Advanced studies overseas 1947-48.

**

4. Govt. servants: The D.P.I. is requested to examine the need for sending any officers of the Education Department for deputation for advanced studies in 1947-48 and submit his proposals separately.

II.

Govt.Memo.No.55453-C2/46-1o-Edn., dated 4-12-46.

Overseas scholarships - 1947-48.

The D.P.I. is informed that the Govt. of India have allotted only a total of 35 scholarships to this Provce. and out of this, 9 scholarships have been set apart for the Edn. Dept. It is considered necy. to send one candidate for Nursery Edn., Physical Edn., Teacher's Training and Radio Communications. The Dir. is requested to send a ~~xxxx~~ revised list of subjects for the nine scholarships. He is also requested to indicate the qualfns. that shd. be reqd. of the candidates for Radio Commns. and Nursery Edn.

The matter should be treated as special & urgent as advt. for the scholarships has to be put out at the earliest possible moment.

Director of Public Instruction,
Madras, Dated 19-12-1946.

Subject:- Advanced Studies Overseas - Deputation of Government Servants - 1947-48.

Ref:- Government Memorandum No.55453 C2/46-16 Edn., dated 4-12-1946.

I inplange

With reference to paragraph 4 of the Government Memorandum No.55453 C2/46-2, dated 2-10-1946 I have the honour to state as follows:--

As regards deputation of Government servants during 1947-48 for advanced studies in Engineering subjects I recommend that the Government may be pleased to select the following Officers for the subjects noted against each:--

Name	Subject
1. Sri P.V.B. Bhooshana Rao, B.E.(Mech) Permanent Shift Operator and Officiating Laboratory Assistant, now officiating as Senior Work-shop Instructor in the M.E.S., College of Engineering, Cocanada, under emergency provisions.	Mechanical Engineering (Power Plant Engineering
2. Sri S.L. Balasubramanian, B.E.(Mech) Permanent Laboratory Assistant Officiating as Senior Workshop Instructor, College of Engineering, Guindy, under emergency provisions.	Mechanical Engineering (Automobile Engineering)
3. Sri P. Bhairavamurti, B.E. (Civil) Officiating Laboratory Assistant Now Officiating as Instructor in Surveying & Drawing in the M.E.S, under emergency provisions.	Civil Engineering (High Way Engineering or Irrigation and Dam Design)

C/1-2 to 5-6

In this connection I may state that of the above three Officers, Sri P.V.B. Bhooshana Rao and Sri S.L. Balasubramanian have put in several years of service in the College of Engineering and have gained considerable teaching experience. As regards Sri P. Bhairavamurti, while he is a regular member of the Educational Subordinate Service, he is also the first candidate belonging to the Scheduled castes to obtain the B.E. degree in the Province and perhaps in the whole of India. In this connection I invite the attention of Government to my letter R.C.No.44 C-1/46-19, dated 10-10-1946 and to the Government Memorandum thereon No.14588 A.54, dated 13-11-1946. If these three Officers are deputed overseas for advanced studies we shall not have the anomaly of their students being deputed or sent as 'private scholars' and brought in over the heads of these officers later as Instructors.

p.t.o.

3. As regards deputation of Government servants for advanced studies in Arts and Science subjects, I invite the attention of Government to my letter R.C.No.44 C/46, dated 3-10-1946 and especially to para 7 thereof. I have already stressed the need for the training abroad of 20 Officers each year (10 to be deputed by Government and 10 to be permitted by Government to proceed overseas on study leave) if this department were to maintain a standard and status at least 4 years hence. It is, therefore, absolutely necessary for the Government to make necessary provisions in this respect. The Government of India have allotted only 9 scholarships for this department during 1947-48. The rest of our requirements, I believe, have to be met by the local Government itself. I have, therefore, the honour to request you to let me know urgently as to how many Government servants have to be selected for deputation overseas during 1947-48, so that I can take steps to invite applications from the Departmental Officers and make necessary recommendations to Government regarding selection. Only after the Government indicate the total number of Government servants that have to be selected, it will be possible to arrange the subjects in the order of preference.

4. I solicit the favour of early orders.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instruction

Advanced Studies Overseas--Deputation of Officers of the Education Department--1947--1948.
Reference:-Government Memorandum No. 79785 A2 dated 26.2.47.

I have the honour to state that the total cost that will have to be incurred if 11 officers of the Education Department were to be selected for deputation for advanced studies overseas, during 1947-48, may be roughly estimated at Rs. 1,65,000/- as shown below:-

The total approximate expenditure which the Government are likely to incur on the training of a stipendiary student has been taken as Rs. 14,900/-

The total approximate expenditure which the Government are likely to incur on the training of a Government servant overseas, may be taken as Rs. 15,000/- per hea

For 11 Government servants .. Rs. 11 x 15,000 = Rs. 1,65,000/-.

I have the honour to be,
Sir,
Your most obedient servant,

For Director of Public Instruction.

Edn. and P.H. Dept. (A)

NOTE FOR THE STANDING FINANCE COMMITTEE OF THE CABINET

--

/Deputation on study leave terms of Govt. servants of the Edn. Dept. for studies overseas during 1947-8/

--

With a view to increasing the supply of trained personnel who are likely to be required in connection with the various plans of development in the country, the Govt. of India, Edn. Dept., initiated in 1945-46 a scheme of scholarships for sending abroad candidates for advanced courses of studies. Since that year, that Govt. have been allotting to this Province certain numbers of scholarships, and the Provincial Govt. have been sponsoring private candidates against those scholarships. The cost of training of these stipendiary students is shared equally between the Centre and the Province.

2. Besides the stipendiaries, the Govt. have also, for the same purpose, been deputing Govt. servants in the *Edn. Dept. also depute to foreign countries, from various departments for study abroad. Under the on study leave terms, certain departmental officers for studies, with reference to the future requirements of the teaching staff of the colleges. The period of study in each case is expected normally to be two years. The cost of training of these Govt. servants is entirely borne by the Provl. Govt. Seven officers have so far been deputed for studies in the ~~following~~ mentioned below subjects:

1945-46 group:

(1)	Elec. Machinery and Design	U.S.A.
(2) & (3)	Hydraulic & Municipal Engg. – 2 candidates	– ,,

1946-47 group:

(4)	Pure Math.	U.K.
(5)	History and Politics	,,
(6)	Botany	,,
(7)	Engg. Math.	,,

Five more officers who have been selected for the following subjects are awaiting either admissions to institutions overseas or passage arrangements:

* Other depts. are also sending abroad their officers for higher studies, with a view to meeting their demands

* as mentioned in Education department has been deputing to foreign countries,

1946-7 group:

Automobile Engg.

1947-8 group:

Zoology
Engg. Chemistry
Engg. Physics
Geodesy

3. For 1947-8, the D.P.I. has proposed that one officer may be deputed for study in each of the following subjects connected with Engg:-

1. Power Plant Engg.
2. Automobile Engg.
3. Highway Engg., or Irrigation & Dam Design.

This proposal has been recommended by this Dept. and has been accepted by Finance and also in circulation by H.M. (Edn.) and by H.M.(I.L) on behalf of H.P.M.

The Director has also requested that the Government may fix the number of officers whom they would be prepared to send for studies in Arts and Science subjects during the year. Some time before, he had put forward the view that, if the Edn. Dept. were to maintain a high standard, it was imperative, for a few years to come, to arrange for the trg. abroad of about 20 persons each year. Having due regard to this view and deducting the no. of scholarships allotted to the Provl. Edn. Dept. under the Govt. of India scheme of scholarships, viz. 8, and also the no. of candidates, 3, proposed to be deputed for studies in Engg. subjects, this Dept. has suggested that eight candidates may be deputed in 1947-8 for Arts and Science subjects. This proposal too has been accepted by the Fin. Dept. and also in circulation by the Hon. Ministers mentioned above. The exact courses of studies will be decided after the no. of persons to be sent is settled.

The total cost (or a/c of the scheme) that will have to be incurred is roughly estimated at Rs. 1,65,000 (non-recurring) (Rs. 15,000 per head for 11 officers).

4. Only after the scheme is approved, applns. for deputation can be called for from officers and selections made thereafter. The Central Govt. will have to be informed of the particulars of the officers selected, to enable them to secure admissions abroad for them. Delay in the matter may mean the postponement of prospects of the persons getting admissions. The scheme is therefore urgent, and it is requested that the Standing Finance Committee will kindly permit orders being issued without reference to the Cabinet.

Scholarships for advanced studies Overseas--1947-48.

--

The undersigned is directed to invite a reference to para 10 of this department circular No.F. 5-15/46-O.DIV dated the 25th October 1946 and to request that while forwarding the applications with all the necessary documents in respect of permanent Provincial Government servants selected in 1947-48, their study leave terms should be indicated. While doing so the exact amount of stipend, to be paid to them while abroad and all other emoluments and concessions admissible to them and which are to be borne entirely by the Provincial Governments may be furnished to this Department.

(True copy)

K. Krishnaswamy.
Superintendent
TNB
18.3.47

in para 1 above:- A copy of the Govt. of India's ~~memo~~ may be sent to Devt. for necessary action. That Dept. will no doubt base their recommendations on the recent proposal to adopt study leave terms for officers deputed by this Govt.

3. For the 1947-48 scholarships, both Madras and Cental Govt. servants have been permitted to apply. The Selection Committee will therefore consider the applications of these Govt. servants along with the applications of private candidates for the 35 scholarships alletted to this province and which have been advertised by this Govt. The selection Committee recommends 2 to 3 names arranged in the order of preference against each of the 35 scholarships. Madras Govt. servants recommended by the Committee for these scholarships will be selected by this Govt. only if their names are the first in the order of preference. Since the entire cost on account of these officers is to be borne by this Govt. if they are eligible for study leave, the Govt. of India have intimated that the names of the officers with relevant documents required for securing admission for them abroad need only be sent to them. It will suffice if details about study leave terms and the names of the Madras Govt. servants are intimated to the Govt. of India after a selection is made by this Govt. on the recommendations of the Selection Committee.

Special

Edn. and P.H. Dept.

MEMO No. 8785-A-4, Dt. 5.5.47

Sending of Edn. Dept. officers in 1947-8 for studies overseas.

Ref: From the D.P.I. No. 11786 C1/46-2 dated 19--12--1946.

The Govt. have selected the following officers of the Edn. Dept. for advanced studies overseas in subjects related to Engg. mentioned against each:-

Name	Subject:
1. Sri P.V. B. Bhooshana Rao, Shift Operator, College of Egg. Guindy	Mechanical Engg. (Power Plant Engg.)
2. Sri S.L. Balasubramanian, Laby. Asst. College of Engg., Guindy	Mech. Engg.(Automobile Engg.)
3. Sri P. Bhairavamurti, Offg. Laby. Asst., College of Engg., Guindy	Civil Engg. (Highway Engg. or Irrigation and Dam Design)

The D.P.I. is requested to inform these officers of the fact of their selection and ascertain their willingness to be sent overseas on the terms contained in Govt. Memo No. 29968-C2 Edn. dated 8--7--45: the stipend and other allowances to be made available to a private student now are as indicated in paras 5,6 and 8 of the G. of I.'s brochure entitled "Information for students desiring to proceed overseas for advanced studies in 1947-48." If they are willing, the ~~Dri~~ Dir. is requested to arrange for the completion by each of them of the accompanying form of application, in triplicate, ~~and to forward to Govt.~~ obtain from them, in duplicate, ~~the completed forms together with the documents in duplicate~~ to be obtained from the officers and to forward to Govt. the completed forms together with the documents at an early date. mentioned as items ~~(ii)~~, (iii), (vi) & (vii), and (viii) & (ix) of para 8 of the ~~advtt., copy~~ enclosed.

The Director is further requested to send to Govt., in advance, particulars as were required by the G. of I. in the last two years in "form A", in respect of the three subjects. In addition to the three persons mentioned above, the Govt. would be prepared to send overseas in 1947-8 eight officers of the Edn. dept. for studies in Arts and Science. These eight candidates should be got trained in subjects for which

A

ghly trained officers will be reqd. in the next three years
w.r.t. the requirements of teaching staff for the colleges;
he specialities for which it has been decided separately to
end candidates under the G. of I. scheme of scholarships should
lso be taken into account, in this connection. The Dir. is
equested to suggest, at a very early date, for Govt. 's appro-
al, suitable subjects.

GOVERNMENT OF MADRAS.

OVERSEAS SCHOLARSHIPS, 1947-48.

The Government of India have decided to continue in 1947-48 the scheme for sending to other countries a certain number of students at Government expense for advanced courses in subjects directly related to post-war needs. Arrangements for instruction will be made primarily in the United Kingdom and the United States of America, and if possible, in other countries which may offer adequate facilities.

2. Under the scheme, thirty-five scholarships have been allotted to the Provincial Government. The Government propose to award the scholarships to candidates for the courses specified in Appendices I to III. Applications are invited from qualified candidates who are British Indian subjects, belonging to Madras Province.

3. Persons employed either under the Government of Madras or under the Government of India, whether they belong to Madras Province or not, may also apply; but preference will be given to those belonging to Madras Province.

4. Temporary Government servants who are not eligible for study leave, if finally selected for the scholarships, should resign their posts under Government, with effect from the dates on which they are relieved for taking up the scholarships.

5. Applications from persons in Government service should be submitted through the authorities concerned.

6. Women candidates are eligible to apply only for the subjects of study noted against items D of Appendix I and F and G of Appendix II. Men are not eligible to apply for item D of Appendix I.

7. *Qualifications*—(*a*) *Academic.*—Applicants should possess the minimum qualifications specified in the Appendices against each subject.

(*b*) *Age.*—Applicants should not be more than 30 or less than 19 years of age on 1st July 1947. The maximum age-limit for those already in the service of Government or of a recognized University, College or other public body is 40 years.

8. Applications should be in the prescribed form, copies of which can be had from the Secretary to Government, Education and Public Health Department, Fort St. George, Madras, on requisition accompanied by an *addressed* envelope with postal stamps for As. 3-6 *affixed*. The applications should be sent in *triplicate* addressed to the same officer, so as to reach him not later than 8th February 1947. The following documents should also be sent along with the application :—

(i) *A treasury receipt for Rs. 5.*—The amount should be deposited in a Government Treasury or the Reserve Bank of India or any of its branches, to the credit of the Government of Madras, under the head of receipt "XLVI. Miscellaneous"; on no account will this fee be refunded.

Note.—Where the fee is remitted into a treasury outside Madras Province, the words "Madras—Provincial" must be written prominently in red ink on the right hand top corner of the chalan.

(ii) *Certificate of age.*—A certified extract from the Matriculation or the Secondary School-Leaving Certificate or an attested copy of other satisfactory evidence of age.

(iii) *Certificate of physical fitness.*—A certificate of physical fitness with particular reference to the applicant's ability to bear the climate of the country to which he proposes to go; the certificate may be from a Registered Medical Practitioner.

(iv) *Certificate of character.*—The certificate should be obtained from the head of the institution at which the applicant is studying or from a magistrate.

(v) *Testimonials.*—Duly attested copies of two (but not more than two) testimonials from the authorities of the University or other institution where the applicant last studied.

(vi) *Certificates of educational qualifications.*—Duly attested copies of (*a*) a certificate or diploma showing that the candidate has the minimum qualifications prescribed and (*b*) all the documents, degrees, diplomas or certificates in support of the entries made in the application regarding the examinations passed, class, division or rank obtained and research or professional experience, etc.

(vii) *Syllabus for examination passed.*—Copy of the syllabus in the B.A., B.Sc., B.E. or other equivalent or higher examination passed or course pursued by applicant.

(viii) *Record of practical experience.*—Detailed record of practical experience of applicant with particular reference to the subject of study specified by him in the application and also proof of research.

(ix) *Photograph.*—Recently-taken passport-size photograph of applicant.

(x) In the case of an applicant who claims to belong to a Scheduled Caste, a certificate from a Revenue Officer, not lower in rank than a Deputy Collector, that the applicant belongs to a community (to be specified) which is included in the List of Scheduled Castes approved by Government and that such community is regarded as untouchable in the district to which the applicant belongs.

NOTE.—(*a*) Copies of the documents mentioned in items (ii) and (iv) to (ix) should be submitted in *triplicate*. Item (i) should be submitted in original and need not be in triplicate. Items (iii) and (x) should be submitted in original with two duly attested copies.

(*b*) Copies of the documents should be attested by a Gazetted Officer and his official seal affixed.

(*c*) The documents should be arranged in the order noted above. One set should be attached to each of the three forms of the application and securely fastened at the left hand top corner.

9. The selection will be made by the Selection Committee which will be constituted for the purpose. Selected candidates may be required to appear before the Committee for interview at their own expense, on a date which will be notified.

10. No member of the Selection Committee or any officers connected with the Committee must be approached by or on behalf of an applicant. *Any attempt to canvass directly or indirectly will forthwith and without any exception disqualify an applicant.*

11. A copy of the terms and conditions subject to which scholarships will be awarded to selected candidates will be sent to each applicant along with the form of application.

12. Applications which are received after 8th February 1947 or which do not comply with the conditions herein prescribed will not be considered.

13. The result of the selection will be notified in the Press. Unsuccessful candidates will not be informed individually.

15

Appendix I.

For supplying the teaching personnel in the Engineering, Arts and other Professional Colleges.

