Subject:- Relaxation of upper age limit in
respect of displaced students from
Pakistan.

Sir,

I am directed to say that a number of requests
have been received from displaced students from the Western
Pakistan for relaxation of the upper age limit for admission
to engineering and technological institutions.

2. It has been submitted that these students could
not join colleges due to disturbances and the late declaration
of the results of examinations conducted by the East Punjab
University and have thus wasted two years.

3. The Government of India have considered the
matter and are of the opinion that the upper age limit in
respect of displaced students from Pakistan should be raised
by 3 years and that this concession should be valid for
admission upto the session 1950-51. Similar concession has
been granted by the Government of India in respect of open
competition tests held by the Federal Public Service Commission
for recruitment to Central Services.

P.T.O.

4. The Government of India will be grateful if the Provincial/State Governments will agree to issue instructions to the technical institutions within their jurisdiction as above. A copy of the instructions issued may kindly be endorsed to this Ministry for information.

Yours faithfully,
Gk Chandramani
for Secretary. 3/5/49
