SRI R. SURYANARAYANA RAO, M.L.C.
Education and PUBLIC DEPARTMENT.

* Q.No.273.

Minister for Education
Will the Hon. the ~~Minister~~ be pleased

to state:

(a) when the system of sending young men and women for studies overseas was introduced;

(b) who the authority competent to choose the candidates is;

(c) who sponsors their stay abroad and meets their expenditure;

(d) whether, in choosing candidates, preference is given to those already in service;

(e) who the candidates chosen are since the system was brought into existence (yearwar), the Departments to which they belong and the academic qualifications and experience they possess;

(f) whether any or all already sent have returned;

(g) what the posts held by those overseas' ~~in~~ returned candidates are;

(h) whether in making selection needs of different Departments and the particular branches in which specialisation is necessary are taken into account;

(i) whether it is a fact that the candidates chosen for training abroad in 1946 have not been able to proceed;

(j) whether the pending lists are liable

LEGISLATIVE COUNCIL
(COUNCIL SECTION)
15-11-1948.

SHRI R. SURYANARAYANA RAO, M.L.A.
Public Department.

* No. 273.
Will the Hon. the Minister be pleased

to state:
(a) when the system of sending young

men and women for studies overseas was
introduced;

(b) who the authority competent to
choose the candidates is;

(c) who sponsors their stay abroad and
incurs their expenditure;

(d) whether in choosing candidates,
preference is given to those already in

service;

(e) who the candidates chosen are since
the system was brought into existence (yearwise),
the departments to which they belong and the
academic qualifications and experience they

possess;

(f) whether any or all already sent have
returned;

(g) what the posts held by those overseas, who
returned candidates are;

(h) whether in making selection needs of
different departments and the particular

branches in which specialisation is necessary
are taken into account;

(i) whether it is a fact that the candidates
chosen for training abroad in 1948 have not

been able to proceed;
(j) whether the number of those who have

to be altered year after year and if
so, on what grounds;

(k) what steps the Government have taken
to ensure that the candidates chosen obtain
the necessary facilities; and

(l) whether the Government will be
pleased to place on the table of the
House all particulars relating to
the system of technical training abroad?

PSK/15-11.

DRAFT ANSWER.

(4)

Clause (a)

1945-6.

(b)

The selection was first made by a Committee specially appointed for the purpose. ^{Its} recommendations were scrutinised by the Govt. and names arranged in the order of preference sent up to the G. of I. The G. of I. made the final selection.

(c)

The scholars are sponsored by this Govt. The expenditure is shared equally by this Govt. and the G of I.

(d)

No.

(e)

A statt. is placed on the table of the House.

(f)

Some have returned.

(g)

In the Edn. Deptt., as Instructors in Engineering Colleges, in the P.W.D. as Asst. Engineers and in the Dev. Deptt. as works Supdts. or Heads of Polytechnics.

(h)

Yes.

(i)

No. Only two ^{can} candidates have not proceeded abroad. Their scholarships have been cancelled.

(j)

No.

(k)

The G of I. have appointed Educational Liaison Officers abroad who have been entrusted with the work of securing necessary facilities.

(l)

The information already given covers the important aspects of the training scheme. Information is however, given in the statement placed on the table of the House about the subjects of study of the scholars selected. Copies of the terms of award of Scholarship and the bond executed by the scholars are also attached to the statement.

* 253 Q.—SRI R. SUBYANARAYANA RAO: Will the Hon.
the Minister for Education be pleased to state—

(a) when the system of sending young men and women for
studies overseas was introduced;

(b) who the authority competent to choose the candidates is;

(c) who sponsors their stay abroad and meets their expendi-
ture;

[19th March 1949]

(d) whether, in choosing candidates, preference is given to
those already in service;

(e) who the candidates chosen are since the system was
brought into existence (yearwar), the departments to which they
belong and the academic qualifications and experience they possess;

(f) whether any or all already sent have returned;

(g) what the posts held by these overseas' returned candi-
dates are;

(h) whether in making selection needs of different depart-
ments and the particular branches in which specialisation is neces-
sary are taken into account;

(i) whether it is a fact that the candidates chosen for training
abroad in 1946 have not been able to proceed;

(j) whether the pending lists are liable to be altered year after
year and if so, on what grounds;

(k) what steps the Government have taken to ensure that the
candidates chosen obtain the necessary facilities; and

(l) whether the Government will be pleased to place on the
table of the House all particulars relating to the system of technical
training abroad?

