Will you kindly give this matter your best consideration? Moodabidri was a good choice. I am at a loss to understand why the school is being shifted.

From G. Madhava Pai, Executive Committee Member, District Congress Committee, Moodabidri.

Sub: The Government Basic Training School Moodabidri South Kanara - shifting of.

Sir,

In continuation of my previous correspondence on the above subject I regret to state that steps are being taken by the Educational authorities to shift the School from Moodabidri. I learn to my surprise that foundation laying ceremony was already held at Mayapadi even before making an enquiry regarding the representations made by the Public from time to time in the matter.

The reasons, we hear for shifting the School is that misrepresentations have been made to the effect that wet lands required for the purposes of the School are not available at Moodabidri. This is a gross misrepresentation of facts. This is a surplus Taluk for rice. That being so there would have been no difficulty in getting any extent of wet lands for the School within a radius of one furlong. It is a pity that decision to shift the School within so short a time after having established it at Moodabidri. Hon. A.B. Shetty who is hailing from this District and other local M.L.A's could have been usefully consulted before this hasty decision is arrived at. Even now it is not too late to mend.

I learn on authority that the land owner who was asked to construct buildings for the School had done so with hope that the School would remain here permanently. This may lead to the question of giving compensation to the land owner in case shifting is a certainty. I am sure this will cause unnecessary loss to the Government. It is difficult as such to fix the responsibility for this loss.

I have even referred this matter to the District Congress to take necessary steps to advice the Govt. not to squander the Public money unnecessarily. I learn the President District Congress Committee has moved the matter with the authorities concerned.

Therefore I hope that the eyes of the Govt. will be opened in time to realities.

I expect a reply on the points raised in this letter.

Yours faithfully,

G. Madhava Pai

Sir,

I am herewith enclosing a copy of the letter addressed to the Education Minister regarding shifting of the Government Basic Training School from Moodabidri to Mayapadi. The letter speaks for itself. But in this connection I may invite your kind attention to the letter previously addressed by me to the Education Minister a copy of which has been sent to you by Sri.B.Chandappa Indra.

It has been the ill-luck of Moodabidri in its past incidents to suffer like this for no fault of the people of Moodabidri. You know how Taluk Office was removed to Karkala by vested interests against the declared wishes of the Administrative Authorities which resulted in a permanent punishment inflicted on the people of Karkala by locating Taluk Office 2 miles from the town. The second incident related to the abolition of the Board Middle School on the ground of its being uneconomic. You remember very well how you contributed your services successfully to the establishment of the present Board Higher Elementary School. Even the office of the Agricultural Demonstrator was shifted to Karkala without any valid reasons for the same. Now the fourth incident is the contemplated shifting of the Basic Training School to Mayapadi. It is very unfortunate that either your good self or the disinterested local M.L.A's have been consulted before such a hasty decision was arrived at.

Now I had no other go except to take the matter with the District Congress Committee as there is much public resentment among the people about the loss the Govt. may be put to if Compensation has to be paid to the owner of the building who was made to construct them for the School at the instance of the authorities concerned. I am afraid this may go up for interpellation in the Assembly by some of the local M.L.A's. I had to painfully take this matter to U.Srinivas Mallaya for necessary timely action. I am afraid he may have to move in the matter to prevent the evil effects of the vested interests regarding the improper procedure adopted by those concerned.

It is not too late to mend. Therefore I am taking up this matter with you to use your good Offices to undo the mischief in good proper time.

Thanking you,

Yours faithfully,

G. Madhava Pai

SUB: BASIC EDUCATION - New Basic Training School -
Opening of - 1949-50 - Part II Schemes -
Proposals submitted.

===

At present there are only 17 Basic Training Schools in the Province (13 Government and 4 under private management). The number of teachers who will come out of these Training Schools will be small and it may not be possible to expand Basic Education on a large scale. In view of the fact that the Government are particular about the introduction of Basic Education in the selected firkas immediately and the Hon'ble Minister for Education is also contemplating the introduction of compulsory Basic Education, it is necessary to open a large number of Basic Training Schools. But this number has to be limited to the number of Basic Trained graduates available every year. According to the plan in the current year it may be possible to secure the services of about 80 Basic trained graduates from the beginning of the next school year. Allowing about 12 people for meeting the requirements of the existing Basic Training schools about 68 graduates teachers trained in Basic Education will be available next year for the opening of new Basic Training Schools. I suggest that 34 Basic Training Schools may be opened during 1949-50 with these 68 teachers and that 80 students may be admitted every year in each of these schools in the Junior higher elementary section, so that each Basic Training School will have 4 sections (2 seniors and 2 juniors) from the second year of its opening.

