The Secretary to Government,
Education and Public Health Department,
Fort St. George, MADRAS.

Sir,

(1) On the recommendations of the Board of Secondary Education, Government were addressed in this office letter R.C.No.672B/46, dated 9-10-'47, to increase the rates of remuneration for setting certain question papers, for valuing the scripts in those papers and also the rates of remuneration to Superintendents, Clerks and Peons - vide items 3 to 7 of para II of the letter referred to above. The rates of remuneration recommended for the Chief and Assistant Superintendent, Clerks and Peons were as follows:-

		REMARKS.
Chief Superintendents	from Rs. 4 to Rs. 6 per day	The remuneration to be halved if the examinations is only for one session on any day.
Assistant Superintendents	Rs. 2½ to Rs.4 per day	

Skilled Assistant Superintendents from Rs. 5 to Rs. 6 per day.

Clerks .. .. from Re. 1 to Rs. 1½ per day.

Peons. .. .. from as. 8 to as. 12 per day.

Government in their order No. 336 Edn., dated 23-2-'48, dropped the proposal for the present.

At the meeting of the Board of Secondary Education held recently, it was recommended that the remuneration to the Superintendents and Assistant Superintendents etc., should be considerably increased in view of the increase in the cost of living and I assured the members that I would take up the question with the Government.

3. The extra cost involved by these proposals with reference to the examination of 1946, was Rs. 15,800 in round figures and in view of the increase in the number of candidates and additional centres for the examination in 1947-1948, the extra cost will roughly work out to about Rs. 20,000, for the March session of the examination. For the September session of the examination the extra cost may be about Rs. 6,000/- in view of the reduced number of centres for the examination and the fall in the number of candidates for this session. As suggested by Government, proposals for increasing remuneration to paper setters and payment of remuneration to non-official members of the question paper passing boards will be submitted later on.

A

4. In connection with the S.S.L.C. Public Examination of March 1948, some members of the teaching profession declined to act as assistant superintendents in connection with the examination and the main reason for such refusal is the present low rate of remuneration and the abnormal increase in the cost of living everywhere. Further, they have to spend considerable amount out of their pocket for conveyance charge which is also an important item of expenditure at the places outside their head quarters where they are mostly deputed for duty.

P.T.O.

5. As Government have ordered that the examinations may be conducted with the aid of the members of the teaching profession only and as the supervisors and others connected with the conduct of the examination should be given a reasonable amount of remuneration consistent with the present economic conditions, I request that in the interest of the efficient conduct of the examination, Government will be pleased to sanction the enhanced rates of remuneration proposed above with effect from the ensuing October examination. The revised rates will not help them to make any profit but will be barely enough for their daily maintenance at the places of duty.

The favour of early orders sanctioning the proposal are requested.

Sir,

pages 15-16 y.f. ⑨

In G.O.No.1931 Edn. dated 14-6-1949, Government were pleased to sanction enhanced rates of remuneration to the staff employed for supervising the S.S.L.C.Public Examination, ~~and~~ directing that the enhanced rates may be given effect to from the examination of March - April 1949. Long before the orders reached me on 18-6-1949, bills from about 200 examination centres had already been passed and despatched for payment at the existing rates. Bills from another 50 centres have been checked and are ready for despatch. If all these bills have to be worked out again at the new rates, it will involve considerable additional work and use of fresh bill forms, entailing delay in payment of bills, not to speak of the additional expenditure on stationery and postage. Fresh acquittances for the additional - remuneration will have to be got from several persons coming from different schools and localities and fresh bills prepared accordingly. Revised intimations to many treasuries have also to be sent. I - therefore recommend that the sanction accorded in the G.O. may take effect from the examination of October 1949 onwards and the orders of Government may kindly be got modified accordingly. In anticipation of orders the large number of bills pending with me are being passed with reference to the usual rates.