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR:—

"(a) 1945-46.

"(b) The selections was first made by a Committee specially
appointed for the purpose. Its recommendations were scruti-
nised by the Government and names arranged in the order
of preference sent up to the Government of India. The
Government of India made the final selection.

"(c) The scholars are sponsored by this Government. The
expenditure is shared equally by this Government and the
Government of India.

"(d) No.

"(e) A statement* is placed on the table of the House.

"(f) Some have returned.

"(g) In the Education Department as Instructors in Engineer-
ing Colleges, in the Public Works Department as Assistant
Engineers and in the Development Department as works
Superintendents or Heads of Polytechnics.

"(h) Yes.

"(i) No. Only two candidates have not proceeded abroad.
Their scholarships have been cancelled. The information as
given is not up to date. It is with reference to the date on
which the answer is given.

"(j) No.

"(k) The Government of India have appointed Educational
Liaison Officers abroad who have been entrusted with the
work of securing necessary facilities.

"(l) The information already given covers the important
aspects of the training scheme. Information is however given
in the statement placed on the table of the House about the
specialities for which candidates from this Province have been
sent. The member is also referred for further particulars to
the pamphlet issued by the Government of India entitled,
'Information for students desiring to proceed overseas for
advance studies in 1947-48', a copy of which has been placed
in the Legislature Library."

SRI R. SURYANARAYANA RAO :—" May I know, Sir, if all the candidates who returned after overseas training, have been absorbed either by the Government or by private bodies? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" I know there have been just a few cases in which they could not be absorbed and so their bonds had therefore to be cancelled."

SRI R. SURYANARAYANA RAO :—" May I know, Sir, if those particular candidates were sent to undergo training in particular subjects without the Government satisfying themselves that when they returned they would be absorbed? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" Sir, in the case of a department like Education where they can assess the needs and requirements of the department, they could be absorbed, but in such departments as the Industries department, certain candidates were sent out in the hope that when they came back, they would be able to help the industries which might come into existence or such people might make the existing industries more efficient. But, those industries are not under the Government and in some cases, such people were not able to be absorbed by those concerns and so they could not be utilized properly."

SRI R. SURYANARAYANA RAO :—" May I know whether in the case of the candidates who were sponsored and money was spent in sponsoring them, this Government took into account the needs of the Province and chose such subjects for their training so that when the candidates returned, they could be absorbed either in the industries or in any other department? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" I entirely agree with the hon. Member and it is so with regard to the Government departments like the Education Department and the Public Works Department. But, in the case of industries, certain people were sent with the idea that when they return they might be helpful either to the existing industries or in the starting of new industries and in such cases possibly a few persons were not able to be absorbed."

SRI R. SURYANARAYANA RAO :—" Sir, are not this Government aware that even under the old system of Government of India scholarships, students were sent abroad, but many of them did not secure any employment after they returned and had to take up other jobs? "

[19th March 1949]

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" I would like to disabuse the hon. Member's mind. I do not think it is correct to say, many men did not secure employment. But, those who were specially sent for training in Education at the cost of the Government were absorbed; those sent for our own industries were absorbed, but such of those who were sent with the idea of helping industrial development could not be absorbed. Even then, efforts were also made whether some of them could be employed in the Education Department if found suitable and of course, such people who could not be absorbed will not be many."

SRI R. SURYANARAYANA RAO :—" May I know whether the industrialists were consulted before the subjects for training were fixed about industrial development? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" I would like to have notice of the question, Sir."

SRI R. SURYANARAYANA RAO :—" May I request that in future when sponsoring candidates, the Government would kindly take note of the needs of the Province before sending out candidates instead of allowing them to remain unemployed soon after their return? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" Yes, Sir, in future only such of those that could be absorbed either in Government departments or related departments will be sent."