2. It is recommended that one Basic Training School may be opened in each of the selected firkas having no Basic Training Schools and the remaining may be opened in places where there is demand. The

P.T.O.

The places where they are to be located will be reported to the Government in due course.

3. There exists the problem of securing buildings for the location of the new Basic Training Schools to be opened. In case the scheme of construction of buildings for 12 Basic Training Schools matures this year, there may be 10 buildings available for 10 Basic Training Schools. For the remaining 24 schools to be opened rented buildings will have to be secured till pucca buildings are provided by Government.

4. In each of the 34 Basic Training Schools to be opened there should be a model school also. To begin with each model school may have 2 standards (standards 1 & 2). Each of the Basic Training School should have the following staff:

1. Two L.T. Assistants.
2. Two Secondary Grade Teachers.
3. One part time music teacher.
4. One craft attender.
5. One clerk.
6. One cook.
7. One Deputy Warden.
8. Two secondary Grade teachers for the model School.

The cost on account of the proposal will be as follows:.

- Opening of 1949-50.

Ref: Government Memo No. 67922 B2/48-3 Edn.,
dated 6-11-1948.

In ordinary training schools specialist teachers such as Drawing masters, Physical Training Instructors and Manual Training Instructors are appointed in addition to the class teachers. In Basic Training schools no such specialist teachers are appointed but in their place Basic trained Secondary grade teachers are appointed. It is not possible for the class teachers alone to manage the varied activities and do the correlated teaching. Hence I consider that 2 L.Ts and 2 Secondary grade trained teachers are necessary for 2 sections in each of the Basic training schools to be newly opened during 1949-50 and that one L.T. and one Secondary grade teacher are not sufficient.

Yours faithfully,

Respected sir,

I am indebted to you for granting me an interview for a few minutes at the Government Basic Training School, Moodbidri at the time of your visit here. You gave me a patient hearing with regard to my appeal, not to shift the said school from my plot to Maypadi.

I am extremely grateful to you for favouring me with justice and for your decision of not to shift the school from my plot.

I assure you that I would give all facilities to the school and I am prepared to construct necessary additional buildings.

Adjoining to the plot I have got nearly 30 acres of land in which 5 acres are 1 crop fields. For gardening I am prepared to place at your disposal required plot for the school at lease or acquisition.

Some time back The District Educational Officer, Mangalore, had in reply to my letter intimated to me that the Government has decided to shift the said school from my plot to Maypadi.

I earnestly request you to cancel the order and thus retain the school in Moodbidri itself.

Sir,

Ref: Government Memo No.67922/48-7B.2/Edn., dated
26--3--1949.

====

The construction of buildings for the location of Basic training schools is in progress in the following ten centres and it is expected that the Public Works Department will be handing over the buildings to the Education Department by June or July 1949.

1. Mynampadu - Ongole Taluk, Guntur District.
2. Gopannapalem, Ellore Taluk, West Godavari.
3. Hindupur, Hindupur Taluk, Anantapur District.
4. Pallepadu, Nellore District.
5. Tirur, Tiruvellore Taluk, Chingleput District.
6. T. Kallupatti, Madura District.
7. Ramakrishnapuram, Srivilliputtur Taluk, Ramnad District.
8. Kurivikulam, Tinnevely District.
9. Avanashi, Avanashi Taluk, Coimbatore District.
10. Maipadi, Kasargod Taluk, South Kanara District.

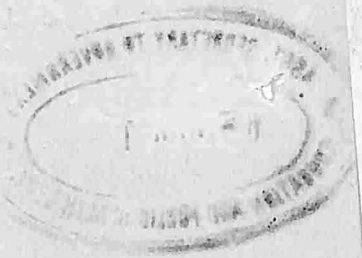

2. I recommend the opening of a basic training school in each of the first nine centres. All of them may be for men. In the proposals submitted to Government for the opening of new Basic training schools, the opening of two sections (with 40 students in each) of the Higher Elementary Grade was suggested; so that each Basic Training school may have four sections from the 2nd year of its opening - two Junior Higher elementary grade and two senior Higher elementary grade. Since the policy of the Government is to open more and more 8-grade full basic schools, it is necessary to arrange for the training of Senior Basic (Secondary grade) teachers also. I, therefore, recommend to Government that each of the nine new basic training schools may have one Junior Basic and one Senior Basic (1 Higher Elementary and 1 Secondary) section during 1949-50. If this is agreed to, there will be four sections during 1950-51 and the subsequent years (two Senior Basic and two Junior Basic) sections, instead of four Junior Basic sections as originally recommended to Government. Since the stipends paid to the Senior Basic and the Junior Basic students will be the same, viz., Rs.18/- per mensem, there will be no extra commitment to Government on account of this revised proposal. I request Government to approve of my suggestion.

