At present standards III and V and Form I have two sections each. During the next school year i.e. 1949-50 it is proposed to (1) Continue the additional section in Form I, (2) Close down the additional sections in each of Standards III and V and (3) open an additional section in each of Standard IV and Form II to provide for the present set of pupils in each of Form I and Standard III who will be promoted to the next higher standard. The provision of the two secondary grade teachers which will be released consequent on the closure of the additional section in standards III and V will be utilised for the additional sections to be opened in Standard IV and Form II. As there are two sections in Standard V this year there is need for the continuance of the additional section in Form I in the next school year, 1949-50. In the circumstances the entire staff specified above is necessary for the school. I therefore request that Government may be pleased to permit the opening of the additional sections in each of Standard IV and Form II in lieu of the additional section in each of standards III and V and to sanction the continuance upto the end of the school year 1949-50 of all the temporary posts under reference.

Yours faithfully,

G. Sankar 14/4
