Consequent on the revision of scales of grant to Aided Elementary School Teachers Rule 3 of Teachers' Provident Fund Rules requires certain changes and I have the honour to submit therefore the following amendments to the rule for the approval of Government.

Rule 3(a):- This rule does not require any change. *p2 rules*

Rule 3(b):- This rule may be deleted. As per G.O.No.Ms. 1495-Edn., dated 31.7.1946 the entire assessed grant for aided Elementary schools should be disbursed to teachers as salaries. So there is no question of the management paying 85% of the grant to teachers in future. Further as per G.O.No.975-Edn., dated 10.5.1947 and G.O.No.1154-Edn., dated 5.6.1947 the Government have abolished the old flat rate grant and have introduced scale grants for different grades of teachers with annual increments. So there is no need to fix a flat rate of Teachers' Provident Fund contributions for different grades of teachers. As in the case of Secondary school teachers, the Elementary school teachers may also contribute at the rate of one anna for rupee on the actual salary drawn by them. The rule may therefore be deleted.

Rule 3(c):- Now that grant to Elementary Schools is to be paid monthly there is no need for this rule. The rule may be deleted.

Rule 3(d):- Under the existing rule, Elementary School teachers are not allowed to increase their contributions in the middle of a calendar year. This is an unfair discrimination between them and secondary school teachers. Now that scale grants have been introduced, Elementary School teachers will be getting their increments at various months of the year according to their continuous service in an institution and the date of the last increment drawn by them. There is, therefore, no objection to allowing these teachers to increase their contribution in the middle of a year. Therefore Rule 3(d) may be recast and renumbered as follows:-

vide p31ef - 3(6)
3(e):- In the case of Elementary schools, teachers drawing monthly salaries at or above the assessed grant shall contribute on the actual salaries drawn by them.

2. Some of the Inspecting Officers report that there is no provision in the existing Teachers' Provident Fund rules regarding the rate of contribution to be paid by the Teacher-Managers with the result that they take advantage and make contributions as they like by fixing their salaries for higher themselves. To avoid this difficulty a new rule may be added as follows:-

3(c) Teacher-Managers shall contribute at the rate of pay or grant admissible for teachers of the same grade.

Yours faithfully,

K. S. Murugesu
