***

I submit that the Government Order No. Ms. 2756 Edn., dated 27-12-1947 sanctioning advance increments in the revised scales to the teacners of Secondary Schools of this Municipality has been received in this Office on 5-1-1948. After considering carefully the various provisions specified therein in Para 2 of G.O.No.Ms. 2756 Edn., dated 27-12-1947, I submitted my note dated 31-1-1948 (copy enclosed) to the Council enlighting that the grant of weightage to secondary school teachers from 1--1--1947 may not be in confirmity with the above Government Order unless the employees other than teaching staff, have been given such weightage.

Then The Council in its Resolution No.367 d/14-2-48 (copy submitted) sanctioned the weightage subject to the Government sanction. In the meantime, the G.O.No.Ms. 289 Edn., dated 13-2-48 directing the Local Bodies to sanction the weightage to Secondary School teachers ~~either~~ from 1-1-1947 or 1-10-47 or 1-4-48 as the case may be according to the three groups of Municipalities and District Boards, was received in this Office on 23-2-1948.

P.T.O.

This Municipality is included in the Second Group and the general establishment was given the revised scales of pay with weightage from 1-10-1947.

In pursuance of the latest Government Order received on 23-2-1948, I have issued orders granting weightage to the teachers of Secondary Schools of this Municipality from 1--10--1947 and refixed their salaries in the revised scales from that date. The difference of pay from 1-10-1947 was also paid to them on 9-4-1948. A copy of this Office Rc.No.C.2.3185/47, dated 21-3-48 is herewith submitted for the kind perusal of the Government.

This is submitted for favour of information of the Government with reference to Council Resolution No.367 dated 14-2-1948.

OFFICE NOTE. To Council

Sub:- Secondary School teachers - weightage.

The Government in their Order No.Ms. 2756 Edn., dated 27-12-1947 have issued instructions to the effect that weightage in the revised scales of pay be given to the teachers in Secondary Schools from 1-1-1947 if the local bodies concerned can afford to meet the entire cost involved from general funds without any expectation of Government grant, and if other employees under their control have been given such weightage.

The teachers in secondary schools were given the revised scales of pay from 1-1-1947. The extra cost required to meet the additional expenditure now involved by giving weightage to them will be Rs. 225/- per mensem ie., Rs. 3150/- for 14 months from 1-1-1947 to 29-2-1948.

As per the revised budget estimate for 1947-48 the closing balance under General Account Ordinary is Rs.10326/- and the minimum statutory closing balance required is Rs. 7880/- ~~xxxxxxxxxxxxxxxxxx~~ Thus there is a balance of Rs. 2446/- available for ~~from~~ expenditure under the General account.

The extra expenditure to be incurred due to the adoption of the revised scales of pay to the general establishment (other than educational staff) for 5 months from 1-10-1947 to 29-2-48 as per the orders in G.O.No.Ms. 2046 L.A., dated 10-12-1947 will be Rs. 2405/-

The balance available under general account = Rs. 41/-.

In pursuance of Para 2 ~~c.s.~~, G.O.No. 2756 Edn., dated 27-12-1947 the question of granting weightage to the Secondary School teachers will have to be considered along with the general establishment. The expenditure proposed to be incurred from 1-10-47 to 29-2-1948 will be Rs. 1125/- and this expenditure will have to be met by re-appropriation from the balance of the capital work of foot bridge across the Narsapur canal Vide Roc.B.1.No. 5149 of 47 d/ 26-11-1947 addressed to the Government.

P.T.O.

The Council in its Resolution No.261 dated 19-11-1947 has already sanctioned the adoption of the revised scale of pay with weightage from 1-1-1947 to the general establishment and the subject is still pending with the Government.-

In view of the above facts it is pointed out that unless the staff under general establishment have been admitted to the benefits of the revised scales of pay and weightage from 1-1-1947 the condition laid down in Para 2 of G.O.No.2756 Edn., P.H., dated 27-12-1947 may ~~be~~ not be fulfilled.

