Sir,

Sub: Extra duty allowance - for lascars doing night duty at the Engineer's stores.

The Engineer stores of this platoon are kept in a building which is detached from the main premises of the college buildings at a distance of about $\frac{1}{4}$ mile. These stores are in this building from the time of the Ex-UOTC.

The stores under reference were not guarded by the sentry previous to the establishment of the National Cadet Corps. This in my opinion is not sound in view of the fairly valuable engineer stores kept in the building.

As such from the date of my taking over, I have arranged weekly night duties for the two lascars and one peon employed in this office. This is in addition to their normal work in the day time. The night duty is from dusk to dawn.

In fairness to their extra employment as Watchmen during the nights, I suggest that a night duty allowance of Rs.12/- may please be sanctioned.

Yours faithfully,

Memo. no. 11692-B/49-1 EDR D 17/2/49

The Officer Commanding the 3rd Madras
Engineer Centre of the National Cadet Corps is requested
to ascertain and report whether there is a night
watchman for guarding the Engineering College buildings
at Guindy at night and if so, whether that watch-
man can be entrusted with the duty of
guarding the stores of the Engineer Centre also. If not, the Officer

The Engineer stores of this platoon are kept in a building
which is detached from the main premises of the college buildings at
a distance of about 1/2 mile. These stores are in this building from
the time of the 1st-10th.

The stores under reference were not guarded by the cadets
previous to the establishment of the National Cadet Corps. This in
my opinion is not sound in view of the fairly valuable engineer stores

Commanding is requested to consider and report whether it is not desirable to appoint a separate night watchman on fixed remuneration pay, day as to per man per day be employed as it is objectionable in principle to require lascars to do night duty also in addn to day duty. If the lascar or person who is posted for watch is exempted from doing duty during the day there will be no case for payment extra remuneration.

Sir,

Sub: Extra duty allowance - for lascars during night duty at the Engineer stores.

21395

It is understood from the Principal, College of Engineering, Guindy that for the night watch men employed by the college to guard the college premises, it may not be possible to guard the building containing the engineering stores of this platoon also, owing to the distance involved.

Hence your suggestion to employ a separate night watchman is accepted by me and could you please issue necessary orders for the employment of one. With reference to this office letter No. 0024/12/3Engr/49 dated 15th Feb '49, I suggest that some daily compensatory allowance may please be sanctioned for the lascars who were doing night duty till now.
