In continuation of my letter referred to above I have the honour to state that the Joint Consulting Architect has since scrutinised the plans and estimates of the C.R.R. College Elluru and has approved the Estimate for Rs. 1,81,600/-

The management has applied for affiliation for opening the B.Sc.. and B.Com courses from July 1949 and the University has agreed to consider the proposal and send a commission. It is therefore necessary that additional accommodation should be provided by July '49. The management proposes to start the work as soon as the plans and estimates are approved.

In the above circumstances I request that the management may be permitted to start the work without prejudice to the question of grant.

Yours faithfully,

Re. No.75 D2/49 dated 7th May '49

Sir,

Sub:--Grant--Building grant--Senthikumara Nadar College
Virudhunagar.

I have the honour to submit herewith an application for building grant from the Correspondent of the Senthikumara Nadar College, Virudhunagar and to state as follows:--

The College was opened in the year 1947 and at present it is affiliated to the Madras University in the Arts side namely Economics and History and Mathematics for the B.A. and combinations of History, Logic, Commerce, and Mathematics for the Intermediate Course. These Courses are temporarily housed in a rented building.

The management have proposed to open science courses and have applied to the University for necessary affiliation. This question is being considered by the University. To house these Science Courses the Management propose to construct permanent buildings.

The Site for the construction of the building is a piece of land measuring 80 acres donated freely to the College by one Sri M.S. Periaswamy Nadar.

The Management propose to construct permanent buildings for Arts and Science blocks but on account of the scarcity of building materials etc., at the present ~~time~~ they propose to build only the science block in 1949-50 and the Arts block later.

The estimated cost of the scheme is reported to be Rs.6/- lakhs.

The plans for the construction of the buildings have been approved by the University.

Since affiliation has not yet been granted for the science courses and as the management propose to construct the Science blocks first, The Registrar of the University was requested to state whether any proposal for the opening of the Science Courses in this College is pending approval of the University and if so whether affiliation would be granted in respect of these courses. In reply to this the Registrar has informed that the management has applied for further affiliation in Science subjects in the Intermediate Course from the Academic year 1949-50 and that a commission has been appointed to conduct a local enquiry and report on the application. It is also stated that the application for affiliation in the Science subjects is likely to be favourably considered provided the buildings are constructed and made available.

Since it is stated that affiliation depends upon provision of permanent buildings the application of the management for building grant for the construction of the proposed science block may be favourably considered and sanction accorded for the inclusion of the scheme in the list of approved works.

Yours faithfully,

Thiruvananthapuram

Grant - Building - Senthikumara Nadar College,
Virudhunagar.

C.No.35727/49.

From the D.P.I., Rc.No.75 D2/49 dated 7.5.1949.

Please see the letter from the D.P.I. on p.1 c.f. and the application for building grant from the Correspondent of the Senthikumara Nadar College, Virudhunagar, on p.p. 7-17 c.f. This College was opened in 1947 and has been affiliated to the University in the Arts subjects, viz. History and Economics and Mathematics in the B.A. courses and History, Logic, Commerce, Mathematics etc. in the Intermediate Classes, and these classes are at present located in a rented building. The management propose to open science subjects in the College ^{from 1949-50} and they have applied for affiliation to the University in science subjects and the question is stated to be pending with the University of Madras. It is reported that the application of the College for affiliation in science subjects is likely to be favourably considered by the University, provided permanent buildings are constructed for these courses. The D.P.I. ~~recommends~~ therefore, recommends the application of the management of the college for a building grant to Govt., and requests that the scheme ^{estimated cost Rs. 75,000} may be put on the approved list. (In the main file relating to the list of building schemes for the quarter ending 31.3.1949, the D.P.I. has included only the scheme relating to the construction of buildings for the C.R.R. College, Eluru. That file has been sent to Finance u.o. for remarks) The D.P.I.'s recommendation may be accepted and this scheme also included in the list of approved ~~buildings~~ schemes for the quarter ending 31.3.1949, May be circulated to H.M.(Edn) for orders.