Hence the Council is requested to pass a resolution requesting the Government to approve of the resolution No. 261 dated 19-11-1947 granting the revised scales of pay with weightage from 1-1-1947 as the members of the Secondary Education Establishment will be admitted to the benefits of getting the weightage from 1-1-1947 as observed by the Government.

The Government were requested for instructions on receipt of G.O.No. 289 Edn. dated 13/2/48 as there was no allotment in the Revised estimate for 1947-48. Government Memorandum No.14767-B1/48 2. Edn., dated 30/3/48 issuing instruction that the pay of the teaching staff be refixed with effect from 1-10-47 was received on 8/4/48.

An allotment of Rs.6000/- is made in the Budget for 1948-49 for ~~xx~~ payment of advance increments to teachers. The Government in G.O.No.588 L.D., dated 25/3/48 have advised the council to reduce the capital expenditure by Rs.12,000/- to make up the deficiency. The subject is placed before the council. The payment will be made on receipt of final orders from Government on the Budget 1948-49 on the view of the council.

I beg to report that the Council in its resolution No.210 Dt: 29-1-48 has agreed to give weightage to all teachers in the Secondary Schools from 1-1-1947, as per instructionss contained in G.O.2756 Edn. Dt: 27-12-47 and accordingly their scales were fixed sanctioning the advance increments and payment made.

Subsequently, the Government in their order Ms.No.289 Edn. Dt: 13-2-48, have classified such of those Local Bodies which have not given weightage prior to the receipt of the above G.O. into three groups and weightage of services was given at different dates as shown in the Government Order. This Municipality falls in the second group and as such could allow weightage only from 1-10-47 without any claim for arrears. Since weightage was allowed prior to the receipt of G.O.Ms.No.289 Edn. Dt: 13-2-48 from 1-1-1947 in the resolution of the Council dated 29-1-48, no action seems necessary to refix their salaries from 1-10-47 and recover the amount already paid.

The Government were requested for instructions on receipt of G.O.No. 289 Edn., dated 13/2/48 as there was no allotment in the R vised estimate for 1947-48. Government Memo.No. 14767-B1/48 -2 Edn., dated 20/3/48 issuing instructions that the pay of the teaching staff be refixed with effect from 1/10/47 was received on 8/4/48.

An allotment of Rs.6000/- is made in the Budget 1948-49 for payment of advance increments to teachers. The Government in G.O.No.588 L.A., dated 25/3/48 have advised the council to reduce the capital expenditure by Rs.12000/- to make up the deficiency. The subject is placed before the council. The payment will be made on receipt of final orders from Government on the Budget 1948-49 on the views of the council.

Ref:- Government memorandum No.78797-B1-47-4 Edn. dated,21-4-48.

Memo ----

Adverting to the Government cited above I have to state thatthe advance increments in the revised scales of have been allowed to the teachers in secondary schools under the management of this district board, except to the teachers belonging to the old D.N.Setty and D.V. Reddi Hindu High School Peruru, the management of which has been taken over by this district board with effect from 25-6-47, since the members of the staff of the said old committee High School have been absorbed in the service of the District Board and their pay has been fixed by the Government with effect from 25-6-47 in the pre-revised scales.

The question regarding the desirability of granting advance increments from 1-1-47 to those members of the school taking into account their service in the old committee school is referred to Government separately for orders.

78-197/47 Grant- Teaching- Secondary schools under local bodies- Expenditure on salaries of teachers as refixed allowing advance increments to be taken into account for assessment of grant from 1948-9 Orders passed

Order No 1968 Education dated 17.6.49

In G.O. no 289 Edn dt 13.2.48, the Govt directed District Boards and Municipal Councils to grant advance increments to teachers in secondary schools under their Control giving weightage for their service in the Scales of pay which existed prior to 1.1.47 and refix their pay in the revised scale from 1.1.47, 1-10-47 or 1.1.48 as the case may be, as in the case of general establishment, without any claim for arrears of pay subject to the condition that the extra cost involved in the grant of the Concession should be met from their own funds. They have accordingly done so.

