Sir, 19.M.V.52/49 dated 14.5.1949.

Sub: Education - Secondary - Local Bodies - Conversion of
Board middle school, Gudalur into a high school.

Ref:- G.O.No.MS. 1023, Edn., dated 7.4.49 and the proceedings
of the Director of Public Instruction, R.C.No.1993-G2/48 dated
22.4.49.

I forward herewith a copy of report No. 184/49 dated
5.5.49 of the Headmaster, Board Middle school, Gudalur regarding
the conversion of the middle school into a high school. The Head-
master reports that there is scope for a small high school at
Gudalur to the greatest and most helpful advantages of the people
of this Taluk, poor and backward as they are. But in G.O.No.MS.
1023 Edn., dated 7.4.49 it is laid down that teaching grant based
on the actual net cost of maintenance of the High School subject to
a maximum of Rs. 4,000/- per annum only will be paid for the period
of five years from the opening of the high school department. If
form IV is opened in the Board middle school, Gudalur the approxi-
mate receipts and expenditure will be as follows for two years:

1949-50.

Receipts - Government grant.	...	Rs. 4,000-0-0
School fees and other receipts.	...	2,200-0-0
		<u>6,200-0-0</u>

Expenditure.

2 L.Ts.	...	Rs. 263-0-0
2 S.G. teachers.	...	161-0-0
1 Craft Instructor.	...	87-8-0
1 Physical Training Instructor.	...	70-0-0
1 Tamil Pandit.	...	74-8-0
1 Hindustani Pandit.	...	74-8-0
Building rent.	...	<u>600-0-0</u>
		790-8-0 x 12
		9,486-0-0

(The net cost to the District Board will be Rs. 3,286 or Rs. 3,300.

1950-51.

Receipts - Government grant.	...	4,000-0-0
School fees and other receipts.	...	<u>2,700-0-0</u>

Expenditure.

1. Staff - Salaries & allowances.	8,766-0-0
1 additional L.T. teacher.	1,404-0-0
Building rent.	<u>720-0-0</u>
	10,890-0-0

(The net cost to the District Board will be Rs. 4,190 or Rs. 4,200).
Thus the net cost involved to the District Board if the present
Board middle school, Gudalur is converted into a high school for
1949-50 and 1950-51 will be Rs. 3,300 and Rs. 4,200 respectively and
it will be still more in the third and the subsequent years. In
view of the slender ~~resources~~ and inelastic resources of this District
Board and in as much as the expenditure already incurred on

2
Secondary Education has become a heavy strain on the poor financial position of the Board, it is not possible to meet the balance net cost from its funds. However, the Board middle school, Gudalur may be converted into a high school provided the Government sanction a subsidy equivalent to the entire net cost involved for the maintenance of this school.

Copy of report R.C.No.184/49 dated 5.5.49 from the Headmaster, Board middle school, Gudalur.

Sub:- Schools - Secondary - Board middle school, Gudalur - Conversion into high school - Form IV in 1949-50.
Ref:- Your Endt. A5-256/49 dated 4.5.49.

I beg to submit that Form IV can be opened in June 1949. with the number awaiting promotion from Form III to Form IV viz. 8. There are also one or two third-form passed pupils of last year awaiting for admission in Form IV. It is also expected that a few more will be seeking admission in this form in the course of the long term.

At present the middle school is located in the southern half of the building. In any case, with Form IV of without it, the other half of the present building has got to be taken to provide accommodation for the Craft section etc. vide District Health Officer's letter to the Special Officer, D.Dis.No.1174/48 dated 15.10.48. There is therefore sufficient accommodation for the new form IV.

Under teaching staff an additional Collegiate trained teacher ~~will have~~ ~~may~~ to be appointed.

The probable strength in Form IV may be 8 to 10. There may be new admissions. For a place like this, this number may be taken as fairly encouraging.

General:- This is a backward taluk. Till the middle school was opened in July last year, there was no secondary school either in the taluk headquarters or anywhere within the taluk within a radius of 31 miles. The well to do parents have been sending their sons and daughters to Malabar or to one of the Tamil districts. The nearest places with high schools are Nilambur and Ootacamund which are at a distance of 31 miles and above.

There is scope for a small high school at Gudalur to the greatest and most helpful advantages of the people of this Taluk poor and backward as they are.

The District Educational Officer, Coimbatore and the Nilgiris was here on 25.4.49 on inspection of the building in connection with the proposed Form IV.

R.C.No. 1993-G2/48 dated 20th May, 1949.

Subject:- EDUCATION--Secondary--Local Bodies--Conversion of Board Middle School, Gudalur into a High School.

Refce.:- Letter R.C.No.236/49 dated 14.5.1949 from the Special Officer, District Board, The Nilgiris addressed to Government.

Submitted, with reference to G.O.No.1023-Education dated 7.4.1949.

