Sir,

Sub: Colleges - Presidency College, Madras -
Opening of new pass and Honours courses.

@@@

71535

In connection with Part II of the Budget Estimate for 1949-50 I have the honour to submit for the favourable consideration of Government the following proposals for the opening of new courses of study in certain subjects in the Presidency College, Madras during the academic year 1949-50.

2. With a view to make the Presidency College a premier institution for research and higher learning the Intermediate classes are being transferred to the Government Muslim College. From the next academic year there will be no Intermediate classes in the Presidency College. It will have only the Pass and Honours Degree courses. With the complete removal of the Intermediate classes from the college there will be considerable room for increasing the strength of the existing pass and Honours classes as well as to open new courses.

3. The Principal, Presidency College, has submitted proposals for the opening of the following new courses during 1949-50.

1. B.A. Honours or B.Sc., Honours with Geography as Main or B.A. or / and B.Sc., Pass with Geography as Subsidiary.
2. B.A. (Pass) and B.A. (Hons) in Psychology or restoration of old Honours course in Philosophy and Psychology for the pass course.
3. B.A. (Hons) in Tamil.
4. B.A. (Hons) in Telugu.
5. B.Com (Hons).

4. Considering the demand and also the desirability of making provision for higher learning both in Science and Arts subjects in a premier institution of this kind, I recommend the opening of the following new courses in the college during 1949-50.

1. B.A. (Pass) and B.Sc. (Hons) B.A. (Hons) courses in Geography.
2. B.A. (Pass) and B.A. (Hons) courses in Psychology.
3. B.A. (Hons) in Tamil.
4. B.A. (Hons) in Telugu.

5. The need and the cost involved for the opening of the above courses is explained below.

1. B.A. (Pass) and B.Sc. (Hons) or B.A. (Hons) in Geography;

Even last year the Principal submitted proposals for the opening of courses in Geography. But consideration of the new schemes of the kind was deferred pending the actual removal of the Intermediate classes from the College. There is a demand for a study of Geography. At present affiliation in this subject in the Honours course is granted by the University on an Inter-Collegiate University Co-operative basis. In the current year Honours course in Geography (B.A. and B.Sc.) has been opened in the Queen Mary's College, Vide G.O.No. 1673 Edn. dated 3-5-48. The other college co-operating with it is the Vivekananda College along with the University. The question of arrangements in regard to the Hons' course in the Presidency College is under correspondence with the University. It is proposed to admit 25 students to the III year pass course and 10 students to the III Year Hons' course. The estimated fee income from the Pass course students in the first year will be Rs. 5400/- and in the Second and future years Rs. 10800/- In the case of Honours students the fee income in the first 3 years will be 2550/- 5100/- and 7650/- respectively. There will be no need for additional accommodation. The following will be the financial effect of opening the Pass and Honours courses in Geography. Necessary modification in regard to staff will be proposed as soon as the Inter-Collegiate arrangements to conduct the Hons' course in the college are decided.

1949-50

Recurring (Staff).

1 Professor	230 x 8	1840
1 Asst. Professor	150 x 8	1200
1 Demonstrator	80 x 8	640
1 Museum Asst. (with draftsman or survey qualifications on Rs. 70-2-90-3-120)	70 x 8	560
1 Attender	24 x 8	192
2 peons	16 x 2x8	256

Rs. 4688 or
Rs. 4700/-

Non- Recurring.

Apparatus and equipment.	10500
Books and maps	4000
Furniture	11200
	25700

Total Rs. 30400/-

P.T.O.

1950-51 (ADDITIONAL COST).

Recurring.

1 Asst. Professor	150 x 8	1200
1 Demonstrator	80 x 8	640

1840/-
or Rs. 1800/-

Ultimate Cost (Recurring).

1 Professor	449 1/3 x 12	5392
2 Asst. Professors	205 5/9 x 12 x 2	4934
2 Demonstrators	116 2/3 x 12 x 2	2800
1 Museum Asst.	95 x 12	1140
1 Attender	32 1/2 x 12	390
2 Peons		496
Equipment		2000

17152
or Rs. 17200/- per annum.

(2) B.A. (Pass) and B.A. (Hons) Courses in Psychology.

In February this year the Vice-Chancellor of the Madras University has suggested that it would be a good thing if some colleges were to take up this subject viz. Psychology. He has stated that a Degree course in Psychology has been instituted as well as an Honours course in the same subject and that the Honours course is very extensive and includes such subjects like Experimental Psychology. Considering its popularity and importance as a Science, I am convinced that the subject should find provision in the Presidency College. It is proposed to admit 25 students to the Pass course and 10 students to the Honours course. There is no need for additional accommodation. It is reported that the equipment that was purchased for the Philosophy Department some time ago is available and that it will be sufficient in the initial three years. A non-recurring expenditure of 1500/- towards the purchase of latest and important books and Rs. 500/- towards furniture will be necessary. The financial effect of opening the Pass and Honours courses in Psychology will be as follows:

1949-50.
Recurring (Staff).

1 Professor	230 x 8	1840
1 Asst. Professor	150 x 8	1200
1 Peon	16 x 8	128

3168
or Rs. 3200/-

Non-Recurring:

Books	1500
Furniture	500
	2000/-

(5)

Total Rs. 5200/-

1950-51 Additional Expenditure.

Recurring:		
1 Asst. Professor	150 x 8	1200
Books		500
		1700

Non Recurring.

Furniture	500
Total	2200

1951-52 Additional Expenditure.

Non recurring - Furniture Rs. 500/-

Ultimate cost (Recurring).

1 Professor	5392
2 Asst. Professors.	4934
1 Peon	248
Books	500
	11074
	or Rs. 11100/- per Annum

The fee income will be Rs. 7500/- in 1949-50; Rs. 15000/- in 1950-51 and Rs. 17400/- per annum from 1951-52.

(3). B.A. (Hons) course in Tamil.

attraction

At present there is no college in the Madras University Area where Branch XI B.A. (Hons) Tamil is affiliated. The Principal states that there will be sufficient alteration for Tamil candidates with higher qualifications when there is a great need in future for such candidates both in Public Service as well as in institutions in general. Especially at this time when the need for the development of the languages of the country has been established there should be provision for higher studies in such languages to the extent possible. I consider it quite desirable and also necessary to open Hons' course in Tamil in the Presidency college. It is proposed to admit 15 students to the course when it is opened. There is no need for additional accommodation. There is already a Professor of Tamil in the College.

The financial effect of opening the Honours course in Tamil will be as follows:
1949-50.

Recurring.		
1. Asst. Professor	150 x 8	1200
1 Pandit	80 x 8	640
		1840
		or Rs. 1800/-

Non-Recurring;

Books.	500
Furniture	200
	700

Total 2500/-

1950-51 Additional cost.

Recurring: 1 Asst. Professor	150 x 8	1200
Non-Recurring Furniture		200
Total Rs-		1400

1951-52 Additional cost.

Recurring 1 Asst. Professor	150 x 8	1200
Non recurring Furniture		200
total Rs.		1400/-

Ultimate cost (Recurring).

2 3 Asst. Professors	205 5/9 x 3x12	7400
Pandit	115 2/3 x 12	1400
Books		300
		9100/-
		per year.

The fee income will be Rs. 3600/- in 1949-50, Rs. 7200/- in 1950-51 and Rs. 10800/- per annum from 1951-52.