2. The Govt have considered the question whether the expenditure incurred on payments of salaries to teachers as refixed in the revised scales should be taken into account for purposes of assessment of teaching grant and have decided that the expenditure should be admitted for aid from the year 1948-9 onwards. The expenditure incurred in 1948-9 on payment of salaries to teachers according to the pay as refixed after allowing weightage will be taken into account in assessing the teaching grant for that year which is payable in the current year.

3 The additional expenditure in the current year on this account should be met by reappropriation or by obtaining an additional appropriation in due course.

Establishment- Local bodies - Secondary schools- Grant of advance increments in the revised scales. 126

--

Ms. 7/45/47-B1,

(V)

In para 1 of G.O.No. 975 Edn. dated 10-5-47, Govt. when fixing the revised scales of pay for teachers in secondary schools under local bodies ordered that the pay of the existing incumbents should be fixed in the revised scale at the stage next above the aggregate of his pay in the existing scale of pay and his temporary additional pay or personal pay if any, whether such aggregate represents a stage in the revised scale or not and if such aggregate is less than the minimum of the revised scale, his pay should be fixed at such minimum. This was based upon the orders issued in L.A. in respect of other establishments under local bodies. As this has not given much benefit to those with long service to their credit, L.A.Dept have in modification of the provisions orders directed that weightage should be given to district board and municipal employees in respect of their service prior to 1-1-47 as in the case of Govt. servants subject to the condition that the extra expenditure on account of the grant of advance increments should be met entirely from the funds of the municipal councils and district boards concerned and no subsidy will be paid by Govt. to the local bodies to meet any deficit which may be caused by the payment of advance increments.

The point for consideration now is whether such concession should be allowed to the staff employed in secondary schools under local bodies for whom revised scales of pay have been fixed by this Department.

2. The Government have undertaken to pay teaching grants to secondary schools under local bodies on the basis of half the net cost of maintenance of the institutions, during the preceding financial year. They will have to meet by way of teaching grant one half of the expenditure on account of the grant of advance increments to the staff in secondary schools. The condition in para (4) of G.O.No. 1422 L.A. dated

(W)

19-8-47 will not hold in this case. Associations of teachers under local bodies have passed resolutions that weightage for service in the grade given to Government servants should be allowed to them and there will be no justification for making a distinction between one class of servants and another in the employ of local bodies. It is therefore for ~~consideration~~ order whether the payment of advance increments to the teaching staff employed in secondary schools ~~in accordance with the provisions~~ as in the case of the employees of the local bodies, allowed in para 3 of G.O.No.1422 L.A. dated 19-8-47 ~~may be allowed~~ will be considered. If so, the D.P.I. may be asked to furnish an estimate of the extra cost involved in the grant of the concession by obtaining the required information from local bodies if necessary.

3. The Govt. have decided to insist on private managements adopting atleast the revised scales of pay fixed for the teaching staff in secondary schools under local bodies and have raised the basis of assessment of teaching grant from onehalf to two thirds of the approved net cost. The D.P.I. has raised the question as to how the pay of the existing teachers in private schools should be fixed in the revised scales and the question whether they should be allowed the benefit of the next higher stage or not has been raised for orders. The file has been sent to Finance for remarks. The question whether advance increments should also be allowed as in the case of govt servants or servants of local bodies will have to be considered only if the next higher stage is allowed. Any concession in this direction will involve much extra cost as twothirds of the cost will have to be met by way of teaching grant.. This question may be considered separately later on if necessary.

4. Action has been taken separately in regard to the staff employed in Elementary schools under local bodies.

5. The file may be sent to Finance for remarks ~~before a reference is made to the D.P.I.~~

Representations have been received that weightage to service has not been given in the case of secondary schools in the local boards. We have recently ordered that the number of instalments in secondary schools should be enhanced by two instalments, i.e. instead of eight, ten instalments may be levied. Roughly, local boards must be getting an extra income of nearly 20 %. In these circumstances, it must be possible for them to give this weightage to service. The extra instalments are being levied and so, there is no justification for our not giving wieghtage. Steps may be taken to issue orders to give them weightage. ~~The file may be put up.~~

It is not necessary that we should get figures at all. We know there must be 20% increase in the fees. No choice has been given to the Municipalities or District Boards in the matter of raising the fees from eight to ten instalments and so, the extra fee income must accrue.

