Particulars regarding educational institutions in the Province.

* 227 Q.—DR. V. K. JOHN: Will the Hon. the Minister for Education be pleased to state—

(a) how many (i) primary, (ii) middle and (iii) high schools and (iv) colleges, including training colleges there are in the Province of Madras and how many pupils are on the rolls of these schools and colleges; and

(b) out of these, how many primary, middle and high schools and colleges are run by (i) the Government, (ii) the Catholics, (iii) the non-Catholic Christians and (iv) other agencies and the number of pupils respectively on the rolls of these institutions?

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“(a) & (b) A statement^a is placed on the table of the House.”

DR. V. K. JOHN:—“Sir, I put a starred question. A statement is laid on the table of the House. Please give us time to read the statement so that we may put supplementary questions.”

MR. PRESIDENT:—“The Hon. Minister may read the answer.”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“Sir, it is perfectly a legitimate procedure when it is a question of figures to lay on the table of the House a statement so that hon. Members can read it.”

MR. PRESIDENT:—“Anyway, the figures are not too many. You may read them.”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“I can read them, but I must say, Sir, that the procedure adopted is quite correct. If the hon. Member wants me to read it, I have no objection.”

MR. PRESIDENT:—“Mr. John, you want the answer to be read?”

DR. V. K. JOHN:—“Yes, Sir.” (Laughter.)

THE HON. SRI K. MADHAVA MENON:—“Sir, on a former occasion, the Leader of the Opposition himself said that in cases of figures, the answers may be placed on the table of the House.”

MR. PRESIDENT:—“I have no doubt at all about that. If it is a long statement, I would not have asked the Hon. Minister to read it. It is only a small number of figures.”

(The Hon. Sri T. S. Avinashilingam Chettiyar read out the figures.)

SRI R. SURYANARAYANA RAO:—“May I ask, Sir, whether the number on rolls in respect of high schools and colleges has risen in recent times to more than 100 per cent while the number on rolls in Primary schools is even less than 15 per cent?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“The proportion mentioned by the hon. Member may not be correct. I have not the correct figures. But it is roughly 60 per cent in high schools and 25 per cent in primary schools.”

MR. PRESIDENT:—“(Turning to Mr. John) You don't seem to have improved after reading the statement.” (Laughter.)