Subject.	Number of scholarships.	Minimum qualification.
A. Civil Engineering—		
(i) Dam Design	1	A degree in Civil Engineering.
(ii) Surveying	1	Do.
B. Electrical Engineering—Generation, transmission and utilization of electric power.	2	A degree in Electrical Engineering or a certificate of proficiency in Electrical Engineering of the Indian Institute of Science, Bangalore.
C. Mechanical Engineering—Heat and Hydraulics Engineering.	1	A degree in Mechanical Engineering.
D. Nursery Education	1	An Honours degree, preferably with L.T., B.T. or B.Ed. qualification and experience in teaching young children of nursery schools.
E. Physical Education	1	An Honours degree with good record of sportsmanship.
F. Teacher's Training—Educational Psychology ..	1	An Honours degree with L.T., B.T. or B.Ed.
G. Vocational Education—Manual Training subjects with special emphasis on weaving.	1	An Honours degree in Physics with workshop experience.
	9	

Appendix II.

For absorption in Industries (Government and private enterprise).

Subject.	Number of scholarships.	Minimum qualification.
A. Cinematography—Sound Recordist	1	A degree in Physics.
B. Applied Physics (Electronics)	1	Do.
C. Chemical Engineering	1	A degree in Chemistry or Chemical Technology.
D. Educational administration, with specialization in various aspects, e.g., recreation and social activities and juvenile employment.	1	A degree in Arts (Economics or History).
E. Fertilizers—Chemical Plant Maintenance	1	A degree in Chemical Technology or a degree or diploma in Mechanical Engineering.
F. Fisheries	1	A degree in Zoology.
G. Food Technology with special reference to bakery and biscuit making.	1	A degree in Chemistry.
H. Forestry	2	(1) A degree in B.Sc. (Hons.) of a University in Madras Province. Preference will be given to Botany as Main or Subsidiary subject. (2) Must have studied Physics, Chemistry, Botany and Zoology.
J. Geophysics	1	A degree in Physics or Geology.
K. Industrial and Applied Chemistry—		
(i) Industrial and Applied Chemistry	1	A degree in Chemistry.
(ii) Printing and Reproduction	1	A degree in Arts or Science.
(iii) Tanning, Currying and Leather Technology ..	1	A diploma in Leather Technology or a degree in Chemistry.
L. Mercantile Marine Engineering—Engineering side ..	1	A degree in Civil, Mechanical or Electrical Engineering.
M. Meteorology	1	A degree in Physics.
N. Navigational research	1	Do.
P. Textile Technology	1	A degree in Physics or Chemistry or a diploma in Textile Technology.
	17	

Appendix III.

For absorption in the Public Works, Electricity and Highways Departments.

Subject.	Number of scholarships.	Minimum qualification.
A. Civil Engineering—General—		
(i) Sanitary Engineering—Modern sewage treatment and sewage disposal.	1	A degree of the Madras University in Civil Engineering.
(ii) Architecture	1	Government diploma in Architecture or degree in Civil Engineering with special aptitude for the subject.
B. Civil Engineering—Highways—Construction—		
(i) Bridging	1	A degree in Highway Engineering of the Madras University.
(ii) Low Cost Roads	1	Do.
C. Civil Engineering—Irrigation—		
(i) Constructional methods with special reference to irrigation structures.	1	A degree in Civil Engineering of the Madras University with special aptitude for the subject.
(ii) Structures with special reference to irrigation and flood control works and testing of materials.	1	Do.
(iii) Soil Mechanics with its application of design of irrigation works.	1	Do.
D. Electrical Engineering—		
(i) Electric switches and accessories—Manufacture..	1	A degree or certificate in Electrical Engineering of Madras University or other Universities or the Indian Institute of Science, Bangalore.
(ii) Electric Traction	1	Do.

Scholarships for Advanced studies Overseas - Provincial Governments Scheme.

The undersigned is directed to say that some of the Provincial Governments sponsored scholars selected for advanced studies overseas have been observed to communicate direct with the various educational institutions abroad for puposes of their admissions. Such correspondence is ultimately referred by many of these institutions to our Educational authorities abroad, pointing it as to why such sponsored scholars are not advised not to enter into such direct correspondence with them. This correspondence on the part of the scholars leads to a great deal of confusion besides their errors of choosing wrong centres.

2. The Government of India would, in the circumstances, appreciate if the Government of Madras would kindly emphasize as all their scholars who have not secured admission so far, the desirability of their not entering into such correspondence direct with the institutions abroad.

Sub: Scholarships for Advanced studies overseas - 1947-48--Provincial Government scheme.

--

The undersigned is directed to state that the position with regard to admissions to institutions abroad continues to be difficult and is likely to be so during 1947-48. It is, therefore, absolutely necessary that the selections and substitutions in place of scholars who decline ~~sh~~scholarships or in whose case Government of India does not concur in, should be completed as quickly as possible and the final list of names communicated to the authorities abroad.

2. Government of India would therefore suggest that in respect of 1947-48 provincial selections for Overseas Scholarships all substitutions or fresh selections in ~~placex of those~~ in whose case the Central Government does not concur in or of those who decline scholarships may be completed and the names recommended to this Department within a month from the date of this department communicating the Government of India's concurrence of the selections, made by the Provincial Governments.

R.C. No. 11786 C-1/46-8 dated 24th June 1947.

Sir,

SECRETARY TO GOVERNMENT
27 JUN 1947
EDUCATION AND PUBLIC HEALTH DEPT.

SUB: Deputation of Government servants for advanced studies overseas 1947-48 - Applications from certain selected candidates - Submitting.

Ref: Government E & P.H. Memorandum No.78785 A.4, dated 5.5.1947.

.....

With reference to the Government Memorandum cited above, the 3 Officers selected by Government for advanced studies overseas in the Subjects relating to Engineering (Viz., Sri S.L. Balasubramanian, Sri P.V.B. Bhooshana Rao and P. Bhyravamurti) were informed of the terms offerd by Government and they were requested to complete and submit the Form of Application together with the cnlosures, if they were willing to be sent abroad on the terms specified. The applications, in triplicate, together with the documents required (in duplicate) received from each of the 3 Officers are submitted herewith. A copy of the syllabus (in duplicate) has not been received from Sri P. Bhyravamurti and he has been requested to submit the same urgently.

2. The particulars required in "FORM A" are herewith submitted. In this connection I enclose an extract from the letter R.C. No.2-45A/47, dated 2nd June 1947 from Dr. J.J. Rudra, Principal, College of Engineering, Guindy. As suggested by Dr. Rudra the name of the subject for which Sri S.L. Balasubramanian is selcted may be changed from "Automobile Engineering" into "Automotive Engineering", and that Sri P. Bhyravamurti may be selected for advanced studies in "Civil Engineering - Irrigation and Dam Design".

3. A reply to paragraph 2 of the Government Memorandum cited above will be submitted separately.

For Director of Public Instruction.

P.R.25/6.

The Director of Public Instruction,
Madras 6.

Sir,

Sub:- Deputation of Government servants for advanced studies - Overseas - 47-48.

Ref:- Your R.C. No.11786 C-1/46-5, dated 11.5.47.

The B.E. degree course in General Mechanical Engineering contains the subject of Automobile Engineering. Three of the four colleges which have this course will therefore require a member of staff with a special knowledge of Automobile Engineering. There is therefore need for deputing more than one person for Automobile Engineering and the assignment of the subject Automobile Engineering to Mr. S.L.Balasubramaniam may stand. I, however, suggest that the name may be changed from Automobile Engineering to Automotive Engineering as the latter is a more comprehensive name and has been adopted after careful consideration by the special Committee of the University of Madras that had been appointed to draw up syllabus for the course in Automotive Engineering proposed at the Arthur Hope College of Technology, Coimbatore.

2. I may mention that a candidate sent for Automotive Engineering would study Fuel Technology and Internal Combustion Engines and would be in a position to handle the subject of Heat Engines in the B.E. course in General Mechanical Engineering.

3. I have received a telegram from Mr. P. Bhairavamurthy informing me that he would like to take Irrigation and Dam Design instead of High-way Engineering and I recommend that his choice may be accepted as we do require lot more men for this subject than for high-way engineering. I may mention that the scope of this subject, Irrigation and Dam Design is same as that of the subject Hydraulic Engineering for which some candidates have already been sent.

4. I may also mention that the subject, Power Plant Engineering is covered by the subject Heat and Hydraulic Engineering for which candidates have already been sent.

5. I would like to take this opportunity to request you to lay down a definite policy with regard to all the candidates that are being sent abroad for advanced training. I suggest that every candidate should do post graduate study and research for two years. While at the institution he should not only concern himself with postgraduate study and research in his particular subject but should study the organisation of laboratories and courses of that institution and make a study of the objectives of the institution and outlook of the students and staff. This is because these candidates who have been sent abroad are not only required to get advanced knowledge of the particular subject but will also have to make contribution in improving the atmosphere and organisation of the institution which they would have to serve on their return.

6. During their stay at the institution they must utilise the long vacations for practical training and short vacations for visits to works and research laboratories. This will give every candidate at least six months practical training. If the exigencies of service permit the stay of a candidate for a longer period that should be devoted to practical training. However, in view of the shortage of staff, it is very doubtful if the period longer than this would be permissible. It is therefore, doubly necessary that our candidates must utilise all their long vacations for practical training and utilise short holidays in visits to works and research laboratories during the period of their attachments to an institution.

7. If facilities for research are not available, as is likely in Institutions in U.K. the stay of one year in an Institution would be sufficient for Post-graduate study.

8. For all the subjects, Automotive Engineering, Power Plant Engineering and Irrigation and Dam Design, U.S.A. is the most suitable country not only from consideration of post graduate study and research but also practical training. We must therefore try our best to place all these candidates in institutions in U.S.A. However, great difficulty has been experienced in placing students in U.S.A. and if it is not possible to place these candidates in U.S.A., they shall have to be joined places in U.K.

9. I do not think that there is any institution in England for irrigation and dam design and the candidate for this subject will have to be sent to U.S.A. or Canada. If candidates for Automotive Engineering and Power Plant Engineering have to be placed in U.K. their period of stay in the institution need not be more than one year, as it is very doubtful if institutions in which they are likely to be placed have facilities for research as institutions in U.S.A. have. After this, they should have one years practical training.

R.C.No.11786 C-I/46-4 dated 11.5.47

Subject:- Deputation of Government Servants for advanced studies overseas - 1947-48.

Road :- Government Mx P.H.Dept. Memorandum No.78785.A.4 dated 5.5.47

Sri P.Bhyravamurthy(Civil Engineering - Highway Engineering or Irrigation & Dam Design) is informed that the Government of Madras have selected him for undergoing advanced studies overseas in the subject noted in the margin. His absence for purposes of the advanced studies will be treated as on study leave for the entire period and given the leave allowance and study allowance at the rates mentioned in Subsidiary Rules 7,8 and 12 to Fundamental Rule 84; in addition, he will also be given such amount as is necessary to bring the total payment to the level of the aggregate payment which will be made to a stipendiary student. An indication of the stipend and other allowances which will be made available to a stipendiary student is as indicated in paragraphs 5,6 and 8 of the Government of India's brochure entitled "Information for students desiring to proceed overseas for advanced studies in 1947-48" - extracts of which are furnished herewith.

2. If the Officer is willing to be sent abroad on the terms mentioned above, he is requested to complete the enclosed form of application, in triplicate, and submit the same with the following documents in duplicate, to the Director as early as possible.

(i) Certificate of Physical fitness:

A certificate of Physical fitness with particular reference to the applicant's ability to bear the climate of the country to which he proposes to go; the certificate may be from a Registered Medical ~~Officer~~ Practitioner.

(ii) Certificates of educational qualifications:

Duly attested copies of all the documents, degrees, diplomas or certificates insupport of the entries made in the application regarding the examinations passed, class, division, or rank obtained and research or professional experience, etc.

(iii) Syllabus for examination passed:

Copy of the syllabus in the B.A., B.Sc., B.E. or other equivalent or higher examination passed or course pursued by applicant.

(iv) Record of practical experience;

Detailed record of practical experience of applicant with particular reference to the subject of study specified by him in the application and also proof of research.

(v) Photograph: Recently taken passport - size photograph of applicant.

This reference should be treated as specially urgent and the reply submitted through the proper channel as urgently as possible.

24 3.

Sir,

Higher technical studies overseas - Sending of Madras Govt. servants.

This Govt. have selected in the Edn.Dept. for 1947-8 the follg. 3 of their officers for being sent to foreign countries for higher studies in the subjects noted against them.

X on p.22 cf

		Subject.
1.	Sri P.V.B.Bhooshana Rao	Mech.Engg.(Power Plant Engg.
2.	" S.L.Balasubramanian	Automotive Engg.
3.	" P.Bhairavamurti	Irrigation & Dam Design

The officers will be sent on study leave terms contained in the F.R.'s, supplemented by a special allowance if necy., and the entire expenditure on account of their 'deputation' will be borne by the Province. I am directed to forward herewith, in the usual "Form A", particulars about the types of courses to be undergone by the candidates and the institutions at which they should be placed, together with the forms of application filled in by the and the relevant documents, in duplicate, and to request that the Govt. of India will be so good as to arrange for the admission of the candidates in suitable institutions overseas and for their passage, etc.

Y on p.22 cf.

The syllabus for the B.E. degree examn. passed by Sri P.Bhairavamurti has been called for from him and will be sent to you shortly. Copy of a letter of the Principal of the College of Engg., Madras (Guindy), dated 2-6-1947, is also enclosed for necy. action.

pl.23-24 cf.

2. I am to add that this Govt. propose to select 8 more officers of the Edn. Dept. for higher studies in Arts and Science subjects, and that particulars in respect of them will be forwarded to you in due course.

Copy to the DPI, A.G.:- 2/7/47 2/7/47 4/7/47 4/7/47 Y.O.S.,

ABSTRACT.

Overseas Scholarships Scheme-Students sponsored by the Madras Government stipendiaries and deputationists-Payment of scholarships and allowances-Orders passed.

-v-v-v

38

(viii) Deposits: Library, laboratory or other deposits charged by Universities are to be paid by the High Commissioner or H.E. the Ambassador direct to the institutions and recovered from the institutions when the scholars terminate their courses of studies. Breakages or losses incurred due to the negligence of the scholars should be borne by them from their scholarships.

(ix) Books and Apparatus: Each scholar may during each academic session be paid upto £25 per annum in the United Kingdom and upto $ 125 per annum in the United States of America in respect of books and apparatus approved by the High Commissioner or H.E. the Ambassador If, in any particular case, certain expensive equipment or books are required necessitating a grant exceeding £25 or $ 125 per annum, the case will be referred by the High Commissioner or the Ambassador to the Government of India, who will decide it in consultation with this Government. Such cases can be considered only wherex the requests for additional grants are supported by the University authorities and the High Commissioner or the Ambassador. Where such additional grants are sanctioned, the equipment and books which are of a permanent nature should be regarded as Government property and kept for the use of later scholars.

(x) Study Tours: Travelling allowance and daily allowance for educational tours recommended by the University authorities and approved by the High Commissioner or the Ambassador according to the scale allowed in the case of Junior Officers of the India House, or of the Embassy are to be paid to each scholar subject to a maximum of £50 per annum in the United Kingdom and $ 250 per annum in the United States of America. Where an additional grant is needed the prior sanction of Government of India should be obtained. The Central Government will sanction such additional grants in consultation with this Government.

(xi) Medical charges: It is expected that the scholars will themselves meet their medical expenses upto about £12 per annum in the United Kingdom and $ 60 per annum in the United States of America. Approved medical expenses over and above these limits will be met by the Government if the High Commissioner or the Ambassador is satisfied that the expenditure is necessary and reasonable. Cases where such expenditure is sanctioned by the High Commissioner or H.E. the Ambassador should be reported to the Central Government as soon as possible who in turn will communicate the same to this Government.

(xii) Other emergent expenditure: The High Commissioner or the Ambassador can sanction additional amounts to scholars at his discretion in cases of emergency. Cases of this kind should, however, be reported to the Government of India with full details as to the urgency and nature of the circumstances. The Government of India, in consultation with this Government will decide, whether any amount so spent on behalf of or on account of a scholar should be recovered from the scholar concerned.

(xiii) Travelling allowance at approved rates from place of instruction to port of embarkation at the end of the studies abroad.

(xiv) Actual steamer fare from port in the United Kingdom or the United States of America or other country of instruction to a port in India.- Second class or where there is no second class, the class next below first.

(xv) Single second class railway fare from port of disembarkation to place of normal residence in India or to place where the student may be asked to report himself for duty.

B. Students who are Provincial Government servants eligible for study leave: Students coming under this category will be considered to be on study leave from the date on which they are relieved from duty in India upto the date on which they rejoin duty on their return to India. As a special case it has been decided that rule 2 of the rules relating to the grant of study leave under

P.T.O.

35

Fundamental Rule 84 which restricts the maximum duration of the study leave to two years should be relaxed in respect of these students. After knowing the exact period for which the officers will have to be on leave for their studies, action will be taken to relax the rule in individual cases.

26

The following payments will be admissible in respect of each candidate coming under this category:-

(i) as under category A towards (v) except that the allowance in (iii) will not be admissible in this case, and that the equipment allowance in (ii) will be disbursed to the candidates by the Heads of Departments concerned.

In lieu of (vi) under Category A emoluments as under study leave rules from date of relief in India together with the study allowance at the rate of 12 shillings a day in the United Kingdom or 30 shillings a day in the United States of America. Where the emoluments under study leave terms (leave salary and study allowance) fall short of the scholarships (maintenance allowance) sanctioned for non-Government servants, an additional allowance should be sanctioned to ensure that in no case a Government servant eligible for study leave terms is placed in a less favourable position than the non-Government servant.

(vii) to (xv) as under category A.

