EXPLANATORY NOTE.

The policy of the Government is to rely mainly on aided agencies for the expansion of secondary education. The practice has been to consider every year the question of budget provision for teaching grants to secondary and special schools newly recognized by the Director of Public Instruction - similarly in respect of boarding grants to Indian orphanages and boarding homes to be newly admitted to aid.

BOARDING GRANTS: Under rule 62 of the Grant-in-Aid Code, a special grants will be paid in aid of boarding charges to Indian orphanages and boarding homes for destitute children, the grant being limited to 3/4th of the net boarding charges of the institution, subject to a maximum limit of Rs. 8/- a month for each certified free destitute pupil admitted to the institution. The Director of Public Instruction has recommended that a provision of Rs. 21,500/- may be made in Part II Estimate for 1949-50 for grants to fourteen orphanages and boarding homes. The Director had separately recommended a grant of Rs. 5,200/- to the ^{boarding home attached to the} St. Francis Xavier's Anglo-Indian School, George Town, calculating the grant at the rate of Rs. 18/- per boarder, applicable to

to European and Anglo Indian boarders. It is considered that it will suffice if the rate of Rs. 8/- a boarder is sanctioned in this case also. The grant for this institution (at this rate, roughly Rs. 2,300/-) will also be included in the total provision under this head. It is accordingly proposed to make an additional provision of Rs. 23,800/- in the Part II Estimates for 1949-50.

TEACHING GRANT:-- The Director of Public Instruction has recommended that a provision of Rs. 18,200/- may be made in Part II Estimates for 1949-50, towards payment of teaching grants to 26 special schools to be newly admitted to Government aid. These include a few Sanskrit schools, two Tamil schools, four Nursery schools, two Music schools, the Arundale Montessori Training Centre, Adyar, etc. This department support the Director's recommendation and propose that a provision of Rs. 18,200/- may be made in the Part II Estimates for this purpose, as in the summary above.

GRANTS - Teaching and Boarding - ~~Aided Secondary Schools~~ - Indian Orphanages and Boarding Homes and non-Govt. Spl. schools - Provision in 1949-50 - Part II Scheme.

The policy of Government is to rely mainly on aided agencies for the expansion of secondary education. The practice has been to consider every year the question of budget provision for teaching grants to secondary and special schools newly recognised by the D.P.I. - similarly in respect of boarding grants to Indian orphanages and boarding homes to be newly admitted to aid.

Part II Scheme for 1949-50.

Teaching and Boarding Grants to Secondary and Special Schools and Indian Orphanages and Boarding Homes to be newly recognised by the Director of Public Instruction -

	Rs.	Rs.
(1) Boarding Grants.	21,500	21,500
(2) Teaching Grants.	21,700	21,700

Please see the note of E. & P.H. on page 1 above.

Item (1) above: The D.P.I. has proposed that a provision

of Rs 21,500 may be made in the next year's budget for payment of boarding grants to the orphanages and boarding homes to be newly admitted to aid. E. & P.H. accept the necessity for the provision.

Although it may be necessary and desirable to make provision in the next year's budget for the payment of these grants, the point for consideration is whether it is imperatively and immediately essential for the proper running of the department. In other

cases, this department suggested that it is necessary to go slow even in respect of essential and desirable schemes, in view of the fact that, as suggested by the Government of India, the budget for the next year has to be balanced without drawing on the reserves.

In the circumstances, it seems that the proposal to make a provision of Rs 21,500 in the next year's budget for payment of grants to fourteen orphanages and boarding homes to be newly admitted to aid

may be deferred. If this is considered inexpedient, it may be considered whether it would not be sufficient to provide for payment of grants to a limited number, say any 4 new orphanages or boarding homes.

E. & P.H. may be requested to take orders in circulation including H.M. (Finance) on this point.

Item (2) above: The provision for these grants is made every year after treating the expenditure as a Part II Scheme. Finance may agree to the proposal going forward as a Part II Scheme for 1949-50.

The case relates to the D.P.I.'s proposals for Part II Schemes towards teaching grants for certain special schools (Sanskrit schools etc) newly recognized by the Director and boarding grants for certain orphanages and boarding homes. In their notes on the provisions of the Finance Dept. accept the proposals for teaching grants for 33 special schools to be newly admitted to Govt. aid. The total amount of grants according to the Director's proposals comes to Rs 21,700 for these institutions. Out of the institutions mentioned by the D.P.I., ^{eight} are 'Hindustani institutions' in respect of which the question of granting aid in the current year itself is separately under consideration. The aggregate amount of grants for these ~~eight~~ institutions is Rs 4,000 which will not be taken account of in the present proposals for special schools dealt with in this file. Omitting this amount, the total grant for which provision has to be made in Part II will be Rs 17,700. It will be treated as a Part II Scheme.

