SUB:- Basic Education - Basic Schools in the Coimba-
tore Belt Area - Taking over under Government
Management:

REF:- G.O.No. 842, Education, dated 9th April 1948.

71803

When proposals were submitted to the Government for taking over all Basic Schools in Coimbatore belt area under Government management it was considered that all Basic schools that would come into existence should be taken over by the Government. It was also considered that Sri Ramakrishna Vidyalaya Gandhi Basic Training School, Periyanaickenpalayam would continue under Government management for a fairly long time. But it has been transferred to the private management from 1st June 1948. It is now evident that it is no longer the policy of the Government to take over all Basic Schools under Government management. If this is so, there is no need to take over all the Basic Schools in the Coimbatore belt area under Government -- management. Since the Basic Training School, Perianaickenpalayam has ceased to be a Government institution the need for bringing under Government the Basic Schools round about the training school does not exist.

But the Government have in their order referred to above decided to take over the management of the 17 elementary schools (9 Board, 2 Municipal and 6 Aided) in the Coimbatore compact area in which Basic Education was introduced in 1947--48. But the following six schools under private management have to be continued under the private management for the reasons given below:

- (1) Telugu Brahman St. School.
- (2) R.C.Gandhipuram School
- (3) Athar Jamath Mosque School
- (4) Urumandapalayam School
- (5) P.S.G. Elementary School, Peelamedu.
- (6) P.S.G. Elementary School, Vedapatti.

The Telugu Brahman Street School has neither sufficient accommodation nor basic trained teachers. The R.C.Gandhipuram School has to be permitted to continue under the present management as the manager is eager to run it as a Basic School himself. The management of the Athar Jamath Mosque ~~Mosque~~ School is unwilling to convert his school into a Basic School. The Teacher-Manager of the Urumandapalayam School is willing to transfer the management of his school on condition that he is allowed to continue in the school till his 55th year. The other 2 aided schools (Schools Nos. 5 and 6) which are under the management of P.S.G. and Sons. Charities have 22 teachers on the staff and 17 of them are not trained in Basic Education and only

1/2

3

five are Basic trained. Some of the non-basic teachers are too old to benefit by retraining. For these reasons it is not desirable to take over these 6 aided schools under Government management. Excluding these 6 schools all the remaining 11 District Board and Municipal Schools may be taken over by the Government for the present.

2. The Basic Education Officer, Madras and Sri K. Arunachalam, Headmaster, Basic Training School, Periyanaickenpalayam think that atleast the 9 Board Basic Schools and the 2 Municipal Basic Schools in the compact area should be taken under Government management. The data necessary for standardising achievement in craft and correlated studies as well as the material necessary for preparing reading books for Basic Schools can be had on an authentic basis only if these schools are under the direct control of the Government. The Basic Education Officer states that the results of the experience so gained in the working of these Government Basic schools can be utilised for the proper administration of Basic Schools under other managements in the Province.

3. If the Government are of the view that intensive work should be done in the area selected for Basic Education near Coimbatore and that the entire population of that area should go through one type of education instead of leaving the well to do and resourceful people to seek for their -- children a different type of education, I suggest that all the schools in the area defined by the location of these 11 schools should be under Government management. I shall submit proposals in due course for taking over by Government the management of any other schools in the area and for opening new Government Basic Schools with a view to introduce compulsory Basic Education in this compact area.

4. Of the 11 Schools that are to be taken over by the Government 10 are complete schools and one is an incomplete school with Standards I to III. Of the 10 complete schools 9 are schools with 4 or more teachers in each. Hence the Headmasters of these 9 schools may be secondary grade trained teachers. I request Government to sanction 9 Secondary Grade Teachers' Posts and 52 Higher Grade Posts as detailed hereunder for all the 11 schools.

*One extra teacher may be allowed as there are more than 10 sections in the school. The list of 59 teachers employed in all the 11 schools is given in the appendix. Of all the 59 teachers now employed in them only 4 are Secondary and the remaining teachers are elementary grade. Of these 59 teachers, 53 are Basic Trained and the remaining are non-basic. It is suggested that all the Basic Trained teachers and the non-basic teachers may be provided by the District Board or the Municipality in the other schools under their management. All the teachers to be absorbed may be allowed to draw the same pay as they are drawing and their pay may be fixed in the time scale at the corresponding stage of the scale and those who draw less than the minimum may be allowed the minimum.

Accommodation:- The nine Board Schools are located in 12 buildings of which 6 are rented, 5 owned by the Board and one rent free. The Special Officer, District Board, Coimbatore has written to say that these 9 schools may continue to work in the present buildings. The Municipality has requested Government to secure a rented building for the R.S.Puram North School. It has no objection to lend rent free the Kurumbar Street School building but requests that it may be permitted to continue a public reading room in a portion of it. After the Government take over these 2 Municipal Schools, I shall ask the Divisional Inspector of Schools, Coimbatore to secure suitable accommodation for these two schools.

The Coimbatore District Board and the Coimbatore Municipal Council have passed resolutions agreeing to the transfer of the schools under reference to Government management and to contribute to the Government an amount equal to the expenditure now incurred by them. Copies of the resolutions are enclosed.

Special Officer.

Extract from the Proceedings of the meeting of the Municipal Council, Coimbatore held on 31st May 1948.