2. The names of the students sponsored by this Government in the Education Department in the years 1945-46 and 1946-47 are mentioned in the Appendices I and II to this order. The payments indicated in paragraph 1 above will apply to all these candidates as well as to candidates that may be sponsored under the Government of India scheme in future years. The rates sanctioned in paragraph 1 (vi) to (xii) for scholarship (maintenance allowance) Tuition fees, deposits, Books and apparatus, Study Tours, Medical charges and other emergent expenditure shall take effect in the United Kingdom from the dates on which the scholars arrive in that country and in the United States of America from 1st July 1946.

3. The rates of payments sanctioned in this order for Madras Scholars are the same as those now applicable to central scholars sponsored by the Government of India. The Madras Government have also decided to adopt in future in the case of Madras scholars, the same rates as those fixed from time to time for Central Government scholars. In this Department letter No.47849 C2/46-6 dated 16th April 1947, the Government have accordingly authorised the High Commissioner for India in the United Kingdom and the Ambassador for India in the United States of America to give effect in the case of Madras scholars, to any changes made by the Government of India in their rates without waiting for a specific sanction from the Provincial Government in each case.

4. The Government servants mentioned in Appendices I and II to this order are those belonging to the Education Department of this Government. Besides these officers, the Government have sponsored in 1945-46 a few other officers belonging to the Medical Department and Development Department for studies abroad under the scheme. The names of these officers are mentioned in Appendix III. Orders regarding the details of payments to be made to the officers belonging to the Development Department will be issued separately. As regards the officer under the Medical Department viz. Sri A.N. Ratnagiriswaran, a copy of the order containing the terms and conditions under which he is sent has been communicated to the High Commissioner and Accountant-General. It is not proposed to revise the above terms in this case.

5. Incidence of expenditure:- The expenditure in respect of scholars who are not Provincial Government servants eligible for study leave is to be shared equally by the Central and Provincial Governments. The whole expenditure will be met in the first instance by the Provincial Government, year and the share of the Central Government will be recovered

P.T.O.

and credited to the Provincial revenues subsequently. The entire expenditure in respect of scholars who are Provincial Government servants eligible for study leave is to be borne by the Provincial Government. Detailed instructions in this regard will be issued separately.

(By order of His Excellency the Governor)

2. The Dir. is authorised to draw and disburse to each of the three ~~txxx~~officers, at the time of their leaving for the port of embarkation, an outfit allowance of Rs.500 for providing themselves with the necy. equipment. The officers may be informed that they can get from the travel agents (to be appointed), on cash payment, dollars ~~xxxxxx~~ up to a maximum of Rs.500 if they want to procure the equipment in the ~~U.K.~~ U.S.A.

3. A personal bond for ~~xx~~ the sum of Rs. ~~xxx~~ 15,000 (rupees fifteen thousand only) should be got executed by Sri Bhyravamurthi who, of the three officers, seems to be the only one who does not hold a subst. appointment, in the form enclosed with Govt.Memo.No.29868-C2-Edn., dated 7-10-45 and to submitted to Govt; the bond. should be attested by the Dir.

4. The Dir. is requested to ascertain and report the starting places of the railway journeys which the three candidates will have to undertake to reach for reaching the port of embarkation, so that that information may be forwarded to the travel agents.

5. The Dir. is also requested to whether provision has been included in the B.E. for 1947-8 towards expre. to be incurred in India on account of the Govt. servants t

sent for studies overseas.

6. The Dir. is further requested to send at an early date the proposals called for in para 2 of the Govt: Memo. dt/-5-5-47.

GOVERNMENT OF MADRAS
EDUCATION AND PUBLIC HEALTH DEPARTMENT

Letter No.44074 C2/47-3 Edn. Fort Saint George, Dated 7th August, 19

From

K. V. Subramanian, Esquire, I.C.S.,
Secretary to the Government of Madras.

To

The American Express Company, Limited,
C/O Messrs. Cowan Brothers, Limited,
Scindia House, Connaught Circus,
NEW DELHI (with enclosures).

Dear Sirs,

6-961

Overseas scholarships scheme - Students selected in 1947-48 - Appointment of Travel Agents.

From the Government of India, Education Department No.F.15-2/47-GDIV dated the 4/19th June, 1947.
Your letter No.PLP/251-B dated the 30th May 1947.

I am directed to state that the Government of Madras hereby appoint you as their Travel Agents to look after the passage arrangements for the students, both deputationists and stipendiaries selected by the Government in 1947-48 for undergoing advanced courses of studies in the United States of America and Canada.

2. The Government are pleased to authorise you to pay, on their behalf, to each of the students selected by them the following amounts in addition to arranging for them second class (or where there is no second class, the class next below first class), sea passages from the port of embarkation to the country of their study:-

(i) One single second class railway fare (or ticket) from the normal place of residence of the student to the port of embarkation. Where there is no second class, the fare next below first class may be paid and where the railway fare is different from that chargeable for the shortest route, the reason for this deviation should be given.

(ii) Equipment allowance of Rs.500/- for each candidate. This amount may, if the candidate so desires, be furnished to him in dollars.

(iii) Pocket allowance of £ 5/- (equivalent to Rs.66-10-8) to each candidate. This amount may be given to the candidate in traveller's cheques in dollars.

NOTE: The amounts mentioned in items (ii) and (iii) are to be paid only to stipendiaries and that at the time of embarkation. The Reserve Bank of India is being instructed by the Government of India to release the necessary dollars. As will be seen, no candidate going to the United States of America or Canada can take more dollars than are equivalent to a total of Rs.566-10-8.

(iv) Students are entitled to the reservation fees for railway travel which may also be paid to them at the time of embarkation. This must be shown separately in the bill.

3. The Government agree to reimburse to you the expenditure incurred on telegrams sent by you in this connection to the students and to this Department which should be certified by you or by Messrs. Cowan Brothers, to the effect that the amount charged is on account of actual expenditure incurred, and to pay to you 5% commission on steamage fare of the students sent to the United States of America in case the passages are booked under arrangement with the United States Military Authorities and the commission is not realised by you from the shipping authorities. The necessary bills may be sent to this Department for payment immediately after a batch of students has sailed.

4. All the students will be asked to contact you as early as possible. This Department and the Government of India should be kept informed of all relevant sailings. The information given should include the name of the ship, its sailing date, its port of departure as well as a list giving the names of candidates sailing by the particular boat. Similar information should be cabled to the Education Department, Indian Embassy, 635 F. Street, N.W. Washington, D.C., as soon as a ship leaves. The arrival at destination together with

of students who have disembarked therefrom should also be intimated to this Department and the Government of India. They may also be supplied with a list of those students who refuse offer of accommodation on each ship with the reasons given by the students for such refusal.

5. A list showing the names and addresses of candidates selected so far for undergoing advanced studies in the United States of America is enclosed. A further list of candidates for the United States of America will be furnished to you as and when selections are made. A complete list showing the names and addresses of candidates for the United States of America and the United Kingdom will also be sent to you so as to facilitate transfer of candidates from one country to another if required at a later date.

6. Endeavours are being made to secure places for the selected candidates in institutions abroad and as soon as admissions are secured a list giving the names of admitted candidates will be communicated to you by the Government of India for arranging passages. Passage should not be arranged for any candidate until you receive intimation of admission in institution abroad from the Government of India and also confirmation from this Department that you can proceed with the candidate's passage arrangements.

7. In all cases a stamped receipt should be taken from each candidate for the monies disbursed. The receipts should be forwarded to this Department with the bills submitted for payment.

8. The above arrangement is only for this year and carries with it no commitment, even by implication, in regard to subsequent years.

Yours faithfully,

M. V. Subramanian,

66725 Sub: Overseas scholarships Scheme 1947-48-Provincial-Medical examination of candidates.

***

It is considered desirable to have all the candidates selected by the Government in 1947-48 for undergoing advanced studies overseas medically examined by a competent Medical Board prior to their departure from India. The Surgeon-General is therefore requested to arrange for the medical examination of the candidates by the Weekly Medical Board which meets at the General Hospital, Madras, every Saturday. His attention is in this connection invited to his letter No.30002-1 E2 dated 30th April 1947.

The Surgeon-General is requested to arrange for the issue of the Medical Board's report in the prescribed form, copies enclosed. The Board may issue their report in triplicate in each case, two copies to be furnished to this Department and one copy to be handed over to the candidate concerned.

A list of seven candidates selected so far is enclosed. A further list of candidates will be sent to the Surgeon-General as soon as the selections are completed.

P.T.O.

57

The cost on account of the Travelling Allowance etc., to be incurred by the candidates, (whether Government servants deputed on study leave terms or stipendiary students), for appearing before the Medical Board shall be borne by themselves.

R.C.No. 11786 C1/46 dated 28th August 1947.

Sir,

* Sub:- DEPUTATION of Government servants for advanced studies overseas - 1947-48 - Subjects.

Ref:- Government Education and Public Health Department Memo.No.78785 A.4, dated 5-5-1947.

--@--

With reference to paragraph 2 of the Government Memo. cited above I have the honour to suggest the following subjects for which Government servants may be deputed overseas for advanced studies during 1947-48:

1. Applied Physics - Electronics	..	1 Candidate.
2. Geology (Engineering)	..	1 "
3. Geography	..	2 candidates.
4. Teachers Training with special reference to Psychology.	..	1 candidate.
5. Experimental Psychology.	..	1 "
6. Commerce.	..	1 "
7. English.	..	1 "

2. In this connection I may state that though Geography is provided for in more than one Arts College, there is at present no qualified person to handle the subject. Though Sri B.M. Thirunaranan possesses high qualifications in the subject, it is not possible to take him away from the Training College, Rajahmundry. It is essential that some more qualified persons should be available to handle this subject and hence two Government servants may be deputed for this subject.

3. We shall soon have to provide for "Experimental Psychology" in our Training Colleges and we have not got a competent person to start such a course. Hence a candidate (preferably a lady officer) may be deputed for this subject.

4. There is at present no one in the Department to hold the post of Lecturer in Commerce in the Government Arts College, Coimbatore. B.Com Course is expected to become popular and this course will have to be opened in other Government Colleges also before long. It is therefore essential that at least one candidate should be given facilities to undergo advanced studies overseas in this subject.

p.t.o.

ASST. SECRETARY TO GOVERNMENT

ENCLOSURES _____

SPARE COPIES _____

5. The other subjects suggested are equally important and foreign trained candidates in these subjects are essential in the interests of the Education Department.

6. If the Government are pleased to accept the suggested subjects I shall call for applications from qualified Officers of my Department and submit my recommendations for selection.

I have the honour to be,
Sir,
Your most obedient servant,

R. Narasimha

Sending of Govt. servants for advanced studies overseas - 1947-8 - Selection of subjects.

Ref:- From the DPI, No.11786-C1/46-11, dated 28-8-47.

The Govt. approve the suggestions of the DPI contained in the letter read above re: the subjects for which officers of the Edn. Dept. may be sent overseas for higher studies in Arts and Science subjects, under the G. of I., Ministry of Edn., scheme, during 1947-8, subject to the following modifications:-

(1) It is considered ~~desirable~~ necy. that the Provl. Govt. should have a Bureau of Psychology where research can be done on matters relating to Edn. and where new tests to suit Indian children can be evolved. Study of books written under Western conditions by Western authors has not been helpful in the past for the reason that Indian standards are different from Western standards. If the person ~~selected and recommended by the D.P.I. for~~ recommended by the D.P.I. & selected for the subject "Experimental Psychology" ~~(suggested by him)~~ conducting his will, after studies, serve to organise the research refd. to above, no modification in the subjects or in the number of officers to be deputed for each need be made. If, however, by the deputation ~~for~~ studying "Experimental Psychology", the officer would not acquire the knowledge and expce. necy. reqd. for the purpose mentioned, the Govt. consider that the two seats proposed for "Geography" may be reduced to one and the one seat thus saved may be allotted for "Research in Edn.".

(2) Orders about the subject "Teacher's Training with special reference to Psychology" will be issued separately.

2. The D.P.I. is requested to call for applns. from qualified officers for the subjects (to be determined w.r.t. para (1) above), except "Teacher's Trg. with special reference to Psychology", and to ~~submit~~ send his recommendations to Govt. at a very early date.

To THE SECRETARY TO GOVERNMENT
IN THE EDUCATION DEPARTMENT,
GOVERNMENT OF MADRAS,
M A D R A S.

Through The Director of Public Instruction,
M A D R A S.

Sir,

I have the honour to bring the following to your kind notice for your favourable consideration.

I entered service in December, 1931 and have now put in over 15 years' service. In 1943--44 I underwent the M.Ed. course newly started by the Madras University and passed it with credit having won the Statham Memorial Prize awarded by the University. My subject for research for that degree was 'The Control and Management of Elementary and Secondary Education in the Madras Presidency'. In August, 1945 the University permitted me to register my name for the Ph.D. Degree in Education which has been instituted for the first time in the University. My subject for Research is "The Organisation and Development of Elementary Education in the Madras Presidency". I expect that in about three months my thesis will be ready for submission.

Impelled by a great desire to go abroad and get first-hand knowledge of Educational Institutions in the West, and if possible, to continue my research on Elementary Education in England, I applied for a foreign Scholarship in January, 1947. I was the only candidate to apply for that Scholarship from this Department and I was one of the three candidates called up for interview by the Selection Committee on the 11th March, 1947. As I also happened to be the best qualified of the three, with fifteen years' experience in the field, I had hopes of getting the scholarship. But, unfortunately, I now find that the scholarship has been awarded to another candidate.

I shall be deeply grateful to you if you could persuade the Government to depute me to England for a year so that I could do further specialiation in Elementary Education, in which I am greatly interested, and thus qualify myself for a Research degree from one of the English Universities. I may submit that I am the first and only candidate to work for a Ph.D.Degree in Education from the Madras University. I assure you that if I am deputed I shall make use of the opportunity to the best advantage of the Department.

Thanking you,

I have the honour to be,
Sir,
Your most obedient servant,
M Varkey
27/8/47.

To The Director of Public Instruction, MADRAS.

Sir,

Sub: Application - Deputation - Overseas - Proceedings R.C.3776 C2/47 dated 20-9-47.

...

With reference to your above proceedings, I have the honour to submit the following:-

I understand reliably that the selection Committee appointed for selecting candidates for Overseas scholarships, selected was No.I candidate but having discovered that it was unfair to interview raw candidates without any experience, on a par with me, recommended that I may be deputed at Government expense for training abroad. In as much as the Government called for applications were from Government servants without prescribing any kind of experience, it was unfair on the part of Government to give my claims in preference to a candidate with no experience and lower qualificatio and to set aside the recommendations of the selection committee.

2. As a member of the selection committee, I request you to decide the Government from doing me an injustice.

3. Considering the abnormal conditions and great difficulties which a private student has to undergo in securing suitable accommodation and admission to foreign university and even passage, I am unable to accept the offer of study leave even if it is granted.

4. As I have already stated in my application it is only to continue my research in Elementary Education that I wish to go abroad and not for taking any post-graduate degree. If I am deputed, I am likely to have better facilities for visiting elementary schools and studying their internal organisation, working of compulsion etc., than as a private student. I could also submit by this on which I am working at present in one of the English Universities.

Thanking you,

I have the honour to be,
Sir,
Your most obedient servant,
SD/ M. Varkey,

Copy of letter from the Principal, ~~Regional~~ College of Engineering, Guindy, No. ~~Eg~~. 2-22 A/46 dated 17th October, 1947.

Sir,

Advanced Studies Overseas in respect of Mr. A.P.Jambulingam, 1945 Deputation list.

Ref:- Your Proc.R.Cl.18/45 dated 7th October, 1947.

In view of the remarks of the High Commissioner for India with respect to the Aeronautical and Automobile Engineering College, Wimbledon, it would not be desirable to place Mr.A.P.Jambulingam in that institution.

2. As far as I know, institutions in the U.S.A. are the only institutions which offer advanced courses in Automotive Engineering and the suggestion of the High Commissioner to arrange for Mr.Jambulingam's admission in the U.S.A. may be accepted.

3. Mr.Jambulingam has been waiting for a seat for the last two years or so and it may take the High Commissioner quite a long time to find a seat for him in one of the institutions in the U.S.A. Moreover, leading institutions in the U.S.A. are full, and the High Commissioner may only succeed in finding a seat for Mr.Jambulingam in an institution which may be found to be as unsatisfactory as the Aeronautical and Automobile Engineering College, Wimbledon.

4. To make sure that Mr.Jambulingam gets a seat in a suitable institution, it would be necessary to give the High Commissioner plenty of time to make the necessary arrangements. I therefore suggest that Mr.Jambulingam may first be sent for practical training in an Automobile industry in the U.K. for a period of one year and the High Commissioner may be requested to arrange for his practical training in the U.K.

5. The High Commissioner may take up the question of finding a seat for Mr.Jambulingam in a suitable institution in the U.S.A., while Mr. Jambulingam is having his practical training. There would be no harm in terminating his practical training in the U.K., if the offer for a seat is received before he completes his practical training. He can make up for this shortage in practical training after completing his course in the

P.T.O.

B 87

institution in which he may be placed in the U.S.A.

6. In this connection, I may mention that in view of the nationalisation of motor transport and the increasing use of machinery in connection with Agriculture and Tungabadhra and other Projects, the Coimbatore College and/ or the Guindy College will have to start a course in Automotive Engineering in the very near future. It is therefore very important that Mr.Jambulingam should complete his training as soon as possible. Another reason for urgency in his case is that he has been waiting for a seat for nearly two years.