(4.) B.A. Hons course in Telugu:

At present in the whole Presidency provision for this course exists only in the Andhra University at Waltair. The Principal states that the students within the Madras University find it difficult to go to such a long distance to pursue the course and that the opening of the course in the Presidency College will be a great benefit to the students coming from the Chittoor Dt., the Ceded Dts., and of Madras and some of the Southern Districts. He also states that 15 to 20 students will join the course and that the course will attract more students in future as the Regional Languages are coming to the forefront. I am convinced that the opening of Hons. course in Telugu in the Presidency college will cater to the needs of a fairly large area covered by the Madras University. Besides the students from the Ceded Dts., Chittoor, Madras and some Districts in the South there is every possibility of the students from the Nellore Dt. also seeking admission to this course. I recommend the opening of Hons course in Telugu along with Tamil so that the needs of the Madras University in this direction will be fulfilled to a large extent. It is proposed to admit 15 students to the course. There is already a professor of Telugu in the college. There will be no need for additional accommodation. The financial effect of the opening the course will be as follows:

Recurring (Staff)	1 Pandit.	80 x 8	640
Non-Recurring. Furniture			600/-
Books			200
			500
total			700
			1300/-

1950-51 Additional Cost.

Education Department.

From The Director of Public Instruction, M a d r a s

To The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, M a d r a s.

R.C.No. 1945-K2/48 dated 22nd September, 1948.

SIR,
Colleges--Presidency College, Madras - Opening
of a course in Statistics--Part II Scheme for
1949-50.

In connection with Part II of the Budget Estimate
for 1949-50 I have the honour to submit for the favourable
consideration of Government a proposal for the Opening
of B.Sc. (Hons.) Course in Statistics in the Presidency
College, Madras, during the academic year 1949-50.

71539

2. The Madras University has regulations for a B.Sc.
(Hons.) Course I-b Branch which includes a large amount
of statistics. The Principal, Presidency College, has
submitted a proposal for the introduction of the above
course, stating that statistics is a very important
branch of Mathematics having wide application in Science,
Economics and Administration. It is reported that most
of the British and American Universities have instituted
courses in Statistics and that in India the Calcutta and
Trevancore Universities have statistics upto the M.Sc.
stage while the Bombay and Andhra Universities have
commenced Honours courses in the subject during the
current year. Considering the growing need for statistics
in the fields of Agriculture, Biology, Genetics, Psychology
Education, Commerce and Public Health, I recommend the
opening of B.Sc. (Hons.) Course in Statistics in the
Presidency College in 1949-50. 15 students will be
admitted to the Junior Class in 1949-50.

3. The need for additional staff, accommodation etc.
is explained below.

(a) Staff:- It is reported that 2 of the members
of the staff of the Mathematics Department (One Gazetted
and one in the Subordinate Educational Service) are
qualified in the subject. The Gazetted member, Dr.
Pathalack has recently returned from deputation after
completing advanced study in Statistics in London
University. There will be no need for additional staff
in 1949-50. In future there will be a need for a
Professor of Statistics in the Madras Educational
Service if either of the Gazetted members of the Mathema-
tics Department is not qualified in Statistics. In the
existing circumstances the employment of an additional
Assistant Professor in Statistics in each of the two
succeeding years i.e. 1950-51 and 1951-52 will be
necessary.

(b) Accommodation:-

M

For 1949-50 the existing
accommodation will be sufficient, provided the Intermediate
Practical Mathematics Hall (No. 6) is partitioned into a
lecture room and a Statistical practical room. For 1950-
51 and 1951-52 one additional room in each year to hold
upto 15 students will have to be constructed.

2.

(c) Equipment:-

A non-recurring expenditure of Rs. 10,000/- in each of the first 2 years on machines and Rs. 1,000/- on books in the first year and Rs. 500/- in each of the first three years on furniture will be necessary. The recurring expenditure on books will be Rs. 300/- per year from 1950-51.

4. The financial effect of the proposal will be as follows:--

1949 - 1950.			
<u>Non-Recurring(Equipment)</u>			
Machines	::	::	10,000/-
Furniture	::	::	500/-
Books	::	::	1,000/-
			<u>Rs. 11,500/-</u>

1950 - 1951.			
<u>Recurring:-</u>			
1 Asst. Professor	150 x 8	::	1,200/-
Books.	::	::	300/-
			<u>Rs. 1,500/-</u>
<u>Non-Recurring:-</u>			
Machines	::	::	10,000/-
Furniture.	::	::	500/-
			<u>Rs. 10,500/-</u>

1951 - 1952.			
<u>Recurring:-</u>			
1 Asst. Professor	150 x 8	::	1,200/-
Books	::	::	300/-
			<u>1,500/-</u>
<u>Non-Recurring:-</u>			
Furniture.	::	::	500/-
			<u>500/-</u>

<u>Ultimate Cost (Recurring.)</u>		
2 Assistant Professors	205 5/9 x 2 x 12 ..	4955/-
Books.	::	300/-
		<u>5255/-</u>

or Rs. 5,200/-.

5. The fee income will be Rs. 3,600/- in 1949-50, Rs. 7,200/- in 1950-51 and Rs. 10,800/- from 1951-52.

6. I am including the necessary provision in Part II of the Budget Estimate for 1949-50.

Yours faithfully,
P. M.

For Director of Public Instruction.

Education Department.

From The Director of Public Instruction,
Madras
To The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

R.O.C.No. 2056-K2/48 dated 1st October, 1948.

SIR,

Teaching of Geology in Indian Universities
Opening of new courses in the Presidency
College, Madras.

Handwritten notes and stamps on the right page, including 'H-45 of', '73334', and '37 of'.

I have the honour to invite the attention of Government to this office letter Rec.No. 2181-E2/47 dated 14.10.1947 offering remarks on the Report of the Geological Education Committee which had been referred to the Director in Government Memorandum No. 15414-G3/47-6 Education dated 22.8.1947. In their letter 15414-G3/47 dated 30.1.1948 Government informed the Government of India that they agreed generally with the views of the Director of Public Instruction but stated that all expenditure on the proposed course in excess of what was now spent on the Geology course in the Presidency College, Madras, should be borne by the Government of India. I request that Government may kindly reconsider this decision and approve of the following proposals.

Put up by another file

2. In his report on the teaching of Geology in the Presidency College [disposed of in G.O.No. 713-Education dated 9.4.1947] Dr. West had suggested that a course of lectures on Mining and Surveying should be added to the curriculum of the B.Sc. Honours students in their last year. He also suggested the desirability of including this subject for the pass course. In my letter Rec.No. 494-K/46 dated 11.5.1946, Government were informed that the question of including Surveying and Mining as a subsidiary subject for the Geology Pass and

Honours students had to be decided by the University and that if the University decided to allow this subject, provision could be made for introducing the subject in the Presidency College provided Government sanctioned the additional staff and equipment. It is reported that the University have now included the subject "Surveying Preliminary Prospecting, Ore-dressing and Assaying" as an alternative subject for the B.Sc. (Pass) Main which will also form part of the Honours course. The Professor of Geology considers that the interest of Geology Education will be best served by taking early steps to give effect to the recommendation of Dr. West for the introduction of this subject. It is proposed to introduce this subject in the college in July 1950. Before the subject is actually taught, the college should be provided with a laboratory for Ore-dressing and necessary equipment. The teaching of the subject involves the purchase of equipment at a cost of Rs. 40,000/- besides the construction of new buildings. I am of the opinion that the construction of new buildings for this purpose may be deferred as it may be possible to provide a laboratory in the existing buildings. In view of the importance of the subject [and the offer of the Government of India to finance the scheme] I recommend that Government ^{may} sanction the opening of the subsidiary subject in the college in 1950-51 and provide a sum of Rs. 20,000/- in Part II of the estimate for 1949-50 towards the purchase of the necessary equipment. (The Government of India may also be kindly addressed to meet the other half of the expenditure.)

