exceeding Rs.40,000/- a year. Recently, a site was selected at Chromepet for the construction of permanent buildings for the college and the Government sanctioned an expenditure of Rs.1 lakh (representing a portion of Rs.3/- lakhs non-recurring contribution promised by this Government) for acquisition of the site. The site chosen was however found to be finally unsuitable and a new site is being selected. No expenditure is likely to be incurred on the site in the current year.

It is, however, proposed to appoint a Special Officer in March 1949 to organize the college and to purchase some equipment. The expenditure in the current year will be about Rs.10,500. As the amount cannot be met from savings within the grant, a sum of Rs.10,500/- is included in the supplementary estimate.

Item (8):- The appropriation sanctioned for the current year under the head is Rs.2,87,70,100/- This has been found to be inadequate for the following reasons:-

- (1) payment of dearness allowance at increased rates from 1-1-1948;
- (2) expansion of elementary education consequent on the opening of new schools or standards resulting in the employment of additional teachers;
- (3) provision of increments for trained teachers.

The amount actually required under the head for the current year works out to Rs.3,61,96,500/-.. This sum includes also a sum of Rs.26,98,100/- being the amount required for payment of the monthly grant for the month of January 1949 in March 1949. The amount required as additional allotment is Rs.74,26,400/-.. A sum of Rs.12,21,000 has been met from savings within the grant. The balance of Rs.62,06,400 is included in the supplementary estimate.

50

Items (9) and (10):- In December 1948, the Government sanctioned grants to local bodies and private managements towards the construction of buildings for elementary schools in the current year. The grant sanctioned in respect of each building is half the cost of construction not exceeding Rs.7,000/- in the case of a higher elementary school and Rs.4,000/- in the case of a lower elementary school. The total grant payable to local bodies in the current year comes to Rs.1,70,700 and the total grant payable to private managements to Rs.58,088 including a sum of Rs.24,250/- sanctioned to the management of the St. Joseph's Higher Elementary School, Arni. The expenditure on the grants for elementary school buildings was not originally provided in the budget. As the expenditure has been treated as on a 'New Service', a token sum of Rs.100/- is included in the supplementary estimate. The actual expenditure will be met by reappropriation from savings within the grant.

Item (11) above:- A school Assistant in the Government Secondary and Training School in Coimbatore was selected by the Government of India for training in the teachers training institute, Visva Barathi, Santiniketan, in Music and Dancing for a period of one year from September 1948. During the period of training the school assistant will be paid a maintenance allowance of Rs.40/- p.m. She will draw Travelling Allowance for her journey from and to Calcutta at the rates admissible to her. Besides, her tuition fees for the course at Rs.300/- and the seat rent of Rs.36/- per year will have to be met by the Provincial Government. The additional expenditure involved in the current year on account of this sanction has been met by re-appropriation from savings under the grant. As the expenditure is on a 'New Service' a token sum of Rs.100/- is included in the supplementary estimate.

Item (12) above:- (a) In April 1948, as a token of appreciation of the work of the Visvabharathi, Santiniketan, West Bengal and its all-India nature, the Government sanctioned the payment of a grant of Rs.5,000/- per annum for a period of 3 years, i.e., from 1948-49 to 1950-51. The sum of Rs.5,000/- payable to this year has been met from savings within the grant. The expenditure is on a 'New Service'.

52

(b) Dr. Rajendra Prasad, the Chairman of the Bharatiya Ithihasa Parishad requested this Government to make a suitable grant for the compilation of a Modern History of India in 20 Volumes. In view of the importance of the work, the Government sanctioned the payment of a grant of Rs.10,000/- during 1948-49. An equal amount will be paid in 1949-50 also. The expenditure in this year has been met from savings within the grant. The expenditure is on a 'New Service'.

