Education and Public Health Department,
Madras.

Re. No. 1421 G2/48, dated 22-2-1949. 19

Sir,

* Sub: Subsidy - Secondary Education - Secondary Schools under Local Bodies - Buildings - Construction - Plans and estimates - approved.

Ref: Director's letter Re.1421 G2/48 dated 29-9-48 and G.O.No.2806 Edn., dated 9-11-1948.

ENCLOSURES _____

SPARE COPIES _____

In connection with the request of the Municipal Council, Anakapalle for the sanction of Building grant to the Municipal Branch High School, Woodpeta, Anakapally it was brought, in the Director's letter referred to above to the notice of Government that instructions were issued to the Local bodies by the Government in the Local Administration Department, that it was not necessary for them to have the plans and estimates got approved by the competent authority by the time they apply for grant and that it would be sufficient to have rough estimates for the works at the time of their application to Government for grant and loan, while the instructions issued from Government in the Education and Public Health Department were to the effect that only schemes in respect of which plans and estimates have been approved departmentally should be selected for the distribution of the lumpsum grant allotted for 1948-49 (Vide Govt. Memo No.27236-B1/47-17 Edn., dated 15-6-48). In their Order referred to above Government have passed orders only in regard to the case under reference (i.e.) regarding sanction of Building Grant to the Municipal Branch High School, Woodpeta, Anakapalle. I request you to kindly inform me as to whether it is necessary that the Local bodies should have got the plans and estimates approved by the competent authority by the time of their application to the Government for grant and loans or whether it will do for them to have only the rough estimates for the works by that time. I am enclosing herewith a copy of the G.O.No.1352 L.A.D. dated 9-7-48 and Government Memo No.32654-10-L.A.D. dated 17-8-1948.

I request that Government may be pleased to issue orders in the matter at an early date so that the local bodies may know the exact procedure to be followed in regard to the applications for Building Grants in connection with the Part II of the Budget Estimate for 1950-51.

Yours faithfully,

Thiruvananthapuram

for Director of Public Instruction

Subsidy - Buildings - Secondary Schools under local bodies -
Approval of plans + estimates before application is
made for subsidy - change in procedure - Orders passed

From the D.P. 9 R.C. no 1421 G2/48 d 22.2.49

Order no 1276 Edu. 27.4.49

The D.P. 9 is informed that the orders issued
in G.O. no. 1352 L.A. 29.7.48 are not applicable to
Schemes for the construction of buildings for secondary
Schools ^{under local bodies} and that the plans + estimates for the construction
of buildings for Secondary Schools ~~under local bodies~~
should be got approved by the Competent Authority
before applications ^{are} made to Govt for the grant of subsidy.
The application for subsidy should be made in the form
prescribed for the purpose giving all the particulars of the
Scheme.

18/4/49

Buildings - Secondary schools under local bodies - approval of detailed plan and estimates before the application for subsidy is considered by Govt-

According to the form prescribed by Govt for the submission by local bodies of application for subsidies for the construction of school buildings, only works for which detailed plans and estimates have been accorded technical sanction by the competent authority, should be included in the application. The object in imposing this condition is apparently that the local bodies concerned should take steps to execute the works as soon as subsidies are sanctioned and the amount provided for payment of subsidies in the estimates of expenditure should not lapse owing to the delay in getting the plans and estimates approved by the competent authority ^{after subsidies are sanctioned.} Orders have been issued by the L.A. Department that in respect of capital works on roads it is not necessary for them to have the plans and estimates approved by the competent authority at the time they apply for grant and that it will be sufficient to have rough estimates for the works, ~~at the time of application for grant.~~ It has been misconstrued by certain local bodies that the above orders are applicable to building schemes for secondary schools also. Building schemes are not like road works and it seems necessary that in the case of building schemes for secondary schools, the plans should be got approved by the Director and the estimates should have the technical sanction. Even when this is insisted on, some local bodies do not take steps to execute the works as soon as subsidies are sanctioned and owing to the fluctuation in the cost of building materials and labour, it becomes necessary to revise the estimates and get the approval

of Govt to the revised estimate before proceeding with the work,
 as subsidies are payable on the basis of one half of the cost
 of the works subject to a maximum limit of Rs 35,000. It seems
 unnecessary to change the procedure in respect of building schemes.
 for secondary schools.
 The D.P.I. may be informed that the orders issued in G.O. No
 1352 L.A. are not applicable to schemes for the construction of
 buildings for secondary schools and that the applications for
 subsidies should continue to be submitted in the form already
 prescribed.
