C.No.1753 B1/48 dated 20-8-1948.

Sir,

Sub: Schools - Secondary - Introduction of bifurcated
courses - Extension of the scheme to a few
more selected high schools during the year
1949-50 - Orders of Government - Requested.

Ref: 1) G.O.No.1395 dated 29-5-1948.
2) G.O.No.1504 Edn., dated 7-6-1948.

In para 3 of G.O.No.1395 dated 29-5-1948 Government

decided that to begin with the following courses of studies
should be introduced in 50 selected high schools from the
school year 1948-49 and that the question of extending
the system to other high schools should be taken up later.

- (1) Secretarial.
- (2) Engineering.
- (3) Agriculture.
- (4) Drawing and Painting.
- (5) Domestic Science and Cookery.
- (6) Music and Dancing.

It was stated therein, that the question of introducing
teaching practice also in 1948-49 was under separate
consideration and that other subjects would be added as and
when necessary.

In G.O.(Ms)No.1504 Edn., dated 7-6-1948, Government
approved the introduction of the bifurcated courses during this
school year (1948-49) in the 50 selected high schools
specified in annexure I to the G.O.with the course or
courses to be introduced specified against each school.

p.t.o.

: 2 :

I request to be informed whether Government are pleased to extend the introduction of the courses to other selected high schools during the year 1949-50 also and if so the number of high schools in which the courses are to be introduced during the year 1949-50 may kindly be intimated to me so that necessary proposals may be submitted to Government.

Yours faithfully,

Introduction - Number of schools to be selected
for 1949-50.

Ref: Govt. Memo. No.63832-B1/48-2 Education dated
17-9-1948.

In my letter to Government
in Rc. No. 1753-B1/48 dated 20-9-1948 I had submitted proposals for
the introduction of the bifurcated courses in 50 secondary schools, during
the year 1949-50 (in 8 Government Secondary Schools and in 42 Non-Govern-
ment Secondary Schools) and made necessary provision under Part II
schemes for 1949-50.

In the Government Memorandum cited,
proposals for the introduction of the courses in 150 schools are called
for. I am now submitting revised proposals accordingly for consideration
as a Part II Scheme for 1949-50. I have taken into consideration 8
Government Secondary Schools, and 142 Non-Government Secondary Schools.
The exact number of schools under local bodies and Private managements
in which the bifurcated courses are to be introduced during 1949-50
will be decided after the receipt of applications from the subordinate
inspecting officers in this regard.

The necessary details for are
furnished in the annexure.

Yours faithfully,

for Director of Public Instruction.

O R D E R.

The Government approve the proposals of the Director of Public Instruction that bifurcated courses may be introduced from the school year 1949-50 in the fifty schools specified in Annexure I to this order. The course or courses to be introduced will be those specified against each school. If for any reason, it is considered unsuitable to introduce the course in any of the selected schools, the Director may direct the introduction of the course in some other school which he considers suitable for the introduction of the course and report the change to Government for their information. The total provision made in the budget for 1949-50 for the scheme as a whole should not be exceeded on account of the substitution of schools in place of those already recommended.

28
2. Sanction is accorded to the employment in the Government Secondary Schools selected for the introduction of the new courses, of the staff specified in Annexure II to this order, temporarily for a period of three years from the school year 1949-50. Necessary provision has been made under "37.f. Education - Government Secondary Schools - A.General - I. Government Secondary Schools for boys and II. ~~Government Secondary Schools~~ Government Secondary Schools for girls" to meet the cost of establishment and other charges. The pay and allowance of the staff to be employed in the Government High School, Masulipatam, should be debited to the head to which the expenditure of the school is debited and the provision made for one school under the above head should be surrendered in due course.

3. The Director of Harijan Welfare is requested to address the Government early in 1951 in consultation with the Director of Public Instruction in regard to the additional staff of one assistant Instructor and one Mechanic to be employed in the Government High School, Masulipatam, for the Engineering Course from the school year 1950-51.

4. Necessary provision has been made under the appropriate heads for the payment of teaching and equipment grants to the schools under local bodies and private managements selected for the introduction of the courses. The payment of grants for these institutions will be regulated by the orders in paragraph 4 of G.O.No.1395 Education, dated the 29th May 1948.  The Government High School, Masulipatam,
 which is under the control of the Labour Department
 has been selected as one of the 50 selected secondary
 schools for the introduction of the bifurcated courses
 in 1949-50. It is presumed that the usual expenditure
 in respect of this school is included under the head
 "47. Miscellaneous" and that consequently the expendi-

Ref:- G.O. No. 1239 Edn., dated 22-4-1949 and Pros. R.C. No.
1753-B1/48 dated 29-4-49 of the Director of Public
Instruction, Madras.