53

(c) In connection with the XIV Olympiad held last year, the Indian Olympic Association requested the Government to make a grant to each competitor selected to represent the Madras Province of half of his expenditure. In view of the importance of the venture from the national point of view, the Government agreed to meet half the expenditure incurred by the 2 competitors chosen to represent the Madras Province. Sanction was accorded to the payment to the Indian Olympic Association of a contribution of Rs.4,000/- at the rate of Rs.2,000/- for each competitor. The additional expenditure involved in the current year on account of this has been met by re-appropriation from savings within the grant. The expenditure is on a 'New Service'.

A token sum of Rs.100/- is included in the supplementary estimate for all the above three items.

Item (12) above:- The Government sanctioned the payment to the Basic Training School, Periyanaickenpalayam of a full grant of Rs.1,000/- towards the cost of purchase of books for the library of the school. As there is no provision in the Budget, a sum of Rs.1000 is included in the supplementary estimate.

Annexure II

Item (i).

p. 897 (A).

It was reported to Govt that the dining hall and kitchen of the Queen Mary's college hostel required several repairs and that the accommodation provided was also inadequate. As the work had to be executed before the ~~opening~~ ^{in April 1948, an estimate} of the college ^{in May last} the Govt sanctioned a sum of Rs 83,000 ^{in April last}. As the expenditure is on a "new ^{service} ~~work~~" a token sum of Rs 100 is included in the supplementary estimate, the balance being met by re-appropriations.

Item (2) (ii)

p. 179 (B)

The question of constructing permanent buildings for the Govt Arts College, Rajahmundry, had been pending for a long time. Some time back the D.P.S. submitted an estimate for Rs 20 lakhs for this work for the sanction of Govt. While this question was under consideration, the Director reported that the accommodation problem had become acute in the college and requested permission to provide some temporary addl accommodation at a cost of Rs 36,825/- As the work had to be executed very urgently the Govt sanctioned this expenditure. ~~The Govt had also sanctioned the proposal to construct permanent buildings for the college at a cost of Rs 20 lakhs. The work is to be spread over a period of ten years. and the expenditure is to be restricted to Rs 1 lakh per year. The cost of building materials and labour comes down to normal. This had been approved as a last II scheme already.~~

Go not publish.

As the expenditure of Rs 36,825 is on a "New Service" a token sum of Rs 100 is included in the supplementary estimate. Balance being met by re-appropriations.

Item (3) (iii)

p. 897 (C).

The Govt lent the buildings and equipment of the Govt College for education women, Madras to Mr. V. L. Ethiraj for use as a General College for women.

In that connection the D.P.S. was asked to submit plans and estimates for the construction of a compound wall to separate the college from the Hobart Day & Tag School and for the provision of latrines for the college. The Director accordingly submitted an estimate for Rs 24,600. As the work had to be executed very

urgently the Govt sanctioned an expenditure of Rs 24,600 for the work. Subsequently the D.P.S. reported that the compound wall ^(cost Rs 6000) was unnecessary and the Govt directed that this item be omitted from the estimate.

So ^{an} expenditure of Rs 18,600 only has been sanctioned for the work. ^{As the expenditure is on a "New Service"} a token sum of Rs 100 has been included in the supplementary estimate, the balance being met by re-appropriation.

The Arthur Stree College of Technology, Kumbakonam is at present located in buildings which originally belonged to Mr. G.D. Naidu but which have recently ^{been} made over to the Anglo Eng Coy, Bombay. The present premises have to be vacated as soon as possible. It is proposed to put up temporary structures on a site reserved for the college in the Agricultural College, ^{Kumbakonam} and to remove the college there. The cost of the temporary structures is roughly about Rs 3 lakhs and the Govt have sanctioned this expenditure. As the expenditure is on a "New Service" a token sum of Rs 100 has been included in the supplementary estimate, the balance being met by re-appropriation.