READ: G.O.No.MS.842, Education, dated 9th April 1948 deciding to take over the management of the Municipal Basic Elementary Schools viz. Kurumbar Street School and R.S.Puram North School under Government's control and requesting to forward a resolution of the Council agreeing to the transfer of the schools and to contribute to Government an amount equal to the expenditure now incurred by the Council on the schools and the office note dated 11th May 48 thereon.

Municipal Council Resolution N.242 dated 31st May 1948.

The Council agrees to hand over the maintenance of the two schools to the Government. It agrees to contribute a sum of Rs.8161--8--0 per annum i.e. the amount at present being spent on the maintenance of the two schools excluding the temporary allowances etc. As the R.S.Puram North Elementary School is now located in a portion of the R.S. Puram High School buildings, the Council requests the Government to procure a separate building of their own for that school. The council will have no objection to lend rent free the Kurumbar Street School building but it requests that it may be permitted to continue a public reading room in a portion of it as hithertofore.

In April last, orders were issued directing that the 17 elementary schools in the Coimbatore belt area converted into basic schools should be taken over under direct govt. management. The D.P.S was asked to submit proposals for the absorption of the ~~then~~ existing staff in the schools into govt. service. Of the 17 elementary schools in the Coimbatore belt area, 9 are under the D.T. Bd., 2 under the M.C., and 6 under private agencies. The Director suggests that the 6 private schools need not be taken under govt. management. He is in favour of the transfer of the ^{remaining} 11 schools under local bodies to govt. management. At the same time in para 1 of his letter, he expresses the doubt as to the need for the transfer of such basic schools ~~and~~ to govt. management.

2. The question for consideration is whether in the interests of the scheme of basic education, the elementary schools converted into basic schools should be under govt. management or such schools ^{may} be allowed to continue to function under the existing managements even after their conversion. If the view that these basic schools should be under govt. management, is upheld, there is no ^{need to allow} case to allow the above 6 private schools to function as basic schools under their existing managements. If on the other hand, it is considered that ~~the~~ ^{elementary} private schools

may be allowed to continue to function under their existing managements even after conversion into basic schools, there is no need to take over govt. management the rest of the 11 schools under local bodies.

3. In another connection, the D.P.G. has submitted proposals for the conversion of about 200 schools into basic schools in 1949-50 and he has also formulated a scheme for the construction of buildings for ^{500 being} these schools. In that connection also, the same question ^{regarding} as to the transfer of such schools under govt. management has been raised. Secretary has recorded the view that the schools may be allowed to continue to function under their existing managements even after conversion into basic schools. A response has ^{also} been issued to the D.P.G. in this question. His reply is awaited. This may be over till the receipt of his reply.

The D.P.G. has sent his reply to the general reference made to him on the question of taking over ^{of govt.} the management of the elementary schools after their conversion into basic schools by govt. According to him, it is not necessary to take over all the elementary schools converted into ^{basic} elementary schools under govt. management. It is sufficient if the govt. maintain a few model basic schools under their direct management to serve as models for basic schools run by different agencies, but of the 2500 basic schools that may be brought into existence in the next ten years, about 500 schools may in the opinion of the Director, run by govt.

The D.P.G.'s reply will be examined separately and submitted for orders.

The question for consideration in this file is whether the 11 basic schools under the local bodies in the Coimbatore belt area should be taken over by govt. as proposed by the D.P.G. There is no extra cost on account of proposal of the D.P.G. on the other hand there will be savings as the no. of schools ^{to be taken over} has been reduced to 11 from 17. In the circumstances it for orders whether the proposal of the D.P.G. to take over under govt. management only the 11 basic schools ^{in the Coimbatore belt area} under the local bodies may be accepted.

Please see the note of E.P.H. on pp 1-3 above. In G.O. NO. 842 Edn dated 9-6-48 ^{Post. have already} the ~~Govt.~~ decided to take over the management of the seventeen elementary schools in the Coimbatore belt area in which ^{Basic} Education was introduced in 1947-48. [Necessary provision there also been included in the B.E. for 1948-49]. The D.P.G. has now stated that only 11 District Board and Municipal schools can be taken over by govt. for the present and that the remaining 6 schools under private managements will have to be left over for the reasons stated by him at A on pp 1-3 C.F. E.P.H. ^{accept the proposal} of the D.P.G. This Deptt may also agree to the proposal at M above.

In view of the orders of H.M. (Fin.) extracted above it is for consideration ^{whether} that the proposal in this file should be further examined. The file may be submitted to H.M. for orders.

2. It may be noted that in another connection the D.P.I. has suggested that Govt. should maintain model Basic schools in selected localities, (about 5000 in number) He ^{has} proposed that about 300 schools should be established in ~~1952~~ 1950-51 either by opening new schools under Govt. management or taking over schools from local bodies and aided agencies. In that file the Finance Deptt. has noted that the proposal need not be ^{accepted} considered. The file has been submitted separately.

construction of buildings for basic schools, it is presumed that the intention of the Cabinet is that the elementary schools converted as basic schools may continue to remain under their existing managements and that such schools need not be taken over by the Govt. If so, the proposal of the D.P.I. to take over under Govt. management the 11 schools under reference in this file should be negatived. Definite orders on the matter may be taken before informing the D.P.I. accordingly.
