EDUCATION AND PUBLIC HEALTH DEPARTMENT.
ANSWER.

(a) All the local bodies have introduced the revised scales of pay sanctioned by Government for teachers in the elementary and secondary schools under local bodies. They are paying dearness allowance at the old rates. The question of allowing them to grant dearness allowance to their employees at the enhanced rates sanctioned for Government servants is under the consideration of Government.

(b) The financial position of almost all the local bodies is unsatisfactory at present on account of the introduction of the revised scales of pay and the grant of dearness allowance.

(c) and (d): To enable the local bodies to introduce the revised scale of pay for teachers in elementary schools, the Government have sanctioned the enhancement of the rate of education tax and have given advances wherever necessary. The Government are also giving subsidies wherever necessary towards the payment of dearness allowance.

Secondary schools: To meet the extra cost involved in the introduction of the revised scale of pay for the staff in the secondary schools, the Government have sanctioned the payment of teaching grants on the basis of half the net cost of maintenance of these secondary schools in lieu of the fixed lumpsum subsidies paid hitherto. They have also sanctioned a grant on the same basis of half the net cost towards the expenditure incurred on payment of dearness allowance also. This has afforded the necessary financial relief with the result that the revised scales of pay have been adopted by all local bodies. The question of allowing the revised rates of dearness allowance is under consideration.

Elementary schools

Salaris of teachers:— All the local bodies have introduced the revised scale of pay sanctioned by Govt. for teachers in the elementary schools. To enable the local bodies to introduce the revised scale of pay for these Ely. school teachers the Govt. have sanctioned the enhancement of the rate of education tax and have also given advances wherever necessary.

Dearness allowance:— Dearness allowance is being

paid to these teachers in elementary schools at the old rates.

The Govt. are also giving subsidies wherever necessary towards the cost of payment of dearness allowance.

The question of extending the enhanced rates of the allowance sanctioned for Govt. servants to employees in the schools under local bodies is still under examination. The particulars required for examining the question have been called for.

Secondary schools under local bodies.

Pay of the teachers in secondary schools:—The revised scale of pay for these teachers have been adopted by all the local bodies ^{with effect from 1.1.47} to meet the extra cost involved in the adoption of the revised scale of pay for the staff in secondary schools, the Govt. have sanctioned the payment of teaching grants on the basis of half the net cost of maintenance of secondary schools in lieu of the fixed lump sum subsidies paid hitherto. This has afforded

the necessary financial relief to local bodies.

~~As of the teachers in secondary schools~~

~~This is paid at the old rates. The question of allowing the revised rates of dearness allowance is under consideration.~~

It may be pointed out in this connection that only one M.C. i.e. the Villupuram M.C. applied for financial assistance to meet the extra cost involved in adopting the revised

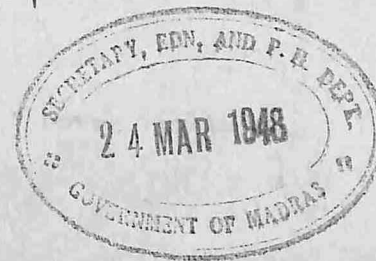

scales of pay for teachers in secondary schools and it was paid an advance of Rs. 3000 to enable it to give the revised scale of pay. No other local body applied for such help.

A. A. to teachers in secondary schools. — This is

being paid at the old rates, and grant is now paid towards ^{one-half} of the expenditure incurred on payment of the allowance. The question of allowing the revised rates of d.a. is under consideration.

Minor reference to the notes above, is

draft answer is submitted.