7. There is another candidate who has been selected for Automotive Engineering, Viz. Mr.S.L.Balasubramanian and I suggest the same course of action with regard to him as in the case of Mr.Jambulingam. Even Colleges which do not have a special course in Automotive Engineering require that one of the Lecturers should have special knowledge of Automotive Engineering, as this subject is a part of the B.E.course in mechanical engineering. Hence, even if Mr. Balasubramanian may not be required for a College which has a course in Automotive Engineering, he will be required in a College which has a course in Mechnical Engineering and there are three such colleges at present, viz., the Guindy College, Cocanada College and Anantapur College.

copy to A section

These extracts have been recd. in this section for action re: Sri S.L.Balasubramanian w.r.t. para 4 of Dr.Rudra's letter on p.3 ante. That candidate has been selected for "deputation" only this year and his case is not exactly similar to that of Sri A.P.Jambulingam who has been waiting for admission since 1945. That point apart, the High Commissioner has informed this Govt., thro' the G. of I., that in reply to Dr.Rudra's suggestion for giving prac. trg. to Sri Jambulingam in U.K., that it will not be possible for a long time to come to secure that training in U.K. Hence, no action on this is necy. May be added to the main file relating to Sri Balasubramaniam.

Director of Public Instruction, Madras.

To

The Secretary to Government,
Edn., and Public Health Department.

R.C. No.11786 C1/46 dated 12th Jan. 1948.

Sir,

Sub: Sending of Govt. servants for advanced studies overseas - 1947-48 - Selection of candidates.
Ref: Govt. Memos. No.78785.A.15 Edn., dated 5-11-47 and No.A.16 Edn., dated 7th Novr. 1947.

With reference to paragraph 1 (1) of the first Memorandum cited above, I have the honour to state that the candidate sent for advanced studies in Experimental Psychology will be quite competent to organize research in matters relating to Education and evolve new tests to suit Indian children. I, therefore, think that there is no need to reduce the seats proposed for "Geography" by one or allot the seat thus saved for "Research in Education."

2. I have the honour to submit herewith the applications received from the officers of the Education Department and recommend that the Government may be pleased to select the following officers for advanced studies in the subjects noted against each:-

Subject.	No. of candidates to be selected.	Name of officer recommended for selection.
1. Applied Physics: Electronics.	1	Sri K.S. Bkshandeswaran, Officiating Instructor in Electrical Engineering, Arthur Hope College of Technology, Coimbatore.
2. Engineering Geology	1	Sri A. Parthasarathy, Officiating Assistant Professor of Geology, Presidency College, Madras.
3. Geography:	2	(1). Sri B.M. Tirunaranan, Lecturer in Geography, Govt. Training College, Rajahmundry. (2). Mrs. Ratnaswamy Radha, Assistant Lecturer in Geography, Queen Mary's College, Madras.
4. Experimental Psychology:	1	Sri B.A. Nandagopal, Officiating Assistant Lecturer in Philosophy, Govt. Arts College, Anantapur.
5. English	1	Sri P.N. Krishna Rayan, Officiating Assistant Professor of English, Presidency College, Madras.

3. In this connection, I may submit that no applications have been received for the subject of "Commerce". I shall, however, recommend a suitable candidate for this subject shortly.

4. With reference to Government Memo No.78785 A.16 Edn., dated 7-11-1947, I considered the claims of Miss M. Varkey for subject of "Experimental Psychology" but I do not consider her suitable for undergoing advanced studies abroad since she has no basic degree suitable for advanced study in Experimental Psychology.

5. The applications submitted herewith may be returned to this office after reference.

MEMO.No. 78785/4-A-24, d/- 24.8.48

Selection of officers of Edn. dept. for being sent for overseas studies in 1947-8.

Ref:- From the DPI, No.11786-C1/46, d/- 6-3-48.

The D.P.I. is requested to state whether the list sent with the letter cited contains the names of all officers in the M.E.S. and in the M.E.S.S.(including those who have not specifically applied for 'deputation') who possess the necy. qualfns. and who can prima facie be considered suitable for being sent abroad. If not, he is requested to send a revised list, together with his recommendations about each officer. If a person who has not applied comes to be selected by Govt., his willingness will have to be ascertained later on. In sending his proposals, the Dir. is also requested to take into account the fact that the persons to be selected 'deputationists' are ordinarily to fill M.E.S. posts at least some time after their return from abroad.

2. Names of officers for the subject 'English' have not been tabulated in the statements recd. with the Dir.'s letter cited. 'Edn.' is not one of the subjects approved by Govt. in their Memo.No.78785-A-15, d/- 5-11-47: (for the subject "Teachers' Trg. with spl. refce. to Psychology", Mr.M.D.Paul has already been selected); but 3 names under the head 'Edn.' have been mentioned in the list. The appln. of Sri M.Velayudam has not been recd. by Govt. ~~was not with the letter cited.~~

3. The applns. of candidates other than those to be recommended by the Dir. should also be sent to Govt. with reply to this Memo.

To the DPI.

FORT ST. GEORGE, M A D R A S.

Sir,

I have the honour to state that the list furnished with my letter Roc.No.11786-C1/46 dated 6.5.1948 does not contain the names of all the officers in the Madras Educational Service and in the Madras Educational Subordinate Service. However, the cases of all the Officers were considered and the selections were made of those who can be benefitted by overseas studies and whose services will be necessary for the institutions of the Department. I may also state that the suggestions contained in the sub-para to para 1 of the Government Memorandum were also considered before the recommendations were made to Government.

GOVERNMENT OF MADRAS
Education and Public Health Department
Memorandum No.78785/46 A. 28 dated 24th May 1948.

--

Selection of officers of Education Department for being sent for studies overseas.

From the Director of Public Instruction No.11786-C1/46, dated 30-4-48.

--

As called for in Memorandum No. 78785/46-A.24, dated 24-3-48, a list of all officers in the Madras Educational Service and the Madras Educational Subordinate Service - including those that have not specifically applied for 'deputation' for studies overseas - who possess the necessary qualifications and who can, *prima facie*, be considered suitable for being sent abroad, should be sent to Government, with the recommendations of the Director of Public Instruction about each officer.

A suggestion has been put forward that, in modification of the orders in Government Memorandum No.78785-A/5, dated 5-11-47, no candidate need be sent abroad for studies in "English" and that the one place thus saved may be utilised for 'deputation-ing' an officer for carrying out research work in Education having regard to the Government's intention to establish a "Research Bureau" in the Province. The Director is requested to offer his remarks on the suggestion.

27.7.48

The Secretary to Government,
Education and Public Health Department.

R.C. No.11786 C1/46 dated 10th Septr. 1948.

S i r,

Sub: Advanced studies overseas - Deputation of Government servants - 1947-48.

Ref: Govt. Confdl. Memo No.78785/46 A.2 Edn., dated 24-5-1948.

With reference to paragraph 1 of the Memo. cited above, I submit herewith, as required by Government, lists of all officers in the Madras Edl. Service and Madras Edl. Subordinate Service who possess the necessary qualifications and who can, prima facie, be considered suitable for being sent abroad for each of the following subjects:-

1. Applied Physics - Electronics.
2. Experimental Psychology.
3. Geography.
4. Commerce.
5. Geology.

The lists contain the names of persons who are already in the Madras Edl. Service or whose names have been included or are likely to be included in the 'approved list' during the next two or three years.

2. In addition to the names of presons under each subject in the list submitted with my letter R.O.C.No.11786 C1/46 dated 6-3-1948 read with letter of same number dated 30-4-48, I recommend that the following persons may also be considered by Government for selection for deputation abroad.

1. Applied Physics - Electronics:-

1. Dr. S. Gopalakrishnamurthi, D.Sc., Professor of Physics, Presidency College, Madras.
2. Sri T.N. Seshadri, M.A., LT., Offg. Lecturer in Physics, On other duty as Research Officer, Soil Mechanics Research Laboratory, Public Works Department (Irrigation), Madras.

2. Experimental Psychology:-

I have no further names to suggest in addition to those already suggested in the list sent with my letter R.C.No.11786 C1/46 dated 6-3-1948.

3. Geography:- In addition to the five names mentioned in the list submitted with the above letter dated 6-3-48, I request that the following two names may also be considered and two candidates selected for deputation for higher studies in Geography:-

1. Sri A.C. Madhavan Nambiar, M.A.(Hist.), Offg. Lecturer in History, Government Brennen College, Tellicherry.
2. Sri S.V. Chitti Babu, M.A.(History), Offg. Additional Professor of History, Presidency College, Madras.

Although the above two candidates are qualified only in History and have no degrees or Diploma in Geography, I consider that they will be suitable for being sent abroad for undergoing advanced studies in Geography.

4. Commerce:- The only candidate qualified in the subject of Commerce is Mr. T. Appalanarasayya, M.A.(II Class)(Commerce) of the Calcutta University, now officiating as Lecturer in Commerce under emergency provisions. He is 49 years old and I do not consider him suitable for higher studies abroad. Hence I suggest that Sri S. Velayudhan, Assistant Professor of Economics, Presidency College, Madras, may be selected for this subject, as originally recommended.

5. Geology:- Sri A. Parthasarathy, who is a First Class B.Sc.(Hons.) in Geology, may be selected for this subject as already recommended.

3. With reference to paragraph 2 of the Government Memo. cited above, I may point out that the English Honours classes will have to be continued in the Presidency College and it is essential that at least one person who has had training in an English University should be available to succeed Messrs. V.K. Ayyappan Pillai and K. Swaminathan when they retire from service some years hence or are transferred to other posts. I, therefore, suggest that an officer proposed to be deputed for carrying out research work in Education may be selected in addition to the existing number and not in the place of the one to be selected for English. If the Government are agreeable to the above, I shall submit my recommendations regarding these two subjects on receipt of orders.

Yours faithfully,

for Director of Public Instruction.

Edn. and P.H. Dept.(A).

MEMO.No.78785A-32 Edn.,dated 11/11/48

Advanced studies overseas - Sending of Govt. servants - 1947-8.

Ref:- From the DPI, No.11786-C1/48, d/- 10-9-48.

1. Dr.S.Gopalakrishnamurti ..	Applied Physics (Electronics)
2. Sri A.Parthasarathy (on the presumption that he is a regular member of the MESS) ..	(Engg.) Geology
3. Sri V.P.Kannan Nair, and	Geography
4. Miss A.R.Irawathy	
5. Sri K.Umamaheswara Rao ..	Experimental Psychology
6. Sri S.Velayudham ..	Commerce.

The DPI is requested to take action as indicated in para 1 of Memo.No.78785-A-4, d/- 5-5-47, in respect of the officers. In the case of such of the persons selected as have not specifically applied for selection before, the Dir. is requested to first ascertain their willingness to be sent abroad for studies on the usual terms.

2. The Govt. agree with the Dir.'s view that an officer shd. be sent overseas for higher studies in "English". The Dir. is requested to forward his recommendations in the form read. in Govt.Memo. No.78785/46-A-28, dated 24-5-48(para 1).

3. Having regard to the information contained in para 1 of the letter of the Dir., No.11786-C1/46, d/- 10-1-48, the Govt. do not consider it necy. to select an officer as for "Research in Edn." - in addn. to the one to be sent for "Experimental Psychology".

To the DPI.

R.O.C.NO.11786-C.1/46

Office of the
Director of Public Instruction,
Madras, Dated 10-3-1949.

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Advanced Studies - Overseas - Deputation of Government Servants - 1947-48 - Applications from selected candidates - Submitted.

Ref: Government Memorandum No.78785-A-32 Edn dated 11-11-48

The undermentioned officers selected by Government for being sent overseas for advanced studies have expressed their willingness to be sent abroad for studies on the usual terms:-

1. Dr.S.Gopalakrishnamurthy
2. Sri A. Parthasarathy
3. Sri V.P.Kannan Nair.
4. Miss A.R. Irawathy
5. Sri K. Umamaheswara Rao
6. Sri S. Velayudham.

Sri A. Parthasarathy is a probationer in the Madras Educational Subordinate Service in the category of Assistant Professrs and Assistant Lecturers. The applications in triplicate, together with the requisite documents in duplicate, received from each of the six officers are submitted herewith. A copy of the syllabus for her studies in Geography in the Rangoon University has not yet been received from Miss A.R.Irawathy. It will be submitted on receipt.

2. A consolidated statement of particulars in "Form A" as furnished by the Selected Officers, is also submitted herewith. Of the two officers selected for Geography, Sri V.P.Kannan Nair has not suggested the name of any particular University or Institution to which he is to be sent while the other candidate Miss A.R.Irawathy would like to go to Syracuse University, Wisconsin or Berkeley University, California, U.S.A. Sri Nair may therefore be placed in any suitable institution in England or America, but it would be desirable if he and Miss A.R.Irawathy to go to different Universities or Institutions in order to get different training.

3. In column 19 of her application, Miss A.R.Irawathy has stated that she would take advantage of the opportunity to work for a doctorate in Anthropology also as she would be qualified to do so in view of the fact that she expects to take the diploma in Anthropology of the Madras University in April 1949. In my opinion it would be better if she sticks to one subject only, viz. Geography for which she has been selected and in which her specialisation is essential from the point of view of her future employment as Lecturer in Geography.

4. In regard to the selection of a candidate for "English", I submit herewith a list of officers in the Madras Educational Service and the Madras Educational Subordinate Service who possess the necessary qualifications and who are considered

prima facie

118
81

pp. 120-121 infra

prima facie suitable for being sent abroad for advanced studies in the subject. The list includes officers in the Madras Educational Servide and such officers in the Subordinate Educational Service as are likely to be considered for promotion within a few years, and contains my recommendation about each officer. The three officers who might be sent abroad for higher studies in English are mentioned below and Government may select one of them.

1. M.Muhammad Ghani Sahib, Principal, Government College, Cuddapah.
2. R.H.P.Holman, District Educational Officer, Anantapur.
3. P.N.Krishna Royan, Assistant Professor of English, Presidency College.

In regard to Sri P.N.Krishna Royan I submit herewith a copy of the confidential letter dated 10-1-48 from Sri V.K.Ayyappan Pillai, Professor of English, Presidency College, Madras.

p. 122 infra

Yours faithfully,

for Director of Public Instruction.

Copy of D.O. letter dated 10-1-1948 from Sri V.K. Ayyappan Pillai, Professor in English, Presidency College, Madras, to Dr. S.R.U. Savoor, Director of Public Instruction, Madras.

---

84 122

With reference to the inquiry in your D.O. of even date, I write to say that I am convinced that Mr. P.N. Krishna Royan is the officer who deserves to be awarded the scholarship for advanced studies in English abroad. Both by his intelligence and aptitude for English studies and what is more, his proved ability as a teacher and disciplinarian, and his high character, he appears to me to be eminently fitted to be entrusted with a responsible post in the Department when his further studies are completed. Both Mr. Ramaswamy and A.E. Subramaniam are successful teachers, but neither of them has Krishna Royan's personality and dignified bearing and high character.

(True copy).

for Director of Public Instruction.

To

The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

ASST. SECRETARY TO GOVERNMENT
20 MAY 19
EDUCATION AND PUBLIC HEALTH DEPT

Sir,

SUB: Advanced studies Overseas - Sending of Government servants - 1947-48 - Selection of Sri V.P.Kannan Nair for advanced studies in 'Geography' - Cancellation of.

REF: Government Memorandum No.78785-A-32-Education dated 11--11--1948.

*****

In their memorandum quoted above Government have selected Sri V.P. Kannan Nair, Lecturer in Physics, Government Arts College, Anantapur, for being sent Overseas for advanced studies in 'Geography'. Although he has taken a Diploma in Geography of the University (with distinction), he has not so far had any experience in teaching the subject and he does not give the impression of being keen to pursue advanced studies abroad. He was recently interviewed in this office in another connection and is not, in my opinion, suitable for being sent Overseas for higher studies in 'Geography'. He is a teacher of Physics and he himself wonders how he happens to have been selected for Geography. He is set in his views and does not appear to have a receptive mind. In the interests of the Department it is necessary that a more suitable person should be sent for higher studies in the subject.

2. I therefore request that the selection of Sri V.P. Kannan Nair for advanced studies in 'Geography' be cancelled and that the application on his behalf sent to the Government of India not proceeded with - vide Government letter No.78785-A/46-35-Edn. dated 22nd April 1949.

3. On receipt of the orders of Government on paragraph 2 above a recommendation for the selection of a suitable candidate in the place of Sri V.P.Kannan Nair will be made.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

Ram.18/5/1949.

V.E.

CF 1.

The D.P.I. is requested to ascertain from Sri V.P. Kannan Nair & report whether he is interested in going abroad for higher studies in "Geography" & whether he expects to benefit from foreign studies in that subject.

Rejd 16/6

To The D.P.I.

Rejd 13.6.46 Hon 14/6/46 DPI 15-6-46

R.C.NO.11786-C.1/46

Office of the
Director of Public Instruction,
Madras, Dated 8--7--1949.

From

THE DIRECTOR OF PUBLIC INSTRUCTION,
MADRAS.

To

THE SECRETARY TO GOVERNMENT,
EDUCATION AND PUBLIC HEALTH DEPARTMENT.

Sir,

SUBJECT: Advanced studies Overseas - Sri V.P. Kannan Nair - Selection for higher studies in 'Geography' - Cancellation of

F: Government Memorandum No.39014-A.1. Education dated 15-6-1949.

52514

ASSISTANT SECRETARY TO GOVERNMENT
10 JUL 1949
EDUCATION AND PUBLIC HEALTH DEPARTMENT

========

A copy of the letter dated 1-7-1949 from Sri V.P. Kannan is enclosed for the information of Government. He is interested in going abroad for higher studies in 'Geography' with a view to getting confirmed earlier in the Madras Educational Service as Lecturer in Geography. Apart from the expected personal benefit, he has not stated what benefit in terms of superior knowledge and experience he hopes to derive from his foreign studies and use them to the advantage of the department.

2. Sri Kannan Nair has been a teacher of Physics all along from 1929. He obtained the Diploma in Geography (with distinction) in 1940 and since then he has had no connection whatever with that subject.

