Office of the
Director of Public Instruction:
Letter: R.C.No.302-A.2/49.

Madras, Dated 4th May 1949.

From The Director of Public Instruction,
Madras.

To The Secretary to Government,
Education and Public Health Department.

Sir, Subject: College - Government College, Kumbakonam -
Shifting of an Electric Post in front of the
college - Expenditure - Sanction requested.

35588

The Principal, Government College, Kumbakonam, reports that in front of the College gate and between it and the main road running parallel to the compound wall there is an electric post. The post stands on the Municipal land and it obstructs the view of the gate and the college and causes inconvenience to vehicular traffic. Due to the expansion of the National Cadet Corps in the College, it is possible that lorries with military equipment may have to come into the college. Hence the Principal proposes to have the post moved from its present position to a place where it will not be an obstruction to traffic. The Kumbakonam Electric Supply Corporation to whom the post belongs was requested to shift the post but the Corporation has asked the Principal to remit a sum of Rs.15/- to meet the cost of shifting the post. As the shifting of the post is found necessary I request the sanction of Government to meet the expenditure of Rs.15/- from the "contingencies" of the college. A copy of the Principal's letter RC.No. 416-/49 dated 23-3-49 explaining the need for incurring the expenditure is enclosed herewith.

Yours faithfully,

for Director of Public Instruction.

RVR 6/5/-

Copy of letter RC.No.416/49 dated 23-3-49 of the Principal, Government College, Madras to the Director of Public Instruction, Madras.

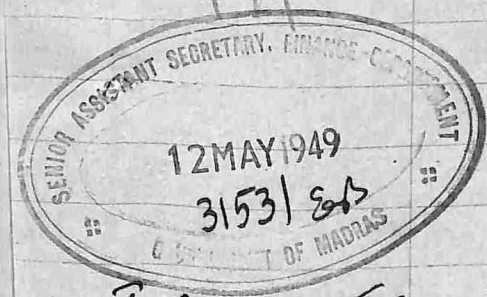

The College has its main entrance gate on its northern side. The approach to the College for those who use vehicles is only through this gate. This gate, in spite of the fact that it is used on public occasions by all those who come in vehicles, did not have even a name board on it. I had an R.C.name board made recently and hand it mounted on the gate in consultation with the P.W.D.

Just in front of the gate and between it and the main road running parallel to the compound wall there is an electric post. This obstructs the view of the gate and the college and causes inconvenience to vehicular traffic. Due to the expansion of the N.C.C. in the College, it is possible that lorries with military equipment may have to come into the college hereafter. Also new buildings will be nearer this gate when built. So I want to have this post shifted from its present position to a place where it will not be an obstruction to traffic. I wrote to the Kumbakonam Electric Supply Corporation to whom the post belongs to have it shifted. They have replied asking me to remit Rs.15/- to meet the cost of the shifting. I took legal opinion informally and I am told that the Corporation is within its rights in asking the College to bear the cost. It seems that objection should have been raised

for Director of Public Instruction.

(1) 1947
 Sub: College - Govt. Kumbakonam - Shifting
 of an electric post in front of the college.
 Expre. - Sanctioned.