As regards the proposals for grants for ~~new~~ newly opened or ~~recognized~~ boarding homes, the total grant according to the Director's Part II proposals amounts to Rs 21500/- Finance urge the need to go slow even in respect of residential schemes and suggest that this may be omitted altogether as it will be difficult to shoulder this in addition to the teaching grants for special schools to which Govt. have agreed. It may be considered whether this is not a desirable scheme and may not be pressed -

The list on page 3 of contains the names of institutions newly started for the benefit of orphans, which the Dept proposes to aid under the provisions of the rule cited above. EXPLANATORY NOTE.

The policy of the Government is to rely mainly on aided agencies for the expansion of secondary education. The practice has been to consider every year the question of budget provision for teaching grants to secondary and special schools newly recognized by the Director of Public Instruction—similarly in respect of boarding grants to Indian orphanages and boarding homes to be newly admitted to aid.

Boarding grants.—Under rule 62 of the Grant-in-Aid Code, a special grant will be paid in aid of boarding charges to Indian orphanages and boarding homes for destitute children, the grant being limited to three-fourths of the net boarding charges of the institution, subject to a maximum limit of Rs. 8 a month for each certified free destitute pupil admitted to the institution. The Director of Public Instruction has recommended that a provision of Rs. 21,500 may be made in Part II Estimate for 1949-50 for grants to fourteen orphanages and boarding homes. The Director had separately recommended a grant of Rs. 5,200 to the boarding home attached to the St. Francis Xavier's Anglo-Indian School, Georgetown, calculating the grant at the rate of Rs. 18 per boarder, applicable to European and Anglo-Indian boarders. It is considered that it will suffice if the rate of Rs. 8 a boarder is sanctioned in this case also. The grant for this institution at this rate (roughly Rs. 2,300) will also be included in the total provision under this head. It is accordingly proposed to make an additional provision of Rs. 23,800 in the Part II Estimates for 1949-50.

Teaching grant.—The Director of Public Instruction has recommended that a provision of Rs. 18,200 may be made in Part II Estimates for 1949-50, towards payment of teaching grants to 26 special schools to be newly admitted to Government aid. These include a few Sanskrit schools, two Tamil schools, four Nursery schools, two Music schools, the Arundale Montessori Training Centre, Adyar, etc. This department support the Director's recommendation and propose that a provision of Rs. 18,200 may be made in the Part II Estimates for this purpose, as in the summary above.

SUMMARY.

Total			Rs. 39,700

The policy of the Government is to rely mainly on aided agencies for the expansion of secondary education. The practice has been to consider every year the question of budget provision for teaching grants to secondary and special schools newly recognised by the Director of Public Instruction - similarly in respect of boarding grants to Indian orphanages and boarding homes to be newly admitted to aid.

Boarding grants: Under rule 62 of the Grant-in-Aid Code, special grant will be paid in aid of boarding charges to Indian Orphanages and boarding homes for destitute children, the grant being limited to $\frac{2}{4}$ th of the net boarding charges of the Institution. The Director of Public Instruction has recommended that a provision of Rs. 21,500/- may be made in part II estimate for 1949-50 for grants to fourteen orphanages and boarding homes. This Department accepts the Director of Public Instruction's recommendation and proposes that an additional provision of Rs. 21,500/- be made in the Budget for 1949-50.

Teaching Grants:- The Director of Public Instruction has recommended that a provision of Rs. 18,200/- may be made in Part II estimates for 1949-50, towards payment of teaching grants to 26 special schools to be newly admitted to Government aid. These included few sanskrit schools, two Tamil schools four nersery

boarding charges of the institution (arrived at by deducting from the boarding charges the wages if any earned by the inmates and the fees if any collected from them), subject to a maximum limit of Rs. 3 a month for each certified free destitute pupil within the prescribed age-limit. Boarding charges for the purposes of grant shall comprise only (i) cost of foodstuffs, (ii) pay of cook and other servants employed for cooking and serving meals, and (iii) contingencies. All other charges should be met by the managements from their own funds.

2. Owing to the increase in the price of foodstuffs, the maximum limit for each pupil was raised from Rs. 3 to Rs. 4 a month from 1942-43, to Rs. 6 from 1943-44 and to Rs. 8 from 1946-47. As the increase in the flat rate will benefit only those institutions in which the boarding charges are high, it has not had the desired effect of helping all the managements to a reasonable extent. The Director of Public Instruction reports that if the grant payable to the orphanages be raised from two-thirds of the net boarding charges to three-fourths, it will go a long way to help the managements especially in these days of very high cost of living. It is reported that, by raising the basis of assessment of the boarding grant as now proposed about 66 institutions will get grant at the flat rate of Rs. 8 per mensem and 253 institutions, which would otherwise get grant at two-thirds of the net boarding charges will receive at three-fourths.

