Sir,

In continuation of this Ministry endorsement No.RL-2(1-BMY)/48, dated the 29th June, 1948, I am directed to forward herewith a copy of the Bombay Government letter No.5956/23/21279-H, dated the 15th July, 1948, with enclosure and to state that it appears from letter No.1728-39 dated the 20th March, 1948, of the Inspector General of Civil Hospitals, East Punjab, to the Principal, Grant Medical College, Bombay, that the East Punjab Government propose to confine their Scheme for the grant of loans to students from West Punjab only. As the recovery of loans granted to students will have to be made through the Government/Administration of the area in which the parent/guardian of the student is residing, the Government of India consider that loans to students should be sanctioned by the Government/Administration of that area irrespective of the province in which the student is studying or the part of Pakistan to which he belonged. Students belonging to West Punjab will accordingly be entitled to receive loans from the Provinces in which their parents/guardians are residing. The Government of India will be glad if the Government of East Punjab also will kindly modify their instructions so as to enable the authorities concerned to grant loans to all students whose parents are residing in East Punjab irrespective of the part of Pakistan to which they belong. An early action will be appreciated.

Education - Financial assistance to non-Muslim Refugee students and Trainees from Pakistan.

Reference:-Government Memorandum No.61310-G3/48-1 Education dated 26th August 1948.

From the letter No. RL-2(1-BMY)/48 dated 3.8.1948 of the Government of India it would appear that loans to non-Muslim Refugee students and Trainees should be sanctioned by the Government/Administration of the area where the parents or guardians of the students and Trainees are at present residing. I presume that the students who are reading in the colleges of this Province but whose parents or guardians are residing outside this Province will not be eligible for the loan from this Province and that the loan should be sanctioned by the Government or Administration of the area where the parents or guardians of the students are residing. I therefore request you to let me know whether my presumption is correct and if so whether the loan applications from those students whose parents or guardians are residing in other Provinces may be forwarded to the Director of Public Instruction of the Province concerned. I solicit the favour of very early orders as some loan applications are pending sanction.

Government of Madras

Subject: Grant of Loan to Refugee Medical Students from Sind (Pakistan)

13

Sir,

We, the following Refugee Medical Students from Sind, studing in Madras, most respectfully beg to place the following grievances for your kind and prompt consideration:-

We were admitted in the Medical Colleges of Madras by the Government of India in November 1947 with the assurances that we will be granted loan. Accordingly we applied directly to the Central Government. After one month we were asked to make fresh applications through the Principals of our Colleges. After a couple of months we were informed that our applications have been sent to the Madras Government. The Director of Public Instruction with the Government of Madras was appointed the authority competent to sanction the loan. Shortly afterwards an interim loan of Rs.200/- was granted to each students who had applied for loan. This petty amount was not even sufficient to cover our dues and past debts. The matter dragged on for a further period of five months rendering our financial position from bad to worse. At last the only alternative left to us was to go and knock the doors of authorities and narrate them our pëtiable conditions, so that they may come to our rescue. After being pushed from the D.P.I's Office to Madras Secretariat for many number of times we were definitely promised that the loan will be sanctioned in a few days.

Now, as if to add insult to injury, we are told that the whole scheme has been once again changed, and that the loan will be granted by the respective provincial or state Governments where our parents are settled. This is an impracticable and impossible position on account of the following reasons.

1. In the first place our parents are really settled nowhere. They may shift from one Province or state to the other in search of their livelihood.

2. Besides ~~this~~ this will create any number of technical and other difficulties which can only result in a further delay of 12 months or so - the repetition of the same old story.

3. Since we are to graduate from Madras University it is but natural that we will have better facilities to serve the Madras Government.

4. Accordingly we be considered as the Adult Refugee students settled in this Province.

5. Last but not the least - Looking to a very difficult financial position which threatens the ruination of

P.T.O

--2--

our career - nay our very life; we earnestly appeal that the loan must be sanctioned at once or pending such sanctions an interim loan, covering our dues of the last ten months, be immediately granted.

Thanking in anticipation,

Sir,

I have to state that there are 60 medical students from Punjab and Sindh. Many of them are without any funds. They have been applying for loans for the last year but so far most of them have been unsuccessful. The University of Madras are insisting that all these students should pay examination fees which they cannot afford. Today is the last day for this payment.

