Explanatory Note

The D.P.S. reports that 672 teachers may have received training in Basic Education at the beginning of 1949-50 and that the services of these teachers may be utilised for the conversion of ordinary elementary schools into basic schools in that year and suggests that the annual equipment grant at the rate of Rs. 300 per teacher to local bodies and private managements may be made in the Budget for 1949-50. The total provision

required for the purpose is Rs. 2,01,600. This total provision is to be distributed as subsidies to local bodies and grants to aided agencies who may conduct the basic schools. As it is not definitely known how many schools will be under local bodies and how many under private agencies, the provision has been apportioned equally between the two budget heads as indicated in the summary.

The Finance Deptt has raised in this connection the question whether it is necessary to convert all possible no. of ele. schools in the next year itself and whether the provision may not be restricted to Rs 1 lakh. That deptt have agreed that the Part II scheme note may be on the basis of the present estimates and that the restriction of the no. of schools to be converted into Basic schools may be decided by the Cabinet. This deptt recommended that provision may be made in the BE as indicated in the Summary at the top, subject to the approval of the Cabinet.

Provision of funds.

Ref:--G.O. 1272 Edn. dated 27-4-49.

I presume that the head of account noted in the Government Order cited above, under which a provision of Rs.1,00,800 has been made for the payment of grants to private agencies for the supply of equipment to the basic trained teachers in 1949-50, is a mistake for the head "37 (k) A.I(ii) 5 Basic Education- Voted-Equipment" (Vide in this connection E & P.H. Endt. No.10001-B2/49-1 Edn. dated 17-2-49). I request you to let me know whether this presumption is correct and also to state the correct Budget Head under which a similar provision of Rs.1,00,800 required for the Schools under the management of local bodies has been provided in the Budget Estimate for 1949-50 as the provision of Rs.2,00,000 under "equipment" under the head noted in the above Govt. Order is earmarked for the payment of equipment grants to the primary Schools under the management of local bodies for the introduction of Compulsory Elementary Education only.

The Correct budget head under which the provision of Rs.10,00,000 required for the payment of subsidies and grants to local bodies and private agencies for construction of buildings for Basic Elementary Schools (Vide Item No.36 in the list of Schemes of new Expenditure in the Budget Memorandum) may also be intimated.

BASIC EDUCATION - Equipment grant for
Basic Trained teachers - Proposals -
Part II Scheme for 1949-50.

C.No.69357.B2.48. From the D.P.I., C.No.465.M/48 dated 14th Sept. 1948.

The Director of Public Instruction reports that 672 teachers may have received training in Basic Education at the beginning of 1949-50 and the services of these teachers may be utilised for conversion of ordinary elementary schools into Basic Schools. The conversion involves expenditure on equipment at the rate of Rs.300/- per teacher. The total cost of equipment for the schools to be converted into basic schools in 1949-50 has been estimated at Rs.201,600. The Director suggests that provision for this expenditure may be made in the Part II estimates for 1949-50. His recommendation may be accepted.

2. The question arises whether the schools to be converted into basic schools should be taken over under Government management or whether the schools ^{may be} allowed to function under the present agencies. In the case of 17 schools converted into basic schools in the Perianaickenpalayam area, it was ordered that all the schools should be taken over under Government management and these schools are being conducted as Government Schools. In the case of certain schools converted into basic schools in the Andhra Districts the question of transfer of management was not considered. The schools ^{have been} ~~are~~ allowed to function under the present management. Perhaps the intention is that schools may be continued under the existing management, even though they are converted into basic schools. It is ^{appears} ~~presumed~~ that the D.P.I. need not be consulted on this point.
