From A. Lepper Esq., Superintendent, Government Press, Madras.
To The Secretary to Government, Education & Public Health Department, Fort St. George, Madras.
No.65/Mis. Dated 30-1-1948.

Sir,

Sub: Government Press - Temporary additional staff for work in connection with the erection of new Linotype Machines and transfer of the existing machines to the new room.

I have the honour to state that the five Linotype Machines ordered from England last April are likely to be received in the Press during April this year. As it is not possible to erect these machines in the existing rooms, I intend transferring the 8 machines erected in a small room to a larger room where the new machines can also be erected. The transfer to the new room will facilitate closer and more careful supervision by the Supervising staff, the distribution of work to the operators and safer custody of materials and spare parts. I propose to buy a few more Linotype machines later on for setting the some of the Tamil work of the Press and there is sufficient accommodation in the new room for this addition.

The existing Linotype Machines have been in use for over twenty years working two shifts of 7½ hours each and most of the machines have not been overhauled due to War and unavailability of spare parts. I have indented in my English Indent for spare parts for overhauling and the supply is expected shortly. I require the following additional staff for this work for a period of one year in the first instance from the date of sanction;

ch year	with in	Total	HRA	DA	PA	
101	118.4			24	94.4	1 Head Mechanic.
74	98.2		7	24	67.2	1 Senior Mechanic.
177	237.0		21	66	150.0	3 Junior Mechanics.
180	180.0					6 Coolies.
148	196.4		14	48	134.4	2 Junior Foremen.
660.8	830.0					
5440	12	9960				

I request very early sanction of Government to enable me to commence the work connected with the transfer of the machines to the new room and overhauling old machines.

Sir,

Ref: Government Memo.No.7598-F1/48-1 Edn., dated
10-2-1948.

1. To attend to a machine breakdown.
2. To attend to replacements of new parts.
3. Periodical checking of adjustments of the machines.
4. Making new parts.
5. Repairing the old parts to make them serviceable for replacement.
6. Repairing matrices for replacements.

The machines have been in service for periods ranging from 24 to 10 years, taking two shifts into consideration the services will have to be doubled. Except for a few machines, all the rest if overhauled can be used for another 10 years. The charges of overhauling each may come to about Rs.5,000/- whereas new machine now costs about Rs.30,000/- and delivery is indefinite.

1. Laying new pipes for supply and discharge of water for cooling the machines.
2. Erection of new machines and bringing them to running condition.
3. Dismantling old machines, cleaning and refacing joints.
4. Overhauling units and fitting new parts.
5. Assembling of units.
6. Adjustments and bringing machines to running condition.

It is essential that the mechanical staff now working should not be disturbed as it will not only reduce the output but also delay the work of overhauling. The responsibility of overhauling cannot also be fixed and safe custody of the parts cannot be assured. The coolies are required to do the unskilled work of helping, dismantling, cleaning, conveying

Parts

12

parts etc., while the Junior Foreman will be in charge of the issue of store parts and materials to the mechanics and to calculate the cost spent on overhauling, checking the waste of the time and ~~the~~ exercise administrative control over the additional staff.

I consider the staff applied for is essential as the work of overhauling cannot be done by the existing staff without detriment to their normal work of keeping up production of the linotype department and I request that orders sanctioning the staff may be passed at an early date. The additional cost to Government on account of the employment of the additional staff will be Rs. 533/- per mensem.

al-yun

Note for the Cabinet F&A# (C2)

Sub. Govt Press - Erection of new machines and overhauling of old machines.
- Employment of additional staff.

The ^{Gen} Sg. P. L. Stated that the five Linotype machines ordered from England in April 1947 have since arrived and that these machines as well as the eight existing machines erected in a small room have to be erected in a large room to facilitate closer and ~~more~~ ^{more} careful supervision by the Supervising Staff, the distribution of work to the operators, and safer custody of materials and spare parts. He has also stated that this work of transferring and erecting the machines and overhauling old ones could not be attended to by the existing staff without detriment to the production and that the mechanical staff now working should not be disturbed as it would not only reduce the output but also delay the work of overhauling. It is reported that the cost of overhauling a machine may come to about Rs. 5000 while that of a new machine would be about Rs. 30,000 and that some of the old machines, if overhauled, could be used for another ten years.

2, To attend to the work
connected with the transfer of
machines to a new room & overhauling
old

old machines, the S.G.P. requires the following additional staff for a period of one year in the first instance. It is proposed to sanction the staff:-

One Head Mechanic on Rs 70-110
 One Senior Mechanic " Rs 45-85
 Three Junior Mechanics " Rs 35-65
 Six Coolies at Market rates
 Two Junior Foreman on Rs 45-85.

The extra Cost involved in the proposal is shown in the following statement.

Post	Average Pay (Rs.)	D.A. (Rs.)	H.R.A.	Total
One Head Mechanic (Rs 70-110)	94.4	24	-	118.4
One Senior Mechanic (Rs 45-85)	67.2	24	7	98.2
Three Junior Mechanics (Rs 35-65)	150.0	66	21	237.0
Six Coolies at market rates (Rs 30)	30.0	..	..	180.0
Two Junior Foreman (Rs 45-85)	134.4	48	14	196.4
				830.0
	830.0	x 12 months		9960.0

Finance agree to the proposal.

As the recurring cost exceeds Rs 5000 p.a. the proposal was referred to the Standing Finance Committee & the Committee approved the proposal.

The matter is now placed before the Cabinet. The point for order is whether the proposal for the employment of additional staff mentioned above for the transfer of machines to a new room & overhauling of old machines, may be approved.

ORDER(MS)NO. 1768 Edn. dated 28.5.49

The Supdt., Govt. Press, has stated that the five Lino-type machines ordered from England in April, 1947 have since arrived and that these machines as well as the eight existing machines erected in a small room have to be erected in a large room to facilitate closer and more careful supervision by the supervising staff, distribution of work to the Operators and safer custody of materials and spare parts and has recommended the employment of additional staff for the purpose.

Sanction is accorded to the employment, in the Office of the Supdt. Govt. Press, of the following additional staff, for a period of one year from the date of appointment, for the work of ^{transferring} preparing and erecting the machines and overhauling old ones without detriment to production by the existing staff for the work referred to in paragraph (1).

One Head Mechanic on Rs.70-110.
One Senior Mechanic on Rs.45-85
Three Junior Mechanics on Rs.35-65
Six Coolies at market rates
Two Junior Foremen on Rs.45-85.

Please see the reference from the Supdt. Govt Press in the C.F. and the note of E.P.H. on pp 1-2 above. The proposal to employ one Head mechanic, one Senior Mechanic, three Junior Mechanics, six Coolies and two Junior Foremen for work connected with the overhauling of old line-type machines and erection of new ones, involves an extra cost of Rs 9960 p.a. recurring.

2. In the circumstances explained by the S.G.P. on pp 11-12 C.F., the proposal may be agreed to in this dept. The S.G.P. may, however, be asked to submit a monthly report regarding the outturn of work attended to by the staff.

3. Financial procedure: The extra cost on staff exceeds Rs 5,000 p.a. recurring. The proposal should, therefore, be referred to the S.F.C. and the Cabinet for issue of orders.