3. The ultimate additional recurring expenditure involved in the proposal is Rs. 1,00,500 per annum. This cannot be considered great in view of the high cost of living prevailing now. This Department accepts the Director's proposal and recommends that an additional provision of Rs. 1,00,500 be made in the Budget for 1948-9.

M. V. SUBRAMANIAN-8-10-47.

33 schools two music schools, The Arundale Montessori Training Centre Adyar, etc. This Department supports the Director's recommendation and proposes that a provision of Rs.18,200 may be made in the Part II Estimates for this purpose, as in the summary above.

The Correspondent, St. Francis Xavier's European and Anglo-Indian School, G.T., Madras, has submitted an application for the recognition of the Boarding House newly opened by her with a view to affording relief to the destitute and extremely poor anglo-indian children of the locality. There is no Boarding House for Anglo-Indian children in the George Town locality. The Inspector of European Schools, recommends that the Boarding House may be granted recognition so that the school may claim grant from Government for the destitute children.

2. It is proposed to keep 24 destitute boarders in the Boarding House. The extra annual recurring cost to Government will be about Rs. ^{Rs. 5,200/-} 52,000/- (24 boarders at Rs.13/-) per mensem for 12 months).

3. The Boarding House will be recognised by me. I am providing a sum of Rs.5,200/- under Part II of the Budget Estimate for 1949-1950 under "37-(g)-Education-Secondary Direct grants to Non-Government Secondary Schools -B-European-(g).B.2 - Boarding - Voted".

SIR,

SCHOOLS--Anglo Indian--Boarding House attached
to the St. Francis Xavier's Anglo Indian School,
George Town--Madras.

Reference: My letter R.C.No.1861-E1/48 dated
16..9..1948.

In continuation of my letter referred to above,
I have to state that the request of the management of
St. Francis Xavier's School, George Town, was placed
before the meeting of the Madras Provincial Board for
Anglo Indian Education on 27..9..1948.

The following resolution was passed:--

"An application for starting a new Orphanage
in Madras City was placed before the Board.
The Hon'ble Minister was of opinion that all
new Orphanages may apply for grant to the
Director of Public Instruction, under the M.E.R.
viz. 3/4 of the total expenditure subject to
a maximum of Rs.8/- per child".

The Anglo Indian Schools are governed by the
Code of Regulations for European and Anglo Indian
Schools and the Grant-in-aid Code does not apply to
Anglo Indian Schools. If the intention of Government
is that Anglo Indian Schools and Education should
merge with Indian Schools in due course, there is no
objection to giving aid to this Boarding House and
Orphanage as in the case of other Boarding schools and
Orphanages for Indian Boys and girls under the provisions
of the Grant-in-aid Code.

I request the favour of orders whether the new
orphanage attached to the St. Francis Xavier's Anglo
Indian School, George Town may be recognised and
aided by me under the provisions of the Grant-in-aid
Code.

St. Francis Xavier's Middle School, George Town - Recognition of Boarding Home.	5,200	5,200

The letter from the D.P.S. at p. 1 cf. and the draft Part II Scheme note below explain the proposal fully.

The proposal does not seem to satisfy any of the criteria laid down for Part II Scheme for 1949-50. Although it may be desirable to accord recognition to the Boarding Home, it does not seem to be imperative and immediately essential for the proper running of the department. This Dept. has suggested in the case that it is necessary to go slow even in respect of essential and desirable schemes in view of the fact that according to the suggestion of the Govt. of India, the budget

for next year has to be balanced without drawing on the reserve.

In the circumstances, finance may advise that the proposal to accord recognition to the Boarding Home in question may be deferred. If, however, S.O.B. with the press, they may be requested to take orders in circulation including H.M. (fin).

This matter came up for discussion in the recent meeting of the Anglo-Indian Education Board. The Government of India are telling us that the present expenditure must be maintained for the next ten years. We are now giving extraordinary facilities by way of increased rates of grants etc. for Anglo-Indian children. While the existing facilities may be maintained as suggested by the Draft Constitution, I do not think we should increase our commitment according to the old rules. This is a new orphanage. It was suggested in the Anglo-Indian Education Board that any application for any new orphanage ~~may~~ be made to the D.P.I. under the usual rules so that they can grant under normal conditions. This application may be asked to be sent in that manner.