In these circumstances, I think the weightage to teachers can easily be given from this extra income. H.M. L.A. may see. The matter may be treated as urgent.

2. The question whether the income derived from the levy of 10 instalments of fees at Standard rates should be deducted from the approved expenditure for arriving at the net cost or whether it should be limited to the income derived from eight instalments only, is under separate Consideration ~~of~~ Govt. ~~local bodies are allowed to~~ ~~that~~ the income derived from the levy of two addl instalments to meet their share of the addl expenditure on account of the adoption of the revised scales of pay and the grant of advance increments in the revised scale, the Govt will not be relieved of their liability to make a teaching grant on half the net cost basis. ~~and~~ The Govt liability on account of the grant of advance increments to teachers in Secondary Schools may be estimated approximately at 2.10 lakhs.

Finance (Exp.A)

Please see the previous Finance note on p.3 above and the notes following. 13)

H.M.Edn. has observed that, as the Government have recently ordered that the number of instalments of school fees should be increased by two instalments, i.e. from 8 to 10 instalments, the local bodies should be getting an extra income of nearly 20% and that the cost on account of sanctioning advance increments to the teachers in the secondary schools under the local bodies can easily be met from the extra income. Presumably H.M. (Govt) is of opinion that the levy of additional fees is intended to meet the extra cost on account of giving weightage to service.

It is submitted that the Cabinet Salaries Committee originally recommended that, before the introduction of the revised scales of pay was ordered, the finances of each local body should be investigated and the possibilities of finding additional sources of revenue should be explored. In accordance with that recommendation, the Government while giving effect to the revised scales of pay in G.O.No.975 Edn., dated 10-5-47, ordered that each local body should levy 10 instalments of tuition fees not below the standard rates, besides exploring the possibility of increasing the income derived under secondary education by increasing the rate of fees for each instalment or by other means such as increasing the endowments for schools. It cannot therefore be stated that the levy of additional instalments of fees was intended to meet the cost of giving weightage to service.

Marpp 4 as above

V

para 3 sup. 1(V)

Jcw 7/11 Secy.

If advance increments are also given to teachers in secondary schools under the control of local bodies as proposed, this extra liability to the Govt by way of grant-in-aid, on the existing basis for making grants to local bodies towards the maintenance of secondary schools, is roughly estimated at Rs 2·10 lakhs per annum.

PP

B1

The point for consideration is whether the Govt. should bear this additional expenditure. Prior to 1-1-47, the Govt. were paying fixed lump sum subsidies to local bodies towards the cost of maintenance of secondary schools opened prior to 1930. On the recommendation of the Cabinet Salaries Committee, the above system of subsidies was abolished and it was ordered that with effect from 1-1-47 local bodies should be given subsidies on the net cost basis as in the case of aided secondary schools. This in itself involved extra expenditure, even without any salary revision. As regards weightage being given for past service, this Department urged that the pay of the servants of the local bodies should be fixed only at the next above stage, and the Cabinet Salaries Committee also accepted this Department's recommendation that the pay of the servants of Municipal Councils and Local Boards in the revised scales should be fixed only at the next above stage, without any weightage being given to past service. In accordance with those recommendations, the Government have sanctioned the grant of advance increments to ~~the~~ teachers employed in the elementary schools only in respect of certain District Boards and Municipal Councils specified in the Appendix to G.O.No.2035 Edn., dated 19-9-47, subject to the condition that the extra additional expenditure involved should be met ~~entirely~~ from the E.E.Fund of the Local Body concerned, and that no subsidy would be paid by Government to Local Bodies towards the deficit which might be caused by the grant of advance increments to teachers. In the case of other Local Bodies, the Govt. are advising in each case that, in view of their poor financial position, advance increments need not be given, unless the Local Bodies concerned are prepared to meet the extra cost by ~~raising~~ raising the Educational tax. On that analogy, ~~Governments~~ this Department may suggest that weightage to service may be given only subject to the condition that the extra cost on that account should be met entirely by the local bodies, and excluded in calculating the Govt. grant-in-aid payable to the Local Body concerned towards the maintenance of ~~the~~ Secondary Schools.