3. The question of deputation of Sri V.P.Kannan Nair abroad for higher studies in 'Geography' has to be decided independently of his wishes in the matter and on the basis whether his deputation would be to the best advantage of this department. In his case it is clear from his own words that he looks upon his going abroad as an opportunity of getting an earlier confirmation in the Madras Educational Service. I am of opinion he is a type that would not profit much by going Overseas. In the interests of the Department, I would recommend that his selection be cancelled and a more suitable candidate connected with the teaching of the subject for advanced studies in 'Geography' be deputed.

Yours faithfully,

for Director of Public Instruction.

Copy of letter from V.P. Kannan Nair dated 1-7-49

...

I beg to report as follows on the various points.

1. I took the diploma in Geography with distinction and first rank in April 1940.

2. I am keen to go abroad for higher studies in Geography as it will help me to get confirmation in the M.E.S.

3. At present I am officiating as Lecturer in Physics. My probation has been declared to be completed satisfactorily. If I am likely to get a confirmation as Lecturer in Physics, I do not wish to go for higher studies in geography. I reported my willingness for higher studies in Geography because I was not sure of getting a confirmation as Lecturer in Physics. Also I was under the impression that after foreign studies in Geography I could

could be certain of a confirmation as Lecturer in Geography some time or other.

Even now I am not sure of getting confirmed as Lecturer in Physics. On the other hand I reasonably expect to derive the benefit of confirmation as Lecturer in Geography some time or other after foreign study undertaken under orders of the Government.

(TRUE COPY)

for Director of Public Instruction.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

R.C.No.11786-C1/46 dated 2nd September 1949.

Sir,

Advanced Studies overseas--Selection of Sri V.P.Kannan Nair, Officiating Lecturer for being sent abroad for higher studies in Geography.
Reference:-Government Confidential Memorandum No. 39014-A2 Edn., dated 2.8.1949.

—

In submitting herewith a copy of the letter dated 15th August 1949 from Sri V.P.Kannan Nair, Officiating Lecturer in Physics, Government Victoria College, Palghat, I request that in the circumstances stated by the Lecturer, his selection for being sent abroad for higher studies in 'Geography' may be cancelled.

2. In regard to the selection of another candidate in the place of Sri V.P.Kannan Nair, I may submit that there is no Officer in the Madras Educational Service(Men's Branch) who can be considered for higher studies in Geography and who is below 45 years of age, except Sri B.M.Tirunaranan, Professor of Geography, Presidency College, Madras. Sri B.M. Tirunaranan is already in the Madras Educational Service and has had the benefit of foreign training. Now that he is officiating as Professor, it is doubtful whether he will be willing to go abroad. Moreover, it will not be possible to find a suitable substitute even if he wants to go. As regards Officers in the Madras Educational Subordinate Service, the following Assistant Lecturers may be considered as they have some qualifications in Geography and are below 45 years of age.

1. Sri R. Suryanarayanamurthi, M.A.(II Class) (History), B.Ed., Dip.in Geography
Assistant Lecturer in History
Born 15.10.1921. Apptd. 23.7.1943.

2. U.Jamal Mohamed Sahib, M.Sc.(II Class) (Geog.)(Aligarh), L.T.(II Class)(Madras)
Born 26.1.1917.Apptd. 26.6.1944.
Asst.Lecturer in Geography,
Government Arts College, Coimbatore.

3. Sri V.S.Angappan, B.Sc,(Hons.) (II Class) (Physics)
Diploma in Geography,
Offg.Assistant Lecturer in Physics from 12.8.47.

I consider that Jamal Mohamed Sahib is the most suitable of the above candidates as he has a basic degree in Geography and has experience of teaching that subject to College classes for about 3 years. I, therefore, recommend that the Government may select Jamal Mohamed Sahib for being sent abroad for advanced studies in Geography in the place of Sri V.P.Kannan Nair.

Yours faithfully,

for Director of Public Instruction.

Copy of letter from Sri V.P.Kannan Nair, Officiating Lecturer in Physics, Government Victoria College, Palghat to the Director of Public Instruction, Madras dated 15..8..1949.

—

Subject:- Higher Studies overseas 1947-48.
Ref:-Your kind letter Roc.No.11786-C1/46 dated 10.8.49 and 27.6.1949 and my reply dated 1.7.1949.

—

I beg to state that consequent on the death of my father-in-law due to a paralytic stroke on 11.8.1949, I am not in a position to make arrangements for the stay of my wife and children and the education of the latter in India during my absence abroad for higher studies. With great regret I have to withdraw my willingness to be sent overseas for advanced study in Geography as contained in my letter dated 1.12.1948 and I beg to request you to kindly permit me to do so. The death of my wife's father on 11.8.1949 was a calamity which I did not ~~foresee~~ foresee when I wrote to you on 1.7.1949.

I request you to kindly permit me to offer my humble thanks for the great consideration you have shown me in selecting me for overseas study.

(True copy).

CONFIDENTIAL:

EDUCATION DEPARTMENT.

FROM

THE DIRECTOR OF PUBLIC INSTRUCTION,
Madras-6.

To

The Secretary to Government,
Education & Public Health Department,
Madras.

R.C.No.11786-C1/46 dated 4 Oct.1949.

Sir,

Sub: Advanced studies Overseas - Sending of a Government servant for "Geography".

REF: Government Memorandum No.68796-A-1-Edn., dated 27 Sep.1949.

There is at present no officer in this Department who possesses a first class degree in Geography or a first class diploma for being sent abroad for higher studies in Geography.

2. The necessity of having two foreign trained persons to handle Geography was explained to Government in paragraph 2 of my letter R.C. No.11786-C1/46-11 dated 28-8-1947. The ~~necessity~~ has become all the more imperative with the opening of the Honours course in Geography in the Presidency College. Except Sri B.M. Thirunaranan there is no other Lecturer or Professor well qualified in Geography. A foreign-trained understudy for Sri Thirunaranan is necessary. There is also a post of Lecturer in Geography in the Government College, Coimbatore. In the circumstances I consider that it is absolutely necessary to get an officer trained abroad in Geography.

3. U.Jamal Mohamed Sahib, Assistant Lecturer in Geography, Government College, Coimbatore is a II class M.Sc., in Geography. This

Degree is preferable to a I class Diploma in the subject. As there is no other officer suitable for being sent abroad I request that the Government may consider the recommendation made in my letter R.C.No.11786-C1/46 dated 2--9--1949. If they do not consider him outstanding enough for the purpose I would suggest, as an alternative, that Sri M.Sreekumaran Unni Nair, B.Sc., (Hons.)Chemistry, II Class, Diploma in - Geography with distinction, who has been selected for direct recruitment to the post of Lecturer in Geography, be sent abroad for higher studies in Geography as a private scholar.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

Rc No. 11786-C1/46 dated 10th November 1949 .

Sir,

Subject: Advanced studies Overseas - Deputation of an Officer for higher studies in Geography
Reference: Govt. U.O. 68796-A2- Edn dated 19-10-49

As it is now too late to send an officer this year for higher studies in Geography, I agree with Government that this subject be dropped for the current year and that a suitable candidate be selected next year for the subject in the place of Sri V.P. Kannan Nair under the modified Overseas Scholarship Scheme. I recommend that Geography may be substituted for one Psychology place, thus reducing the number of candidates for the latter from three to two.

Yours faithfully,

for Director of Public Instruction

SUBJECT:- ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. V.P. KANNAN NAIR, 1947-1948 MADRAS GOVERNMENT DEPUTATIONIST

....

Sir,

I am directed to refer to this Ministry endorsement No. F.4-2/47.S.2., dated 17th May, 1949, in so far as it relates to Mr. V.P. Kannan Nair, and to forward herewith for disposal a copy of letter No. E.B.6273, dated 11th October, 1949, with enclosure from the High Commissioner for India, London. I am in this connection to invite the Provincial Government's attention to this Ministry letter No. 5-14/49.S.I., dated 5th September, 1949, outlining the procedure for handling work of Provincial Government deputationists and to request that further correspondence in regard to Mr. Kannan Nair's deputation abroad may kindly be addressed direct to the High Commissioner for India, London.

Yours faithfully,

Vikram Singh 11/xi

(Vikram Singh)

Subject:- Overseas Scholarship Scheme: 1947-48 Deputation of Madras Government servants under the scheme for Higher Technical Studies.

...

I am directed to refer to your letter, dated 17th May, 1949, and to say that in spite of our best efforts it has not been possible to secure admission for Shri V.P. Kannan Nair in the U.K.

I am to enclose a copy of a letter received from the Secretary, University of Edinburgh. In case the admission offered by the Edinburgh University for 1950 on the conditions contained in this letter is acceptable, an early intimation is requested.

...

Copy of letter from the Secretary, University of Edinburgh to Miss V. Kitchlu, Education Department, India House, Aldwych, London W.C.2.

I have to acknowledge receipt of your letter of 9th June, applying for admission as a Ph.D. student on behalf of Mr. V.P. Kannen Nair.

I regret, however, that we are unable to accept any research students in the Department of Geography for next Session but Mr. Kannen Nair may wish to consider applying for entry in October, 1950. If this were the case, he would be required, in the first place, to come as a non-graduating student to take certain Honours Classes in Geography, and if his progress is satisfactory he could make later application for admission as a Ph.D. student.

I would point out, however, that all candidates for the Degree of Ph.D. in this University are required to have a reading knowledge of two modern languages other than their native tongue. This requirement is sometimes modified to one modern language and one ancient language.

Mr. Kannen Nair, therefore, would require to study German, at least, being accepted.

The Professor of Geography suggests also that the candidate would be well advised to do some field work in India on a subject that could usefully be completed in Britain. A report of this work could then be sent in memorandum or draft form, in April, 1950, with the candidate's application for admission as a non-graduating student

The Professor suggests that the subject of the Thesis which would have to be finally decided upon after the candidate's acceptance - might ~~studied-in-Europe-or-perhaps-Ne~~ usefully include a comparison of matter studied in India with matter to be studied in Europe or perhaps North Africa.

pp.5-6 ante

pp.7-10 ante

Sir,

I am directed to refer to your letter No.46283-A-1 Education dated 5th July 1949 and telegram dated 23rd Sept,49 on the subject mentioned above and to state that inview of the implemantation of the Govt. of India's Modified Overseas Scholarships Scheme 1949-50, details of which were communicated to the Provincial Government in this Ministry letter No. F.33-1/49-S1 dated 18th February 1949, the question of sending a selectee of 1947-48 scheme, at this late stage should not really arise. The Provincial Government should have assessed their full requirements when forwarding to this Ministry their demands for the modified Overseas scholarship Scheme, and if they really felt that sending a man for advanced work in English was necessary, they should have included this in their consolidated demands.

File in E-2

2. I am further to point out that the Govt. of India feel that facilities for study of English are available in India and therefore, it should not be necessary to send a man abroad for such training.

PTO

1952

12

3. The Govt. of India are also of the opinion that inview of the low priority a subject like English would now obtain, the Provincial Government should consider revising their former decision about sending Mr.Ghani for studies in the U.K. and perhaps cancel the previous arrangement.

4. In conclusion, I am to state that if even after consideration of the views of the Govt. of India expressed above, the Provincial Government still wish to adhere to their previous decision in regard to deputation of Mr.Ghani for studies in the U.K., they may please approach the Travel Agents themselves direct for necessary passage arrangements. If the Provincial Government experience any difficulty in this connection, the Govt. of India will assist them only to the extent considered necessary. This case will be treated outside the purview of the Govt. of India's Overseas Scholarships Schemes.

Yours faithfully,

Copy of letter E.B.6434, dated 17th Sept., '49 from the High Commissioner for India, Education Dept., India House, Aldwych, London W.C.2 to the Director of Public Instruction Madras.

I am directed to inform you that Mr. M.M. Ghani, Principal Government College, Cuddapah, Madras, has been offered admission to Birmingham University for the M.A. Degree Course in English commencing October 3rd. In view of the fact that there is very little time left for him to get his pass port, and make other necessary arrangements, a cable was sent to him to day informing him of this admission. I am to hope that arrangements for his immediate passage to the U.K. will be made.

The letter from Birmingham University states that the Professor of English would like to discuss the exact details of Mr. Ghani's course with him at the beginning of the Autumn term. Although the term begins on October 3rd it would be as well if Mr. Ghani could arrive a day or two beforehand. The date of his arrival here may kindly be communicated to us as early as possible so that arrangements can be made for his accommodation in Birmingham.

The High Commissioner for India,
Education Department, India House,
Aldwych, London W.C.2.

SUBJECT: PROPOSAL OF THE GOVERNMENT OF MADRAS TO DEPUTE MR. M. MUHAMMAD GHANI, AN OFFICER OF THE MADRAS EDUCATIONAL SERVICE FOR HIGHER STUDIES IN "ENGLISH" AT THEIR ENTIRE COST.

Sir,

I am directed to refer to your letter No. E.B.6434 dated 6th September, 1949 and Express letter No.E.B.6434 dated 29th September, 1949 on the subject mentioned above and to forward herewith a copy of this Ministry letter of even number dated 5th October, 1949 addressed to the Government of Madras. This contains the views of the Government of India on the Provincial Government's proposal to depute Mr. M. Muhammad Ghani for higher studies in English to the United Kingdom at their entire cost. Further correspondence in the matter if any, may be addressed direct to the Provincial Government.

Yours faithfully,

(VIKRAM SINGH)
FOR SECRETARY.

Copy together with a copy of letter No.E.B.6434 dated 16th September, 1949 with enclosure from the High Commissioner for India London forwarded to the Secretary to the Government of Madras, Education and Public Health Department, Madras in continuation of this Ministry letter of even number dated 5th October, 1949.

I am directed to forward a copy of our letter to the Director of Public Instruction, Madras, concerning the admission to Binmingham University of Mr. M.M.Ghani who has been awarded a two years scholarship by the Government of Madras.

...

Copy of letter No.EB.6434 dated 17th September, 1949 from the ~~Indian~~ High Commissioner for India, London to the ~~Ministry of~~ Director of Public Instructions, Madras.

Service p.14 as 120 B 192

I am directed to inform you that Mr. M.M.Ghani, Principal Government College, Guddapah, Madras has been offered admission to Birmingham University for the M.A.Degree course in English commencing October 3rd. In view of the fact that there is very little time left for him to get his passport, and make other necessary arrangements, a cable was sent to him to day informing him of this admission. I am to hope that arrangements for his immediate passage to the U.K. will be made.

The letter from Birmingham University states that the Prof. of English would like to discuss the exact details of Mr. Ghani's course with him at the beginning of the Autumn term. Although the term begins on October 3rd, it would be as well if Mr. Ghani could arrive a day or two beforehand. The date of his arrival here may kindly be communicated to us as early as possible so that arrangements can be made for his accommodation in Birmingham.

Sir,

Subject: Advance studies Overseas - Deputation of an Officer for higher studies in English

Reference: Government U.O. No. 38833-A-12 Edn dated 19-10-49

With the retirement of Sri K. Swaminathan in December 1951 and of Sri V.K. Ayyappan Pillai in July 1952 there will be no suitable Professor to handle English Honours Classes in the Presidency College, Madras. Though this subject may be one of diminishing importance, yet so long as it is taught upto the Honours standard, it is desirable to keep up atleast the existing standard, for which purpose a Professor trained in an English University is necessary. The facilities available in this country for the study of this subject are not comparable with those in English Universities.

2. It is now late to depute Janab Muhammad Ghani this year for higher studies in English in the United

p.t.o

Kingdom. Even if he is sent next year in time he can complete his higher studies and return to India before the retirement of Sri V.K. Ayyappan Pillai in July 1952.

3. In the circumstances I am of opinion that it is necessary to send an officer to the United Kingdom for higher studies in English but that this need be done only next year (1950). If this is agreed to, I recommend that 'English' may be substituted for 'Mathematics-Pure' in the list of subjects appended to the Government Memorandum No. 13785-E2/49-20 dated 18-7-49.

Yours faithfully,

for Director of Public Instruction

Letter / Ref No: 46483A/49-3 dated 3.12.49 from

To

The Secy to the Govt of T.,
Ministry of Edn.,
New Delhi-3.

Sir,

Advanced Studies Overseas - 1949-50.

I am directed to invite attention to your letter No. F-4-2/D-18/49-S2 dt 5.x.'49 and to the subsequent Correspondence relating to the deputation of Mr. M. Muhammad Ephani, an officer of the Madras Govt Edn Dept, for higher studies in 'English' in the U.K. The officer was selected for deputation under the old scheme for Overseas Studies and it was ~~kept~~ thought that his deputation would be pursued under that Scheme. It was not therefore included in the requirements of this Govt submitted in connection with the modified Overseas Scholarships Scheme proposed to be implemented from 1949-50, which was considered to be independent of the old scheme.

This Govt are aware that facilities for the study of English are available in India but they are of the view that it is necessary to send an officer to the U.K. for higher studies in that subject for the following reasons. With the retirement of two Professors in 1951 and '52 respectively there will be no suitable Professor to handle English Honours classes in the Presidency College, Madras. Though this subject may be

are of diminishing importance, yet so long as it is taught upto the Honours Standard it is desirable to keep up atleast the existing standard, for which purpose a Professor trained in an English University is necessary. The facilities available in this Country for the study of this subject are not Comparable with those in the English Universities.

