SPARE COPIES.....

In the G.O. cited above, Government have approved the scheme for payment of bonus for setting work done by the Compositors and for Lino and Mono-keyboard Operators with effect from 1-4-1948. Before the receipt of this order, the outturn sheets relating to both hand-setting and machine composition were assessed with reference to the scale of prescribed outturn then in force. These vouchers have all been now revalued in accordance with the minimum outturn fixed in the above Government Order. This system is exclusively confined to fresh setting work and it will not be extended to the Imposers who are mainly engaged on time account work such as making up, imposition, etc. The strength of Imposers for all composing sections has now been fixed and allotted thereon permanent basis, their pay having been fixed in accordance with G.O.No.78, Finance dated 6-2-1947 in order to exclude them from the operation of bonus system. The statement for payment of bonus for setting work done over minimum outturn and providing for recovery by way of fines at the same rate for deficiency in the minimum outturn is now being worked out for the period from 1-4-1948 to 30-9-1948 and the payment of same will be made in due course.

As regards the establishment, two Computers and one Upper Division Clerk were sanctioned by the Government for the period upto 31-3-1949 for giving effect to the bonus system. These posts were so far kept in abeyance and as they are being put on the work. I therefore request that sanction of Government may please be accorded for engaging two Computers and one Upper Division Clerk from 1-5-1949 for a period of one year and also approve of my action in having appointed them from 1-5-1949.