OFFICE OF THE
DIRECTOR OF PUBLIC INSTRUCTION,
R.C. No. 1839/K.2/1948

MADRAS: 6th October 1948.

FROM

THE DIRECTOR OF PUBLIC INSTRUCTION,
M A D R A S.

TO

THE SECRETARY TO GOVERNMENT,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
FORT ST. GEORGE, M A D R A S.

Sir,

SUB:- Colleges - Presidency College - Madras - Open-
ing of new courses.

REF:- My letter RC.No.1839/K.2/48 dated 21st Sep.48.

In continuation of my letter referred to above, I have the honour to state that the proposed Honours Course in Geography in the Presidency College, Madras, will be conducted on Inter-Collegiate-University basis, the other institutions co-operating in the scheme being the Queen Mary's College, the Vivekananda College and the Madras University. At present the University is running the Honours Course with 12 students (4 from the University, 4 from the Vivekananda College and 4 from the Queen Mary's College), the men students being entered on the rolls of the Vivekananda College and the Women students on the rolls of the Queen Mary's College. The University has made provision for 4 post graduate students the maximum strength of the IV and V Honours Classes being thus limited to 16. The Principal, Presidency College has consulted the University authorities and he states, it is likely that the University will raise the strength of III Honours from 12 to 16 and IV and V Honours from 16 to 20 for the benefit of the Presidency College, Madras. It is reported that the University undertakes the greater part of teaching work. Under the co-operative arrangement the men students will be distributed to the Presidency and Vivekananda Colleges. The Principal states that in this connection the University desires that the Presidency College may take up the teaching of optional subjects included in the course as the necessary facilities exist in the college and as no arrangement has been made by the University for teaching them. The optional subjects are geo-morphology, Oceanography, Bio-geography and Climatology. The extra work involved for the teaching of these optional subjects will be about 8 hours per week and this can be done in the Geology Botany, Zoology and Physics Departments without the need for additional staff. In view of the fact that no additional staff need be employed in the Presidency College on account of the opening of Honours Course in Geography, the suggestion made by the University to provide for the teaching of optional subjects in the college which does not involve the employment of additional staff, may be accepted, considering the absence of such facilities in the University or in the other co-operating colleges.

It has been proposed in my letter RC.No.1839/K.2/48 dated 21st September 1948 to open B.A.Pass Course in Geography. The University has framed syllabuses for B.A. and B.Sc. Pass Courses and the syllabus for the latter course is more extensive and includes science optionals viz Geo-Morphology, Climatology, Oceanography, Anthro-Geography Bio-Geography and Cartography which do not find a place in

the syllabus for B.A. Pass Course. I recommend the opening of B.Sc. Pass Course in Geography instead of B.A. Pass Course.

On account of the revised proposals explained above the modification in regard to additional staff will be only one Professor and one Assistant Professor (the former to be employed in 1949--50 and the latter in 1950--51) instead of a staff of one Professor, 2 Assistant Professors and 2 Demonstrators originally proposed by me.

Yours faithfully,

P. M.

EXPLANATORY NOTE

With a view to make the Presidency College, Madras, a premier institution for research and higher learning the Intermediate classes in the college have been trans-ferred to the Govt. Muslim College. No students have been admitted to the Junior Intermediate class in the Presidency College this year. Only the senior Intermediate classes are now working in the College. By July 1949, the entire Intermediate classes will be transferred from the Presi- dency College to the Govt. Muslim College. The Presidency College will then have only the Pass and Hons. Degree courses. With the complete removal of the Intermediate

Classes from the College there will be considerable room for increasing the strength of the existing Pass and Hons. classes as well as to open new courses.

The D.P.I. has ~~xx~~ therefore proposed the opening of the following courses in the college from 1949-50.

- (1) B.Sc. (Pass) and B.Sc. (Hons.) or B.A. (Hons) courses in Geography.
- (2) B.A. (Pass) and B.A. (Hons.) Courses in Psychology.
- (3) B.A. (Hons.) course in Tamil
- (4) B.A. (Hons.) course in Telugu.
- (5) B.Sc. (Hons.) Course in Statistics.
- (6) Introduction of the ^(subsidiary) ~~subsidy~~ subject - "Surveying, Preliminary Prospecting, Ore-dressing and Assaying" under Geology Course.

The need for the proposals has been explained by the Director as follows:

Item (1) above:- Even last year the Principal submitted proposals for the opening of courses in Geography. But consideration of the new schemes of the kind was deferred pending the actual removal of the Intermediate classes from the College. There is a demand for a study of Geography. At present affiliation in this subject in the Honours course is granted by the University on an Inter-Collegiate University Co-operative basis. In the current year Honours course in Geography (B.A. and B.Sc.) has been opened in the Queen Mary's College, Vide G.O. No. 1673, Edn., dated 3-5-48. The other college co-operating with it is the Vivekananda College along with the University. The question of arrangements in regard to the Hons' course in the Presidency College is under correspondence with the University. It is proposed to admit 25 students to the III Year pass course and 10 students to the III year Hons' course. ~~The estimated fee income from the Pass course students in the first year will be Rs. 5,400/- and in the second and future years Rs. 10,800/- in the case of Honours students the fee income in the first 3 years will be Rs. 2550/-, 5100/- and 7650/- respectively. There will be no need for additional accommodation. Necessary modification in regard to staff will be proposed as soon as the Inter-Collegiate arrangements to conduct the Hons' course in the college are decided.~~

The Director explained the proposal further as follows:-

I have the honour to state that the proposed Honours Course in Geography in the Presidency College, Madras, will be conducted on Inter-Collegiate-University basis, the other institutions co-operating in the scheme being the Queen Mary's College, the Vivekananda College and the Madras University. At present the University is running the Honours Course with 12 students (4 from the University, 4 from the Vivekananda College and 4 from the Queen Mary's College), the men students being entered on the rolls of the Vivekananda College and the Women students on the rolls of the Queen Mary's College. The University has made provision for 4 post graduate students the maximum strength of the IV and V Honours Classes being thus limited to 16. The Principal, Presidency College, has consulted the University authorities and he states, it is likely that the University will raise the strength of III Honours from 12 to 16 and IV and V Honours from 16 to 20 for the benefit of the Presidency College, Madras. It is reported that the University undertakes the greater part of teaching work. Under the co-operative arrangement the men students will be distributed to the Presidency and Vivekananda colleges. The Principal states that in this connection the University desires that the Presidency College may take up the teaching of optional subjects included in the course as the necessary facilities exist in the college and as no arrangement has been made by the University for teaching them. The optional subjects are Geo-morphology, Oceanography, Bio-geography and Climatology. The extra work involved for the teaching of these optional subjects will be about 8 hours per

P.T.O.

week and this can be done in the Geology, Botany, Zoology, and Physics Departments without the need for additional staff. In view of the fact that no additional staff need be employed in the Presidency College on account of the opening of Honours Course in ~~Geog~~ Geography, the suggestion made by the University to provide for the teaching of optional subjects in the college which does not involve the employment of additional staff, may be accepted, considering the absence of such facilities in the University or in the other co-operating colleges.

