No. 38. Adam Street,  
Mylapore, Madras, dated 22-5-48.

To The Secretary to Government,  
Education and Public Health Department,  
Fort St. George, Madras.

Respected Sir,

Sub: Engineering Colleges -- Admissions.

The Rules relating to the constitution and working of the College of Engineering, Guindy, specifies the 20th May 1948 as the last date for the receipt of applications for admission to the Engineer and Subordinate classes. Candidates are selected at Guindy for admission to the four Engineering Colleges in the Province. It is stated in the printed copy of the instructions supplied with the form of application, that the entrance fee of Rs.5/- should be remitted into the Reserve Bank of India, Madras, or into a Government Treasury and the challan attached to the application along with the other papers viz. Nativity certificate, Certified Extract of date of birth, Testimonials etc.. The entrance fee on behalf of my son, who is an applicant for admission to Engineer class, was sent on the 20th morning, but the authorities of the Reserve Bank refused to receive it. It was learnt that they had written to the College authorities that they would not be in a position to receive the entrance fee from all candidates. It was possible to deposit the fee only on the 21st May 1948 at the Saidapet Sub Treasury and attached to application which is dated 20th May. I now learn that all applications received at the College after the 20th instant will be kept separate and will not be considered. If only the College authorities had announced in the News papers that the fee would be received at the College counter or by Money Order, the need for rejecting applications on the technical grounds that they are belated, would not have arisen.

p.t.o.

2. The results of the Intermediate Examinations conducted by the University of Madras are likely to be published on the 25<sup>th</sup> or 26th May 1948. Marks will become available only 10 or 15 days afterwards. Applications for admission into other professional Colleges viz. The Medical Colleges, The Agricultural Colleges, and The Veterinary Colleges, are entertained till the first or the second week of June every year. The same procedure is followed in all the Art Colleges as well. In accordance with the practice followed in the Medical Colleges, the time limit for the receipt of the Applications for admission into the Engineering Colleges was fixed as the 8th or 10th June last year. I venture to suggest that the same concession may be extended this year also if there is no objection and that the date specified in the Engineering - College Rules may be altered from the 20th May to the 10 June or any other suitable date.

under the oral instructions of the Secretary conveyed to the Principal through the Director of Public Instruction.

Re.No.942 K2/48 dated 2-3-1949.

Sub: Colleges - Engineering Colleges - Admissions -  
Last date for the receipt of applications.

Ref: Govt.Memo No.37987-4/48-A Edn., dated 7-3-1949.

26841

It has been reported that owing to the last date for the receipt of applications for admissions to Engineering and Overseer Courses being fixed at 20th of May there were a very large number of requisitions for application forms and also a very large number of applications for admission even before the candidates knew their results at the Intermediate and S.S.L.C. Public Examinations. Much of the unnecessary work can be obviated by fixing the due date for the receipt of applications for admission to the Courses beyond 20th May, allowing a reasonable time for the candidates to apply for admission after knowing their results at the qualifying examinations, furnishing all the required particulars such as marks and certificates. Usually the results of the Intermediate examination are published by about 25th or 26th of May every year. I suggest that the last date for the receipt of applications for admissions to Engineering Courses may be fixed as the 5th of June with effect from 1949-50. It would be necessary to notify this change in the Gazette and also in the Dailies with the specific instruction that the requests for application forms should be made only after the publication of the results of the qualifying examinations.

I request that this be approved and early orders passed.

Yours faithfully,

for Director of Public Instruction.

Education Department  
The Director of Public Instruction,  
Government of India,  
New Delhi.  
The Secretary to Government,  
Education and Public Instruction,  
New Delhi.  
No. 1000 dated 2-3-49.  
Sub: Colleges - Engineering - Applications -  
Last date for the receipt of applications.  
Ref: Govt. letter No. 9987-4 MS-1 Edm., dated 2-3-49.  
It has been reported that owing to the fact that the  
the receipt of applications for admission to Engineering  
and Overseas Colleges be fixed at 30th of May there were  
a very large number of applications for admission forms and  
also a very large number of applications for admission even  
before the colleges knew their results at the Intermediate  
and B.A. B.Sc. Examinations. Much of the unnecessary work  
can be avoided by fixing the date for the receipt of appli-  
cations for admission to the Colleges around 30th May, allowing  
a reasonable time for the candidates to apply for admission  
after knowing their results at the qualifying examinations.  
Submitting all the required particulars such as certificates  
and testimonials. Usually the results of the Intermediate exami-  
nation are published by about 15th or 20th of May every year.  
I suggest that the last date for the receipt of applications for  
admission to Engineering Colleges may be fixed as the 5th of June  
with effect from 1949-50. It would be necessary to notify this  
change in the date and also in the letter with the specific  
intimation that the date for submission of applications should be  
extended to the 5th of June in the case of the Engineering  
examinations.  
I request that this be approved and early orders  
be issued.

