ANSWER.

The University of Madras applied for grants for the following three schemes in the year 1948-49:-

1. Institution of a Professorship and Readership in the Oriental Section of the University;
2. Development of the departments of Applied Physics, Chemistry, Botany, Zoology, Geology, Statistics and Legal Studies; and

The first proposal was treated as a Part II Scheme for 1949-50 and provision has been made for a grant of Rs. 5,000 for Professorship and Rs. 3,700 for Readership.

Item 3 is under consideration.

With regard to item 2, the grants asked for amounted to Rs. 11.20 lakhs non-recurring and Rs. 3.82 lakhs recurring. Usually applications for grants from Universities should be ready for being sent to the Finance Department by the 31st October so that the Government might have time to examine the various proposals and come to proper conclusions. But this application was received by Government only as late as 5th January 1949 and that too not in the usual way but by a demi official letter addressed to the Premier. The Government did not therefore have sufficient time to consider this application as a Part scheme for 1949-50. It is open for the University to submit proposals again in time in the proper manner and when the proposals are so received, they will be duly considered.

E. & P.H. (G.2)

Please see the L.A. question on p.1 c.f. The member intended that the question should be a short notice question, but H.M.(Edn) has ordered that it may come in the ordinary course and

be examined and put up vide H.M.'s minute at A & vice copy of Do from re Assembly Sect at P's of.

In May 1948, the Vice-Chancellor of the Madras University submitted a proposal to Govt. asking for a grant of Rs.5000/-

for the institution of a Professorship on Rs.750-50-1000 and a grant of Rs.4000/- for the institution of a Readership on Rs.400-25-600 in the Oriental section of the University. The proposal was considered as a Part II Scheme for 1949-50, and it was ~~proposed~~ ^{has been decided} that a grant of Rs.5000/- for the institution of a Professorship and Rs.3,700/- for the institution of a Readership may be made to the University from 1949-50. Necessary provision has been ~~proposed~~ ^{made} in the B.E. for 1949-50.

In January 1949, the V.C. ~~has~~ submitted a proposal for the promotion of research in the University and applied for recurring and non-recurring grants for the purpose, for the development of of the departments specified below, with facilities for research studies, under the auspices of the Madras University:--

- (1) Applied Physics.
- (2) Chemistry.
- (3) Botany.
- (4) Zoology.
- (5) Geology.
- (6) Statistics.
- (7) Legal Studies.

The non-recurring and recurring cost of the schemes according to the University's estimates, ~~will be~~ ^{was} Rs. 11.20 lakhs and Rs. 3.82 lakhs respectively. In view of the ~~proposed~~ ^{original} schemes of post-graduate and research studies in the Presidency College, separately under the consideration of Govt., it was ~~suggested~~ ^{originally thought} that a provision of Rs. 7 lakhs might be made in the Part II ^{estimate} for schemes of post-graduate study and research in the Presidency College, Madras, and in the ~~Universities~~ ^{University} of the Province". It has, however, been decided by the S.F.C. ^{and the Cabinet} which considered the Part II Schemes that a provision of Rs. 3.16 lakhs be made for ^{the} schemes relating to the reorganisation of the Presidency College and improvement of research in the Presidency College. In view of the above decision, ~~of the~~

~~S.F.C.~~ it has been ordered that the Vice-Chancellor's proposals ^{Vice Chancellor has been} ~~may~~ be deferred for the present, and ~~he is being~~ ^{he is being} informed accordingly.

Recently, the University has submitted a ~~re~~ proposal for the creation of a Department of Hindi in the University and has applied for a grant for the purpose. The proposal has been referred to the D.P.I. for remarks.

The point to be brought out in the answer is that the application for giving the facilities for research studies in Applied Physics etc., referred to at 'X' in page 2 was received by us only in January 5th and that too not through the proper channel but through a D.O. to the Premier and so we did not have sufficient time for the matter to be considered and in view of that the application could not be considered. We may add that it is open for the University to apply again in proper time so that the application may be properly considered.

The answer may be redrafted and put up.

With reference to the minutes of H.E. (Sen) above, a revised answer is subd for approval. May be circulated to H.E. The answer may be as follows:-

The University of Madras applied for grants for the
following three schemes in the year 1948-49:-

1. Institution of a Professorship in the Oriental
Section of the University;
2. Development of the departments of Applied Physics,
Chemistry, Botany, Zoology, Geology, Statistics

3. The institution of a Department of Hindi from
1949-50.

The first proposal was treated as a Part II Scheme
for 49-50 and provision has been made for a grant of Rs.
5,000 for Professorship and Rs.3,700 for Readership.

Item 3 is under consideration.

With regard to item 2, the grants asked for amounted
to Rs.11.20 lakhs non-recurring and Rs.3.82 lakhs recurring.
Usually applications for grants from Universities should
be received by the end of October (this may be checked up
and the proper date put up) so that the Govt. will have
time to go through the various proposals and come to proper
conclusions. But this application was received by Govt.
only as late as 5th January and that too not in the usual
way but by an informal D.O. to the Premier. The Govt.
did not have sufficient time to consider this application
and so it could not be considered as a Part II Scheme for

21779/49

49-50. It is open for the University to apply again
in time through the proper channel so that the
application may be properly considered.

ABDUL HAMEED KHAN SAHIB BAHADUR:—" May I ask whether the Government at least now will give up their adherence to technicalities, particularly in view of the importance that education means to the Province, and make the grants asked for by the University of Madras?"

THE HON. SRI A. B. SHETTY:—" It has not been rejected. When the proposals are made again they will be considered."

ABDUL HAMEED KHAN SAHIB BAHADUR:—" May I ask whether the Hon. Minister in charge of Education will be more generous to the Universities, for it means higher education which is now a necessary education?"