I request that the Government of Madras either waive this recovery or make payment for the same and later on recover from the respective Provinces. In any case these medical students should not lose anything for want of this payment.

Sir,

Loans – Non Muslim refugee students from Pakistan.

I am directed to refer to your telegram dated the 13th October 1948 relating to complaints from refugee students of inability to obtain loans for their studies, and to state as follows:–

p.27 y

The complaints referred to are presumably from refugee students who have sent in their applications for loans but whose parents or guardians reside elsewhere than in Madras Province. In view of the instructions of the G.of I. contained in the letter of the Ministry of Relief and Rehabilitation No. RL-2 (1-BMY) – 48 dated the 3rd Aug. 1948, loans

p. 3 y
~~Linked~~ file

loans have to be sanctioned to these students by the Govt. of the area in which their parents or guardians reside. The Director of Public Instruction could not immediately sanction the loans in these cases, in the face of the instructions adverted to, but made a reference to Govt. for further instructions on the applications so far received by him from such students. In view of the need for urgent assistance in these cases ~~[illegible]~~ the Govt. have approved the Director's suggestion that applications already received may be sanctioned as a special case, ~~by the Govt.~~ The procedure indicated in the G. of I's letter No. RL-2(1)-48 dated the 3rd Aug. 1948 will be followed in respect of future applications.

p 15 ante

p 3 ante

The complaints were apparently ~~based upon the~~ little delay which was inevitable, in coming to a decision in this matter. Now that this Govt. ~~have~~ already issued final instructions to the Director of Public Instruction to sanction loans in the cases referred to no further action is necessary in the matter.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

REFUGEE MEDICAL STUDENTS

Sir,—It is now nearly a year since we came down to Madras. The Central Government (Director-General, Health Services, India) was kind enough to arrange our admission with assurances to grant loans to those of us who needed it. After a lapse of full five months, our applications were referred back to the Madras Government which was now made responsible to sanction the loan. After submission of various certificates and exhaustive scrutiny for a further period of four months, we are now told that the Government have taken another big 'somersault.' Accordingly our applications are to be referred back to the respective Provincial or State Governments, where our parents have settled. The guardians of most of us are in States, which have either no loan-schemes or no definite ones. Further this will only entail a delay of one more year—the repetition of the same old story—which can result in nothing but the ruin of our career. We, therefore, earnestly appeal to the authorities here to sanction a loan as early as possible. The fees and mess dues are piling up to the tune of Rs. 500—600 per student. Nothing but an immediate loan will save the ruination of our career—the medical career so indispensable for Mother India.

I

REFUGEE MEDICAL STUDENTS

Sir,—It is now nearly a year since we came down to Madras. The Central Government (Director-General, Health Services, India) was kind enough to arrange our admission with assurances to grant loans to those of us who needed it. After a lapse of full five months, our applications were referred back to the Madras Government which was now made responsible to sanction the loan. After submission of various certificates and exhaustive scrutiny for a further period of four months, we are now told that the Government have taken another big 'somersault.' Accordingly our applications are to be referred back to the respective Provincial or State Governments, where our parents have settled. The guardians of most of us are in States, which have either no loan-schemes or no definite ones. Further this will only entail a delay of one more year—the repetition of the same old story —which can result in nothing but the ruin of our career. We, therefore, earnestly appeal to the authorities here to sanction a loan as early as possible. The fees and mess dues are piling up to the tune of Rs. 500—600 per student. Nothing but an immediate loan will save the ruination of our career—the medical career so indispensable for Mother India.

Whose parents or guardians reside in other Provinces or States ~~leaving~~ their sons or wards in Madras. In these cases the Govt. of India's orders still have that loans should be sanctioned by the Govts. of the Provinces or States where the parents or guardians reside. As applications have already been received for loans from some of such students and as the students were reported to be in urgent need of money for fees etc, the Govt. have as a special case, authorized the DPI to sanction loans in the case of students who have already applied & to follow the G. of I's instructions, in the case of future applicants. The G. of I. have been informed of this. In view of these orders & the action ~~app~~ taken in the matter, it does not appear that any Press Note is necessary, especially as there was no general agitation as such, in the matter. | A

~~(66745-3/48)~~

Sir,

I am directed to refer to this Ministry letter No. RL-2(1)/48, dated the 3rd August, 1948, and to state that some Provincial Governments are feeling difficulty in granting loans to students in those cases in which the student is studying in a Province other than that in which his parent/guardian is residing. The Government of India have, therefore, on further consideration, decided that loans should be sanctioned to the parents/guardians instead of the students as at present, and continued on production by parents/guardians of satisfactory report on the work of the students, from the head of the institutions, in which the students are studying. The loans have to be ultimately recovered from the parents/guardians, and there should, therefore, be no difficulty in adopting the above procedure. Loan applications will be submitted by the parents or guardians on behalf of the students through the head of the institutions concerned. The students will also sign the undertaking along with their parents/guardians for the repayments of the loans.

