H-2-3 of (E)

p 25 & p 44 of (F)

Bifurcated courses were introduced in 12 secondary schools under local bodies and 30 secondary schools under private managements besides the 8 Government Secondary schools specified in annexure I to G.O.No.Ms.1504-Education dated 7.6.1948. Of these 42 non Government Secondary schools, it is found that certain schools were not able to make the purchases of the necessary articles of equipment in the course of the year 1948-49 due to non-availability of the most of the articles of equipment and did not therefore apply for the sanction of equipment grant, during 1948-49 itself. The managements of such schools have reported that they would make the purchases during 1949-50 and have requested the Director to sanction the grant during the year 1949-50. There are some other secondary schools which have purchased only a portion of the equipment required for the course, the remaining articles being not available and applied for grant during the year 1948-49 on the basis of the portion of the purchases made. The managements of such schools request that they may be permitted to purchase the remaining articles during the current year and paid the balance of equipment grant. There are also some secondary schools for which equipment grant was sanctioned during the year 1948-49 but have not drawn the grant from the Treasury before the close of the official year i.e. 31st March 1949. The managements of such schools also have requested the Director to resanction the grant for payment during this year i.e.1949-50.

I request that in respect of the above secondary schools, the Director may be permitted to sanction the grant during the year 1949-50 and make necessary provision in the final Revised Estimate. The amount of grant will however be restricted to the maximum amount of Rs.5,700/- for each school.

Yours faithfully,

Thiruvananthapuram
