Sir,

BUDGET - Salem District Board - Revised Estimate for 1948-49 and Budget Estimate for 1949-50 - Elementary Education Fund - submitted to Government.

.....

page 13 infra / page 59 infra

The revised budget estimate for 1948-49 and the budget estimate for 1949-50 relating to the elementary education fund of this District Board, sanctioned in District Board Resolution No.323 dated 30-11-48 are submitted in duplicate accompanied by a note on the variations on the budget with a brief account of their salient features.

p3 supra

Unless the Government grant a contribution to the Board atleast to the extent of meeting the cost of payment of dearness allowance to the elementary education staff including the menails, it will not be possible to meet both ends from the slender resources of the Board. A sum of Rs.9,10,510 has been provided in the budget for 1949-50 and a sum of Rs.8,48,423 is provided in the revised budget for 1948-49 for this purpose. Since the budget for 1949-50 will close with a deficit of Rs.9,42,389, I request you kindly to recommend to the Government,

(1) to grant the entire amount of arrear toll compensation of Rs.3,04,286 apportioned to this District Board for 1948-49 instead of Rs.1,53,000 permitted to be utilised towards wiping off the deficits under Elementary Education Funds.

(2) to waive the recovery of the unspent subsidy of Rs.1,56,230 ordered to be refunded in Government Memorandum No.16603, Edn., B2-48-1 dated 19-3-48 and

not pressed

(3) to grant subsidy equal to the amounts noted hereunder towards the expenditure in the budget on the payment of dearness allowance to Elementary Education establishment amounting to Rs.8,43,423 for 1948-49 and to Rs.9,10,510 for 1949-50 respectively.

By these alone, the budget for 1949-50 could be balanced.

SALEM DISTRICT BOARD - ELEMENTARY EDUCATION.

Notes on the revised budget estimate for 1948-49 and the budget estimate for 1949-50.

4

Revised Estimate for 1948-49.

1. The revised budget estimate for 1948-49 opens with a minus balance of Rs.1,81,099 as against a minus balance of Rs.2,80,500 and closes with a balance of Rs. 652.

Receipts.

2. The rate of levy of education tax from 17 pies to 37 pies in the rupee of land revenue with effect from Fasali 1357 was ordered in G.O.No.Ms.366 Education dated 25-2-48. Credit for Rs.3,80,000 as arrears under education cess due for 1946-47 (Fasali 1357) and Rs.40,920 as arrear Government grant under section 37 of the Elementary Education Act have been taken in the revised estimate as these amounts have been adjusted during the current year. The Government have permitted the board to utilise Rs.1,53,000 only from the arrear toll compensation grant towards Elementary Education funds out of Rs.3,04,286 apportioned to the Salem District Board. But credit for the entire amount of Rs.3,04,286 has been taken credit in the revised estimate to wipe off the deficit in the Elementary Education budget in anticipation of Government's approval. The Government are being requested to waive the recovery of the unspent subsidy of Rs.1,56,230 ordered in Government Memorandum No.16603, Education -B2-48-1, dated 19-3-48 as this was already utilised for the Elementary Education under this board.

3. The Director of Public Instruction has approved the proposal for the extension of compulsory elementary education in 94 centres besides 51 centres wherein compulsory education is already in force since 1945-46. The rule that only the villages in

in which schools have been ~~xx~~ opened under the expansion scheme should be selected for the introduction of compulsion was kept in view while giving effect to the scheme. Since the Government Grants due for compulsory education and expansion scheme have not yet been sanctioned the figures of 1947-48 are adopted.

4. Expansion scheme:-

Since the Educational Officer has been appointed under this board from 1st May 1946 due provision is made to cdver the cost of his salary, contribution to pension, leave allowances, travelling allowances, etc. Owing to the refusal of the Government to grant subsidy over and above the stipulated amount of Rs.2,25,260 per annum, the board is not able to give effect to the scheme of expansion as originally sanctioned. Therefore no new schools could be opened and no additional teachers appointed under the scheme. Consequently several schools in non-compulsory area could not be provided with suitable staff, equipment and accommodation as per educational authorities' recommendations.

The reduction of expenditure under this head is also not possible even though the Government have permitted to utilise the scheme of compulsion to these areas. After taking credit for the entire arrear toll compensation of Rs.3,04,286 under the Elementary Education account towards wiping off the deficit, the revised budget for 1948-49 closes with a balance of Rs.652. Hence no provision is made to refund the excess subsidy already ordered to be refunded under midday meals in the revised budget. Out of the promised grant of Rs.83,760 for the supply of furniture, the Government have sanctioned Rs.71,823 and this amount has been taken credit in October 1948. The Government have been addressed for payment of the balance.

BUDGET ESTIMATE FOR 1949--50.

