R.O.C. No. C2. 20649/47.

DATED 26-1-1949.

Sir,

Sub: SCHOOLS - Secondary - introduction of bifurcated course - introduction of Engineering course equipment purchase of - by inviting quotation - approval - requested.

The Municipal Council has resolved to introduce Engineering course in the Municipal High School in M.C.R.No.1054 dated 10-12-47.

The Council has also sanctioned the purchase of equipment at an estimated cost of Rs.4615-2-0 in M.C.R.No.367 dated 26-5-48.

The Director of Public Instruction in his proceedings Rc. No.7987-D4.48 dated 27-6-48 has forwarded copies of quotations from certain selected firms in respect of tools, apparatus etc., required for the Engineering course to be introduced under the scheme of bifurcated course. As the quotations offered by the firms were not complete as per draft syllabus fresh quotations were accepted. Sanction of the Council was also obtained in M.C.R.No.1797 dated 23-12-48 - copy enclosed - for purchasing the equipment at a cost of Rs.3717-4-0.

The purchase of books, maps and science and games articles for use in Educational institutions are exempt from invitation of tenders as per rules issued in G.O.No.2492, L.A., dated 14-9-41. On this analogy and as the equipment required for the Engineering course are sold by particular firms only, sealed tenders were not invited by only quotations.

In view of the above, I request that the Government may be pleased to approve the purchase of equipment by inviting quotation, instead of inviting tenders as the cost of the equipment exceeds Rs.500/- and also issue permanent exemption for the equipment required for educational institutions.

Resubmitted.

2. Since it is reported that the articles required for the
Engineering course under the bifurcated course have to be obtained
only from some selected firms it may not be possible to call for
tenders in respect of these articles. Further much time can be
saved by accepting the lowest quotations from the selected firms.
As the necessary equipment for the bifurcated course has to be
bought urgently it is recommended that Government may be pleased
to grant exemption to the local bodies from calling for sealed
tenders so far as the articles of equipment for Engineering course
is concerned.

3. The request of the Commissioner Municipal Council, Salem
for permanent exemption is not recommended in view of the order
contained in G.O.Ms.No.222 Edn dated 31-1-49.

NOTE:- The correspondence in the current file on pages 1-4 may be perused. The draft above follows the recommendation of the D.P.I. in his letter on page 3 c.f. with the which the Exr. of L.F.A. has agreed.

2. The file may be sent to L.A. Dept. for acceptance of the order.

L.A. Deptt.

Please see the draft order on pp. 12 above. The object in view viz., general exemption from inviting tenders for the purchase of articles of equipments required by engineering courses can, it seems, be achieved only by an amendment of the tender rules. This however appears to be a stray case where engineering course is proposed to be introduced in a Ml. High School. Such cases are likely to be very few.

There is, therefore, no justification for amending the rules. In this case, orders may be issued under rule 4 of the tender rules sanctioning the purchase of the equipment by the Salem Ml. Cl. without inviting tenders.

With these remarks the file may be returned to E. & P.H. u.o.

In view of the urgency, the draft order on pp 1 and 2 ante may be accepted. As similar cases may arise in future, it is better to amend the rules for the invitation of tenders so as to exclude from the scope of the rules the purchase of articles of equipment for the Engineering sections in Secondary Schools.