It has been previously proposed to open B.A. Pass Course in Geography. The University has framed syllabuses for B.A. and B.Sc. Pass Courses and the syllabus for the latter course is more extensive and includes science optionals viz., Geo-Morphology, Climatology, Oceanography, Anthro-Geo-geography, Bio-Geography and Cartography, which do not find a place in the syllabus for B.A. Pass Course. I recommend the opening of B.Sc. Pass Course in Geography ~~instead of B.A. pass course.~~

Item (2) above:- "In February this year the Vice-Chancellor of the Madras University has suggested that it would be a good thing if some colleges were to take up this subject viz., Psychology. He has stated that a Degree course in Psychology has been instituted as well as an Honours course in the same subject and that the Honours course is very extensive and includes such subjects like Experimental Psychology. Considering its popularity and importance as a Science, I am convinced that the subject should find provision in the Presidency College.. It is proposed to admit 25 students to the Pass course and 10 students to the Honours course. There is no need for additional accommodation."

Item (3) above:- "At present there is no college in the Madras University Area where Branch XI B.A. (Hons), Tamil is affiliated.. The Principal states that there will be sufficient attraction for Tamil candidates with higher qualifications when there is a great need in future for such candidates both in Public Service as well as in institutions in general. Especially at this time when the need for the development of the languages of the country has been established there should be provision for higher studies in such languages to the extent possible. I consider it quite desirable and also necessary to open Hons' course in Tamil in the Presidency College. It is proposed to admit 15 students to the course when it is opened."

Item (4) above:- "At present in the whole Presidency provision for this course exists only in the Andhra University at Waltair. The Principal states that the students within the Madras University find it difficult to go to such a long distance to pursue the course and that the opening of the course in the Presidency College will be a great benefit to the students coming from the Chittoor District, the Ceded Districts, and of Madras and some of the Southern Districts. He also states that 15 to 20 students will join the course and that the course will attract more students in future as the Regional Languages are coming to the forefront. I am convinced that the opening of Hons. course in Telugu in the Presidency College will cater to the needs of a fairly large area covered by the Madras University. Besides the students from the Ceded Dts., Chittoor, Madras and some Districts in the South there is very possibility of the students from Nellore Dt., also seeking admission to this course. I recommend the opening of Hons. course in Telugu along with Tamil so that the needs of the Madras University in this direction will be fulfilled to a large extent. It is proposed to admit 15 students to the course."

Item (5) above:- "The Madras University has regulation for a B.Sc. (Hons) Course I-b Branch, which includes a large amount of statistics. The Principal, Presidency College, has submitted a proposal for the introduction of the above course, stating that Statistics is a very important branch of Mathematics having wide application in Science, Economics

P.T.O.

and Administration. It is reported that most of the British and American Universities have instituted courses in Statistics and that in India ~~the~~ the Calcutta and Travancore Universities have statistics upto the M.Sc. stage while the Bombay and Andhra Universities have commenced Honours courses in the subject during the current year. Considering the growing need for statistics in the fields of Agriculture Biology, Genetics, Psychology, Education, Commerce and Public Health, I recommend the opening of B.Sc. (Hons) course in Statistics in the Presidency College in 1949-50. 15 students will be admitted to the Junior Class in 1949-50.

ACCOMMODATION:- For 1949-50 the existing accommodation will be sufficient, provided the Intermediate Practical Mathematics Hall (No.6) is partitioned into a lecture room and a Statistical practical room. For 1950-51 and 1951-52 one additional room in each year to hold upto 15 students will have to be constructed.

Item (6) above:- In his report on the teaching of Geology in the Presidency College, Dr. West had suggested that a course of lectures on Mining and Surveying should be added to the curriculum of the B.Sc. Honours students in their last year. He also suggested the desirability of including this subject for the Pass course. Govt. were informed that the question of including Surveying and Mining as a subsidiary subject for the Geology Pass and Honours students had to be decided by the University and that if the University decided to allow this subject, provision ~~in~~ could be made for introducing the subject in the Presidency College provided Government sanctioned the additional staff and equipment. It is reported that the University have now included the subject "Surveying Preliminary Prospecting, Ore-dressing and Assaying" as an alternative subject for the B.Sc. (Pass) Main which will also form part of the Honours course. The Professor of Geology considers that the interest of Geology Education will be best served by taking early steps to give effect to the recommendation of Dr. West for the introduction of this subject. It is proposed to introduce this subject in the college in July 1950. Before the subject is actually taught, the college should be provided with a laboratory for Ore-dressing and necessary equipment. The teaching of the subject involves the purchase of equipment at a cost of Rs.40,000/- besides the construction of new buildings. I am of the opinion that the construction of new buildings for this purpose may be deferred as it may be possible to provide a laboratory in the existing buildings. In view of the importance of the subject I recommend that Government may sanction the opening of the subsidiary subject in the ~~the~~ college in 1950-51 and provide a sum of funds in Part II of the estimate for 1949-50 towards the purchase of the necessary equipment."

This Dept. supports the proposal and recommends that provision may be included in the B.E. for 1949-50 as shown in the summary

at the top.

EDUCATION AND PUBLIC HEALTH DEPARTMENT

PART II NOTE FOR 1949-50

Sub:- COLLEGE - Presidency, Madras - Opening of new courses.

SUMMARY

Head of Account	Items of expenditure	Ultimate cost		Cost in 1949-50

EXPLANATORY NOTE

With a view to make the Presidency College, Madras, a premier institution for research and higher learning the Intermediate classes in the college have been transferred to the Government Muslim College. No students have been admitted to the Junior Intermediate class in the Presidency College this year. Only the senior Intermediate classes are now working in the college. By July 1949, the entire Intermediate classes will be transferred from the Presidency College to the Government Muslim College. The Presidency College will then have only the Pass and Hons. Degree courses. With the complete removal of the Intermediate classes from the College there will be considerable room for increasing the strength of the existing Pass and Hons. classes as well as to open new courses.

The Director of Public Instruction has, therefore, proposed the opening of the following courses in the college from 1949-50.

- (1) B.Sc.(Pass) and B.Sc.(Hons.) or B.A.(Hons.) courses in Geography.
- (2) B.A. (Pass) and B.A. (Hons.) courses in Psychology.
- (3) B.A.(Hons.) course in Tamil
- (4) B.A.(Hons.) course in Telugu
- (5) B.Sc. (Hons.) Course in Statistics.
- (6) Introduction of the subsidiary subject - "Surveying, Preliminary Prospecting, Ore-dressing and Assaying" under Geology Course.

The need for the proposals has been explained by the Director as follows:--

"Item (1) above:- Even last year the Principal submitted proposal for opening courses in Geography. But consideration of the new schemes of the kind was deferred pending the actual removal of the intermediate classes from the College. There is a demand for a study of Geography. At present affiliation in this subject in the Honours course is granted by the University on an Inter-Collegiate University co-operative basis. In the current year Honours course in Geography (B.A. and B.Sc.) has been opened in the Queen Mary's College. The other college co-operating with it is the Vivekananda College along with the University. The question of arrangements in regard to the Hons. course in the Presidency College is under correspondence with the University. It is proposed to admit 25 students to the III year pass course and 10 students to the III year Hons. course. There will be no need for additional accommodation. Necessary modification in regard to staff will be proposed as soon as the Inter-Collegiate arrangements to conduct the Hons. Course in the college are decided."