3. The Government Basic training school, Moodabidri, South Kanara District is now located in a rented building. The place is found to be very unsuitable for the location of a basic training school, the reasons being scarcity of water supply and want of adequate accommodation. I, therefore, recommend to Government that the Basic training school at Moodabidri may be transferred to Maipadi (centre No.10 referred to above) where the new buildings will be ready early in the next school year. The school will have three sections during 1949-50 - one senior and two junior Higher Elementary Grade, in case the Government accept my recommendation to have an additional section in the junior Higher elementary grade submitted to Government in my letter R.C.No.419 M/48 dated 31-8-1948.

4. Since, for want of adequate and suitable accommodation, either rented or Government, I consider that it may not be possible to open eight more new Government Basic training schools in addition to the nine recommended during 1949-50. I, therefore, suggest that the savings on that account may be utilized for the conversion of six Govt. training schools into Govt. basic training schools during 1949-50. Proposals in this regard are being submitted separately to Government.

5. In my letter R.O.C.No.713 M/48 dated 8-1-1949 I have recommended to Government for the grant of permission to the management of the Sacred Heart Training School for Mistresses, Pudupalayam, Cuddalore for its conversion into a Basic training school for women and for the payment of stipends to the trainees. The expenditure involved on account of the payment of the stipends may be met from the savings that may be available from the provision made for the opening of 17 Basic training schools. I request Government to pass early orders on this reference.

6. Miss A.M. Peterson of the National Christian Girls' School, Sevamandir, Porto Novo, has applied for permission for the opening of a Basic training school from July 1949. The matter is under correspondence with the Inspectress of girls' schools, III Circle. In case the management is permitted to open a basic training school, there will be 17 new Basic training schools during 1949-50 (15 under Government and two under private management).

In continuation of my letter R.C.No.447 M/48 dated
5-4-1949 recommending the opening of nine new Government
Basic Training schools during 1949-50, I submit the follow-
ing proposals in regard to the conversion of the following
six Government Training Schools into Government Basic Train-
ing schools from 1-7-1949:-

1. Govt. Training school for masters, Vizagapatam.
2. -do- -do- Eluru.
3. -do- for Mistresses, Bellary.
4. Govt. Training School for masters, Badagara.
5. Secondary and Higher Elementary Section for women, Lady
Willington Training College, Madras.
6. Govt. Training school for masters, Royachoti.

The details for the additional staff, equipment, etc.,
required for the above six training schools are furnished
hereunder:-

Govt. Training school for masters, Vizagapatam:- During 1948-49
there are three sections in the Junior Higher elementary grade
excluding the seniors who pass out at the end of 1948-49.
The three junior sections will become the three senior sections
of 1949-50. Admissions to the Junior higher elementary grade
next year may be restricted to one section of 40 pupils so that
there may be four sections (3 seniors and 1 junior) during
1949-50. From the school year 1950-51, eighty pupils may be
admitted annually so that there may be three sections in 1950-51
and four sections in the school every succeeding year. The
school has the following sanctioned strength:-

- 1 Headmaster (Gazetted) kept in abeyance.
- 3 School Assistants (Permanent).
- 1 Drawing Master. -do-
- 1 Physical Training Instructor - Permanent.
- 5 Secy. grade teachers for the model school - Permanent.
- 2 Peons, Permanent.
- 1 Manual Training Instructor (Temporary upto 30-6-50).
- 1 Clerk - Temporary.
- 1 Part-time Music Teacher (Temporary).
- 1 Deputy Warden.
- 1 School Assistant - Temporary. | Upto 48-49 san
- 1 Secy. grade Asst. -do- | in G.O.1233 Ed
- dated 13-6-47.

