REF:- My letter Roc.No.470J/48 dated 4-2-1949.

I have the honour to invite your kind attention to resolution No.6 of the minutes of proceedings of the Publicity Committee held on 29-1-1949 at the Office of the Director of Public Instruction, Madras, submitted with my letter quoted above discussing about the need for a statement on Basic Education. At the meeting held on 5th March 1949, in pursuance of the resolution adopted at the last meeting, the following resolution was adopted, viz.:-

"The necessity for a pamphlet on Basic Education in English and in Regional Languages was stressed. It was considered desirable to have it in the form of a pamphlet distinct from a Guide Book, giving all the information which might be useful to teachers and the public alike. The Deputy Director (Elementary Education) was requested to prepare the pamphlet on Basic Education in consultation with the Basic Education Officer. The pamphlet may contain 20 pages of matter and the equivalent of about 4 or 5 pages of illustrations. It may contain statistical information, syllabus and Bibliography. It may give information about what is being done under Basic Education in other provinces (including their budgets for Basic Education)".

2. In view of the above resolution, I request the sanction of Government for the printing and publication of the pamphlet on Basic Education on the lines suggested. The Superintendent, Government Press is being addressed regarding the cost.

3. It was also resolved at the meeting that the pamphlet may be got ready by the 20th April 1949 so that it may have wide publicity by the time the Basic Educational Conference comes off in May. I therefore request early orders on the matter.

Sir,

Ref: G.O. No. 1302 Edn., dated 28th April 1949.

In their Order No. 1302 Education dated 28-4-49, Govern-
ment permitted the printing of 3,000 copies of the pamphlet
on Basic Education in the Madras Province. As the pamphlets
were required urgently in connection with the All-India Basic
Education conference, Perianaickenpalayam, the Superintendent,
Government Press was consulted as to whether it would be possi-
ble for him to print and supply the copies by the 5th May at
the latest. Since it was reported that it was not possible
for the Government Press to comply with my request at such a
short notice, I had to, with the oral permission of the Superin-
tendent, Government Press, place the order with a private firm
(Messrs. Sakthi Press, Royapettah, Madras). The order was
executed promptly and the copies were delivered to me in time.
Since the cost of printing at the private press is to be met
by the Superintendent, Government Press, I request that Govern-
ment may be pleased to order that the charges in connection
with the printing of the pamphlets on Basic Education may be
paid by the Superintendent, Government Press from his office
allotment under "56 - Stationery and Printing."

I request the favour of early orders.

Sir,

SUB:- Education, Secondary-Reorganisation-
Printing and publication of a pamphlet
on Basic Education and payment of
remuneration to the author

I have the honour to state that at a meeting of the Publicity Committee held on 29-1-1949 at the Office of the Director of Public Instruction, Madras, the need for furnishing full information to teachers and the public on Basic Education was stressed. At the next meeting of the same committee held on 5-3-1949 a resolution was adopted in pursuance of this need was adopted in which the desirability of publishing a pamphlet, distinct from a Guide Book, on Basic Education giving all the information which might be useful to the teachers and the public, was expressed. The Deputy Director (Ele. Edn.) in consultation with the Basic Education Officer was requested to prepare the pamphlet containing about 20 pages of matter and the equivalent of about 4 or 5 pages of illustrations. Government sanctioned the publication of this pamphlet in G.O. Ms. No. 1302, Education, dated 28-4-49. The pamphlet on Basic Education giving all the information useful to teachers and the public and explaining the principles so that the public can have correct notions about Basic Education took some time for being prepared. But in view of the All India Basic Educational Conference at Perianaickenpalayam in May, the Basic Education Officer prepared a pamphlet called "Basic Education in Madras Province (1938-49)", printed 3000 copies and made them available at the All India Basic Educational Conference on 7-5-49. It gives the history and progress of Basic Education in the Madras Province, statistical information and bibliography. It has more of factual information, than an exposition of the scheme and it was meant for workers in the field.

Thus the need for a pamphlet on Basic Education of the type contemplated in the resolution of the meeting of the Publicity Committee on 5-3-49 continued to exist. It was purely for this reason that the Publicity Committee held on 9-4-49 resolved that a second pamphlet explaining the principles so as to be intelligible to the public may be got prepared as it was still necessary to help the general public and the non-basic trained teachers to understand the principles involved and to dispel all the wrong notions about Basic Education. Several articles appear now and then in the papers about Basic Education containing wrong notions about it. The article called "A nebulous scheme" which appeared in the "Mail" dated 27-7-49 is one of such. Pen pictures of Basic schools at work showing the activities were also to be included in the pamphlet. Sri T.P. Santanakrishna Naidu, Deputy Director of Public Instruction (Ele. Edn.) prepared notes on the lines on which the pamphlet was to be written. It also required an able educationalist with enough time for writing and one having wide knowledge of Basic Education in the whole of India to write the pamphlet in full. Hence the committee requested Miss M. Sykes of the Women's Christian College to prepare this pamphlet with the notes prepared by Sri T.P. Santanakrishna Naidu. In anticipation of Government orders