The Government have been pleased to select Board High School,
Siruguppa for the introduction of "Agriculture" under bifurcated
course of study during the year 1949-50. As there has been no
response from the pupils to take up the course, it could not be
introduced in Board High School, Siruguppa during 1949-50.

Proposals for the introduction of Secretarial course in the
Board High School, Harapanahalli during 1949-50 were sent but this
institution is not one among the schools selected for 1949-50.
In view of the existence of a Commercial Section in Board High School,
Harapanahalli Secretarial course may be introduced with advantage -
About fifteen pupils have given in writing that they are prepared to
take up the course. I request that Government may be pleased to
select Board High School, Harapanahalli for the introduction of Secretarial

Subject:- SCHOOLS -- Secondary -- Introduction of
bifurcated courses during 1949-50 --
Board High School, Siruguppa and Pandit
Motilal Municipal High School, Palghat
not introducing the courses -

Reference:- G.O.Ms.No.1239 Edn., dated 22-4--1949.

In the G.O. cited Government approved the introduction of bifurcated courses during the current year in the Board High School, Siruguppa (Agriculture) and Pandit Motilal Municipal High School, Palghat (Engineering).

2. The Special Officer, District Board, Bellary, reports that the course could not be introduced in the Board High School, Siruguppa during this year as there has been no response from the pupils to take up the course. But he requests that permission may be given for the introduction of Secretarial Course in the Board High School, Harpanahalli in the place of the Board High School, Siruguppa. In this connection I invite the attention of Government to the letter No.2890/49 B3 dated 12-7-1949 of the Special Officer, District Board, Bellary, copy sent to the Secretary to Government, Education and Public Health Department, direct. I consider that it is too late to introduce the course in the Board High School, Harpanahalli in the current year.

3. The Commissioner, Palghat Municipality reports that the Municipal Council, Palghat has resolved to defer the introduction of the bifurcated course in the Pandit Motilal High School, Palghat, during the current year for want of accommodation.

4. In the circumstances the introduction of bifurcated courses in the Board High School, Siruguppa and in the Pandit Motilal Municipal High School, Palghat, during the current year may be permitted to be deferred and the Special Officer, District Board, Bellary, may also be informed that the permission to introduce the Secretarial Course in the Board High School, Harpanahalli during the current year cannot be granted as it is too late in the year to start the course. The names of these two schools may also be deleted from the Annexure I to the G.O. cited.

R.C.No.1753-B1/48 dated 15th October, 1949.

SIR,

SCHOOLS--Secondary--introduction of bifurcated courses during this year (1949-50) - deletion of the names of two schools Native High School, Kumbakonam and Samastanam High School, Bobbili--Recommended. Reference:-G.O.Ms.No.1239-Education dated 22.4.1949.

The managements of the 1. Native High School, Kumbakonam and 2. Samastanam High School, Bobbili have expressed their inability to introduce the bifurcated courses during this year. I therefore recommend that the names of these two high schools may be deleted from annexure I to the G.O. cited above (Nos. 20 and 37 in the annexure I).

2. I am not proposing the introduction of bifurcated courses in other schools in lieu of these two schools as it is too late to introduce the courses this year.

Yours faithfully,

Course not introduced so far - deletion from the list
of schools - Recommended.

Ref: 1) G.O.No.Ms.1230 Education dated 22-4-1949.

It ~~is~~ has been reported to me by the President District Board,
Nilgiris that the bifurcated course permitted to be introduced
during 1949-50 in the Board High School Hubathalai in the G.O. cited
as amended in Government Memorandum No.48631-B1/49-1 Education dated
2-7-1949 has not so far been introduced and that the course will be
introduced in the next school year (1950-51).

I have informed the President District Board that the permission
granted for the introduction of the course during 1949-50 cannot be
availed of in the ~~next~~ school year and that the name of the school has
been recommended to be deleted from the annexure I to the G.O. cited.

I have also informed him that fresh proposals will have to be
sent to the Director for the introduction of the course during 1950-51
for consideration.

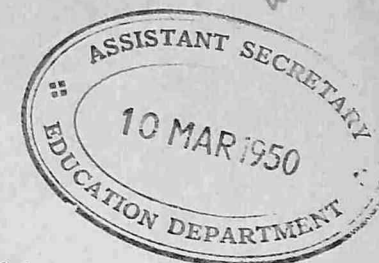

I therefore recommend that the name of the Board High School,
Hubathalai may be deleted from the list of schools (annexure I)
appended to the G.O. cited.

Schools - Secondary - Bifurcated Courses.
Introduction - Number of Schools ^{to be} Selected for
1949-50.

From the D.P.G., C. no. 1753- B1/48 dt 20.8.48.