2/. As observed in my letter No.75258-G3-48-1 Edn. dated the 16th Octr.1948, the Govt.of Madras, as a special case, in view of the urgent need for assistance to certain refugee students, who were in Madras and desired to prosecute their studies here, but whose parents or guardians resided in other Provinces or States, permitted the D.P.I. to sanction loans to them for their studies, in this Province. This procedure was adopted in these cases, as there would have been considerable delay and consequently inconvenience to the students in question, if the applications for loans from those students had been forwarded to the Provincial Govts or States in whose areas the parents and guardians resided, for action in the normal course in accordance with the procedure laid down in your Ministry's letter No.RL.2-(1)/48 dated the 3rd Aug. 1948. A statement of the names of the students to whom loans have been so sanctioned, and of the amounts disbursed to them, is enclosed for information.

Ref: Govt. Memo No.67453 G3/48-4 Edn , dated 13-10-1948.

With reference to the orders passed in the Government Memo referred to above I sanctioned loans to non-muslim refugee students reading in the Colleges of this Province but whose parents have settled down in other provinces. Copies of the sanctions have already been submitted to Government. The period for which the loan was sanctioned in each case covers one year only. In some cases the period of one year has already expired on 31-12-48. The Principal, Stanley Medical College has sought the advice of this office as to whom the students should apply for sanction of further loans. I therefore request you to let me know whether I can sanction further loans or I should obtain and submit the applications to you for transmission to the head of the Provincial Government where the parents or guardians of the applicants have settled down.

2. As an early decision has to be arrived at in regard to this question, I request the favour of early orders of Government.

I am directed to refer to this Ministry's letter No. RL-2(1-J)/48, dated the 28th December, 1948, in which it is stated that loans to refugee students should be granted by the Province where the parent or guardian of the student concerned is residing. A departure from this practice may be made in the case of students studying in specialised institutions, e.g. Medical and Engineering Colleges. In such cases, the Government of the Province in which the specialised institution is situated should take direct responsibility for assisting the small number of students involved.

Subject:- Financial assistance to refugee students studying in specialised institutions outside the Province where their parents are residing.

....

I am directed to refer to this Ministry's letter No.RL-2 (1-J)/48, dated the 28th December, 1948 in which it is stated that loans to refugee students should be granted by the Province where the parent or guardian of the student concerned is residing. A departure from this practise may be made in the case of students studying in specialised institutions, e.g., Medical and Engineering Colleges. In such cases, the Government of the Province in which the specialised institution is situated should take direct responsibility for assisting the small number of students involved.

In the memo. on p.11 c.f, the D.P.I. has been ~~xxx~~ informed that applications for loans from the students whose parents or guardians are residing in other Provinces should be forwarded to the Provincial Governments of the Provinces concerned. He has also been requested to submit to this deptt. all such applications for necessary action. In the letter on p.13 c.f., the Director points out that if all such applications are ~~xxx~~ to be sent again to other Provinces, there may be further delay and that considerable hardship will be caused to the students. He therefore suggests that he may be empowered to sanction ~~the~~ loans to those students whose applications have already been received by him during the current year. He also says that the Govt.Solicitor who was consulted, is of the opinion that legally there will be no difficulty in sanctioning the loans to the students as suggested by him (the Director) and that the question of recovery of loans can be made through the Govt.of the area in which the parent or guardian is residing. The D.P.I.'s suggestion seems acceptable. He may be asked to send a list of cases sanctioned by him. On receipt of this list, the Govt.of India may be informed of the position and ~~get~~ their ratification may be obtained. They may also be told that the procedure indicated on p.3 c.f. will be followed in respect of future applications. A draft memo. is ~~submitted for orders~~ put up for approval.
