Re.661-D2/46.

Office of the
Director of Public Instruction,
Madras. Dated 16/11/48.

From

The Director of Public Instruction, Madras. 2

To

The Secretary to Government, Education and
Public Health Department, Madras.

Sir,

SUB: Grant - Building - Sri Sarada Vidyalaya
Girls' High School - T'nagar - constru-
ction of a building for the high school.

85721
2/11

1. Government in their order No.391, Educa-
tion dated 28/2/48 sanctioned the inclusion in the
list of ^{approved} appointed works of the scheme for the construc-
tion of a building for the High School, training
section and for a hostel for Sri. Sarada Vidyalaya
Girls' High School, Thyagarayanagar at an estimated
cost of Rs. 3,23,450/- rendering the institution eligible
for a grant upto one half of the cost of the scheme -
not exceeding Rs. 30,000/-

2. In view of the smallness of the grant, the
management have submitted a revised scheme costing
Rs. 1,53,250/- to meet the immediate requirements of the
school. The present proposal is for the construction
of a single storeyed puzza building with 15 class rooms
to replace the existing thatched sheds and to satisfy
the growing needs of the school. The Joint Consulting
Architect who has scrutinised the plans and estimates
has recommended the approval of the plan for Rs. 1,53,000/-.

3. Out of the admissible grant of Rs. 30,000/-
for the scheme, an advance grant of Rs. 10,000 has been
proposed in the B.E. of 49-50 Part II. I request that
the estimated cost of the scheme as noted in the
Annexure of the Budget Estimate may be altered to
Rs. 1,53,000 as against Rs. 3,23,450/-.. The management
are being permitted to invite tenders and proceed with
the construction.

Yours faithfully,

PNK. 17/11

Edn dated 28.2.48

2 While this approval does not convey any guarantee of grant it will render the institution eligible for a grant up to one half of the cost of construction not exceeding Rs 35,000/ps & when funds become available Rs 35,000/ provided all the conditions specified in the Grant in Aid Code are duly complied with

note. May be circulated to HM (Edu) for approval. necessary alteration will be made in the Director's annex to the Part II estimates for 1949-50. as requested. It is however doubtful whether funds can be provided for this even for the revised scheme as the cost exceeds Rs 70000 (double the maximum grant admissible);

this ^{copy} scheme has not been suggested for provision of funds in connection with the Part II M. B. E. for next year.

We may approve according to our usual conditions, i.e. half not exceeding Rs.35,000/-.

The question whether in cases where the maximum limit for payment of grant was fixed at Rs 30,000, maybe raised to Rs 35,000 is being considered as a general question and the file has been opened separately. This maybe over till a decision is reached in that file

National High School for Girls / Finance have ~~suggested~~ that instead of ~~using general order, or a general order on the limit of the grant admissible, each case may be considered on merits immediately on receipt of a representation from the institutions concerned.~~ In view of this and in view of the orders in circulation at Pt. 2-3 ante, the draft order (at Pt. 1-2 ante) as modified may be sent to Fin. U.O. for acceptance.

The D.P.I.'s letter in the C.F., and the draft order the minute of H.M. (Edu) and the notes & Memo may be perused.

The Scheme for the Construction of a building for the High School, Kammip Sechin and hostel for the Sri Sarada Vidyalaya Girls' High School, T. Nagar was originally estimated to cost Rs. 3.23 lakhs and the Govt. allowed fixed

- a grant of Rs. 30,000/- only towards the work - pl. see P.O. 391 Edu D. 28.2.48. It is now proposed to have a single storied building only to meet immediate requirements. Estimate Rs. 1,53,000/- H.M. (Edu) considers that instead of Rs. 30,000/-, a grant of Rs. 35,000/- may be promised to the institution in respect of the scheme, as this limit is in force at present for building grants for secondary schools. This Dept. have already printed out in another connection that if the limit of Rs. 30,000/- fixed in certain cases is revised to Rs. 35,000/- it might lead to requests for increased grant of Rs. 35,000/- in all such similar cases, and when E&P.H. proposed that the limits in ~~the above~~ such cases may be revised, advised that each case might be considered on merits on receipt of a representation from the institution concerned. In the present case, neither the D.P.I. nor the institution has asked for an increased grant of Rs. 35,000/- being given for the scheme. On the other hand, the

management of the school has revised its scheme in view of the smallness of the grant. The scheme as revised costs much less than the original one. In the circumstances, there seems to be no need to fix a grant of Rs 35,000/- as proposed for the scheme. Finance may advise that the original decision fixing the maximum grant at Rs. 30,000/- may stand.

Pl see below
FR
19.1.49

The increased grant of Rs 35,000 proposed in this case is less than one-fourth of even the reduced estimate (Rs 1,53,000). Under similar circumstances I am agreed to an increase of Rs 15,500 in the National girls' school, Paphos. The proposal in this case may also be accepted.