K. T. M. AHAMED IBRAHIM SAHIB BAHADUR :—" Is it not a fact that soon after the candidates return from overseas after a training for two or three years, they are appointed to the same posts in which they were occupying previous to their going abroad, on the basis of the degree which they obtained in India? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" The idea is that our departments should become more efficient and so these people are sent for getting training so that they might make the department and instruction in educational institutions more efficient."

K. T. M. AHAMED IBRAHIM SAHIB BAHADUR :—" May I know whether it is a fact that these persons were not given sufficiently high posts commensurate with the experience and education they obtain in foreign countries? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" There is no guarantee except to give gazetted posts, and these have been provided."

SRI R. SURYANARAYANA RAO :—" Are the Government aware that even in regard to gazetted posts, their initial salary is

19th March 1949]

different in different departments. For example, in the case of the Assistant Engineer of the Electricity Department and the Instructor in Electricity in the Engineering Colleges? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" I would like to have notice, Sir."

DR. V. K. JOHN :—" May I know, Sir, whether the Government of Madras select the candidates from among the applicants and send up a list to the Government of India? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" A special Committee has been appointed consisting of the Chairman of the Public Service Commission, the Director of Public Instruction and another very senior civilian. They go into the matter and make their recommendation and the Government send up their recommendation to the Government of India, who make the final selection."

DR. V. K. JOHN :—" Is the selection entirely made on merit or on communal considerations? "

THE HON. SRI T. S. AVINASHILINGAM CHETTIYAR :—" It is mostly on the basis of merit, but in certain cases like the Harijans and others who come very near the other candidates, certain preference is given on communal considerations."

19th March 1949]

EPH/

The question is starred.

Clause (a) of the Qn.: Presumably the Hon'ble member refers to the G. of I., Ministry of Edn., Overseas Scholarships Scheme. This scheme was introduced in 1945-6 and continued in 1946-47 and 1947-8. No selection of candidates has been made for 1948-49.

Clause (b): The candidates were initially selected by a special Committee appointed for the purpose. This Committee consisted of 3 members, one from the Bd. of Rev., one from the M.P.S.C. and the D.P.I. The recommendations of the Committee were scrutinised by this Govt. and the names of two or three candidates for each subject in which scholarship was proposed to be awarded, arranged in the order of preference, were sent up to the G of I. The G. of I. made the final selection.

Clause (c): The selected Scholars are sent abroad by this Govt. Their expenses are shared equally by this Govt. and the G of I.

Clause (d): Govt Servants were not allowed to apply for scholarships during 1945-6 and 1946-7. It was only in 1947-8 that they were permitted to apply but no special preference was shown to them.

Clause (e): A ^{statement} ~~stat~~ containing the information required by the Hon'ble member is put up (Statt.I). The Candidates were sponsored by the 3 Deptts., Viz., Edn., Dev. and P.W. Information can be given only of their qualifications at the time of selection. Complete information re. the qualifications and experiences gained by them overseas is not available. The Application Forms for Employment" submitted by the scholars contain their qualifications secured overseas but these forms are not retained in the Deptt. but forwarded to the Heads of Deptts. concerned as and when received. These forms also may not contain full information as they are submitted 4 months before the scholars completes his studies and in some cases the degrees are obtained after the forms have been submitted.

As the ~~stat~~ ^{stat} put up below is a long one, it is for consideration whether it should be printed and copies distributed to the Hon'ble members. If not, a suitable reply may be given to the Hon'ble member.

Clause (f): 30 Scholars have returned to India after completion of studies.

Clause (g): Of the 30 Scholars returned, the Govt. have issued orders of appointment in the case of 15. A statement containing this information is put up below (stat II). In the remaining cases the Govt. are exploring possibilities of placing them in suitable employment.

In the Edn. Deptt., scholars are generally appointed as Instructors in the Engg. Colleges; under P.W.D. as Asst. Engineers in the Madras Engg. Service and under Devt. as works Supdts. or Heads of Polytechnics.

