R.O.C. No. 440 M/48 dated 9-4-1949.

Sub: Basic Education - Opening of Secondary sections in certain Basic training schools - Proposals.

The Government have in para 4 of their Order No. 964 Edn., dated 4-4-1949 approved of my proposal to open two junior training sections of the higher elementary grade with 80 students in the Basic training school, Pentapadu, from June 1949. With a view to enable the opening of senior basic schools in large numbers in coming years, it is necessary to have a number of secondary grade basic trained teachers. I, therefore, propose that instead of two sections of the Junior Higher Elementary grade, sanction may be accorded for the opening of one Higher Elementary Junior section and one Secondary Junior section every year from June 1949 in the Basic training school, Pentapadu.

Saved, in para. 111 of C.O. No. 965, Edn. 4/4/49

2. In my letter C.No. 423 M/48 dated 31-8-1948 to Government I had recommended the opening of one additional higher elementary section from the school year 1949-50 in the basic training school, Ranipet with a view to have two sections of the higher elementary grade in that school. For the reasons given in para 1 above, I request Government to sanction one secondary junior section instead of one junior higher elementary section originally recommended, so that there will be two junior sections in the school, one secondary and one higher elementary from the school year 1949-50.

3. In the Basic training school for masters, Cuddalore, there is provision for the admission of higher elementary candidates in two sections every year. Instead of two higher elementary sections, I suggest that there may be one section for the secondary grade and the other for the higher elementary grade from the school year 1949-50. I request Government to approve my proposal.

4. In the Basic training school, Palayad also there is provision to admit two sections of higher elementary grade students every year. I propose to have one junior secondary grade section and one higher elementary grade junior section instead of two higher elementary grade junior sections every year from 1949-50. I request Government to approve my suggestion.

5. Since the stipends sanctioned for both the secondary grade and higher elementary grade pupils in Basic training schools are the same, viz., Rs. 18/- per mensem, there will be no additional commitment to Government on account of my above recommendations.

6. I request Government to pass early orders in the matter since I have to issue urgently necessary instructions to the Inspecting officers regarding admissions.