For the four sections which the school will have
during 1949-50, it is necessary to have 5 L.Ts. and three se-
condary grade teachers including the Special Instructors.
I recommend the continuance of the temporary L.T. and second
grade teachers' posts for a period of two years upto the
end of June 1951. Since an additional school assistant is re-
quired for the school during 1949-50, I recommend that Governme-
nt may sanction an additional School Assistant's post for a

of ~~xxx~~ one year from 1-7-1949. The post of a cook may also be sanctioned for the school on Rs.24/- per mensem for a period of two years from 1-7-49. The post of the Drawing Master will be kept in abeyance as there will be ~~no need for the~~ no need for the same from 1-7-1949, the date of conversion of the school into a Basic Training school. Action is being taken separately regarding the continuance of the post of the Manual Training Instructor. The extra cost on account of the proposal will be as follows:-

Recurring:-	Cost in 1949-50. Rs.	Ultimate cost. Rs.
1 School Asst. from 1-7-49 on Rs.85/- per mensem in the grade of Rs.85-175.	680	1644

2. Government Training School for masters, Elurur:- During 1949-50 there will be two senior sections, one higher elementary and one secondary grade in the school and there is provision for admitting 80 pupils - 40 in each grade during 1949-50. Since there are only four class rooms and as the Basic training school is a residential one, I suggest that no fresh admissions need be made during 1949-50 for want of accommodation. If this is accepted, there will be only two sections, both senior during 1949-50. From 1950-51, admissions may be restricted to one section of the Higher elementary grade. The school has the following sanctioned strength:-

- 1 Headmaster.
- 2 School Assistants.
- 1 Secondary Grade Teacher.
- 1 Drawing Master.
- 1 Clerk.
- 1 Weaving Instructor.
- 1 Physical Training Instructor.
- 2 Peons.
- 1 Part-time Music teacher (Temporary).

From ~~1949~~ 1-7-1949, the posts of the secondary grade teacher, the Drawing Master and the Physical Training Instructor will be kept in abeyance as there will be no need for the same. I request Government to sanction the following posts:-

- 1 Cook on Rs.24/- per mensem.
- 1 Deputy Warden on an allowance of Rs.15/- per mensem.

Proposals
Ref: Government Memo No. 87022/49-7-1-3 dated 28th March 1949.

In continuation of my letter No. 87022/49-7-1-3 dated 28th March 1949 recommending the opening of nine new Government Basic Training schools during 1949-50, I submit the following proposals in regard to the conversion of the following six Government Training schools into Government Basic Training schools from 1-7-1949:-
1. Govt. Training school for masters, Vizianagaram.
2. Govt. Training school for masters, Elurur.
3. Govt. Training school for masters, Elurur.
4. Govt. Training school for masters, Elurur.
5. Govt. Training school for masters, Elurur.
6. Govt. Training school for masters, Elurur.

The details for the additional staff, equipment, etc. required for the above six training schools are furnished hereunder:-

Govt. Training school for masters, Vizianagaram:- During 1949-50 there are three sections in the Junior Higher elementary grade excluding the seniors who pass out at the end of 1948-49. The three Junior sections will become the three senior sections of 1949-50. Admissions to the Junior higher elementary grade next year may be restricted to one section of 40 pupils so that there may be four sections (3 seniors and 1 Junior) during 1949-50. From the school year 1950-51, only pupils may be admitted annually so that there may be three sections in 1950-51 and four sections in the school every succeeding year. The school has the following sanctioned strength:-

- 1 Headmaster (Sanctioned) kept in abeyance.
- 3 School Assistants (Temporary).
- 1 Drawing Master.
- 1 Physical Training Instructor - Temporary.
- 2 Peons.
- 1 Part-time Music teacher (Temporary).
- 1 Deputy Warden.
- 1 School Assistant - Temporary.
- 1 Deputy Grade Asst.

For the four sections in the school, it is necessary to have 2 teachers in each grade. It is suggested that the following teachers be sanctioned for the school during 1949-50:-
1. Headmaster (Sanctioned) kept in abeyance.
2. School Assistant (Temporary).
3. Drawing Master.
4. Physical Training Instructor (Temporary).
5. Peons.
6. Part-time Music teacher (Temporary).
7. Deputy Warden.
8. School Assistant (Temporary).
9. Deputy Grade Asst.

4. Government Training School for Masters, Badagara:- At present there are 8 sections in the school, 4 junior higher elementary and 4 senior higher elementary with a total strength of 330 students. During 1949-50 there will be 4 sections in the senior higher elementary grade with a total of 159 pupils. After the conversion of the school into a Basic training school, it will become a residential one. Hence, I suggest that no fresh admissions need be made during 1949-50 so that the school may work with only 4 sections from 1949-50. From 1950-51, admissions may be restricted to 80 pupils in two sections every year. The school has the following sanctioned strength:-

1 Headmaster.	
1 School Assistant.	
2 Secondary grade teachers.	
1 Physical Training Instructor.	
1 Rattan work Instructor.

Sanctioned in
G.O. No. 1233 Edn.
dated 13-6-47.