As the Govt have objected to the deputation of the Officer under the old Scheme, I am directed to request that this deputation may be approved ~~&~~ under the modified Scheme, for which purpose this Govt suggest that the subject 'English' may be substituted for 'Mathematics - Pure' included under 'Edn - D. Sciences', in the list of subjects specified in Appendix II to my letter no 13785 E2/49-19 Edn, dt 17-7-49. — vide S/2. file submitted separately

2 I am also directed to invite your attention to my letter no 68796 A-4 Edn dt 22-11-'49 in which the selection of Sri V. P. Kannan Nair for ~~Geology~~ higher studies in 'Geography' was cancelled. As the necessity for a foreign trained person to handle the teaching of Geography continues and has become more imperative with the opening of the Honours Course in Geography in the Presidency College, Madras, I am directed to request that the Govt may be so good as to approve ~~of~~ the deputation of a Candidate by this Govt for the study of that subject under the modified Scheme. For this purpose, this Govt suggest that out of the 3 scholarships required by this Govt, ~~one~~ for studies in 'Psychology' included under Edn - D. Sciences, ~~Psychology~~, ~~in progress~~ in the Appendix to ~~my~~ letter dt 17-7-'49 referred to above, one may be awarded for 'Geography'. S/2

p 11 cf.

NO.F.4-2/D.18/47 S.2.
GOVERNMENT OF INDIA
Ministry of Education,

New Delhi 3, the 31st Dec. 1949.

8 - JAN 1950

From

The Secretary to the Govt. of India.

To

The Secretary to the Govt. of Madras,
Education and Public Health Dept.,
MADRAS.

SUBJECT: ADVANCED STUDIES ABROAD 1949/50
AWARD OF SCHOLARSHIP.

Sir,

I am directed to refer to your letter No.46483A/49-3.I-Education, dated the 3rd Dec.1949 on the subject mentioned above and to state that as the Block Development Grant is not likely to be sanctioned for the Provinces for the year 1950-51 the Govt. of India regret their inability to commit themselves to any expenditure on the training of Provincial scholars abroad yet to be sent during 1950-51. I am, therefore, to express the inability of the Govt. of India to the proposals put forward by the provincial Govt. in their letter under reply. The Govt. of India would however, have no objection to M/s. Muhammad Ghani and any other suitable candidate being deputed for higher studies in English and Geography respectively to the U.K. at the entire cost of the Provincial Govt. outside the purview of this Ministry's Overseas Scholarships Schemes.

Yours faithfully,

for Secretary.

'T'30

Edn. and P.H. Dept.(A).

From the D.P.I., No.11786-C1/46,2, dated 19-12-46.

Advanced studies overseas - Sending of Edn.Dept. officers for 1947-8.

The D.P.I. has subd. proposals for sending overseas on study leave terms Govt. servants of the Edn.Dept. during 1947-8, for higher studies.

ENGINEERING SUBJECTS:

For 'Engg.', the Dir. has recommended 3 subjects: Power Plant Engg., Automobile Engg., and Highway Engg. or Irrigation and Dam Design. There is nothing in his letter to show that he has selected these subjects, w.r.t. future teaching requirements of Engg. Colleges - having taken also into account the subjects (mentioned at "I"/4-5) for which private scholars and Govt. servants were sent in 1945-6 and 1946-7 and private scholars are proposed to be sent in 1947-8. But, in the view that he must have already considered, and not lost sight of, this important aspect, the following remarks are offered.

He has recommended that the follg. 3 officers may be deputed for studies in the subjects noted against each:

1.	Sri P.V.B.Bhoothana Rao	Power Plant Engg.
2.	" S.L.Balasubramanian	Automobile Engg.
3.	" P.Bhairavamurti	Highway Engg. or Irrigation & Dam Design.

Nos.1 and 2 above are permanent Shift Operator and permanent Laby.Asst., resply., in the Engg. College, and are offg. in the M.E.S. (Gazetted) under the emergency provns. In 1945, the D.P.I. suggested that either of these officers might be sent for studies in Heat and Hydraulic Engg. But in view of his report in para 2 at "C"/9 about the officers' poor academic record, etc., the suggestion was not accepted. More than a year has since elapsed and the Dir. now reports that they have put in several years of service in the Engg. Colleges and have gained considerable teaching expce. and also that, if they are deputed, the anomaly of their students being sent as private scholars and brought in later over their heads as Instructors in the Colleges, would not occur. It is for orders whether, in view of these reasons, the selections of

This, by itself, should not be a governing consideration. We may note it, however, & ask the DPI why he considers it necessary

these officers may be approved.

No.3 on p.1 ante - Sri P.Bhairavamurti - holds no permanent appt.. He is an offg. Laby. Asst. and acting purely temporarily as Instructor (Surveying and Drawing) in the Guindy College. He belongs to the Scheduled Castes. His name too was mentioned by the Dir. in connection with the 1945 selections; but he was not sent as the subject suggested for him, viz., Highway Engg., had not been decided upon, on the basis of teaching requirements then. Attention is invited to the further papers at pp.2-3 and 8 ante of the Memo. at "c". The Dir.'s remarks at "M" on p.1 ante apply to the selection of this officer also. For orders whether his recommendation may be accepted.

ARTS AND SCIENCE SUBJECTS:

The Dir. requests that he may be informed of the no. of Govt. servants that have to be selected this year, so that he can take steps to invite applns., etc., and also that it will be possible to arrange the subjects in the order of preference only if the Govt. indicate the no. At "I"/3-4 C.F., he put foward the view that it was imperative, for a few years to come, to arrange for the training abroad of about 20 men and women each year, if the Edn. Dept. were to maintain a high standard. This year, the no. of private scholarships allotted, under the G. of I. scheme, to the Edn. Dept. of this Province, is 9; including the 3 officers of the Engg. Colleges mentioned above, the no. comes to 12. Eight more remain to make up the Dir.'s target 20. Last year, in fixing the no. of Govt. servants to be "deputed" for Arts & Science subjects, immediate attention was confined only to the requirements of the Presidency and the Teachers' Colleges; on this basis, it was decided to send 4 officers - one each for Pure Math., His. & Politics, Botany, and Zoology; 4 more subjects - Engg. Chemistry, Engg. Physics, Engg. Math., and Engg. Geology were also chosen, but later for "Engg. Geology" no suitable Govt. servant could be found. Thus, the no. came to 7.

It is for consideration whether, now, the Dir. may be told that the Govt. would be prepared to send in 1947-8 eight Govt. servants for studies in Arts and Science, and that these eight should be got trained in subjects in which highly trained men will be reqd. in the next 3 years, taking into consideration, in this connection, also the subjects for which it has already been decided separately to send private scholars.

Finance may see before circulation.

FINANCE (CSR).

It is proposed to depute 11 officers of the Eudcation Department (3 in Engineering and 8 in Arts and Science) for advanced studies Overseas, in 1947-48. The officers proposed will be sent on study leave terms under F.R. 84. The D.P.I. has not worked out what the approximate extra cost of the deputation of the officers will be. E.&.P.H. may be requested to obtain an estimate of the extra cost of the deputation of these officers before issuing orders and treat the expenditure as on a "New Service" if this is not provided for in the Budget.

Subject to the above remarks the proposal may be accepted.

The file may now be circulated on the points -

(i) whether the D.P.I's proposal to send, in 1947-48, for higher Engineering Studies overseas, the three officers mentioned at p. 1 ante may be approved; and

(ii) whether the no. of officers to be sent for studies in Arts and Science subjects may be fixed as 8 - "P" on pp 2-3 above.

After orders are obtained in circn. (H.M.(Edn) and H.P.M.), a rough estimate of the cost involved will be obtained from the D.P.I. and the proposals placed before the Finance Committee.

Now that the proposal has been accepted by the Standing Finance Committee, the Director may be asked to put up the subjects and sections for which we want men to be sent up for training to foreign countries. He may also be asked to suggest the way of recruiting such men; whether all of them may be selected from the Department itself or we may invite applications from the public and ask a Selection Committee to go through it and select the most suitable persons. p.30

If such selection is to be made the necessary qualifications may also be specified. ~~The other details may be necessary.~~ The D.P.I. may be asked to furnish the other details that may be necessary.

SECRETARY, EDN. AND P.H. DEPT. 18 APR 1947 GOVERNMENT OF MADRAS

15.4.47

Proposals for the sending of private students under the Govt. of India scholarship scheme are being dealt with separately and, in that connection, a Committee was set up for making selections - which has since subd. to Govt. its recommendations. What is dealt with in this file is the deputation of Govt. officers of the Edn. Dept. for studies overseas, with a view to strengthening the Dept. The Standing Fin. Committee has agreed to the sending of 11 Govt. servants. The Dir. has already recommended the names of 3 for Engg. subjects specified by him and this recommendation has been accepted (cf.2 p.3 ante-bottom) by Govt. It remains to determine next the specialities in Arts and Science for the rest of the places (eight) and then to select officers for those places. In the draft Memo. below, it is proposed to ask the D.P.I. to suggest ~~to Govt. eight~~ suitable subjects for the places (Arts and Science). When orders on his selection of subjects are commd. to him, he may also be asked to invite applns. from the members of the Dept. and forward them to Govt., along with his recommendations thereon. Govt. themselves can then make the selections. This was the procedure which was adopted last year - Vide notes and H.M.'s minutes on pp. 9-16 N.F. of (G), and which ~~also~~ the Dir. also has in mind for this year. There seems to be no necessity to set up a Govt. Selection Committee to select this small no. of 8 officers. If for any

Separate file

Vide the note at pp. 6-8 C.F. of note & D.S., Fin., on p.4 ante

reviewed

C.F. 3

particular subject#, a suitable Govt. servant is not available, then for that subject, a place may be allotted in the next year's scholarship-scheme or scheme of sending Govt. servants.

In the circs., the draft Memo. already put up may therefore be subd. for H.M.'s kind approval.

I am not convinced that men for overseas for the Govt. department should be selected only from Govt. service. Good men may be available from outside also and since the number we are going to select is eight, I think, we may take them also. The D.P.I. may be asked to furnish information regarding the subjects for which we want trained men, their minimum qualifications as well as whether they may be selected from outside the Govt. Cadres. The draft may accordingly be amended.

There have been, since 1945-6, two separate schemes of sending candidates overseas for advanced studies.

One is the Govt. of India scheme of scholarships. The candidates sent under this scheme are awarded stipends (and other allces.) for their studies, etc. A certain no. of scholarships are allotted to the Provl. Govt. These seats are shared among the Edn., the P.W. and the Dev. Depts. of this Govt. The cost of the scheme is borne equally by the Centre and the Province. The object is to increase the supply of trained personnel that may be reqd. in connection with the implementation of the various plans of development undertaken in the Province (both by Govt. & by private bodies). During the last two years, private candidates alone (and not Govt. servants also) were made eligible to apply for these scholarships. This year, however, at the suggestion (almost compulsion) of the G. of I., Govt. servants were also permitted to apply. The preliminary selections for these scholarships are made by this Govt. with the help of a Selection Committee appointed by them and the final selections rest with the Govt. of India.

The other scheme relates to the sending by this Govt., at their own expense entirely, of their servants. The Govt. of India have no say in the choosing of particular officers. The object of this scheme is to meet the departmental needs and to provide scope for the deptl. officers to better their qualfns. and thus make themselves eligible to occupy higher posts in due course. It is also, in a way, aimed at avoiding the anomaly of private scholars, after trg. undergone at the expense of Govt., occupying top places over the officers: many of the scholars may be the officers' ex-students. Candidates sent under this scheme are given study leave on the terms contained in the Fundamental Rules (supplemented by an allce., if necy., to bring their total payment to the amount recd. by private scholars). As private scholars are not eligible for study-leave, the question of their deputation under this scheme does not arise at all. If they are to be sent by this Govt. independently, in addn. to the students sponsored under the G. of I. scheme of scholarships, the entire cost involved will have to be met by the Province. This is obviously unnecessary expre., when a sister-scheme instituted by the G. of I. is in force - under which the expre. to the Provl.Govt. of sending private scholars would be only half. The promising students can get themselves selected for trg. under that scholarship scheme.

pp 72-73 CF [Issued as letter no. 78785 A/46-14 dt 17.10.47]

pp 74-75 CF (Please why action has been taken & why no delays occurred (W) Extracts taken & explanation with note separately) From the D.P.I. No. RC. 11786 C1/46 dt 28.8.47.

The file deals with the Subject of sending 11 offrs of the Education Dept ~~on deputation~~ to foreign Countries for undergoing advanced Studies under the Govt of India, Ministry of Education's Scheme for 1947-48. The Standing Finance Committee have already agreed to the proposal to select 11 offrs. 3 offrs have already been selected for the following subjects:—

Power Plant Engg. — (P.V.B. Bhooshana Rao)
Automobile Engg. — (S.L. Balasubramanyam)
Irrigation + Dam Design — (P. Bhyravamurthy)

pp 74-75 CF. The D.P.I. has now proposed that, Considering the needs of the Dept, the remaining 8 offrs may be selected for the Subjects noted below:—

	No of candidates
(a) Applied Physics — Electronics	1
(b) Geology (Engg)	1
(c) Geography	2
(d) Teachers Training with Spl. refce to Psychology	1
(e) Experimental Psychology	1
(f) Commerce	1
(g) English	1
	8

P

W The Director's proposal may be accepted. The D.P.I. states that if

the Subjects proposed by him are approved, he will – as he did in previous years – call for applications from qualified offices in the Education Dept. and submit his recommendations to the Govt, who will finally select the candidates for deputation. This procedure may be followed.

It may be mentioned in this connection that there is a proposal separately under consideration that Mr. M.D. Patil who was originally meant to be "deputed" to the U.K. and U.S.A. to study modern trends in teaching, should be allotted one of the 11 places set apart for offices to be sent abroad under the Govt. of India's Scheme and that the subject which may be offered to him may be "Teachers Training with Special reference to Psychology" – Subject (d) mentioned at 'P' on page 10 ante. In view of this, it seems the D.P.I. may be asked to invite applications in respect of the subjects proposed by him except "Teachers Training with Special refce. to Psychology", and submit his recommendations to the Govt. For orders whether the subjects suggested by the selector will be accepted

TJB

28/10/47 S

28/10/47 M. (Con.)

It is necessary that we should have a Bureau of Psychology where research must be done in matters relating to education. In fact, such an organization is long overdue. We have been studying books written under Western conditions by Western authors and finding in our own lives that we are unable to come up to those standards. The reason is that our standards must and will be different from them due to the circumstances in which we are situated as well as our own surroundings. New tests to suit Indian conditions and

our own children must be evolved. For these purposes, a Research Bureau is absolutely essential. The D.P.I. may be told that if the man sent for experimental psychology will serve to organize this research in education, his proposals may be approved but, if this man will not be good for that purpose, the 2 seats alloted to Geography may be reduced to one and the seat so saved may be allotted for training people in research in education.

A draft Memo. is subd.

4/11/47 S

(Issued as Memo.No.78785-A-15, dated 5-11-47.)
From the DPI, No.3176-C2/47, dated 11-10-47, forwarding a representation — from Miss M. Parkey, a S.A.I.

Draft Memo. to the D.P.I. is for approval.

7/11/47 S

[Issued as Memo. No. 78785-A-16, dt. 7.11.47.]

** ** **

From the D.P.I., No. 7786-C/46, dt. 12.11.48.

W.r.t. the minutes of H.M. above, the D.P.I. has stated that the candidate to be sent for studies in 'Experimental Psychology' will, after studies, be quite competent to organize the work refd. to by H.M. and that therefore there is no need to allot a special seat for 'Research in Edn.', by reducing the 2 seats for 'Geography' by one.

2. About the selection of officers for the subjects (Arts & Science) approved by Govt., the D.P.I. has forwarded the applns. he has recd. from departmental officers (for 'Commerce' alone he has not recd. any appln. and he has stated that he will propose a suitable candidate shortly) and has merely ~~stated~~ asked that the ~~officers~~ persons mentioned by him

be chosen. He has not ~~discussed~~ remarked on the claims of each applicant, or at least the claims of those who are fairly seniors, which deserve looking into. Attention is in this ~~in~~ connection invited to:

(1) the notes at pp.4 and 6-7 N.F. of the G.O. at "G", containing last year's discussions; and
(2) the Memo.'s at pp.21-22 and 31 C.F. thereof, issued to the Dir. then.

As was done last year, the Dir. may now be required to send for each of the subjects a list of suitable persons already in service (M.E.S. & M.E.S.S.) who are qualified for the subjects, and discuss their qualfns, merits, etc. Subject to orders, a draft Memo. is subd.

3. W.r.t. the appln. at p.78 C.F. of Miss M.Varkey, S.A.I., for deputation abroad for one year, the Dir. was asked to consider her name along with the names of others, for selection for being sent for studies in one of the Arts and Science subjects. He has now replied that he examined her claims for 'deputation' for 'Experimental Psychology' (evidently, the lady is not qualified for any of the other subjects: Applied Physics, Engg.Geology, Geography, English and Commerce) but that he does not consider her suitable since she has no basic degree for advanced studies in that subject. Miss Varkey may therefore be informed that her request will not be granted. However, in her petn. ~~kept~~ in the D.F., she has made an alternative request that she may be granted study leave for 1 year. The D.P.I. has simply transmitted it to Govt. It is proposed, in that file, to get his specific remarks on that application.

AA above: A draft is subd.

GOVERNMENT OF INDIA 19 FEB 1948 SECRETARIAT, EDUCATION DEPT.

Issued as Memo. No. 78785-A-22, dt- 19.2.48

p.94 cf From the DPI, No.11786-C1/46, d/- 6-3-48.