Clause (h): The answer is in the affirmative. In the case of scholars

scholars sponsored by Dev. Deptt. the selection was made partly with a view to provide technically qualified men for post-war requirements of Govt. Deptts. and Industries. But the Deptts. and Industries did not expand to the extent anticipated. Hence, some of the scholars sponsored by Dev. Deptt. cannot be found suitable employment under that Deptt.

Clause (i): Only 2 candidates selected in 1946 ^{did not} ~~have~~ ^{leave} ~~not yet left~~ for overseas as they did not get admission in foreign institutions, in time. The rest have already joined institutions abroad and some have returned after studies. The two candidates ~~who have not yet left~~ are Sri S. N. Jayanty and Sri T. V. Sukumaran. The Scholarship awarded to the ~~former~~ ^{former} has been cancelled on the ground that ~~their~~ ^{his} services are not required by Govt. on return. For the same reason it has been decided to cancel the scholarship of the other candidate also.

All the 1945 scholars have left for overseas and a large number of them has also returned. Of the 1947-⁽⁸⁾ batch all have left except five who could not secure admission in time. Of these 5, the scholarships of 3 ~~2~~ have been cancelled as their services are not required by Govt. on return. They are Sri D. V. Rao, ^(and Sri V. S. Ramachandran) and Sri Y. Sreeramulu. The Government also decided that ^{Sri} Ganesamurthi need not be sent abroad. ^{Scholar} ~~the cases~~ of the remaining ^(Sri U. S. Ramachandran and Mr. Md. Ali Khan Shori) ~~and~~ ^{the question} ~~being considered~~ whether ~~they~~ ^{he} should be sent abroad or not ^{is being considered}.

Clause (j): The answer is in the negative.

Clause (k): The G of I. have appointed Edl. Liaison Officers abroad who have been entrusted with securing necessary facilities to the scholars.

Clause (l): The information given above covers the important aspects of the training scheme. However,
p.t.o

However, information re. (1) the subjects of study of selected scholars and (2) a copy of the terms of award of scholarship and a copy of the bond may also be furnished. Item (1) has been included in the ~~stat~~ **I** put up below under col. (5). Item (2) has been added to the ~~stat~~ **I**.

The draft answer submitted below is for approval. For orders as to circulation to H.M. (Edn.)

B.M. 6-1-49. M.V.S. 7-1-49. H.M. (Edn.)

These long draft answers may be typed and put up. As far as possible, long notes may be typed and put up so that it will decrease the strain.

T.S.A. 10-1-49

Typed note and draft answer submitted. May be re-circulated to H.M. (Edn.).

18/1/49 S
H.M. (Edn.)

With regard to (i) above, I wonder whether we cannot refer the questionnaire to any publication of the Government of India with reference to this matter which must be in the Library. I think that will be a more suitable answer than to give meagre information as suggested in the question. If any pamphlet has not yet already been placed in the Library, one may be placed in the Library and the reference given.

ISA
20.1.49

Presumably H.M. refers to ~~clause (b)~~ clause (1) of the question ~~and not (i)~~. It has been ascertained from the Librarians of both the Legislative and Secretariat Libraries

Extract being
Ob in Sections
for inform

That there are no publications of the Govt (or other publications) in the Libraries which contain information about the Training Scheme. Perhaps a copy of the pamphlet, 'Information for Students', kept below, may be placed in the Legislative Library and the member referred to it. The copy of the terms and conditions of award of scholarship attached to ~~stat~~ **I** may be removed as the pamphlet gives information on these points and contains a copy of the bond at p 20. Col. 5 of ~~stat~~ **I** may be retained.

The following draft answer in respect of clause (b) of the question is for approval:

"The information already given covers the important aspects of the Training Scheme. Information is however given in the statement placed on the Table of the House about the specialisation for which candidates from this Province have been sent. The member is also referred for further particulars to the pamphlet issued by the Govt entitled, 'Information for Students desiring to proceed overseas for advanced studies in 1947-8', a copy of which has been placed in the Legislative Library."
