No. BC 17 F/49 dated 23-3-1949.

Sir,

Sub:-- Medical Inspection--Sri Brihadambal High School,
Pudukottai and H.H. Raja's college, Pudukottai--
Conduct of.

I have the honour to state that the medical inspection of the students of the Rajah's College, and Sri Brihadambal High school, Pudukottai was according to the old practice, conducted by the Medical officer, Pudukottai with the assistance of the Physical Director of the College and the Physical Instructor of school respectively, who also keep the medical inspection records. The Principal of the College applied to the Durbar for the grant of remuneration to the Physical Director that used to be given and the same was sanctioned. It is reported, however, that the payment has not been made by the Treasury Officer on the ground that the payment should be authorised by me consequent on the merger of the state. The Special Officer, Pudukottai states that out of the medical inspection fees collected from the students an amount equal to one half of the balance left over after paying the remuneration due to the Medical Officer used to be given to the Physical Instructor for the work done by him. This practice of paying remuneration to the Physical Director of the college and to the Physical Instructor of the school seems to be a special feature obtaining in the that state but it is not in vogue in the institutions of this Province. It has not been made clear how the Physical Director and the Instructor assist in the Medical Inspection to an extent that warrants the payment of a special remuneration.

The Special Officer, now recommends that the remuneration due to the Physical Instructor may be sanctioned immediately in accordance with the old practice before the merger of the state. Now, it was the practice of the state to meet the entire expenditure from out of the medical inspection fee collections and ~~in amending~~ that in conformity with the practice in other Government Colleges the entire medical inspection fee collection should be credited to Government as revenue and any remuneration paid to the Medical Officer should be from out of the allotment for the expenditure of the college.

If Government desire that the old conditions and practices should prevail as far as possible in Pudukottai State, I request you to kindly inform me:

1) Whether the Medical Inspection in Sri Brihadambal High School should be continued or discontinued. In the latter case orders will have to be issued not to collect medical inspection fees from pupils from the beginning of the next academic year. In this connection, I may state that there is no medical inspection in Government schools in this province.

2) Whether the old practice of paying remuneration at the old rate to the Physical Instructor in the case of the school and the Physical Director in respect of the college may be continued this year as a special case, if the ~~Government~~ Government are not willing to consider its permanent continuance in which case the remuneration has to be authorised just as the remuneration to the doctors, meeting it from the allotment for the college and the school respectively.

-2-

I request the favour of very early orders in the matter.
Yours faithfully,

M. S. Srinivasan

for DIRECTOR OF PUBLIC INSTRUCTION.

Schools and Colleges - Sri Brihadambal High School and the Rajah's College Pudukottai - Medical Inspection of the Students

From the D.P.G. Re. No. 17F/49 d/23.3.49.

Prior to the merger of the Pudukottai State, the annual medical inspection of the students of the Brihadambal High School and the Rajah's College Pudukottai was conducted by the Medical Officer with the help of the Physical Instructor of the High School and the Physical Director of the college respectively.

The remuneration of the officers for the additional work was met out of the medical inspection fees collected from the students of the two institutions. In the current year however the D.P.G. has ordered that the medical inspection fees collected should be remitted into the Treasury as revenue. The D.P.G. therefore, requests whether the remuneration to the Physical Director and the Instructor may be paid from the general provision to the college and the High School in the Estimates of expenditure for the current year. The D.P.G. solicits orders also whether the medical inspection of the students of the Brihadambal High School should be continued as there is no medical inspection of students in the Government Secondary Schools in the Province.

2) In the circumstances stated, the D.P.G. may be permitted to sanction the payment of a remuneration to the Physical Director and of the college and the Physical Instructor of the High School as a special case for the additional work turned out by them in connection with the medical inspection in the year 1948-9. As there is no medical inspection in any of the

Govt. secondary schools, it is for orders whether the S.P.G may be asked to discontinue the medical inspection of the students of the Brihadambal High School, Pudukkottai. The file may be sent to Finance U.O for specifying the head to which the remuneration to the Physical Director and Instructor should be debited.