The D.P.I.'s letter at p.94 C.F. and its encls. are not useful for Govt.'s selecting proper persons for deputation. For certain subjects, he has mentioned only a very few names. It is not understood whether in the entire dept. they are the only qualified persons who can be considered prima facie suitable. The Dir. has not offered any remarks on the merits of each officer. Nor does he seem to have given weight to the fact that the deputationists, on return, are ordinarily to fill, in the near future, M.E.S. posts. Further, the follg. defects are also noticed: In the statement of 96 under "Edn." where that subject is not one of the subjects at all approved by Govt. in the Memo. at p.76 C.F. (read with cf 75). The statement, the other hand, does not contain the names of candidate who can be considered for deputation in 'English'. The appln. of Sri S.Velayudam, recommended by the Dir. for Commerce has not also been recd. p.91 cf The draft Memo. to the D.P.I. is for consideration. subd. below

Issued as Memo. No. 78785-46-A-24 dt-24.3.48.)

p.104 cf From the D.P.I., No. 11786-C1/46, dt- 20.4.48.

The D.P.I.'s letter at p.104 cf. does not at all comply with the main request in the Memo. p.97 cf. sent to him. He merely states that the cases of all the offrs "were considered" & that the selections were made of those who can be benefitted by the studies overseas & whose services will be necy. for the institutions of the dept. It is for consideration whether his office files in which the cases were considered may not be called for. With the information available in those files & with the help of Civil Lists,

the examn. of the claims of persons may be undertaken then.

pg. 9.5.48 Hom 10/5/48

DPI 11/5/48 S Yes wl.

Possible to make an indent. Sanction of the D.P.I. seem warranted under the Rules. A Deputation Allowance for a T.A. of Rs. 97 p.m. may be sanctioned. Indent. Issue. Appt. Rules to be in order as. For orders whether this may be done, or whether Examination may proceed as the matter furnishes of the D.P.I.

14/5/48

14/5/48

H. (Cur.)

The Secretary's suggestion above may be accepted.

With regard to English I think I made a note some time earlier that in view of the fact that we have pressing needs in subjects like English, we need not depute somebody for English just now. The D.P.I. may be asked to examine and say whether a deputation for English is necessary; if not, to what other subject it may be given. I would prefer some good men to be trained for the Research Bureau or ~~the~~ for the Training Colleges.

(Boss) A B

TSA 14-5-48

SECRETARY, EDN. AND P.H. DEPT. 14 MAY 1948 GOVERNMENT OF MADRAS

A draft Memo. is subd.

A above: No previous minute of H.M. on this matter has been recd. in the dept. Proposals for the abolition of posts of Professors and Lecturers in English in the M.E.S., in certain colleges, and for the sanction of ~~the~~ Assts.Profs.' and Asst.Lecturers' posts instead,

are under consideration separately. If they get thro', many (seniors in the dept. as a whole) senior officers will revert to the Subordinate Service. It does not appear therefore that much inconvenience will be caused to the dept. by sending ~~the~~ are suitable officer for overseas studies.

"B" on p.14 ante: Mr.H.D.Paul, offg.Divl.Inspr. of Schools, has already been selected by Govt. for the subject "Teacher's Trg. with special refce. to Psychology", and the G. of I. are trying to secure for him admission in foreign institutions. About the 'deputation' of an officer for 'Research Bureau', refce. is solicited to the correspondence at p.76 C.F. (para 1(1)) and p.89 C.F. (para 1) — cf. minutes & notes on pp.10-11 ante.

The file may be recirculated. If H.M.still considers that a refce. about 'English' should be sent to the Dir., the draft Memo. will be amplified.

(Separate file 2.(2))

pg. 16.5.48 DPI 18/5/48 S 18/5/48 H. (Cur.)

In the memo to the Director a suggestion may be made that no one for English need be sent for foreign studies and his opinion may be elicited for the advisability of sending another for research work in education in view of our intention to have a Research Bureau established.

SECRETARY, EDN. AND P.H. DEPT. 21 MAY 1948 GOVERNMENT OF MADRAS

TSA 21.5.48

Draft Memo. has been added to. May issue

pg. 21.5.48 Hom 21/5/48. DPI 21/5/48

cf 108 cf 113

(Issued as Memo. No. 7878-46-A-28, dt. 24.5.48)

From the D.P.I., No. 11786-C1/46, dt. 10.9.48.

The question of sending officers of the Edn. Dept. to foreign countries for undergoing higher studies is considered in this file. 10 subjects of studies — subjects for which highly trained officers would be required on the teaching staffs of colleges in the near future - were suggested ~~chosen~~ by the

D.P.I. and approved by Govt. Selections of persons for 4 have already been made. There remain the following 6 subjects:-

Subjects.	No. of candidates to be selected.
1. Applied Physics (Electronics)	1
2. Geology (Engg.Geology)	1
3. Geography	2
4. Experimental Psychology	1
5. Commerce	1
6. English	1
	7

2. (a) H.M.(Edn.) subsequently made a suggestion that no officer need be sent for "English", subject to above and wished to have the D.P.I.'s opinion on the advisability of sending a person for "Research work in Edn." in view of the Govt.'s intention to have a Research Bureau.

(b) The Dir. says that English Hons. course will have to be continued in the Presidency College and that there shd. be at least one person trained in an English University to succeed M/s.V.K.Ayappan Pillai and K.Swaminathan on their retirement in 1951-52 on their transfer to some other posts. Agreeing with the Dir., this dept.may recommend that his proposals for selecting an officer for "English" may be called for.

(c) About "Research in Edn.", the Dir. merely mentions that the officer proposed (by Govt.) to be sent may be in addition to the one for "English". He has not commented on the necessity or desirability of sending an officer for the subject. But, formerly, this point was specifically put to him in detail and he was asked whether the person to be trained in "Experimental Psychology", subject 4 above, would be fit to organize "Research in Edn.". His reply was that that person would be quite competent for the purpose and for evolving new tests to suit Indian children. Consequently, the proposal then under consideration to reduce the no. of persons allotted for Geography from 2 to 1, was dropped. The Dir.'s previous remarks shd. be taken to hold good now, and it is not quite necessary to send another officer as for "Research". If, however, a separate officer is to be sent, the total no. - 11 - for whose deputation the S.F.C. gave its sanction will be exceeded and the appropriate financial procedure will have to be followed. For orders on A above.

3. The selection of officers for subjects 1 to 5 in para 1 above may now be proceeded with. Originally, the D.P.I. simply gave the names of some officers and recommended their selection. In order to enable an independent scrutiny of his recommendations being made, a list of all qualified & prima facie suitable officers in the M.E.S. and in the M.E.S.S. was called for from him. He has now sent a list of such officers who are in the M.E.S. or ~~M.E.S. officers and of M.E.S.S. officers whose names~~ are likely to be put on the approved list for the M.E.S. during the next 3 years.

4. Applied Physics.

Of the candidates recommended by the D.P.I. at "H"/1, Dr. S.GopalaKrishnamurthi who is a D.Sc. and who is the Prof. in the Presy.College seems to be the best. For orders whether he will be selected, and his willingness ascertained.

Engg. Geology.

Last year, a candidate could not be chosen for this subject as there was no regular member of the Service and all the persons except Sri T.N.Muthuswami Ayyar were employed under the emergency provns. This year, the Dir. recommends that the selection of Sri A.Parthasarathi who is a I Class B-Sc.(Hons.) and who is regularly offg. as Asst.Prof. Nos.2 and 3 in the list at "H"/4 are apparently Sri Parthasarathi's seniors. They are II Class men. For appt. as Lecturers, either I Class or II Class is the qualfn. ~~Attention is invited to the Commission's remarks in another connection at p. of~~ It does not seem that as between I and II Class degrees, I class shd. be taken to confer on the person concerned a claim that would outweigh seniority. If this view is ~~not~~ agreed to, the Dir.'s recommendation may be accepted.

Geography.

The names at p. 16h infra and the two names at F at p.113 C.F., have to be considered. Sri B.M.Thirunaranan already possesses a London Unty. degree. Particularly w.r.t. the Dir.'s previous remarks in para 2 at C.F.74, it does not seem necy. to select him. Sri S.Velayudham is being recommended for Commerce below. Of the remaining candidates, it seems that the following are suitable:-

ing are suitable:-

1. Sri V.P.Kannan Nair.
2. " A.C.Nambiar.
3. " C.V.Chitti Babu
4. Miss A.R.Iravathy.
5. Mrs. Ratnaswamy.

Two candidates are required. For orders as to the persons who will be chosen.

Experimental Psychology.

Pl. see the list at "H"/2. The D.P.I.'s views that Nos.1 to 4 there are too old may be accepted. Of the other 5 candidates, Sri K.Umamaheswara Rao alone possesses the M.Ed. degree (the qualfn. for appt. as Lecturer in Edn. is the M.Ed. degree with an Hons. or M.A. degree in any subject by the I or II Class). He is a permanent Dy.Inspr. and offg. Asst.Lecturer in Mathematics. He is 40 years old and has put in 15 years' service. The understanding arrived at last year was that nobody shd. be overlooked merely because he was 40. Sri Rao will have more than 10 years to serve after his return to India. It is not known why the D.P.I. does not recommend him. The Dir. recommends M/s. V.Abdulla Kutty and B.A.Nandagopal, offg. Asst.Lecturers in Logic. About Sri D.Ramamurthi - No.9, the D.P.I. says that he has been recommended for "Education". It has not been decided yet that an officer shd. be 'deputed' for "Education". For orders which of the officers will be selected.

Commerce. There is no regular candidate in the dept. qualified in Commerce - except Sri T.Appalanarasiah, Dy.Inspr., who is offg. as Lecturer in the Coimbatore Arts College. Sri Appalanarasiah is 49 years old and the Dir. does not recommend him. The Dir. has given the names of 4 other persons qualified in Economics and recommends that Sri S.Velayudham, Asst.Prof., may be chosen. From the standpoint of qualfns., age and service, the recommendation may be accepted. (There are only about 2 persons who are seniors to the officer in the History-Geography-Economics unit who have yet to get into the M.E.S.)

5. For orders as to circulation.

(Notes from bottom of p.15 ante.)

Mess. A.C. Nambiar & Chitti Babu have no degree or diploma in Geography (Cf. p.113 ante). V.P. Kannan Nair who has a diploma in Geography with distinction thereby, in Geography. Miss Iravathy is a Lecturer whereas Mrs. Ratna is only an Hons. Lecturer; Miss Iravathy has an Hons. degree in Geography & holds the B.Ed. degree with distinction in Geography; the former is in Maths & the latter in Physics. So I suggest Sri. V.P.Kannan Nair & Miss A.R. Iravathy.

(x) No' here are "Provisos".

GOVERNMENT OF MADRAS

With regard to English, the recommendation of the D.P.I. may be accepted.

With regard to Applied Physics, the recommendation of the D.P.I. to select Mr. Gopalakrishnamurthi may be accepted.

With regard to Engineering Geology, we may choose the first class man, that is, Mr. Parthasarathi.

With regard to Geography, the recommendation of the Secretary may be accepted.

With regard to Experimental Psychology, Mr. Umamaheswar Rao may be chosen.

With regard to Commerce, the suggestion of the D.P.I. may be accepted.

8-11-48

About "Researeh in Edn.", H.M. evidently agrees with this Dept.'s view at A at p.16 ante. A draft Memo. is subd.

(Issued vide Memo. No. 18705-A/32-6 dt. 4-11-48.)

From the D.P.I., No.11786-C1/46, d/- 10-3-49.

In 1945-6, the G. of I. initiated a scheme of scholarships for sending private candidates for advanced studies overseas. That scheme was continued up to last year (1947-8). Thereunder, certain no. of scholarships were allotted to the Provinces. The cost was borne equally by the Centre and the Provinces. The selection of candidates were finally made by the G. of I. on the Provl. Govt.'s recommendations.

2. Along with that scheme, there

was also another under which Govt. servants were sent abroad, on study leave terms in the F.R. supplemented by some other allowances, for qualifying and equipping themselves further. The cost of this scheme is borne entirely by the Provl. Govt. and the selection of officers is solely in their hands. But the G. of I. help the Province to secure admissions for the officers in foreign institutions, etc.

4. For the year 1947-8, the no. of officers of the Edn. Dept. of this Govt. to be sent was fixed as 11. 4 were already selected and sent abroad and they have also joined institutions overseas. very recently, 6 more were selected. They have now subd. details about them and necy. documents. The particulars, etc. may be sent up to the G. of I. and they be asked to arrange for the candidates' admission and for their passage. A draft letter is subd.

5. One officer has yet to be selected. The subject for which the selection shd. be made, has been decided to be 'English', the D.P.I. having been consulted. The Dir. has now forwarded a list of officers who are in the M.E.S. and the M.E.S.S. and who are qualified and are prima facie suitable. The list is at pp.120-21 C.F.

Nos.1-5, 8-10 and 12 ~~there~~ are ~~sufficiently~~ very old and as they will not have even 10 years in full to serve on their return from abroad, their names need not be considered. In fact, the person proposed to be 'deputed' is intended to succeed eventually No.~~8~~ 9/No.~~7~~ as Professor in the Presy. College.

The others are the follg.:-

1. Md.Ghani Sahib Bahadur.
2. Mr. R.H.P.Holman.
3. Sri A.S.Thyagaraju.
4. " C.P.Kesava Tharagan.
5. " S.Palaniswami.
6. " V.Gopalan Nair.
7. " M.Rama Ramanan Unni.
8. " S.Ramaswami.
9. " P.N.Krishna Royan.
10. " A.E.Subramanian.

The D.P.I. recommends Nos. 1, 2 and 9 above.

No.2 above - Mr. Holman - ~~cannot be sent overseas for the following reason~~: When the post of Inspr.(Inspectress) of European Schools fell vacant in 1946, the name of Mr.Holman was considered for filling the vacancy. The Adviser, who interviewed him

and also the woman officer already selected by the Commn., Mrs.Suarez, considered that the latter would prove quite suitable as Inspectress and that Mr.Holmn was too young at 35 for the post of Inspr. but might fit it later, particularly with some expce. in inspecting work. The Dir. was asked therefore to give Mr.Holman training as D.E.O., as early as possible, with a view to keeping him in reserve for the post, ready to fill any leave vacancy that might arise. He has been since that time (May 1946) D.E.O., Anantapur. If Mr. Holman is deputed overseas and, on return, apptd. as Prof. in the Presy. College, his services cannot be had for the post of Inspr. of European Schools. But it does not seem that it will be fair to deprive him of this great chance for this reason.

No. 1 - Mr.Md.Ghani - is the Principal of the Second Grade College at Cuddapah. There is no reason for not accepting the Dir.'s recommendation for his selection.

No. 9 - Sri P.N.Krishna Royan: Only if either No.1 or Mr.Ghani, or No.2 or Mr.Holman ~~are~~ is not selected, the case of this candidate and the cases of others have to be gone into. The Professor of English in the Presy. College has commented on the relative merits of Nos.8 to 10 on page 20 ante (these three are in that college) and has considered No.9 (Sri Krishna Royan) as the best among them. Likewise, the Dir., being the Head of the Dept. as a whole, should have compared the claims of Nos. 3 to 7, who are in colleges other than the Presy. College, with the claims of No.9 for the 'deputation'. He has not done that but has merely stated "Not recommended", against their names, in the remarks column of the list. If, on any ground, Mr.Ghani or Mr.Holman ~~are~~ is not to be selected, the Dir. may be asked for his reasons for not recommending Nos. 3 to 7, who are Sri Krishna Royan's seniors. (It may be said ~~here~~ here that Sri Gopalan Nair, No.6 has since

been re-appointed in the M.E.S.)

5. The file may be circd. to H.M.(Edn.) for orders as to the candidate to be selected for 'English', after issue of the draft letter to the Govt. of India.

P.G.
12-4-49.
A.G.M.
15-4-49.

Md Ghani possesses the best academic record and may be selected - Failing him, the best record is of Holman, who is also second class with 1st rank in English. If Ghani is not selected, Holman may be selected for overseas training.

14.07 (Edn) Md Ghani may be selected

A draft Memo is subd. Apl issue, the papers may be recorded.

JOINT SECRETARY TO GOVERNMENT 29 APR 1949 EDUCATION AND PUBLIC HEALTH DEPARTMENT

231

E. & P. H. Dept. (A)

Cancellation of selection of Sri V.P.Kannan Nair for 'deputation' abroad for higher studies in 'Geography'.

In Octr. last, the selection of officers of the Edn. Dept. for being sent abroad for higher studies in select subjects, was made. 'Geography' was one of the subjects, and two candidates were intended for it. For each subject the D.P.I. forwarded a list of all qualified and prima facie suitable persons who were in the M.E.S. or who were likely to be put on the approved list for appointment to that service in the near future, and made his recommendations as to the officers to be chosen. He included the name of Sri V.P.Kannan Nair, Lecturer in Physics, in the list for 'Geography'. He did not however recommended his name. But as Sri Nair possessed the Diploma in Geography with distinction and as he was the seniormost of the officers who had not less than 10 years to serve Govt. on their return to India after studies, the Govt. selected him - previous Secy.'s note at top of p.157 of "P". Another woman officer, Miss A.R.Irawathy, also was selected. The Dir. later ascertained the willingness of Sri Nair and had the necessary appln. forms filled in by him. The Govt. of India were thereupon asked to arrange for Sri Nair's admission in a suitable foreign institution.

2. The Dir. has now written to Govt. to request that, for the reasons given by him at MM at C.F.1, Sri Kannan Nair's selection may be cancelled. He says that after the cancellation he will recommend the name of a suitable person . One of the points of the Dir. is that Sri Kannan Nair is a teacher in Physics and he has not so far had experience in teaching Geography. As against this, it may be mentioned that the Dir. himself suggested the names of two very junior officers in the M.E.S. who not only did not have any expce. in Geography but did not even possess any qualfn. in that subject. A person who has general teaching experience in colleges will not find it difficult to have a change of subject if he is qualified for the new

subject and if before taking it up he gets specialized in it. Another statement of the Dir. is that Sri Nair does not give the "impression of being keen to pursue advanced studies abroad" and that "he himself wonders how he happens to have been selected for Geography". When the officer has specifically expressed his willingness previously, there is not much meaning in this.