In No. 1395 Edn dt 29.5.48, the Govt. directed
that to begin with the bifurcated Courses of Studies
(Secretarial, Engg., Agriculture, Drawing & Painting,
Domestic Science & Cookery & Music & Dancing)
should be introduced in 50 selected secondary
schools & the question of extending the scheme should
be taken up later. Accordingly, the schools mentioned
in Annexure I to C. no. 1504 Edn dt 7.6.48
were selected for the purpose.

2. The D.P.G. now requests to be informed
whether it is the intention of Government to
introduce the Courses in other selected high schools
during the next school year (1949-50) and if so,
to specify the number of schools to be selected for the purpose,
so that the may submit necessary proposals
in connection with the budget for 1949-50. ~~The~~
~~file may be circulated to HM (Edn) for orders~~

3. ~~However~~ There were 971 Secondary schools in
1947-8 and the number will be increasing year by year
as schools are newly opened. If the bifurcated courses
of studies are to be introduced within a reasonable
period - say 10 years, it will be necessary to introduce
in atleast 100 high schools every year. The number
of schools in which the courses may be newly
introduced in 1949-50 may perhaps be 100.

4. The file may be sent to Finance for
remarks, if any, prior to ~~circulation~~.

(Memo No. 70275-B1/48-1 Education, dated 27---9--1948)

From the D.P.I., R.C.No. 1753-B1/48 dated 26--9--1948.

Do

18--10--1948.

The Director of Public Instruction has submitted proposals for the introduction of bifurcated courses in the next school year,

(1949-50), of the bifurcated courses in 150 selected secondary schools (8 Government Secondary Schools and 142 non-Government

Secondary Schools) in accordance with the ^{minutes of J.M. (Edu)} ~~order in order~~

on page 2 ante. The schools have not yet been selected and the selection will be made by the Director on receipt of the reports called for from the Inspecting Officers.

The cost involved in the proposal is as follows:-

Ultimate cost.		Cost in 1949-50	
Recurring.	Non-recurring.	Recurring.	Non-recurring.
Rs.	Rs.	Rs.	Rs.
2,25,000	11,22,100	10,000	11,22,100

Vide the Statement put up on page 17 cf

P.T.O.

2. During the current school year, the courses have been introduced in 50 selected secondary schools. In order to enable the local bodies and private managements to meet the extra cost, ^{undertaken to pay} the Government have directed that teaching grants, ~~should be given~~ as a special case, at three fourths of the net cost of running the courses during the preceding financial year subject to a maximum of Rs.1,450/- for each school, for a period of five years, ~~and that~~ the question of revising the arrangement should be considered ^{at} the end of that period. ~~The same~~ ^{Teaching} grants may be paid to the schools to be selected for 1949-50. ^{may also be paid on the same basis.}

3. In addition to ~~the above~~ teaching grant, the Government also undertook to pay a non-recurring grant equal to three fourths of the cost of equipment to be purchased for the courses during the current year. ^{Subject to a maximum of Rs.5,700 for each school} The cost (recurring and non-recurring) in regard to the Government Schools should be met from Provincial funds. The Director now reports that in view of the increased ^{Cost} of the articles of equipments, he has calculated the cost at Rs.9,795 (Government schools) and at Rs.7,350 - (three fourths of 9,795) (non-Government schools).

^{The cost of the equipment to be purchased for all the bifurcated courses will be equal. In the case of the Engineering course, there is a case for fixing higher limit but not in respect of others. It has not been explained how the limit is found to be inadequate. The maximum for courses other than Engineering may perhaps be raised from Rs 5700 to Rs 6000 roundly in respect of non-Govt schools.}

4. The proposal may be supported and may be put forward as a Part II Scheme for 1949-50. The remarks of Finance may be invited U.O. prior to circulation.

The Director has estimated the cost apparently as a result of the valuation of the articles purchased in the current year. His estimate which have been adopted in calculating the extra cost may be adopted.

Part II Scheme for 1949-50.

Introduction of bifurcated courses of studies in selected Secondary schools.

Ultimate cost.		Cost in 1949-50.	
Recurring Rs.	Non-Recg. Rs.	Recg. Rs.	Non-Rec Rs.
2,25,000	11,22,100	10,000	11,22,100

Please see the notes of the E. & P.H. department from X on page 3 above. They propose that the proposal to introduce bifurcated courses in the next school year in 150 selected Secondary schools may go forward as a Part II scheme for 1949-50.

The point for consideration is whether it is absolutely necessary to introduce these bifurcated courses in as many as 150 schools during the next year. The extra cost involved in the proposal is ^{large} prohibitive. As the budget for ~~the~~ next year has to be balanced without drawing on the reserve, as suggested by the Government of India, this department has suggested in other cases that it is necessary to go slow even in respect of essential and desirable schemes. During the current ~~year~~ school year, bifurcated courses have been introduced in 50 selected Secondary schools. It does not seem to be immediately and imperatively essential to introduce these courses in 150 schools during the next school year, incurring such heavy expenditure.