The Budget Estimate for 1949-50 which opens with an opening balance of Rs.652, closes with a minus balance of Rs.9,42,388. Credit under Education cess, and recurring grants and District Board General fund contribution have been taken as usual. As for expansion, the fixed grant of Rs.2,25,260 has been taken. Under compulsory scheme, the Government grant for 1948-49 and 1949-50 have not yet been fixed. Hence credits based on the figures for 1947-48 are taken with reference to the extent to which compulsion has been introduced. The fall under ordinary receipts during 1949-50 to the extent of over 6 lakhs from the previous year is due to the adjustment of arrear income for Education cess of Rs.3,80,000 and arrear toll compensation of Rs.3,04,260 during 1948-49 and no such similar amounts are available for 1949-50.

Expenditure.

Provision has been made for all the existing institutions and services as per revised scales of pay and dearness allowance, etc.

Normal Funds:

So far as the normal funds of this board are concerned no heavy liabilities have been undertaken except the employment of a few conductresses in schools in the compulsory areas, grant of increased rate of dearness allowance to all teachers and menials, paid from contingencies, from 1-1-48 according to Government Orders. A sum of Rs.5,000 has been provided in the budget for 1949-50 for play festival contribution. As there is difficulty in securing suitable accommodation in non-compulsory areas, a sum of Rs.600 for the year 1948-49 and Rs.4,000 for 1949-50 respectively, have been provided for payment of the increased rate of house-rent for schools in non-compulsory areas though no such provision was made in previous years'.

Compulsory Education Scheme:-

Provision is made in the budget for the appointment of 400 additional teachers, 30 conductressew and Rs.16,000 for the grant of additional house rent to the buildings in compulsory area. A sum of Rs.40,000 for furniture and Rs.1,000 for the purchase of books are also provided for in the budget for 1949-50.

Dearness Allowance:-

Under the payment of dearness allowance provision of Rs.8,43,423 for 48-49 and Rs.9,10,510 for 1949-50 have been made both in the revised budget and in the budget estimate respectively. No credit is taken under Government Grant towards this expenditure. Unless the Government come forward to finance the Board to the extent of meeting the cost of payment of dearness allowance to the school teachers, it may not be possible to meet both ends from the slender resources of the Board. The Government will be requested to sanction liberal grants.

With a view to enforce economy under elementary education funds it is also proposed to amalgamate boys and girls schools wherever necessary and it is hoped that there may be some appreciable decrease in expenditure. As the proposals have to decided after duly examining the possibilities with reference to strength in each standard, accommodation etc., in consultation with the educational authorities, it is not now possible to say the exact savings on account of these proposals. Hence no reduction is shown under the expenditure side.

CAPITAL.

A sum of Rs.39,000 is provided in the budget for the capital expenditure under lands and buildings one half of this amount will be met from the Government Grant and the other half from the General Funds of the District Board.

The budget estimate for 1949-50 opens with an opening balance of Rs.652. The total receipt is Rs.18,41,990 and the total expenditure Rs.27,85,030 leaving a deficit closing balance of Rs.9,42,388. If Government are pleased to meet the entire cost of dearness allowance amounting to Rs.8,43,423 and Rs.9,10,510 for 1948-49 and 1949-50 respectively, the budget will close with a balance of Rs.8,11,545; it is not possible to meet the expenditure without substantial Government Grant.

Sir,

BUDGET - Elementary Education funds-Salem District Board-Payment of additional subsidy to cover up the deficit-orders-solicited.

Ref; 1. Notes on the Elementary Education Budget for 1949-50 and revised budget for 1948-49 and the budget for the years submitted to Government.
2. This office letter Roc.E9- 27697-48 dated 30-11-48 submitting the budget.

.....

The budget of the Elementary Education fund of the District Board, Salem for the year 1949-50 submitted to Government closes with a deficit of Rs.9,42,389/-. To cover up the deficit the following three suggestions were submitted to Government.

(1) To grant the entire amount of arrear toll compensation of Rs.3,04,286 to this District Board Elementary Education Fund to wipe off the deficit instead of Rs.1,53,000/-.

(2) To waive the recovery of the unspent subsidy of Rs. 1,56,230/- directed to be refunded in Government Memorandum No.16603-Edn. B2-48-1 dated 19-3-48.

(3) To grant subsidy equal to the amounts noted hereunder towards the expenditure in the budget on the payment of Dearness allowance to elementary education establishment amounting to Rs.8,43,423 for 1948-49 and Rs.9,10,510/- for 1949-50 respectively.

The full toll compensation grant has been taken credit under Elementary Education Fund in view of G.O.No.1097-L.A., dated 2-6-48 which directs that the arrear toll compensation grant may be utilised for wiping off the deficit. I therefore request that the Government may be pleased to issue orders on the other two requests so that the Elementary Education Budget may not close with a deficit.