The Director has explained the proposal further as follows:--

***the rolls of the Vivekananda College and the Women students being entered on

"The proposed Honours course in Geography in the Presidency College, Madras, will be conducted on Inter-Collegiate-University basis, the other institutions co-operating in the scheme being the Queen Mary's College, the Vivekananda College and the Madras University. At present the University is running the Honours course with 12 students (4 from the University, 4 from the Vivekananda College and 4 from the Queen Mary's College), the men students being entered on the rolls of the Queen Mary's College. The University has made provision for 4 post graduate students the maximum strength of the IV and V Honours Classes being thus limited to 16. The Principal, Presidency College, has consulted the University authorities and he states, it is likely that the University will raise the strength of III Honours from 12 to 16 and IV and V Honours from 16 to 20 for the benefit of the Presidency College, Madras. It is reported that the University undertakes the greater part of teaching work. Under the co-operative arrangement the men students will be distributed to the Presidency and the Vivekananda Colleges. The Principal states that in this connection the University desires that the Presidency College may take up the teaching of optional subjects included in the course as the necessary facilities exist in the college and as no arrangement has been made by the University for teaching them. The optional subjects are Geo-morphology, Oceanography, Bio-geography and Climatology. The extra work involved in the teaching of these optional subjects will be about 8 hours per week and this can be done in the Geology, Botany, Zoology and Physics Departments without the need for additional staff. In view of the fact that no additional

staff need be employed in the Presidency College on account of the opening of Honours course in Geography, the suggestion made by the University to provide for the teaching of optional subjects in the college which does not involve the employment of additional staff, may be accepted considering the absence of such facilities in the University or in the other co-operating colleges.

It has been previously proposed to open B.A. Pass Course in Geography. The University has framed syllabuses for B.A. and B.Sc. Pass Courses and the syllabus for the latter course is more extensive and includes science optionals, viz., Geo-Morphology, Climatology, Oceanography, Anthro-Geography, Bio-Geography and Cartography, which do not find a place in the syllabus for B.A. Pass course. I recommend the opening of B.Sc. Pass Course in Geography instead of B.A. Pass Course."

Item (2) above:- "In February this year the Vice-Chancellor of the Madras University has suggested that it would be a good thing if some colleges were to take up this subject viz., Psychology. He has stated that a Degree course in Psychology has been instituted as well as an Honours Course in the same subject and that the Honours course is very extensive and includes such subjects like Experimental Psychology. Considering its popularity and importance as a Science, I am convinced that the subject should find provision in the Presidency College. It is proposed to admit 25 students to the Pass Course and 10 students to the Honours course. There is no need for additional accommodation."

Item (3) above:- "At present there is no college in the Madras University area where Branch XI B.A. (Hons.) Tamil is affiliated. The Principal states that there will be sufficient attraction for Tamil candidates with higher qualifications when there is a great need in future for such candidates both in Public Service as well as in institutions in general. Especially at this time when the need for the development of the languages of the country has been established there should be provision for higher studies in such languages to the extent possible. I consider it quite desirable and also necessary to open Hons. Course in Tamil in the Presidency College. It is proposed to admit 15 students to the course when it is opened."

Item (4) above:- "At present in the whole Presidency provision for this course exists only in the Andhra University at Waltair. The Principal states that the students within the Madras University find it difficult to go to such long distance to pursue the course and that the opening of the course in the Presidency College will be a great benefit to the students coming from the Chittoor District, the Ceded Districts, and of Madras and some of the Southern Districts. He also states that 15 to 20 students will join the course and that the course will attract more students in future as the Regional Languages are coming to the forefront. I am convinced that the opening of Hons. Course in Telugu in the Presidency College will cater to the needs of a fairly large area covered by the Madras University. Besides the students from the Ceded Districts, Chittoor, Madras and some Districts in the South, there is every possibility of the students from Nellore District also seeking admission to this course. I recommend the opening of Hons. Course in Telugu along with Tamil so that the needs of the Madras University in this direction will be fulfilled to a large extent. It is proposed to admit 15 students to the course."

Item (5) above:- "The Madras University has regulations for a B.Sc. (Hons.) Course I-b Branch, which includes a large amount of of statistics. The Principal, Presidency College, has submitted a proposal for the introduction of this course, stating that Statistics is a very important branch of Mathematics having wide application in Science, Economics and Administration. It is reported that most of the British and American Universities have instituted courses in

Statistics and that in India the Calcutta and the Travancore Universities have Statistics upto the M.Sc. stage while the Bombay and the Andhra Universities have commenced Honours courses in the subject during the current year. Considering the growing need for statistics in the fields of Agriculture, Biology, Genetics, Psychology, Education, Commerce and Public Health, I recommend the opening of B.Sc. (Hons.) Course in Statistics in the Presidency College in 1949-50. 15 students will be admitted to the Junior Class in 1949-50.

ACCOMMODATION:- For 1949-50 the existing accommodation will be sufficient, provided the Intermediate Practical Mathematics Hall (No.6) is partitioned into a Lecture room and a Statistical practical room. For 1950-51 and 1951-52 one additional room in each year to hold upto 15 students will have to be constructed."

Item (6) above:- " In his report on the teaching of Geology in the Presidency College, Dr. West had suggested that a course of lectures on Mining and Surveying should be added to the curriculum of the B.Sc. Honours students in their last year. He also suggested the desirability of including this subject for the Pass Course. Government were informed that the question of including Surveying and Mining as a subsidiary subject for the Geology Pass and Honours students had to be decided by the University and that if the University decided to allow this subject, provision could be made for introducing the subject in the Presidency College provided Government sanctioned the additional staff and equipment. It is reported that the University have now included the subject "Surveying Preliminary Prospecting, Ore-dressing and Assaying" as an alternative subject for the B.Sc. (Pass) Main which will also form part of the Honours Course. The Professor of Geology considers that the interests of Geology Education will be best served by taking early steps to give effect to the recommendation of Dr. West for the introduction of this subject. It is proposed to introduce this subject in the college in July 1950. Before the subject is actually taught, the college should be provided with a laboratory for Ore-dressing and necessary equipment. The teaching of the subject involves the purchase of equipment at a cost of Rs.40,000/- besides the construction of new buildings. I am of the opinion that the construction of new buildings for this purpose may be deferred as it may be possible to provide a laboratory in the existing buildings. In view of the importance of the subject I recommend that Government may sanction the opening of the subsidiary subject in the college in 1950-51 and provide funds in Part II of the estimate for 1949-50 towards the purchase of the necessary equipment."

This Department support the proposals and recommend that provision may be included in the Budget Estimate for 1949-50 as shown in the Summary at the top.

Presidency College-Madras-Teaching of Geology
Opening of new courses in the College-

Ref. My letter Re.No.2056 K2/48 dated 1-10-48.