The D.P.S. has been pressing for some time for the provision of addl accommodation in the Govt College, Kumbakonam. As lack of accommodation was seriously interfering with the working of the college the Govt ^{have} sanctioned

an expenditure of Rs 2,80,000 for the provision of addl accommodation in the college. As the expenditure is on a "New Service" a token sum of Rs 100 has been included in the supplementary estimate, the balance being met by re-appropriation.

The Govt Eng College, Anantapur, is now located in the Dehydration Factory buildings at Anantapur purchased from the Govt of India. The Govt ^{has} sanctioned an estimate for Rs 3.7 lakhs for carrying out alterations and improvements to the buildings. In this estimate a sum of Rs 6500 only was included towards expenditure on electric installations. Subsequently the D.P.S. submitted proposals for the electrification of the college buildings, staff quarters, hostel and mess buildings. As the work had to be executed very urgently the Govt sanctioned an expenditure of Rs 45,000. As the expenditure is on a "New Service" a token sum of Rs 100 has been included in the supplementary estimate, the balance being met by re-appropriation.

When the Govt of India proposed to open a Central College of Karnataka Music in Madras, this Govt ^{have} agreed to contribute an amount not exceeding Rs 3 lakhs towards the site for the construction of permanent building including a site and half the recurring cost not exceeding Rs 40,000 per year. Recently a site costing about Rs 1 lakh was shown at Chinnampet and a notice under section 4(1) of the Land Acquisition Act was published. The Govt also sanctioned an expenditure of Rs 99,440 for the acquisition of the site. It is now found that the site shown is not suitable for the purpose.

As the expenditure is on a "New Service" a token sum of Rs 100 is included in the supplementary estimate, the balance being met by re-appropriation.

please note at (H)

As the expenditure is on a "New Service" a token sum of Rs 100 is included in the supplementary estimate, the balance being met by re-appropriation.

The collector of Chingleput has been asked to select an other suitable site. No expenditure may have to be incurred in the current year as the acquisition will take time. ^{But eventually the cost of the site will have to be met by this Govt. As the expenditure will be on a "New Service" a token sum of Rs 100 has been included in the supplementary estimate, the balance being met by re-appropriation.}

In continuation of this Department's U.O.Note cited,
the Departments of the Secretariat are informed that it

Finance (B.G.) Department. #7

U.O. No. 101283 B.G. 48-2, dated 30-12-1948.

Sub: Supplementary Estimates of Expenditure for 1948-49.

Ref: This department's U.O. No. 101283 B.G. 48-1, dated 25th November 1948.

In continuation of this Department's U.O. Note cited, the Departments of the Secretariat are informed that it has since been decided that the Supplementary Statements of Expenditure for 1948-49 should be presented to the Legislature in a consolidated batch only in March 1949.

2. Under paragraph 105 of the Madras Budget Manual, proposals for reappropriation and surrender of funds, or supplementary appropriations are due in the Finance Department not later than the 25th February. According to the Calendar of dates of Budget procedure for 1949-50, demands for supplementary grants will have to be presented to the Legislature on the 19th March 1949. As no supplementary statement of expenditure for 1948-49 has been presented to the Legislature so far in respect of "New Service" Schemes sanctioned during the year, consolidated statements both for token grants in respect of "New Services" and the additional appropriations will therefore be presented to the Legislature only on the 19th March 1949. The number of items to be considered will therefore be large. In order to enable the Finance Department to scrutinise fully and in time the proposals for supplementary demands, Departments of the Secretariat are requested to send as early as possible before the 20th February 1949—all proposals for reappropriation and surrender of funds and for supplementary appropriations, including token grants for expenditure on "New Services" which were sanctioned in the course of the current year. Draft explanatory notes, in the usual form, on supplementary estimates of expenditure, explaining fully the necessity for the additional appropriations, should also be sent by the same time. These notes should cover also the items of expenditure in respect of which Departments have already sent Notes to the Finance Department for obtaining 'token grants'. No action will be taken in Finance on the notes already sent. In the case of "New Service" schemes, the reasons for treating them as "New Services" should also be indicated in the explanatory Notes.