If E.P.H. wish to press the proposal, it may be suggested to take advice in accordance with para 4(iii) of the Note shown in procedure."

The case relates to the proposal to give weightage for past service to the staff in secondary schools under local bodies in fixing their pay in the revised scales sanctioned from 1-1-47. Under the existing orders their pay should be fixed only at the next above stage without any weightage being given to past service. The Finance Department suggest that on the anology of the orders already passed in respect of Elementary school teachers and the general establishment under local bodies, weightage to service ~~is~~ may be given to teachers in secondary schools subject to the condition that the extra cost on that account should be met entirely by the local bodies and excluded in calculating the teaching grant payable to the local body concerned towards the maintenance of secondary schools. The suggestion does not seem acceptable. The staff in secondary schools under local bodies stand on a different footing from the rest of the staff as in the case of the ~~former~~ secondary schools the expenditure incurred on the payment of salaries in the revised scale will be taken into account in assessing the teaching grant payable to the institution, and the Govt will have therefore to meet normally one-half of the extra cost involved in the grant of advance increments by way of teaching grant. If as suggested by Finance, the cost on account of the grant of advance increments is excluded for purposes of assessment of teaching grant and the pay as fixed at the next above stage is alone taken into consideration each local body will have to deduct the amount of additional pay earned by the grant of advance increments from the expenditure incurred on payment of salaries as per the pay fixed in the revised scale including advance increments when applying for the teaching grant for each institution every year and the checking of the financial statement for purposes of grant will become more cumbersome. Further if local bodies are required to meet the entire extra cost on account of the grant of advance increments from their funds some of the local bodies may not be in a position to grant that concession. A statement showing the anticipated income from the levy of additional instalments of school fees in secondary schools under each local body is at 'd'. The Director has roughly estimated this income at 7.16 lakhs. The total expenditure on account of the grant of advance increments works out to Rs.4.19 lakhs as shown in the statement

(d) 1188 cf

(m)

P.T.O.

at 'm'. It will be observed that the expenditure on the grant of advance increments can be met from the additional fee income if the additional fee income can be set apart for this expenditure alone. The additional income is, in fact, intended to cover the additional expenditure on account of the adoption of the revised scales of pay with fixation of pay at the next higher stage. It will be seen from the statement at 'g' that the additional ultimate expenditure to local bodies on account of the revision of salaries is Rs.8.6 lakhs. If the fee income from the levy of additional instalments of fees (which is about Rs.7 lakhs) is set apart towards this expenditure, the local bodies will have yet to meet a deficit of Rs.1.6 lakhs from their General Funds. This is besides their share of the expenditure on the maintenance of secondary schools which is estimated at Rs.11.58 lakhs. It does not therefore seem that to the already existing burden the expenditure of Rs.4.19 lakhs on account of the advance increments should be added.

The maximum liability to Government by way of grant if the increased pay on acct. of the grant of advance increments is admitted for assessment of teaching grant will come to about Rs.2.10 lakhs. In the circumstances and in view of the considerable agitation for the grant of advance increments, this deparment may press the proposal

(i) for the grant of weightage of service to the staff in secondary schools under local bodies, and

(ii) to assess teaching grant on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments instead of excluding the extra cost on the grant of advance increments for purposes of assessment as suggested by Finance.

It is wrong for Finance to imagine that when the revision of salaries were given, the increase in the instalments were contemplated. They were not contemplated

12

The increase was made in June while revision of salaries was made sometime in March last.

We should press the proposal that immediate effect must be given for weightage of service to the staff in secondary schools under local bodies and to assess teaching grant on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments. Because of the increase in instalments the commitment to the provincial funds will not also be much. In fact, it will not exceed the extra one-fifth income which we will get by increasing the eight instalments.