3. Anyway, before considering further the Dir.'s recommendations, it seems necessary to ascertain from Sri Kannan Nair whether he has the confidence that he will pursue diligently the advanced studies in Geography and if not whether he is prepared to put in writing that he does not want to go abroad for higher studies in geography

4. For orders. May be circulated to H.M.(Edn.)

P.J. 10.6.49. Hom 11/6/49. DPI 13/6/49 S

We may find out from Sri Kannan Nair if he is interested in the scholarship and expects to benefit from it.

140

Please see the D.P.I.'s letter and its enclosure on page 4 c.f. Mr.Kannan Nayar says that he is "keen to go abroad for higher studies in Geography as it will help him to get confirmation in the M.E.S." It does not seem that so much emphasis, as the Director has done, need be laid on the portion underlined. Mr. Nayar's fault is only that he has put in writing what other people would have discreetly kept in their minds. ~~No body proceeds on foreign studies except to improve his prospects.~~

As regards the Director's remark that Mr.Nayar has been a Physics teacher all along and that he had no connection with Geography though he obtained a Diploma in Geography (with distinction), it is submitted that the Science of Geography has developed very much in recent years. The study of Geography in former days meant the study of the political divisions, rivers mountains, vegetation, etc. and the History teacher used to be in charge of the subject. Now we have Physical Geography, Mathematical Geography, Economic Geography, Historical Geography, Anthropo Geography, Bio-Geography, Plant Geography, Animal Geography, Practical Geography etc. A knowledge of Mathematics or Physics will stand one in good stead in studying modern geography.

In the circumstances it is for orders whether the former decision which was arrived at after mature consideration will be modified.

234

(Issued as Memo.No.39014-A.2-Edn., d/-2/8/49.)

From the D.P.I., No.11786-C1/46, dated 2-9-49.

Sri V.P.Kannan Nair himself has now expressed his inability to go overseas. His selection has therefore to be cancelled.

About the selection of a substitute, the D.P.I. has given the names of three Asst.Lecturers and has recommended the choice of ~~Sri~~ Janab M.Jamal Muhammad who has his basic degree in 'Geography' and who has three years' ~~ex~~ teaching experience in that subject. Sri R.Suryanarayanamurthi, one of the two other officers mentioned by the Dir., is senior to Janab Jamal Muhammad. He is also younger than the latter by four years. His basic degree, however, is in 'History', and in 'Geography' ~~in~~ he possesses a diploma. But Sri Kannan Nair (whose selection it is now proposed to cancel) also possesses in 'Geography' only a diploma. The reasons given at pp.1-3 ante, in justification of his selection, can be extended to apply in favour of the selection of Suryanarayanamurthi now. Another factor, which ~~may not perhaps be quite~~ if considered relevant here, is that in the group of officers selected ~~for 1948-9~~ as for 1947-8 for being sent abroad, one is already a Muslim and that if the Dir.'s present recommendation is accepted, two out of the 11 officers will be Muslims. For orders whether Sri Suryanarayanamurthi or Janab Jamal Muhammad will be selected.

May be circulated.

DPM 27/9/49

(Issued as Memo. no. 68796-A1-Edn., dt- 27.9.49, From the D.P.I., no. 11786-C1/46, dt-4.10.49

The D.P.I.'s reply to the Secy.'s points, is at pp.9-10 C.F. He iterates his recommendation for the selection of Janab Jamal Muhammad.

If, however, the Govt. do not accept that recommendation - as an alternative, the Dir. says that Sri M.Sreekumaran Unni Nair, who has been selected by the M.P.S.C., and approved by Govt., for appointment by direct recruitment as Lecturer in Geography, may be sent abroad as a private scholar. Sri Nair is aged 23 years and possesses a diploma in Geography with distinction and has been selected for appt. in the vacancy to be caused by the retirement of Sri N.C.Krishnayya Naidu at the end of this academic year. He would be suitable for higher studies overseas. But, for sending him "as a private scholar", the procedure that should preferably be adopted is the following.

The Govt. of India propose to initiate with effect from this year a new scheme whereunder Govt.servants of different Provinces are to be deputed overseas for higher studies. That Govt. recently ascertained the subjects in which this Govt. wanted to have their servants trained. If for particular subjects, Govt. servants do not become available, private candidates may also be sent. The list of subjects sent by this Govt. for the G. of I.'s approval did not mention 'Geography'. Because Sri V.P.Kannan Nair had already been selected and the G. of I. had been addressed, under their original overseas scholarship scheme, to secure for his admission etc. But, for a candidate being selected now under the old scheme, the G. of I. may not agree. In the case of Janab Md.Ghani

6/

236/

dealt with in L.F., the G. of I. were asked to arrange for ~~his~~ that officer's admission and ~~xxxxxx~~ passage. They have declined to do that, ~~since~~ one of the reasons being that they hold that the candidate should be deputed under their modified scheme and not under their old scheme at this late stage. They are likely to take a similar attitude if a candidate is selected afresh for 'Geography'. The suggestion, made in L.F., for the substitution of 'English' for a less important subject in the list already sent (after obtaining the D.P.I.'s view and the G. of I.'s concurrence) may be followed here also for 'Geography'. In that case, all Govt. servants and outsiders including Sri Sreekumaran ~~Nxix~~ Unni Nair may be allowed to apply and the best applicant may be chosen.

The D.P.I. may see u.o.

DSII 22/11/49 142

[Issued as — memo. 68-786-A.3 & letter 68-786-A-4, dt-22-11.49.]

From the G. of I., No.F.42-D18/47-S2, d/- 5-10-49.
From the D.P.I., No.11786-C1/46, d/-13-10-49.

Sending of an officer abroad for higher studies in English.

Janab Md.Ghani was selected by this Govt. last April for being sent overseas for higher studies in English under the G. of I., Ministry of Edn. original scheme of sending private candidates and Govt. servants to foreign countries for higher education. The Govt.'s intention was to send him under 'study leave' terms, themselves bearing the entire cost. In accordance with the procedure adopted in other similar cases, the G. of I.'s help only in the matter of securing for him admission and passage was sought for.

In the meantime, the G. of I. proposed to initiate, with effect from this year, a new scheme whereunder mostly Govt. servants of different Provinces were to be deputed for foreign studies and ascertained from the Provinces the subjects in which the Provl. Govts. wanted to have their servants trained. The list of subjects sent by this Govt. did not include "English". For, it could not be surmised that the scheme already in force should be merged in the new scheme; it was thought that the selections of subjects and candidates already made under the former scheme should stand and that the modified scheme was an independent one. But now the G. of I. have written to this Govt. as in their letter at pp.11-12 C.F.

Para 1 of the letter: X above is the answer.

Para 2: It was not as if the point why it was necy. at all to send an officer for "English", was lost sight of by this Govt. The former Govt. raised it and the D.P.I. considered that one person who has had training in an English Unty. should be available in the dept. to succeed the Profs. in the Presy.College, due to retire in the course of a few years. Facilities for the study of English are available even in this Province. But, the G. of I. do not seem to have considered the greater advantages of one's studying that language in an English Unty. like the Oxford.

~~Para 3: It is not clear what the G. of I. mean~~

~~by 'priority'--priority of passage priority in the matter of admission.~~

240

This note along with the G. of I.'s letter may be be sent to the D.P.I. u.o. for remarks. If he considers that it is highly necy. that a candidate should be sent abroad for the study of 'English' this year and if he thinks that any other subject included in the list sent up to the G. of I. under their modified scheme is less important, perhaps this Govt.'s view may be put before the G. of I. and they may be asked to agree to substitute 'English' for the less important subject. ~~to be endorsed by D P I~~

SECRETARY, EDN. AND P. H. DEPT. 5 - OCT 1946 GOVERNMENT OF MADRAS

SUBJECT:- Overseas scholarship and grant of study leave abroad - 1947-48.

.....

R.C.No.44-C/46. Dated 3rd October 1946.

From

Dr. S.R.U. Savoor, M.A.,D.Sc.,I.E.S.
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department,
Fort St. George.

Sir,

REF:- Government Memorandum No.48946 C/45-8, Education, dated 30-11-1945.

---

1 I have the honour to invite the attention of Government to their abovementioned Memorandum sanctioning in the current year of the deputation of Government servants for advanced studies abroad in the following subjects:--

ENGINEERING

1945-46
1. Automotive Engineering.
2. Electrical Machinery and Design.
3. Hydraulic & Municipal Engineering.
4. Geodetic Engineering.

ARTS

1946-47
5. History and Politics.

SCIENCE

6. Pure Mathematics.
7. Botany.
8. Zoology.
9. Engineering Mathematics.
10. Engineering Physics.
11. Engineering Chemistry.

2 While the above step will tend to raise ultimately the level of teaching in these subjects, I feel bound to state that much remains still to be done if a really high standard of teaching is to be reached in the several subjects.

3 In paragraph 7 of my letter R.C.No.4368 C/45-2 dated 14-11-1945 I invited the attention of Government to the imperative necessity for the improvement of the quality of the

teaching staff of the Government Colleges in general and of the Presidency College, Madras, in particular. From the Gazetted Officers' list it will be seen that before August 1948 there will be 16 vacancies in the Madras Educational Service - 4 in English, 3 in History, 2 in Zoology, 2 in Physics and one each in Botany, Chemistry, Kindergarten, Mathematics and Teaching. Before April 1950, another 12 will arise - 3 in Teaching, 3 in Mathematics, 2 in Physics, 2 in English and/2 in History.

4 As Government are aware it has been the policy to raise the standard of teaching and ultimately of research to such a level that it would be ordinarily unnecessary for our students to go abroad for basic training and as time goes on for initial stages of research in most subjects. If this policy is to be continued with a full measure of success and our young men and women are to be given the samefacilities for higher University grade of work as those enjoyed by their compeers abroad, much remains still to be done. Furthermore, we have to reckon also with the needs of research in almost every department of learning, Arts, Science, Technical and Professional also. I am sure it is unnecessary for me at this late hour to stress the importance of this aspect. I shall only content myself with drawing the attention of Government to the inescapable fact that all this organisation could be the result only of a carefully planned scheme extending over a number of years and that the first requisite for success of any degree is the provision of highly trained and well-tested personnel. This last, however, is not, as the history of other countries shows and as our own record testifies by the large gaps in organization at home, one which could be secured easily or quickly.

5 If we take a survey of the several branches of Learning that have been so far developed by Government either directly or indirectly--both are equally of great concern to the State--we become painfully aware of the absence of a sufficient number

of highly trained and well tested persons in many of the branches.

6 I would particularly emphasise here that while it is necessary to have a very highly qualified staff at the top it is equally necessary, if the work of these is to bear fruit and if these are to be replaced by younger men as need arise, to have very well qualified young men in the middle levels also, while we should be assured of a good sprinkling of such men and women in the lower levels as well. Speaking concretely, I would group teachers in the highest grade of institutions into three classes generally -- Professors, Readers and Lecturers in the ratio of 1:2:4. This would mean that at least 50% of the main lecturing staff, should answer to the above requirements.

7 If this very necessary condition of organisation is to be realised within a measurable distance of time, it is imperative for a few years to come for Government to arrange for the training abroad of about 20 men and women each year, some of these being Officers already in service and deputed by Government, some others being Government servants allowed to go abroad on study leave basis and some others not in service sent abroad on scholarships.

8 These persons should be the very best that the Presidency can offer as we should work up to the maximum standards and not to the minimum standards.

9 Government should not enter into any commitments except that these men and women should serve Government in such capacity as may be determined, for a period of years from the date of their reaching India after satisfactorily completing the course on such salary as may be determined by it. Government should also have the right to cancel the scholarship or deputation at any stage if the work is unsatisfactory, giving such men their return passage to come back within 3 months after the cancellation.

10 If Government agree generally to the above I would request that adequate provision may be made for the same in Part II of the budget of 1947-48. This will be at the rate of Rs.15,000/- per person and the course extending over two academic years.

11 I have purposely refrained from mentioning the subjects as I do not want to complicate issues now by this consideration. We have, as the enclosed list will show, a very large number of subjects to cover -- indeed almost the whole range, but we should choose only the very best, for whatever subject they may be available, so long as there is a need in that subject. A large range policy like this will provide adequate material for satisfactory organisation and after a few years Government may either continue on the same scale--probably it will be equally necessary even then to do so--or it may be able to cut down the scale to some degree.

I have the honour to be,
Sir,
Your most obedient servant,

S Ranganathan.

Director of Public Instruction,
Madras.

Memo no. 59101 C2/46-3 dt 11.11.46

E.P.H (C2)

Advanced Studies overseas -

pp 1-5 CF

From the D.P.I. Rc. No. 44-C/46 dt 3.10.'46.

The attention of the D.P.I. is invited to Govt. memo no. 55453 C2/46-2 dated 2.10.46 and his reply to Rc. 4368 C/45 dt 21.10.46. As it is proposed to send candidates in 1947-48 for Studies abroad under the Govt of India's Scheme, for which the financial procedure adopted in 1945-46 and 1946-47 will be followed, it is considered not necessary to examine the proposals contained in

9/28

the letter read above as a part II Scheme for 1947-48.

~~If~~ if the Govt of India do not continue its scheme after 1947-48, the D.P.I. may renew his proposals ~~them~~.

IMB 8/xi/46

8/11/46

To The D.P.I.

E.P.H.(C2).

From the D.P.I., RC No.44-C/46 dated 3-10-46.

--

Advanced studies overseas.

--

1. In his letter on pages 1-5 c.f., the D.P.I. states that it is necessary for the Government to arrange to send abroad ~~of~~ about 20 men and women every year from 1947-48 for a few years in order to undergo advanced courses of studies. He has given a list of subjects for which persons may be selected and sent overseas for training. The persons thus selected may be (1) Government servants on deputation terms (2) Government servants on study leave terms and (3) others on scholarships. The course is to be for about two years and the cost per student will come to about Rs.15,000/-. The Director proposes that adequate provision may be made for this in Part II of the budget for 1947-48.

2. With a view to increasing the supply of properly trained personnel who are likely to be required in connection with the various plans for ~~the~~ development, the Government of India, Education Department, initiated in 1945-46 a scheme to send abroad a certain number of students at Government expense for advanced courses of studies. Under that scheme the Govt. of India allotted ~~50~~ 50 scholarships to this Province each year for 1945-46 and 1946-47. And the Government sponsored 44 stipendiaries for 1945-47 and 49 stipendiaries for 1946-47. Besides these stipendiaries, the Govt. ~~sponsored~~ deputed certain departmental officers abroad for training. Under the Central Govt.'s scheme, the cost of training on stipendiaries is shared equally between this Government and the Govt. of India, while the cost of training of departmental officers is met wholly by this Govt.

3. The list at (a) shows the number of private students and Govt. servants sent during 1945-47 for overseas studies, ~~during 1945-47~~. connected with subjects relating to Education.

4. The Government of India have decided to continue the overseas scholarships scheme for 1947-48 also and they have called for estimates of the requirements of this Govt. The estimates have been collected from the Devt., Public Works and the D.P.I. The connected file is in circulation. The

2.

260

Director has proposed 18 scholarships for 1947-48. He will send his proposals in respect of Govt. servants separately.

5. The D.P.I. has submitted his ~~current~~ proposals on pages 1-5 c.f. before he had received the Government's memo. informing him of the continuance of the overseas scholarships scheme during 1947-48 and calling for his proposals in that respect. It seems that the Director's proposals on pages 1-5 c.f. need not be considered as a Part II Scheme for 1947-48. The stipendiaries and Govt. servants that may be selected in 1947-48 will go abroad under the Govt. of India Scheme and the cost of training of private students will be borne equally between the Central and this Government. ~~The annual estimates~~ As it is not definitely known at present as to how many scholarships will be allowed by the Govt. of India out of the 18 scholarships proposed by the D.P.I. and as the Director has still to ~~arrange~~ send his proposals for deputation of departmental officers for ~~1946-~~ 1947-48, it appears that the financial procedure adopted for 1945-46 and for 1946-47 (viz., new service procedure for ~~annual~~ expenditure on scholarships and re-appropriation for expenditure on Govt. servants) may be followed. For orders.

TNB 28/10/46

~~Direct expenditure~~. If the scholarships scheme is not continued for 1948-49 and if there is need then for sending further men abroad for training, the question may be examined then.

Finance may see.

29/10/46 S

Finance (Exp.C)

Please see the notes on ft 1-2 above.

The D.P.I. has submitted proposals for the training abroad of 20 men and women each year from 1947-8 onwards for a few years to come and has requested the Govt. to provide funds for the same in Part II of the budget for 1947-8. After the D.P.I. has submitted

26/1/47

these proposals, ~~the~~ As he was informed that of the Govt. of India's decision to continue their scheme of overseas scholarships for 1947-8 and asked to submit estimates of requirements. The D.P.I. has furnished the estimate in regard to private students (18) and it is stated that proposals in respect of Govt. servants would be sent separately.

In view of the Govt of India's decision to continue their scheme for 1947-8 also, Esh.H propose that no action ~~of~~ K ~~sup~~ 2 above need be taken on the Director's proposal on ft 1-5 c.f.

As regards the number of scholarships that will be allowed by the Govt of India out of the 18 scholarships proposed by the D.P.I, it is stated that no definite information can be had at present. Esh.H. have not also received proposals from the D.P.I regarding the number of Govt servants to be trained under the Govt of India scheme in time for consideration as a Part II scheme for 1947-8. They accordingly propose to ~~consider~~ consider the proposals as a scheme ~~in the course~~ for introduction in the course of next year by following the 'New Service' procedure.

No remarks are called for in finance at this stage. The file may be perused and the case returned to Esh.H.