Sub: colleges - Engg. colleges - Admissions -  
Last date for receipt of applications -  
Orders passed.

From the D.P.G. No. 942 k. 148 d. 2. 3. 49.  
In the D.P.G. No. 942 k. 148 d. 2. 3. 49.  
G.O. Ms. No. 1418 Edu. dated 6-5-49.

The Govt. agree that the  
last date for receipt of appls of a  
admission into the Govt. Engg. colleges  
should be fixed as the 5th of June every  
year with effect from the year 1949-50  
The last  
date for the receipt of appls for 1949-50  
shall however be the 15th June 1949 provisionally.

D.P.G. is requested to take necessary  
action to have the change notified in the  
Gazette and also in the Dailies. Candidate  
may also be instructed to put in requests  
for appl forms only after the results  
of the qualifying examinations are published.

To the D.P.G.

Minister for P.W.D.,  
Govt. of Madras,  
Madras.

Secy., G.O.P.H.  
may be enquired  
into very early.  
28/5

In "The Hindu" dated May 22, The Principal, College of Engineering, Guindy, notifies that application for admission to the Degree course in the Madras Engineering College should be sent to the Principal, not later than the 25th June, 1949. He also states that requests for application forms for the B.E. course should be made only after the publication of the results of the Intermediate Examination.

But a communique from The Acting Registrar, Madras University dated 16th May says that the results of the Intermediate Exam. will be published only on the 15th June and certified copies of marks lists will be available only by the 30th June

P.T.O.

Thus students who have appeared for the Intermediate Examination this year are at a distinct disadvantage in that the time available between the publication of their results and the submission of applications for admission to the B.E. Course is very little. The Principal, College of Engineering, states that all students (including those living in the remotest parts of the Province served by village post offices) should apply for application forms after the 15th June, get the forms, fill them up, obtaining the necessary certificates and submit the same to him before the 25th June, thus giving hardly 9 days for all this. It is quite obvious that this period is insufficient for even postal transit of the papers either way, leave alone the lack of time for obtaining the necessary ~~certificate~~ certificates.

This defect might be due to oversight and can be remedied in one of two ways:-

1) Extend the last date for receipt of applications(duly filled in) to 8th of July. Such an extension of the date of receipt of applications has been suggested to principals of

P.T.O.

all colleges by the Acting Registrar in his afore-mentioned communique dated 16th May, 1949.

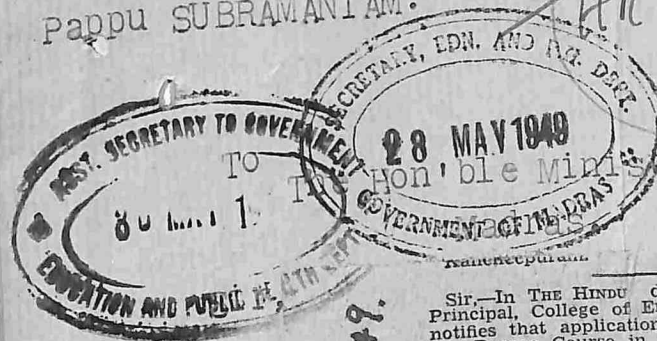

2) Let the application forms be made available to students sufficiently early even now, so that they can keep everything in readiness and submit their applications just after the official publication of the intermediate results.

This is a matter of extreme importance as it affects a large number of young men and the authorities are requested to take necessary steps to set matters right.

M. N. Sundaresan

[M. N. SUNDARESAN]

Pappu SUBRAMANIAM.