For the 4 sections which the school will have during 1949-50, it may be necessary to have 5 L.Ts. I request Government to sanction the continuance of the two temporary L.T. posts sanctioned in G.O. 1233 Edn., dated 13-6-1947 upto the end of June 1951. Besides, I request Government to sanction the post of an additional School Assistant for the school for a period of two years upto the end of June 1951. The temporary secondary grade teachers posts and the temporary Malayalam Pandit's post need not be renewed as they are superfluous. The post of the Physical Training Instructor and the Drawing Master will be kept in abeyance as they will not be required after the conversion of the school into a Basic training school. As regards the continuance of the 5 secy. grade teachers' posts, the clerk and the part-time Music teacher, Government are being addressed separately. I request Government to sanction the post of a cook and an allowance of Rs. 15/- per mensem for a Deputy Warden for the school. The extra cost on account of the proposal will be as follows:-

Recurring:-

	During 1949-50 1-7-1949.	Ultimate cost.

5. Secondary and Higher Elementary Training Sections in the Lady Willingdon Training College, Madras:- During 1948-49, there are 4 sections in the Training Section - 1 secondary junior, 1 secondary senior, 1 higher elementary junior and 1 higher elementary senior. During 1949-50, also there will be the same four sections. For the secondary grade sections there are two temporary School Assistants' posts sanctioned for a period of two years in G.O.883 Edn., dated 15-4-48 and these posts will be continued during 1949-50. For the Higher elementary sections, there are two permanent School Assistants' posts. Since there will be 4 sections, one additional School Assistant is necessary for the school. I, therefore, request Government to sanction one School Assistant's post as well as a Cook on Rs.24/- per mensem for a period of two years upto the end of June 1951. The extra cost on account of the proposal will be ---

R.O.C.No.447 M/48 dated 28th May 1949.

Sub: Basic Education - Opening of new Basic Training Schools - During 1949-50 and conversion of certain Government Training schools into Basic Training Schools.

Ref: Your post copy of Telephone Message dated 28-5-49.

The existing Government Basic Training Schools and the schools proposed to be opened or converted during 1949-50 will leave the following Districts without any recognized Basic Training School:-

East Godavari.
Kurnool.
Chittoor.
Tiruchirapalle.
Salem.
The Nilgiris.

In the East Godavari District, however, there is an unrecognized Basic Training School conducted under the auspices of the Kasturba Gandhi National Memorial Trust at Seethanagaram. I have selected a centre in each of the Trichy and Salem Districts for construction of buildings during 1949-50 so that it may be possible to provide a Basic Training School for each of these two districts in 1950-51. Since the existing Government Training Schools at Kurnool, Chittoor and the Nilgiris are not found quite suitable for conversion I shall select during 1950-51, suitable centres in those districts when it may be possible to construct buildings for the location of Basic Training Schools in those districts in that year viz., 1950-51 so that the schools work from 1951-52.

Regarding the South Kanara District, in my letter to Government, R.O.C.No.447 M/48 dated 5-4-49, the case is not one of opening of a new Basic Training School at Maipadi, but of transferring the Basic Training School, Moodabidri now held in a rented building there to the new Government buildings nearing completion at Maipadi. If this transfer is approved, there will be only one Government Basic Training School for the South Kanara District at Maipadi during 1949-50.

Under the above circumstances, I request Government to approve of my proposals in regard to the opening of new Basic Training Schools as well as the conversion of the six Government Training Schools into Basic Training Schools as recommended by me.

P.A.A. 6

In para 8 of their order No. 1891 Edn. dated 10--6--49 Government have stated that they do not agree for the shifting of the Basic Training School Moodabidri to Maipadi and that a Basic Training school at Maipadi may be opened in 1950--51.

In this connection, I would invite attention to my letter R.c. 614 M/48 dated 9--4--49 submitting a progress report on the Basic Training School, Moodabidri. Therein I had stated all the handicaps which affronted the school at Moodabidri. The accommodation available at Moodabidri is quite insufficient and it is not possible to continue the school there any longer. The school is located about a mile from Moodabidri and hence there is no possibility of developing a model school. Water supply is very poor and the part of the syllabus relating to gardening and agriculture cannot be implemented at all. In these circumstances and in anticipation of Government orders approving the shifting of the school to Maipadi, I had ordered that the school might be opened at Maipadi from the date of its reopening after summer vacation. Accordingly the school has been shifted to Maipadi.