In my letter referred to above I have submitted proposals for the opening of new courses in Geology in the Presidency College Madras, involving a ~~new~~ non-recurring expenditure of Rs.40,000/- for providing the necessary laboratory equipment. Now the Principal, Presidency College reports that the expenditure will amount to Rs. 52,500/- and that it may not be possible to find accommodation in the existing buildings. General Geology and Mineralogy are two of the 24 subjects recommended by the Presidency College Reorganisation Committee for research. Pending the final decision of Government on the report of the Reorganisation Committee I suggest that the proposal contained in my above letter may be deferred.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

Roc.No.1839K2/48 dated 23th March '49

Sub:--Presidency College, Madras--Opening of new courses.

In their Memorandum No.763-3/49-A Edn. dated 9-2-49 Government have stated that the question of opening new courses in the Presidency College, Madras may be considered along with the proposals of Sri C.V. Raman for the re-organisation of the College. The Registrar, University of Madras writes to me to say that it is not possible for him to take further action on the applications in respect of this College as the final orders of Government have not been received so far. The Principal, Presidency College, requests that, in view of the urgency of the question such as notifying the new courses and calling for applications from students in time for their admission to these classes in July 1949, early Orders of Government may be obtained.

2. As these subjects are important and should find a place in the Presidency College teaching I recommend that the proposals may be considered independently of the Committee's report. I request that Government may agree to this view and issue very urgent orders permitting the payment of the affiliation fee to the University.

Yours faithfully,

Opening of new courses.

Ref letters from the D.P.S. No. 20544/60
of 9.3.49 and 1839 K2/48 of 28.3.49

In the letter cited you have stated that the new courses proposed by you in connection with the Part II estimates except geology, may be started from July 1949, independently of the Ramani Committee recommendations. In para 35 of this report the Committee has suggested that certain branches of study should find a place in higher teaching and research at the college, and that when the re-organisation is complete each of them should form an independent department with a Professor, etc. B.Sc. Pass course and B.A. (Hons) in Geography proposed by you are not included in the Committee list of studies. Please say whether in case the courses proposed by you are started from July 1949, there will be discrepancy in implementing the Committee recommendations. Please also say whether the new courses proposed by you are in conflict with the Ramani Committee recommendations. A very urgent reply is requested as the Government of Madras has to be paid to the University soon.

The Director of Public Instruction,
Madras

The Joint Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Reference:-Your telephonic message No.71535-5/48-A Education dated 8.4.1949 regarding the opening of new courses in the Presidency College, Madras.

Geography is most important and I consider its non-inclusion in the report of the Raman Committee an omission. I may point out in this connection that the Madras University Department of Geography does not provide for advanced study and research. As the need for facilities for higher teaching and research in Geography is urgent, Geography may be included as an additional subject for higher teaching and research.

2. I may point out that the opening in July 1949 of the new courses proposed by me will not present any difficulties in implementing the Committee's recommendations nor will they in any way conflict with the Committee's recommendations.

Dear Mr. Reddi,

Presidency College, Madras - Opening
of New courses of study.

Ref your t. m of 4.5.49.

I am to enquire whether you have
since discussed the question with S. M. (Edu)
and if so, whether any conclusions have
been arrived at.

I am also to invite your attention
to Govt Memo No: 12745 A-3/49A. D. 11. 4. 49.
calling for certain particular ^{suggested} ~~referred~~
for consideration of the Raman Committee
Report and to request that ~~the~~ your report
in the matter may be expedited. There is
just a month for the colleges to re-open ~~and~~
and unless a decision is taken very quickly
the ^{various projects} ~~whole thing~~ may have to lie over till
the academic year 1950-51.

Yours sincerely

Dear Prabhu,
I have the pleasure to acknowledge the receipt of your letter of the 28th May 1949, regarding the opening of new courses of study in the Presidency College, Madras.
I am sorry that I am unable to give you a more definite answer at this time, but I am sure that you will understand the necessity of consulting the various authorities concerned before a final decision can be reached.
I am, however, sure that you will be satisfied with the progress of the work and the results of the various committees appointed to deal with the question.
I am, Sir, very truly,
Yours sincerely,
J. M. Lobo Prabhu, Esq., I.C.S.,
Joint Secretary to Government,
Education Department, Madras.

57
D.O. No. 1608 K2/48.
Director of Public Instruction,
M a d r a s, 30th May 1949.
Dear Prabhu,
Sub: Presidency College, Madras - Opening of new courses of study.
Ref: Your D.O. No. 71535-11/48-A, Education, dated 28th May 1949.

I see from the file that my predecessor Mr. Bhadriah appears to have discussed the question with the Hon'ble Minister for Education on 4-5-49. It was agreed that as it would not be possible to estimate the additional expenditure until a decision had been taken as to how the College is to be developed into a model institution and what facilities should be provided for encouraging research, a conference should be summoned by the Hon'ble Minister for Edn., for the purpose, of the Vice-Chancellors of the Madras and Annamalai Universities, the Principal of the Presidency College and the Director of Public Instruction. I suggest that the Hon'ble Minister for Edn., may be requested to summon this conference at an early date.
I wish to add also that any delay that may arise on this account will not affect the work of the College and that any scheme of development which may be accepted by Government can only really come into operation only from the year 1950--51.
Yours sincerely,
J. M. Lobo Prabhu, Esq., I.C.S.,
Joint Secretary to Government,
Edn & P.H. Dept., Madras.

Presidency College, Madras - Opening of new courses.

The D. P. I. has subd. proposals for the opening of the following new courses in the Presidency College as Part II schemes for 1949-50: -

	Course	Approximate cost
		Recurring
H 3 + 27-28 of	1) B.Sc. Pass course and BA (Hons) course in Geography.	12,000
H 5-7 of	2) B.A. Pass and BA (Hons) course in Psychology.	11,100
H 7-7 of	3) B.A. (Hons) course in Tamil	9,100
H 9-11 of	4) B.A. (Hons) course in Telugu.	8,000
H 13-15 of	5) B.Sc. (Hons) course in Statistics.	5,200
	6) Opening of a subsidiary subject - Mining and Surveying - for the Geology pass and Hons courses.	Rs 20,000 (one time) for the purchase of equipment. Persons for all staff to be treated as Part II scheme for 1950-51.

In G.O. No. 2515 Edn dt 4.10.48, the Govt. have appointed a committee of experts to suggest measures for the re-organisation of the Presidency College so as to provide for higher

teaching and research in the college with the following terms of reference:-

- (1) to report on the possibility of developing the college as an institution for higher teaching and research.
- (2) to suggest ways and means that may be followed to achieve that end.

The D.P.O. was asked whether the question of opening the new courses could not wait till the recommendations of the Committee were read. The Director states that his proposals need not await the recommendations of the Committee.

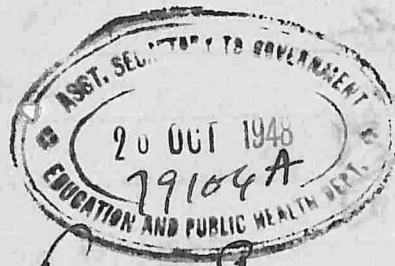

The terms of reference for the Committee are very wide and one cannot say what its recommendations will be and whether the opening of the new courses proposed will fit in with the recommendations. Further, the ^{intention} of the Govt in transferring the intermediate classes from the college was to provide for higher teaching and research in the college and not addition of more subjects. It seems that the Director may be asked to place his present proposals also before the Committee for consideration and send up proposals for the re-organisation of the college in one batch after the Committee's recommendations are read. For orders.

