Draft Answer

(a) As a permanent measure the construction of addl. buildings would be necessary. But it would be possible to carry on with the existing accommodation for some time.

(b) The position is not exactly as stated by the Hon. Member. When I visited Mangalore in Nov. last a number of gentlemen represented to me that accommodation in the college was inadequate. I then explained to them that it ^{might} ~~may~~ not be possible to undertake large construction work under the present ^{state of Province} finances and other conditions and that if the public comes forward with at least half the amount necessary to put up the addl. buildings there ^{was} ~~is~~ the possibility of the Govt. going ahead. This does not imply that the Govt. will not construct addl. buildings ^{where} ~~when~~ they are absolutely necessary.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

ANSWER

(a) As a permanent measure the construction of additional buildings would be necessary. But it would be possible to carry on with the existing accommodation for some time.

(b) When I visited Mangalore in November last, some gentlemen represented to me that accommodation in the college was inadequate. I then explained to them that, under the present financial stress, it might not be possible for Government to undertake large construction work. I added that if the public came forward with at least half the amount necessary to put up the buildings, there was all possibility of the matter being pushed through. This does not imply that the Government will not construct additional buildings where they are absolutely necessary.

(c) Does not arise.

(d) The following building schemes are sanctioned for Government Arts Colleges in the current year:-

The provision in the part II schemes for the current year may be referred.

With regard to the item spent, we may say that it is not possible to say exactly how much has been spent up-to-date. The answer may be on the above lines and the draft answer may be put up. In view of my note above, we need not wait till the reply from the Chief Engineer comes.

As regards the answer suggested to clause (d), ^{by H.M. Government College, Mangalore.

* 912 Q.—DR. U. P. MALLAYYA (on behalf of Sri K. R. Karanth): Will the Hon. the Minister for Education be pleased—

(a) to state whether it is a fact that the Government College, Mangalore, is in need of additional accommodation;

(b) to state whether it is a fact that the request for it has been turned down by the Government on the ground that the public should come forward with their contributions;

(c) to state whether the same principle is applicable to all other Government colleges in the Province or whether this is a special case; and

(d) to lay on the table of the House the amount spent or provided for expenditure for the buildings in the various Arts Colleges of the Government in the Province in the current year and the amount of public contributions received in respect of each of these?

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“(a) As a permanent measure the construction of additional buildings would be necessary. But it would be possible to carry on with the existing accommodation for some time.

“(b) When I visited Mangalore in November last, some gentlemen represented to me that accommodation in the college was inadequate. I then explained to them that, under the present financial stress, it might not be possible for Government to undertake large construction work. I added that if

the public came forward with at least half the amount necessary to put up the buildings, there was all possibility of the matter being pushed through. This does not imply that the Government will not construct additional buildings where they are absolutely necessary.

“(c) Does not arise.

“(d) The following building schemes are sanctioned for Governments Arts Colleges in the current year:—

	Final estimate.
	RS.
	LAKHS.
(1) Construction of new buildings for the Government Arts College, Rajahmundry.	0.20
(2) Construction of additional buildings for the Government College, Palghat.	2.85
(3) Construction of a dining hall and kitchen block for the Queen Mary's College, Madras.	0.33
(4) Provision of temporary additional accommodation in the Government Arts College, Rajahmundry.	0.36
(5) Construction of additional buildings for the Government Arts College, Kumbakonam.	2.80

“No contribution was received from the public in respect of these schemes, but the Old Boys' Association of the Government Arts College, Kumbakonam, have promised to collect about half the cost of the additional buildings for that college.

“It is not possible to say exactly how much money has been spent up to date.”

DR. U. P. MALLAYYA:—“With regard to the Government Arts College, Kumbakonam, which has been mentioned by the Hon. Minister in the course of his answer, may I know whether a promise is given or money is given?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“I have already said in my answer that they have only promised but not yet paid.”

MR. L. C. PAIS:—“Sir, in view of the difficulties experienced by students in this place, may I know whether Government are likely to revise their policy so far as this Government College is concerned?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

“There is no policy in this matter. It is a matter of the availability of funds. It is true that for certain colleges the public have come forward with their contributions—for instance, for the Gudipah College.”

BEGUM SULTAN MIR AMIRUDDIN:—“Is it not a fact, Sir, that the demand for higher education is much greater in Mangalore than in many other parts of this Province and that this college is very much handicapped for want of accommodation? In view of this, will the Government see to it that this institution is afforded the necessary facilities?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—
“Yes, Sir, when funds are available.”

N. MUHAMMAD ANWAR SAHIB BAHADUR:—“When Government themselves are short of funds and are facing difficulties of shortage of building materials, and still more are the difficulties of private managements from whom they expect to put this building or that or this hostel or that or this college or that, will the Government see the difficulties of the private managements and come to their rescue?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—
“Sir, the Government have nothing to do with buildings of this college or that for hostel in aided colleges. It is all left to the Universities.”