Under these circumstances I request Government to reconsider their orders contained in para 8 of G. O. 1891 Edn. dated 10--6--49 and to approve my action in having ordered the shifting of

the school to Maipadi. If considered necessary I shall
submit separate proposals for building up of a new Basic Training

In their Order referred to above, Government have permitted the conversion of the secondary grade and higher elementary grade training sections in the Lady Willingdon Training College, Madras, into Basic Training Sections. The Principal, Lady Willingdon Training College, reports that sufficient hostel accommodation cannot be secured so as to provide for all the trainees in the Basic Training Section. Hence I have permitted the conversion of the senior secondary grade section alone into a Basic Training section and allowed the senior higher elementary training section to run under the normal training scheme. The new admissions to be made will be for the two Junior Basic and Senior Basic sections. Hence there will be only three Basic Training sections in the college during 1949-50. I request Government to approve of my action in not allowing the conversion of the Senior higher elementary section into Basic as ordered in the G.O. referred to above.

Ref:- Letter R.C.284/49 A dated 21--6--1949 from the
Principal, Lady Willingdon Training College, Madras.

In G.O.No.1891.Education dated 10--6--1949 sanction has been
accorded for the opening of 9 new Basic Training Schools and for the
conversion of 6 Government Training Schools as Basic Training Schools.
Government have also authorised the incurring of recurring and non-
recurring expenditure on "Contingencies". But no sanction has been
accorded to incur expenditure under "Travelling Allowances". The
Principal, Lady Willingdon Training College, Madras has requested, in
her letter cited above, to provide Rs.200/- for the Basic Training
sections to meet the expenditure on "Travelling Allowance". Similar
provision has to be made for the other 14 new Basic Training Schools
sanctioned in the G.O.cited above, request you, therefore, to permit
me to incur during 1949-50 an expenditure not exceeding Rs.3,000/-
under "Travelling Allowances" in respect of the 15 new Government Basic
Training Schools at Rs.200/- for each school.

The G.O.s sanctioning the employment of an addl staff in 9 out of the 13 Basic training schools opened last year are put up at A B & C

one addl staff (regular teaching educational) required for a basic training school depends upon the number of sections to be opened in that school and also on the number of the existing staff

one addl staff required may therefore vary from school to school. It will not be possible to fix a scale of staff ^{uniformly} for all the schools. one D.P.I. would no doubt have taken into consideration these factors when proposing an addl staff to each of the basic training schools. In the circumstances, the recommendations of the D.P.I. may be accepted.

Part II Scheme for 1949-50

Sub: Basic Education - opening of new Basic Training Schools.

The proposal is to open 34 Basic Training Schools ^{with a model school attached} during 1949-50 by admitting 80 students in each school in 2 sections. The extra cost involved in the proposal is estimated at Rs. 9,70,000 p.a. recurring and Rs. 2,44,800 non-recurring as indicated in para 4 on pp. 3 & 4.

2. It is stated that 68 Graduate Teachers trained in Basic Education will be available next year for the opening of new Basic Training Schools. That one Basic Training School may be opened in each of the selected finkas and that the remaining may be opened in places which will be reported to the Govt. in due course. As regards the accommodation required it is reported that in case the Scheme of construction of buildings for 12 Basic Training Schools matures this year, there may be 10 buildings available for 10 schools and the remaining schools will have to be opened in rented buildings. If the Scheme of construction of buildings is not sanctioned, a rented building will have to be secured for all the 34 schools.

p. 1 of

para 2 on pp. 3 & 4

para 3 on p. 3 of

From that case the ultimate cost will have to be incurred by Rs. 24,000/- p.a.

3. The details of the staff required and other items of expenditure for each school have been proposed as follows:

Recurring Staff Two L.T. Assistants

- Two Secondary grade teachers for the Training School
- Two Secondary grade teachers for the Model School
- One Part-time music teacher
- One Craft Attender
- One Clerk
- One Cook
- One Deputy Warden ^{with an office} Rs. 15/- p.m.

Stipends

Stipends for 50 Students at Rs. 18/- p.m.

Other Charges

- Excursions expenses at Rs. 500/- p.a.
- Correspondence at Rs. 500/- p.a.
- Recess at Rs. 200/- p.m. or Rs. 2400/- p.a.

<u>Non-recurring</u>	Furniture, equipment etc.	5000
	Books and Periodicals	1000
	Kitchen Utensils	1000
	Lyons materials	200
		<u>7200</u>

The details of the staff, the rate of stipend and other items of expenditure proposed are the same as those sanctioned for the other training schools during last year and may be accepted subject to the following remarks:

- (1) The estimate on p. 3 of. does not provide for the payment of dearness allowance to the staff (amounting to Rs. 2400 monthly). This also should be taken into account in calculating the extra cost.
- (2) Though the post of Craft Attender was sanctioned for each school during last year, it

was reported in another communication that the Craft Attender was not employed in any of the Basic Training Schools. The post of the Craft Attender may therefore be disallowed.