To Hon'ble Minister for P.W.D.,

KALLAKURICHI, South Arcot Dt.,  
May 27/1949.

Secy., S.P.H.

May be  
examined.  
H.M. (Edn.)

Sir, - In THE HINDU dated May 22, The Principal, College of Engineering, Guindy, notifies that applications for admission to the Degree Course in the Madras Engineering Colleges should be sent to the Principal, not later than June 25, 1949. He also states that requests for application forms for the B.E. course should be made only after the publication of the results of the Intermediate Examination.

But a communique from the Acting Registrar, Madras University, dated May 16, says that the results of the Intermediate Examination will be published only on June 15 and certified copies of marks lists will be available only by June 30. Thus students who have appeared for the Intermediate Examination this year are at a distinct disadvantage in that the time available between the publication of their results and the submission of applications for admission to the B. E. Course is very little.

The Principal, College of Engineering, states that all students (including those living in the remotest parts of the Province served by village post offices) should apply for application forms after June 15, obtain the necessary certificates, and submit the applications, duly filled in, before June 25, giving hardly nine days for all this. It is quite obvious that this period is insufficient for even the postal transit of the papers, let alone the lack of time for obtaining the necessary certificates.

It is requested that the last date for the receipt of applications (duly filled in) may be extended to July 8. Such an extension has been suggested to Principals of all Colleges by the Acting Registrar in his communique mentioned above.

In the alternative, application forms should be made available to students sufficiently early, so that they can keep everything in readiness and submit their applications just after the official publication of the Intermediate results.

M. N. Sundaresan.  
Kallakurichi, S. Arcot Dt.

The above is a letter that appeared in "The Hindu" dated May 26/1949.

Mr.M.N.Sundaresan has drawn the attention of the authorities to a very important matter.  
P.T.O.

PRESS RELEASE, dated the 6th June 1949.  
---

The last date for sending applications for admission in the Engineering College has been extended from 25th June to 2nd July.

ISSUED BY THE DIRECTOR OF INFORMATION & PUBLICITY

AST A  
VE 17 11  
EDUCATION DEPARTMENT

From

The Director of Public Instruction,  
Madras.

To

The Secretary to Government,  
Education and Public Health Department,  
Madras.

R.C. No. 675 K2/49 dated 10-6-1949.

Sir,

Sub:-- Colleges - Engineering Colleges - Admissions in  
1949-50 - Last date for the receipt of application.

Ref:--Government Endt. No. 41421-1/49-A Edn. dated 1-6-49.

With reference to the Government Endorsement referred to above I have considered the difficulties explained in the letters to the Press regarding the last date for the receipt of applications for admission to Engineering colleges and decided to postpone it till the 5th July 1949, as the mark lists would be made available by the University only on 30th June. I am instructing the Principal, College of Engineering, Guindy to notify the change in the Fort St. George Gazette and the Dailies.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

GOVERNMENT OF MADRAS  
Public Works (Information & Publicity) Department  
PRESS RELEASE, dated the 6th June 1949.  
The last date for sending applications for  
admission to the Engineering College has been extended from  
25th June to 5th July.  
ISSUED BY THE DIRECTOR OF INFORMATION & PUBLICITY

SPECIAL

Secretary, E. & P. H.

I have discussed with the Principal, Engineering College, Guindy, and he has agreed that the last date for sending applications for admissions may be extended from the 25th June to the 2nd July, as suggested by the University. This may be done. After consulting the D.P.I. by phone, a Press Note may be issued today,

6/6/1949

E. P. H. (M)

In G.O. No. 1418 Edu. 2.6.5.49, Govt. agreed that the last date for the receipt of appls. for admission into the Govt. Engg. colleges for the year 1949-50 might be the 25th June provisionally. Representations have been received that the last date for receipt of appls. maybe advanced in view of the fact that the city examination results are being published late and in view of the difficulty to obtain marks within a short interval. The remarks of the D.P.I. have been called for in the matter in the Encl. on p 80.f.

2. In view of the minute of H.M. (P.W.) above, Secy. may perhaps consult the D.P.I. on the phone whether the last date for receipt of appls. for admission into the Govt. Engg. Colleges maybe fixed as 2nd July, after which a press note maybe issued announcing the decision.