(a) above:- The Govt. decided to develop the Presidency College, Madras, into a premier institution of post-graduate and research studies. For this purpose ^{they ordered} the removal of Intermediate classes from this college to the Govt. Muslim College and this necessitated the employment of addl. staff and the purchase of addl. equipment in the Govt. Muslim College. The Govt. therefore sanctioned the employment of necessary addl. staff in the Govt. Muslim College and an expenditure of Rs.79,000 non-recurring and Rs.15,000 recurring on the purchase of equipment etc. for the college. It is expected that a recurring expenditure of Rs.18,400 and non-recurring expenditure of Rs.70,000 will have to be incurred in 1948-49.

(b) and (d) above:- From 1944 the public of Mangalore had been representing to Govt. ^{to raise the} ~~the raising of~~ Second grade College into First Grade. The Govt. ^{therefore} approved the proposal of the D.P.I. ^{to raise} ~~and raised~~ the College ^{therefore} into First Grade with effect from the academic year 1948-49 and ~~the~~ sanctioned the employment of ^{the} necessary ~~and~~ addl. staff. in the college.

3. Departments of the Secretariat are also informed that in cases where they require supplementary appropriations under more than one sub-head of a appropriation under the same grant, they should, as far as possible, prepare a consolidated note for all such sub-heads, giving the additional appropriation required under each sub-head and the reasons for the additional appropriation. Clean Copies of the explanatory notes on the Demands for supplementary estimates for 1948-49 as accepted by the Finance Department should reach the Finance Department not later than the 1st March 1949, as the demands have to be consolidated and the supplementary statement has to be approved at a meeting of the Cabinet, before it is printed and sent to the Legislature. It will not be possible for the Finance Department to take into account copies of notes on supplementary estimates, or corrections to the supplementary estimates, which are received after the 1st March 1949, with the result that the Departments which fail to send proposals in time may be called upon to give an explanation before the Public-Accounts Committee later.

(a) Engineering College, Anantapur, was opened in 1946. Till last year it was located in the Guindy Engg. College for want of accommodation at Anantapur. The College has been removed to Anantapur this year. To enable the college to start working at Anantapur the Govt. sanctioned an expenditure of Rs. 10,69,800 in the current year for the purchase of necessary equipment and furniture. 4. ~~A.H.~~ ^{the} College of Technology, Coimbatore, is temporarily located in the premises of ^{the} Argus Engg. Coy. For want of accommodation, ^{the} first year class of the college is held in Guindy this year. This necessitated the employment of some addl. staff in the Guindy college which involves an addl. expenditure of Rs.5,600 in the first year. The amount can be met by reappropriation from the savings under the grant. As it is ~~on~~ a "New Service" a ^{token} sum of Rs.100 may be included in the Supplementary estimate.

5. The D.P.I. has been pressing for some time for the employment of a Joint Director, ^{as} he found it difficult to attend the ~~present~~ enormous amount of work. The Govt. examined the matter in detail and sanctioned the conversion of one of the 3 posts of Deputy Directors into that of a Jt. Director. The sanction will involve an ultimate ^{addl.} expenditure of Rs.2000 per annum. There is ^{addl.} no expenditure in the current year. The site chosen was found to be unsuitable and a new site is being selected. No expenditure is likely to be incurred on the site in the current year.

This Govt. may have to contribute a sum of Rs.10,500 in the current year towards the recurring expenses of the college as it is proposed to appoint a Special Officer from 1st March 1949 to organise the college and also to purchase some equipment. The expenditure is to be debited

debited to the sub-head of appropriation "contributions" under a new sub-head of account, the "Central College of Karnataka Music to be opened under "37-Education - University - d. Professional Colleges". This amount, viz., Rs.10,500 may therefore be included in the Supplementary Estimate if it cannot be met from savings under the grant. The expenditure is on a 'New Service'.

This may now be sent to Fin for acceptance
before consolidation. All other deaths