In the circumstances, Finance may advise that bifurcated courses may be introduced in ⁵⁰ selected schools only ^{from the current year} during the next year. The extra cost in the next year would then be ^{Rs. 1,700 recurring and Rs. 1,87,000 Non-recurring roundly} Rs. 1,700 recurring and Rs. 1,87,000 Non-recurring roundly.

E & P.H. may ~~prepare the~~ be requested to take orders in circulation including H.M. (Finance) before preparing the note on the Part II scheme.

The notes from the middle of page 3 ante to page 5 ante may be read. The proposal in this file is to introduce the bifurcated Courses in 150 selected Secondary Schools in the next School year (1949-50). The cost of the proposal in 1949-50 is Rs. 10,000 recurring and Rs. 11,22,100/- non-recurring and the ultimate cost is Rs. 2,25,000 recurring and Rs. 11,22,100/- non-recurring. In view of the necessity to balance the budget without drawing on the reserve, as suggested by Govt. of India, Finance Department. Consider it necessary to go slow with the scheme. They therefore advise that the Courses may be introduced only in 50 schools as was done in the current school year. In this case, the extra cost in the year of introduction works out to Rs. 3,400 recurring and Rs. 3,74,000/- non-recurring or a total of ^{about} Rs. 4 lakhs.

2. The file may now be circulated

to JMC (Edn) and JMC (Fin) for orders as to whether in the circumstances stated by the Finance Dept. to the number of schools in which the Courses should be ^{newly} introduced ^{from} the next school year ^{may be limited to 50 instead of 150 as originally proposed} - Vide in this connection the minutes on page 3 ante.

EXPLANATORY NOTE.

In May last, the Government directed that the following bifurcated courses should be introduced from the current school year in 50 selected secondary schools and decided that the question of extending the scheme to other schools should be taken up by stages:-

1. Secretarial.
2. Engineering.
3. Agriculture.
4. Drawing and painting.
5. Domestic Science and Cookery.
6. Music and Dancing.

The question of including 'Teaching Practice' as one of the bifurcated courses is under consideration separately and other subjects will be added to as and when necessary.

2. In order to enable local bodies and private managements of aided secondary schools to meet the extra cost involved in the organisation of the new courses, the Government have undertaken to pay teaching grants, as a special case, at three-fourths of the net cost of conducting the courses during the preceding financial year subject to a maximum of Rs.1,450/- per annum for each school, for a period of five years from the year of introduction of the courses. The question of revising this arrangement will be considered at the end of that period. In addition to the teaching grant, the Government have also decided to pay a non-recurring grant equal to three-fourths of the cost of equipment to be purchased for the new courses subject to a maximum of Rs. 5,700/- for each school.

3. The Director of Public Instruction has submitted proposals for the introduction of bifurcated courses in 150 selected secondary schools during the next school year for consideration as a Part II Scheme for that year. In view of the increased cost of articles of equipment, he has calculated the equipment for each school at Rs.9,795 in the case of schools under Government management and Rs.7,350 in the case of schools under the managements of local bodies and private agencies. The teaching grant to the selected schools will be paid on the same basis as in the current school year.

4. The Finance Department have suggested that the number of schools in which the courses to be newly introduced in the next year should be limited to 50 as the current year

year and the Honourable the Minister for Finance has expressed the view that finally the suggestion of Finance Department may be considered. But the Honourable the Minister for Education has ^{insisted} ~~insisted~~ that the courses should be introduced in 100 schools next year. The extra cost involved in each of the above proposals is as follows:-

	Ultimate. Recur- ring. Rs.	Non- recur- ring. Rs.	Cost in 1949-50 Recur- ring. Rs.	Non- recur- ring. Rs.
D.P.I. (150 schools)	2,24,700	11,22,100	10,000	11,22,100
Education Dept. (100 schools.)	1,52,200	7,25,200	10,000	7,25,200
Finance Dept. (50 schools)	79,700	3,87,100	10,000	3,87,100

5. There are a large number of ^(secondary) schools (about 1000/schools) in this Province and at the rate of 50 schools per year, it will take a long time for the introduction of the courses in all school schools. It was limited to 50 schools in the current year being the first year of introduction of the scheme. This Department consider that the number of schools should be gradually increased in the succeeding years and for the next year it should be ^{at least} 100. This Department therefore recommends that necessary provision shown in the summary at the top may be made in the budget for 1949-50.

above P.T.O.

Please see the extract from the proceedings of the S.P.C. on p. 199. The Committee has recommended that the bifurcated courses should be introduced in 1949-50 only in 50 schools instead of in 100 schools as recommended by this department. The necessary provision to be made in the next year's budget for the purpose will have to be worked out and Finance are taking necessary action on this point. No action is necessary for the present.