In the L.O. constituting the Committee Dr. Manavala-ramalingam was asked to convene a meeting of the Committee as soon as possible. It is not known what action he has taken so far. He may be asked about this. ~~Proposed to be approved by the Govt.~~

The Committee's recommendations can, if necessary, be considered as a "new series" for 1949-50 and the proposals can be given effect to from the academic year 1949-50, if possible.

Finance may see before circulation.

E.P.K. NO. 715252/48
dated 26.10.48

FIN.V.O. 93652/E.H.-1
26.10.48

The rules of E.H. on p. 2 above may be perused. No remarks seem called for in this dept. at this stage.

Finance Dept. agree that it is better not to consider these schemes until the Committee has examined them.

For orders as to circulation to N.ell. (Edn)

The Committee to be constituted has nothing to do with these courses. The cost of these courses is also very little. This may be considered as part II.

The file may be circulated to H.H. (Sci.)

A draft Part II scheme note is submitted for approval. ~~It may be approved for~~

The following further remarks seem called for in this file. The noting of this dept and the Finance dept proceeded on the footing that all the 6 items mentioned on page 1 anti come

be postponed till the report of the Presidency College Re-organisation Committee is received: and and they were not examined in detail. It was however ordered in circulation that all the items be considered as Part II. There is no difficulty about items (1) to (5). They may be treated as regular Part II schemes.

Point in regard to item (6) the following points require notice. This item is part of a bigger proposal to expand the geology dept of the Presidency College involving a non-recurring expenditure of Rs 2,50,000 and a recurring expenditure of Rs 30,000. The bigger proposal is based on the report of a committee appointed by the Govt of India called the "Geological Edu. Committee" in connection with the examination of that Report this Govt have informed the Govt of India that all expenditure on the expansion of the geology dept of the Presidency College ^{in view of what is now spent by this Govt.} should be borne by the Govt of India. The Govt of India's reply to this reference has not yet been received. They were reminded a number of times and in the latest communication from them they have stated that this Govt's original letter has not been read and ^{a copy of} it may be sent now. In the circumstances it is for consideration whether this Govt. should take up ~~a~~ part of the bigger scheme for which a full grant is expected from the Govt of India. Once this Govt take up the scheme there is the possibility ^{of} the Govt of India saying that the expansion of the geology dept in the Presidency College is the business of this Govt. and that they are not prepared to meet any portion of

of the Govt. Further, once the Govt. embark on the scheme they will have to complete it as otherwise the initial expenditure may turn out to be a waste. Considering all these points it seems preferable to exclude the proposal for the development of the geology dept from the scope of the present proposals and deal with it separately after the Govt. of India's reply is received. If necessary, the "New Service" procedure can be adopted later on. The proposal has provisionally been included in the Part II note. The file will be circulated to H. C. (Edn) and if he agrees the item will be deleted from the Part II note.

Finance may see for remarks before circulation.

Finance (E II)

Please see previous Finance notes on page 3 above and the orders in circulation on page 3 above and the further note of E.P.H. on pages 3-5 above. The proposal involves a recurring expenditure of Rs. 59,300 and a non-recurring expenditure of Rs. 93,400 against the anticipated income of Rs. 28,250. by way of fees.

The draft part II Scheme hope to be accepted subject to alterations indicated in pencil herein.

10/12/48

10/12/48

11/12 E-II

Dispatch copies as enclosed

The Standing Finance Committee of the Cabinet has decided as follows in respect of this scheme and the one in the linked file as follows:

"These schemes may be considered along with the proposals of Sir C.V. Raman for the reorganisation of the Presidency College for promotion of research for which a total provision of Rs.3.16 lakhs will be made. The

approval of the G.O.I. should be obtained early for treating the reorganisation scheme as a post-war ~~scheme~~ development scheme."

In view of the above, the D.P.I. may be asked to place his proposals before the Reorganisation Committee and report whether the Committee is agreeable to the introduction of these schemes. D.P.I. has already been informed of the Cabinet's decision and he is asked to place the scheme before the Committee. A draft memo is submitted for approval.

12.2.49
14/2/49

It has since been reported in the papers that Sir C.V. Raman has submitted his report to H.ell. (Edn). There is therefore no need to issue the draft memo. This may lie over till the report is received in the Secretariat. The report has not been received in the office.

16/2/49

His report of the Reorganisation Committee referred to above has since been received and is being dealt with separately.

The letters of the D.P.I. d. 7.3.48 & 28.3.48 received may be perused.

Since

removed for no. 1634/49
vide also bottom of p. 129 of p. 23m f. 2

to place the scheme before the Committee specific instructions may be given to be issued

137 & 39

P.T.O.

In this file and in the linked file proposals for the opening of certain new courses in the Presidency College and for appointment of Chief Professors for certain subjects ^{in that college} are dealt with. These proposals were treated as Part II Schemes for 1949-50. In the meanwhile the Govt. appointed a committee under the chairmanship of Sir C.V. Raman to suggest measures for the reorganisation of the Presidency College so as to provide for ^{higher} ~~higher~~ teaching and research in the college. When the Part II proposals were placed before the S.F.C. that body decided as follows:-

"These schemes may be considered along with the proposals of Sir C.V. Raman for the reorganisation of the Presidency College for promotion of research for which a total provision of Rs.3.16 lakhs will be made. The approval of the Govt. of India should be obtained early for treating the reorganisation scheme as a post-war development scheme."

The Cabinet agreed with the S.F.C.

The report of the Reorganisation Committee has been received. Copies of the report were sent to the Madras University and to the D.P.I. and their remarks have also been received.

The Raman Committee has recommended that the college should be developed into a high grade research institute and placed under the management of a Governing Body. The University has ^{stated} ~~stated~~ that the college should be developed into a model college ^{with} ~~for~~ the Hons. and Pass Courses with provision to foster research. It has also stated that the college should continue under Govt. management with the help of an Advisory Council. The Director has also agreed with the latter recommendation of the University. The whole question is under examination.

In the meanwhile the Director recommends that sanction may be accorded to open ^{the} new courses proposed by him (except Geology) independent of the Committee's recommendations and ^{that orders may be issued very urgently} ~~to issue very urgent orders~~ permitting the payment of affiliation fees to the University in respect of the new courses.

In view of the Cabinet's decision referred to

at 'A' above it does not seem that the Director's recommendation can be accepted. It would seem that final orders can be issued on these proposals to open new courses only after a decision is arrived at on the Committee's recommendations as both are in a way interlinked. For orders.

If it is ultimately decided that the Presidency College need be developed ^{only} into a model college with Hons. and Pass Courses with provision for research as recommended by the University the opening of ^{the} new courses can be sanctioned. But it is necessary to pay the affiliation fees for these courses now. By the time a decision is reached on the Raman Committee's recommendations ^{the} date for payment of affiliation fees would have been passed and it would be impossible to start the new courses in the academic year 1949-50.

After all the affiliation fees may come to a few hundreds. If the new courses are not opened the Govt. will lose the fees paid. But if they do not pay the affiliation fees now they cannot open the courses even if they decide to ~~open~~ ^{afterwards} the ~~new courses~~ do so. In these circumstances it seems better to authorise the D.P.I. to pay the affiliation fees ^{now} and ask him to await ~~for~~ the orders of Govt. for the actual opening of the courses. Finance may see for remarks.

