Enclosures : No. RC 502 B1/49 dated 29--3--- 1949.

Sir,

Sub:-- Citizenship Training course--Special Training Course for Citizenship Instructors--Coonoor Centre--Conduct of.

During the current year 1948-49 Citizenship Training courses were conducted by the Special Officer for Citizenship Training in person, and nine Training courses were held during the period. By way of building up a standard of uniformity in the matter of Citizenship instruction it was necessary that in the early stages one and the same person should be in charge of the training of teachers, in this new aspect of school activity. But in view of the progress made during the year, such Training courses can hereafter be conducted by Selected teachers who are to be specially trained and made to do the work under the general supervision and guidance of the Special Officer for Citizenship Training. I propose therefore to conduct a Special Training Course for Citizenship Instructors at Coonoor, during the latter half of May 1949. About forty teachers (20 men and 20 women) will be given Special intensive Training for a period of 10 days. The selection of teachers for this course will be made from among those who have already had training under the Citizenship Special Officer in the training courses conducted by him, and also from among those otherwise competent. The teachers selected for this special Training Course for Citizenship Instructors will have to be given every facility, and as this Training course is to be held in a hill station like Coonoor, the trainees may be paid a sum of Rupees 5 per day per head towards their food expenses. This would amount to Rs. 50/- per head for the entire course. This amount is recommended in addition to the Travelling Allowance as per Govt. Memo. No. 70183-B2/48-2 Edn. dated 19-11-1948. The expenditure involved (Other than T.A.) would be

i. Food for 40 trainees for the whole period.	2,000
ii. For Special Instructors food and T.A.	300
iii. For contingencies.	200
Total.	2500

This amount will be met out of the allotment in the Budget for Citizenship Training Courses. I recommend that this scheme to organise a Special Course for the Citizenship Instructors at Coonoor for ten days be approved and orders passed as soon as possible.

2. With the 40 teachers trained in the above manner the Training courses for 1949-50 will be conducted in different centres in the Province on the same lines as the Courses held during the present year. 120 teachers will be selected for each of the courses and the instruction and Training will be given by the Citizenship Special Officer assisted by the specially trained Instructors coming out of the proposed Training camp at Coonoor. Where it is considered feasible such Instructors will be placed in full charge, but they will be

under the guidance and supervision of the Citizenship Special Officer. Such a course it is expected will enable Citizenship Training Courses to be conducted almost simultaneously in different parts of the Province, so that full advantage can, when possible, be taken of continuous holidays, which it was not possible to do when one and the same Officer had to be in charge of each of the courses. The Citizenship Special Officer will, even in these proposed courses, be responsible for the quality of training and it is expected he will spend two or three days out of the ten at each Training course so as to ensure a uniform standard of efficiency.

The allotment made in the Budget will be utilised to the full, and as the number of teachers that it may be possible to train within the allotment is not sufficient, it may be necessary for me later on to ask for supplementary sanction.

I request that the Government be pleased to accord sanction for conducting the Training course as proposed in paragraph 1.

Yours faithfully,
