2. In regard to the assignment of land by the Urkad Rani Saheb
for the construction of the building for the High School, it is sub-
mitted that the Tahsildar has valued the site selected for the --
school, consisting of wet lands belonging to the Zamindars of Seitur
for Rs.39,680/- at Rs.4000/- per acre. In view of the high cost of
the wet lands, the Tahsildar however suggested the desirability of
selecting a site in some dry lands. The site subsequently proposed
for acquisition in dry lands did not belong to the Zaminder and the
proposal for the adjustment of non-recurring contribution of Rs.12000/-
towards the cost of land to be assigned for the school had to be --
dropped and the Inspectress was requested to explain the position
to the Zaminder and request him to make it convenient to pay the
amount of contribution in cash. The report of the Inspectress is
awaited.

Yours faithfully,

Wickham

2. In G.O. 689 E.D. dated 3.5.44, the Government sanctioned the opening of a middle school for girls at Ambasamudram from the school year 1944-45. Later it was converted into a high school. The Govt. also authorised approval of the proposal of the D.P.O. that the school might be styled as "Turhad Rani Sahib Government Secondary School for girls, Ambasamudram". The Director was authorised to accept the donation of Rs. 12000/- promised

by the Rani Sahiba of Urlead for the construction of buildings for the school and also her contribution of Rs. 200/- a year towards the recurring charges which was to be raised to Rs 500/- a year when the school was converted into a high school.

3. Even though the school was opened in 1944-45, the Rani Sahib of Urlead did not remit the above non-recurring contribution of Rs 12000/- in spite of repeated requests. In 1947, the Director therefore proposed that a site measuring about 5 or 6 acres belonging to the Urlead Estate might be assigned to Govt. for the construction of buildings for the school and that the ~~value~~ cost of the site as valued by the Revenue Department might be adjusted towards the non-recurring contribution subject to the condition that in case the value of the site exceeded the amount of donation, the excess amount would not be paid by Government. The proposal was approved in G.O. no. 339 E dt. 24.2.47.