DM 7/4/49
7/4/49
 How will the new course conflict with the Raman Committee proposal ^{as} which also involves some post degree

Please see the t.m. to the D.P.I. and his reply to it on pages 41-43 of. The Director says that the opening of the new courses proposed by him will not present any difficulties in implementing the Committee's recommendations nor will they in any way conflict with the Committee's recommendations. In the circumstances

stated by him. ³⁷ ³ ¹ ² ³ ⁴ ⁵ ⁶ ⁷ ⁸ ⁹ ¹⁰ ¹¹ ¹² ¹³ ¹⁴ ¹⁵ ¹⁶ ¹⁷ ¹⁸ ¹⁹ ²⁰ ²¹ ²² ²³ ²⁴ ²⁵ ²⁶ ²⁷ ²⁸ ²⁹ ³⁰ ³¹ ³² ³³ ³⁴ ³⁵ ³⁶ ³⁷ ³⁸ ³⁹ ⁴⁰ ⁴¹ ⁴² ⁴³ ⁴⁴ ⁴⁵ ⁴⁶ ⁴⁷ ⁴⁸ ⁴⁹ ⁵⁰ ⁵¹ ⁵² ⁵³ ⁵⁴ ⁵⁵ ⁵⁶ ⁵⁷ ⁵⁸ ⁵⁹ ⁶⁰ ⁶¹ ⁶² ⁶³ (Previous note of Finance on p. 5 above)

The notes of E.P.H. on

pt 7-8 above may be perused. In the circumstances explained therein there seems to be no go but to pay the affiliation fee to the University. There is no possibility of getting back the amount of ~~fees paid~~ if the courses are not opened during the course of the year but as the amount involved ^{is about Rs. 500} is not ~~at~~ large, Finance may agree to the payment of the affiliation fees in advance of the decision to open the courses. ~~At this stage~~

2. As regards the proposal of E.P.H. in para 2 of Their note on p. 9 above, they may be requested to send back the file to this dept. for examination after issue of the draft in view of the urgency reported to at 'K' on p. 9 above.

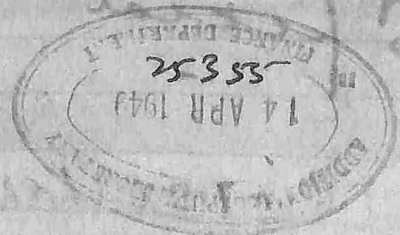

3. The draft memo. below may be accepted.

The draft memo below may now be issued. After issue, the file may be sent to Fin. u.o.

Finance (dir)

E.P.H. u.o. 71535-8/48A

(dated 14-4-49
with two d.f.s.)

(Previous Finance note on p. 10 above) Fin (E. III).

The notes of E.P.H. from p. 7 above may be perused.

The point at issue now is whether sanction may ~~now~~ be accorded ^{immediately} to the opening in the Presidency College, Madras, of the new courses referred to in items 1 to 5 on p. 1 above from the academic year 1949-50. Proposals for reorganization of the Presidency College are under consideration; but it will take some months for a final decision by the Govt. to be reached as some more information is awaited from the D.P.I. The urgency for the issue of immediate orders for the opening of the above-mentioned new courses has been stressed in para. 1 of the Dir.'s letter on p. 39 c.f. The Dir. also says that the opening of these new courses will not present any difficulties in implementing the recommendations of the Presidency College Reorganization Committee and will not conflict with those recommendations.

E.P.H. propose to take orders in circulation on the question mentioned at M above. Subject to orders in circulation, this dept. may agree to the proposal to open the new courses referred to from the academic year 1949-50.

Find. The ~~expend~~ involved in 1949-50 (Rs. 12,600 recurring and Rs. 40,600 non-recurring) can be met from the lump-sum provision of Rs. 3,16,000 made for the Reorganization of the Presidency College.

Notes from page 2 ante may be read. The file may be circulated for orders on the

In recommending the new courses their relation with
re-organisation was kept in view. It was considered
that the new courses which do not conflict with the
re-organisation and do not involve extra expenditure
may be sanctioned at once as an inevitable instalment
of the re-organisation. In these circumstances H.M.(Fin)
may be agreeable to the opening of the new courses.
It may be added that the courses in Tamil & Telugu are
necessary if these languages are to occupy the place
intended for them in the province.

H.M.(Edn) 21/4

B / H.M.(Fin) I still feel we can wait for a year.
The idea was to make the College a first-class science College.

on p 34 CF

p 7 CF 2FI

This file and the linked file relate
to the opening of certain new courses in
the Presidency College, Madras, and to the
appointment of chief professors for certain
subjects in that college. Notes from page
7 ante may be read. In these notes this
dept suggested that orders may be issued
at once sanctioning the new courses and
that orders on the proposal to appoint
chief professors may wait till a decision
is taken on the Raman Committee Report.
The Finance dept agreed to the suggestion.
The former H.M. (Edn) also agreed. But
H.M. (Fin) minuted as at A + B on the
previous page. Now the former H.M. (Edn)
minuted that he would discuss the matter

p 12 ante

above

14
with the D.P.I. From the Director's Do. on page 5-7 of it would seem that the discussion was confined to the implementation of the Raman Committee Report and that the matter of opening the new courses was not discussed.

The Director has already stated that the opening of the new courses will not conflict with the ^{new} organisational proposals. The affiliation ^{in the papers} it was further stated that the University has also granted permission to open these courses for these courses have been paid. There is also provision in the B.E. for 1949-50 for starting the courses. With reference to B on page 12 ante it is respectfully subd that the idea is not to make the college merely a first ~~stage~~ ^{gate} Science college. Even the Raman Committee has recommended that ~~Subjects~~ ^{Subjects} (Sociological Sciences, Economics) and Linguistics should be taught in the college. In the circumstances it is for orders whether the opening of the new courses may be sanctioned in advance. The college re-opens in the first week of July and unless orders are issued immediately it won't be possible for the Principals to ^{publish} ~~publish~~ the necessary advertisement and to invite applications.

In his Do on page 5-7 of the D.P.I. has suggested that a conference should be convened by H.ell. (Edn) consisting of the Vice-Chancellors of the Madras and Annamalai Universities, the Principal of the Presidency College and himself (D.P.I.) to consider the question of implementation of the Raman Committee's recommendations. For orders whether the suggestion may be accepted and if so the date and time of the conference may be fixed. It may

A

The question for immediate consideration is whether the 5 new courses the cost of which will be covered by the fee income should be allowed in the Presidency College particularly in view of the fact that the University has publicised the courses. Budget provision also exists. H.M. (Fin) may therefore like to agree to the courses being allowed.

In respect of the D.P.I.'s proposal that a conference may be convened to consider the proposals of the ~~Finance~~ ^{Raman} Committee, the position is that the University has differed from the Raman Committee in many particulars which have not so far been examined by sectional notes. The D.P.I. has been asked to furnish an estimate of cost for the proposals of the Committee and those of the University. In the meanwhile office has been asked to examine the report sectionally. Pending this report it may not be worthwhile to call for a conference. In any case, the permanent Vice-Chancellor is not in India at present.

H.M. (Edn)
H.M. (Fin)
H.Pr.

I have discussed with H.M. (Fin). For reasons mentioned at x on page 14 and at A above A above may be approved immediately. I have gone into it with D.P.I. & will be replied with Raman Committee in anyway but only fits into it.

14/6/49

B. This requires further examination. A conference