(3) As each Basic Training School will have the 2nd Session and 2nd year sessions only from the second year of its opening, the appointment of 1 L.T. Assistant and 1 Secondary grade teacher will have to take effect from the school year 1950-51.

(4) The staff to be employed may be sanctioned for a period of 2 years in the first instance.

4. As the proposal is intended to accelerate the introduction of Basic education in accordance with the policy of the Govt., this Dept. may agree to the proposals being brought forward as a Part II scheme for 1949-50, subject to the remarks in paragraph 2 & 3 above.

PR 1.11.48 AS Orders may be taken in circulation on the point, including H.M. (Fin). The recurring additional expenditure, now 11 lakhs, is high, but it is not likely that all the schools will be ready next year.

To A/S. Please see the F.P.H. note on page 9 ante. This file has been sent to this department for remarks on the D.P.I's proposal to shift the Basic Training School now located in Moodabidri village, South Kanara Dt. to Maipadi in the same District as the former place is found unsuitable for the location of the Basic Training Schools for want of adequate accommodation and water supply. It has been pointed out that the late H.M. (Ed.) minuted that the existing school in Moodabidri need not be shifted and his intention was to open another Basic Training School at Maipadi. Submitted that under the F.D. Schemes priority should be given to the Firkha areas in opening the Basic Training Schools. It was also the intention of the late H. Pr. that the Basic Schools should as far as possible be opened in the Firkha areas. As the Basic Schools and Basic Training schools should go together this department are interested in seeing that as many basic Training Schools as possible are ^{located} in the Firkha areas. From the list of villages at (B) it is observed that neither Moodabidri nor Maipadi is included within the Kumbala firkha. Selected ^{for intensive} ~~Rural~~ Rural Reconstruction work in South Kanara Dt. However from the minutes of the H.M. (P.H.) on pages 1-2 of Lf II below would appear that this area is within the Kumbala firkha. Please also the minutes of the H.M. (F.D.) at the bottom of page 3 of Lf II. In this regard. ॥ ५१ ॥ ५५

The proposals in this file relates to the opening of 17 Basic Training Schools in the year 1949-50. The D.P.I. has suggested that ten schools may be opened ^{nine under} ~~to 9 under~~ ^{for. management} ~~Govt. management~~ in the 9 centres ^(*) where new buildings of ~~nine under Govt. management~~ the Schools are under construction, and the ~~tenth~~ ^{one} under ~~the~~ private management (at Portonovo in S. Arcot Dt.). As regards the remaining 7 schools the Director suggested that 7 of the existing training schools (6 under Govt. and ^{one} ~~4~~ under private management) may be converted into Basic Training School. **P** Proposals regarding the opening of a new Basic Training School and the conversion of ~~the~~ an ordinary Training School under the private management are

under consideration ~~and~~ separately. The proposals of the D.P.I. for the conversion of 6 Govt. Training Schools into Basic Training Schools are at pages 21-31 C.F. The Proposals may be accepted. The draft order approving the proposals of the D.P.I. is subd. below for approval.

2. The D.P.I. suggests that basic training school at Moodabidri may be shifted to Maipadi in the ~~South~~ South Kanara Dt. Orders of H.M.(Edn.) may now be obtained whether the transfer should be approved having regard to the following facts:-

1. The ~~Condition~~ ^{at Moodabidri} are not suitable for the localtion of ^a Basic ^{Training} School.

2. A new building at a cost of ^M 1.20 lakhs ^{is being} has been ~~spent~~ ^{contributed for} for the construction of a basic training school at Maipadi. If however the intention is that the school at ~~Moodabidri~~ ^{Moodabidri} should not be disturbed and ^{for} a new school may be opened at Maipadi (as had been the intention of the previous H.M.) ~~The~~ no. of Govt. Training Schools to be converted into Basic Training Schools ~~to~~ ^{be} limited to 5 (against 6 proposed by the D.P.I.) so that the total no. of ~~Basic~~ ^{may not} Training Schools to be opened in the year 49-50 ~~exceeds~~ ^{may not} 17.

3. The Firka Devt. Dept. suggests that the collector of South Kanara may be consulted as to whether Maipadi is in the Kumbala Firka of the Dt. The intention of that Dept. seems to

be that if an additional training school is to be opened in the South Kanara District it should be in ^{the} Kumbala Firka.