Yours faithfully,

E&P.H. (S3)

Subject :- Examination - S.S.L.C Public - Remuneration to the supervising agency, clerks, peons etc -

In October 1947 the C.G.E submitted proposals, at the instance of the Board of Secondary Education, for the payment of sitting fees to the non-official members of the Question paper passing Board, enhancement of fees for setting papers and remuneration of Superintendents, Asst. Superintendents, Clerks & peons - In view of the reorganization of the Secondary Education System then under consideration, the Govt. ordered that the proposals should not be pursued then, and suggested that the Commr. might submit proposals in the light of the reorganization scheme -

orders in circ. in p4 & f in & page 27 of

2. The Commissioner, in his letter in the c.f., has stated that, as suggested by Govt. proposals for sitting fees for the paper passing Board, remuneration to paper setters etc will be submitted later as suggested by the Govt. He has however, on the recommendation of the Board, submitted proposals for the increase of remuneration to Superintendents, Assistant Superintendents, clerks & peons. The proposals now submitted are ;-

2.

Chief Superintendent -	increase from Rs 4 to Rs 6 a day
Assistant Superintendents -	" " Rs $2\frac{1}{2}$ to Rs 4 "
Skilled Asstt. Superintendents	" " Rs 5 to Rs 6 "
Clerks -	" " Re 1 to Rs $1\frac{1}{2}$ "
Peons	" " As 8 to As 12 "

} to be halfed if the examn. is for only one session

The Commr. invites attention to the Govt.'s instruction that the examination should be conducted with the aid of the teaching profession only, and ~~to~~ to the fact that some members of the profession declined to act as Assistant Superintendents in March 1948 in view of the low rate of remuneration, and of the heavy out-of-pocket expenses they normally incurred in connection with that work. He therefore requests that in the interests of the efficient conduct of the examination, the increased rates of remuneration proposed by him may be sanctioned by Govt.

para 5 on p.3 cf

para 4 on p.1 cf

3. It is seen from the Commr.'s letter that the extra cost on account of giving effect to the proposals will be

Rs 20000, for the examination in March & Rs 6000, for the examination in Septr. The lower estimate for the Septr. examination is based upon reduced number of centres and lesser number of candidates for the examination. The examination fee income

in March 1948 was Rs 8,15,890. The income on this account for the September session may be less, but is likely to cover the extra cost involved. For the reasons given by the C.G.E., the proposals submitted by him (as in para 2 of this note) may be supported.

4. Finance may see the case, for remarks, before circulation.

The Commissioner for Govt. Examinations has brought to notice the recommendation of the Secondary Education Board for the increase in remuneration, as now proposed, and the unwillingness shown by some Assistant Superintendents to do the work on the existing rates, in March last, in view of the increase in the cost of living, and has asked that the enhanced rates of remuneration now proposed may be sanctioned with effect from the ensuing supplementary examination in October.

It is for orders whether the proposals may be dealt with as a Part II Scheme for the next year or whether they may be considered as an urgent scheme

para 1 on p1 cf

27.8.48

The extra cost on account of the proposed increase in the rates of daily allowance to superintendents, clerks and peons for supervising the S.S.L.C Public examination is estimated at Rs 6000/- for the October examination and Rs 20,000/- for the March examination. The fee income for the last March examination was Rs 8.16 lakhs and that for the next month's examination is about Rs 2.25 lakhs. The necessity for increasing the rates of daily allowance is explained in paras 4 and 5 of the C.G.E's letter in the cf. The Commissioner says that the revised rates will not help the supervising staff, clerks and peons, to make any profit, but will be barely enough for their daily maintenance at the places of duty.

para 3 on p1 cf

p.3 ante

15000 candidates × 15 = 225000

p2 cf

This Dept. may, perhaps, suggest that the proposed increase may be given effect to from the examination to be held shortly.

As the extra cost is about Rs 26,000/- a year, the short circuit procedure may be adopted by circulating the case for orders to H.M.(Edn) H.M.(Fin) and H.C.r and later on circulating copies of the note to the other Ministers.

It is not that the Government have to pay anything. The S.S.L.C. Examination pays for itself. The present allowance given to them is not sufficient for them and we are not able to persuade good teachers to go as Supervisors as they have to spend much more than what they get ~~in~~ at present and the Government do not lose anything by it as it is paid for by examinees through their examination fees. I think this is just the proper thing to do.

H.Pr. may kindly see again. It may be considered by the S.F.C.