Yes

Contribution to Elementary Education Account:- The standard contribution is Rs.105,730. The contribution approved in the B.E. for 1948-49 was also Rs.105,730. Provision is made for this contribution in the R.E. for 1948-49 as well as in the B.E. for 1949-50. In addition, a sum of Rs.1,900/- in the current year and Rs.19,500 in 1949-50 is proposed to be contributed from the General Account - ordinary to the Elementary Education Account-Capital towards the cost of construction of buildings for elementary schools. Pending examination of the Elementary Education Budget, the contribution provided in the estimates may stand. In xxx the orders on the Ele. Edn. Budget for 1948-49 the Board was permitted to adjust to its Elementary Education Fund a sum of Rs.1.53 lakhs from the A.T.C. sanctioned in the current year to avoid a deficit in the Elementary Education Account. The Board however proposes to adjust to the Ele. Edn. Account the entire A.T.C. of Rs.304,286 sanctioned in the current year. This need not be objected to as the Elementary Education Account for 1948-49 is expected to close with a deficit of Rs.32,408 even after adjusting the entire A.T.C. The Ele. Edn. Account for 1949-50 is expected to close with a large deficit of Rs.9.74 lakhs (including the opening deficit of Rs.0.32 lakh). The question of avoiding this deficit may be considered by E. & P. H. Deptt. while examining the Elementary Education Budget.

Edn. cess is levied at 37 pies in the rupee!

BUDGET - Elementary Education funds-Salem District Board- Payment of additional subsidy to cover up the deficit-orders-solicited.

Ref; - 1. Notes on the Elementary Education Budget for 1949-50 and revised budget for 1948-49 and the budget for the years submitted to Government.
2. This office letter Roc.E9- 27697-48 dated 30-11-48 submitting the budget.

.....

The budget of the Elementary Education fund of the District Board, Salem, for the year 1949-50 submitted to Government closes with a deficit of Rs.9,42,389/-. To cover up the deficit the following three suggestions were submitted to Government.

(1) To grant the entire amount of arrear toll compensation of Rs.3,04,286 to this District Board Elementary Education Funds to wipe off the deficit instead of Rs.1,53,000/-.

(2) To waive the recovery of the unspent subsidy of Rs. 1,56,230/- directed to be refunded in Government memorandum No.16603-Edn. B2-48-1 dated 19-3-48.

(3) To grant subsidy equal to the amounts noted hereunder towards the expenditure in the budget on the payment of Dearness allowance to elementary education establishment amounting to Rs.8,43,423 for 1948-49 and Rs.9,10,510/- for 1949-50 respectively.

The full toll compensation grant has been taken credit under Elementary Education Funds in view of G.O.No.1097-L.A., dated 2-6-48 which directs that the arrear toll compensation grant may be utilised for wiping off the deficit. I therefore request that the Government may be pleased to issue orders on the other two requests so that the Elementary Education Budget may not close with a deficit.

Expenditure provided for	Rs. 3,83,840	Rs.4,01,880
Subsidy taken credit for	Rs.3,73,529	Rs.4,13,529

As far as the R.E. is concerned, the year is over, and steps should be taken to settle the subsidy actually due to the District Board with reference to the expenditure incurred. As regards the provision under the B.E. it may be noted that the entire expenditure connected with the scheme ~~of~~ will be met from provincial funds. The expenditure provided for may be tentatively allowed and the subsidy taken credit for, may be limited to the expenditure provided for.

6. Expansion of Elementary Education:- Provision has been made both in the R.E. and in the B.E. for expenditure connected with the expansion of ele. edn. as detailed below:-

	R.E.	B.E.
Expenditure provided for	Rs. 6,41,430	Rs.6,41,360
Subsidy taken credit for	Rs. 3,09,020	Rs.2,25,260

The orders of the Govt. are that the expansion of the scheme should be modified ao as to limit the cost within the subsidy payable from provincial funds. The Board has however not taken any steps to reduce the expenditure. When passing orders on the B.E. for 1948-49 also, the Board was specifically asked to reduce the expenditure under this scheme to the subsidy, payable from provincial funds. In spite of that, the Board has been meeting the excess expenditure from out of the surplus in the E.E.Fund. In view of the fact that the year 1948-49 is over and that the expenditure provided for, might have been incurred by this time from out of the surplus, the action of the Dt. Bd. in having incurred the excess expenditure during 1948-49 may be approved. It may be noted in this connection, that even after incurring the excess expenditure in question mentioned above, there is still a surplus of Rs.29,598 in the R.E. as stated at A on page 1 ante.

In view of the large deficit, anticipated at the end of 1949-50, the Board may be directed to limit the expenditure under the exp nsion scheme during the current year (1949-50) to the subsidy payable from provincial funds.

7. B.E. for 1949-50:- In view of A on page 1 ante, the deficit at the end of 1949-50 will get reduced to Rs.9,65,091. Also in view of B above, the deficit will further get reduced to Rs.5,48,991. This is due to the expenditure of Rs.7.75 lakhs on account of the payment of the increased rates of dearness allowance. L.A. Dept. may be requested to state whether any addl. contribution can be made from the General Funds to the E.E. Fund. Whatever L.A. may say on this point it appears that orders may now be passed on the budget, ~~xx~~ leaving ~~a~~ deficit, and the S.O. asked to report the actual closing balance on 31-3-1949. After receipt of this report, the question as to how to meet the anticipated deficit may be considered. By that time, the Govt. also would have passed orders on the question of the provincial levy of education ~~tax~~ and the distribution of the proceeds thereof to District Boards according to their needs.