The question of opening a training school at Maipadi was

suggested by the D.P.I. because of the ~~in~~ ^a fact that a building is under construction for ~~the~~ ^{in the place} basic training school (and not with

reference to the points whether it is in the Firka area or not. ~~There~~ ^{that} does not appear to be any ^a need to make reference to the Collector.

4. The file may be circulated to H.M.(Edn.) for appl. of the draft

for order with refer. to para 2 above. [The draft below will be revised with refer. to the order in circulation]

2. As regards South Kanara, the Govt. at first sanctioned ^{the} opening of a Basic Training school at Moodabidri. When the question of construction of a building for a Basic Training school in the South Kanara district was taken up, Maipadi was selected for the purpose. At first the intention was to shift the school at Moodabidri to Maipadi as soon as the construction of a building at the latter place was over. Representations have since been

received protesting against the transfer of the school from Moodabidri. No definite conclusion has yet been arrived at in regard to the transfer. Please see the notes in L.F. II. The question under consideration is whether the school at Moodabidri should be shifted to Maipadi or another school may be opened at Maipadi. The Director favours the transfer. The question of two schools at South Kanara District will arise only if the school at Moodabidri is to be allowed to continue.

The draft which approves the D.P.I.'s proposals for the opening of Basic Training Schools may be approved. Even after these schools are opened, 6 districts remain without basic training schools. The D.P.I. has explained at p. 35 c.f. that this is due to want of suitable accommodation and provision will be made in the next two years for opening training schools in these dists.

It is for orders whether the existing basic training school at Mudabidri should be transferred to Maipada which is in the Kumbla Firka Development centre. The D.P.I. and the Firka Development Department support the transfer; the former because the appropriate building has been constructed at Maipadi and the latter in the interest of Firka development. From the two linked files it would appear that there is much opposition to the transfer from Mudabidri. The late Minister for the Education also noted that school at Mudabidri was doing well and there was much enthusiasm for it. In the circumstances no transfer appears necessary for the present.

Please see the minutes of H.M.(Edn.) on the previous page. As already noted the Govt. have sanctioned the opening of only 17 Basic Training Schools in the current year. The D.P.I. has submitted proposals (1) for opening of 9 new Basic Training Schools under Govt. management, (2) conversion of 6 Govt. Training Schools into Basic Training Schools and (3) opening of a new Basic Training School under private management and conversion of another training school under private management into Basic Training School.

(1) and (2) above:- The draft below sanctions the proposals of the Director.

(3) above:- Orders have been issued separately.

2. The D.P.I. has suggested the transfer of the Basic Training School at Moodibidri to Maipadi for two reasons. (1) conditions at Moodibidri are not suitable for a Basic Training School and (2) a pucca building is being constructed at Maipadi. It has now been ordered that the school at Moodibidri need not be shifted. If another school is opened at Maipadi the total number of schools to be opened in 1949-50 will be 18 against 17 approved by the S.F.C. and the Cabinet. One of the six schools proposed for conversion at 'X' above ^{maybe} ~~has~~ left out or the specific sanction of Govt. should be obtained for the opening of an additional school at Maipadi. This point may be put to the D.P.I. and he may be asked to submit proposals.

A para has been added to the draft.

The file may now be circulated w.r.t. H.M.(Edn.)'s minutes on the previous page.

I wish to see the report of the Basic Education Officer and find out whether he made any enquiries regarding the availability of land required for the school and hostel buildings and wet lands for

uation purposes at Mudabidri. The local people as well as the revenue authorities should have been consulted in the matter. The school having been started at Mudabidri, the proposal to shift it to another place has caused great disappointment. It is wrong policy to concentrate in a rural development firka all amenities and to neglect other parts of the district in this manner.

The recent proposal is to have a fresh/basic training school in Maipady but there is no proposal to close the school at Mudubadri. I myself had been there recently and I explained the matter to Mr. Madhava Pai in person. They are really enthusiastic over it and I expect the school will not be shifted.

BASIC EDUCATION - Basic Training School, Moodabidri - Shift
From the D.P.I., No.614-M/48, dated 15-6-1949.

The D.P.I. reports that he has already issued instructions
in regard to the transfer of the school from Moodabidri to
Maipadi. He is of the opinion that Moodabidri is not at all
suitable for Basic Training School. In the circumstances
it is for orders whether the Director's action may be approved.

The Director states that proposals will be submitted to
Govt. if necessary, for "building up" a new Basic Training School
at Moodabidri. The point ~~will~~ ^{may} be examined later on. The
file may be submitted to H.M. (E. & L.) for orders