2. The Special Officer seems to be under a misapprehension that the limit of Rs.4,000/- grant is in respect of the entire High school from Form I to VI, while actually it applies only to the Higher Forms (i.e.) IV to VI, the Middle School Department being eligible for a grant upto the maximum of Rs.3,300/- (the Board Middle School, Gudalur has been opened during the year 1948-49 under the special subsidy scheme vide G.O.No.1213-Education dated 14.5.1948.)

39537
The Special Officer reports that Form IV will have a strength of only about 8 to 10 when opened. The Form will therefore be uneconomic but the Special Officer says that this is a backward taluk; that till the Middle School was opened in July last year, there was no Secondary school either in the Taluk headquarters or anywhere within the taluk within a radius of 31 miles and that the well to do parents have been sending their sons and daughters to Malabar or to one of the Tamil districts, the nearest High schools being at Nilambur and Ootacamund which are at a distance of 31 miles and above. It is therefore for consideration of Government whether in view of the backwardness of the taluk and of the policy of Government to see that every taluk is provided with a High School, the Middle School should be permitted to be converted into a High School during 1949-50 in spite of the fact that Form IV will have an uneconomic strength when opened or whether the Middle School should be developed into a High School only if and when there can be an economic strength in Form IV at the time of its opening. If, however, it is considered that the school should be allowed ~~to~~ to be developed into a High school during 1949-50 itself, then the Special Officer may be advised to forward to the Director a Resolution of the District Board agreeing to open Form IV in the school subject to the conditions stipulated in G.O.No.1023-Education dated 7.4.1949. Attention is in this connection invited to Government Memo. No.7560-B1/48.10 Education dated 30.11.1948 and Director's R.C.No. 353-G2/48 dated 31.3.1949 regarding the closure of uneconomic schools.

Incidentally it is submitted that orders are being issued in regard to the opening of Form IV in the Board Middle School, Chipurupalli (the other proposal sanctioned in the G.O. referred to above) under the special subsidy scheme and it is seen that there will be an economic strength in this form of that school when opened.

Sub: Read requisition signed by the Vice President and three members of the Panchayat Board requesting to convene a special meeting to consider the question of addressing the authorities concerned requesting and pressing the necessity for opening of IV Form in the local Middle School from the school year 1949-50 for the benefit of the pupils of the Taluk.

Resolution No. 37 dated the 4th June 1949.

The Gudur Panchayat Board places on record its sense of appreciation at the opening in July last year of a Middle school with forms I to III.

On a recognition of the dear need for opening Form IV this year to provide for the need for continuous study for pupils already promoted and to others now prosecuting higher study elsewhere and anxious to return to their native taluk and in consideration of general poverty, low economic level and complete absence of a secondary school anywhere in the taluk, this Board recommends strongly for generous and favourable consideration and orders on the desire of the people to have all the facilities of higher education with form IV to begin with this school year and the remaining forms to follow thereafter.

This Board further resolves to communicate the copy of the above resolution to the Director of Public Instruction, Madras, the Hon'ble Minister for Education, Government of Madras for urgent and early orders and the Secretary to Government, Education and Public Health Department for favour of necessary action and issuing urgent instructions.

p 3 of From the D.P.S. No 1993. G2/48 dt 20.5.1948

In 1948-9, a middle school was opened at Gudalur by the D.P.S. Nilgiris under the system of special aid. The D.P.S. is eligible for a teaching grant based on the actual net cost of maintenance of the school up to a maximum of Rs 3,300 for a period of five years from the opening of the school. The Govt have also undertaken to pay, as a special case a grant of Rs 3,000 towards the full cost of the purchase of initial equipment - in two instalments of Rs 1,500. The second instalment is payable in the current year.

2. On the recommendation of the D.E.O. Coimbatore and the Nilgiris, that the middle school can be developed into a high school, the school was selected for conversion into a high school by opening Forms IV in the current year and Forms V & VI in succeeding years under the system of special aid. If the higher forms are opened the D.P.S. will become eligible for a teaching grant towards the entire net cost of maintenance of the higher forms subject to a maximum of Rs 4,000 for the three higher forms ~~in add.~~ in add. to the maximum grant of Rs 3,300 payable for the three lower forms I to III.

It is now brought to notice that if Form IV is opened in the current year, there will be only 10 students. As the strength will be uneconomical the D.P.S. requests instructions as to whether the opening of Form IV should be permitted.

3. It does not seem desirable to convert

the middle school into a high school at this stage. The mere fact that the taluk is educationally backward the opening of a higher form should not be hastened until some experience is gained of the running of the middle school. If the strength of the middle school gradually improves and if the number of pupils in Form III is sufficient to provide an economic strength of the higher form is opened, then the conversion of the middle school into a high school can be given effect to. The S.O. Dt. Bd. the Nilgiris may therefore be informed that Form IV need not be opened in the current year and that if the number of pupils in Form III in the school year 1949-50 ~~also~~ justifies the opening of a higher form, he may submit proposals for opening in 1950-51.