Please see the minutes of H.M (Fin) above. In Go. no 948 Edn dy 10.5.47 and no 1154 Edn dy 5.6.47, the Govt have directed that the revised scales of pay fixed for teachers in secondary schools under local bodies should be given effect to from 1.1.47. The pay of the existing incumbents in the revised scale should be fixed at the next above stage from the above date in accordance with those orders. If weightage for service is also given, the ~~grant~~ pay should be refixed giving the advance increments due from 1.1.47.

It is presumed that it is the intention of H M (Fin) that the calculation of advance increments due should be made as for 1.1.47 but effect should be given from 1.1.48. In elementary schools under Local Bodies wherein weightage of service has been allowed for teachers effect has been given from 1.1.47. The secondary schools under the Local Boards have been placed on the same basis as aided schools for purposes of grant. It is certainly open for aided schools to give weightage and claim Govt. grants over it. It is not proper that we should differentiate in this matter in the treatment of the staff of the Local Boards. From the point of view of the Local Boards, they have enough funds especially in view of the raising of the instalments and I think in all fairness to the staff employed in the Local Board High Schools, we must give them these weightage for services.'

TSA
1-12-47

with reference to the minutes of H M (Edn) above it is submitted that in the case of secondary schools under local bodies, teaching grants are assessed on the basis of half the net cost while in the case of aided secondary schools the grant is calculated on the basis of two thirds of the net cost.

I have had a talk with H.M. L.A. over this matter. It will be cruel not to allow weightage of service in the case of teachers in secondary schools. Some Chairmen of Municipal Councils have made representations to me that they may be allowed to give weightage atleast from their own funds. H.M. L.A. is agreeable to that proposition. Orders may be issued through the L.A. Dept. that Local Boards where possible may give weightage for services out of their own funds. H.M. L.A. may see.

No 2756 Edn dt 27-12-47 ~~27.11.47~~ in regard to the grant of advance increments to teachers in secondary schools under local bodies giving weightage for their service rendered prior to 1-1-47 as has been done in respect of other employees under local bodies paid from general funds provided the local bodies concerned can afford to meet the extra cost involved from their general funds without any expectation of grant from the govt and if other employees under their control have been given such weightage.. This would enable such of the local bodies as are willing to grant weightage to do so without further reference to govt.

May be circulated to H.M (Edn) for orders whether any further action should be taken in the matter + whether local bodies may ~~should~~ be informed that ~~the~~ govt have considered the question whether the extra expenditure involved in the grant of advance increments with reference to the weightage of their service in the scale existing prior to 1.1.47 should be taken into account in assessing the teaching grant and have decided that it should be deferred so that local bodies may ~~be apprised~~ decide knowing fully the implications in the grant of advance increments.

H.M (L.A)

I have gone through the matter carefully. In the case of the Secondary Education

staff, all local bodies have been ordered already to adopt the ~~xxx~~ revised scales of pay from one date viz. 1-1-47 - Please see G.O.No.1154, E & P.H. (Education) dated 5-4-1947.

The question of refixing the pay of the teachers in the new scales refixing their pay giving weightage for their past service is still to be decided.

The proposal of the H.M.(Education) that local bodies may be directed to allow weightage to their secondary education staff for their service in the old scale will be accepted. But the dates from which this re-fixing of pay will take effect will vary with the present financial capacity of each local body.

So far as the general establishment is concerned, not only have the revised scales been given effect to from varying dates, in the different local bodies but even their giving weightage to past service also from the same varying dates. Government have ordered that revised

scales of pay with weightage for past service should be given effect to from 1-1-47 in the case of 51 municipal councils and 17 District Boards, from 1-10-47 in the case of 22 other municipal councils and 7 District Boards and from 1-4-48 in the case of the remaining 8 municipal councils. Therefore local bodies may now be directed to take into account the service of the teachers prior to 1-1-47 in all cases, allow advance increments in accordance with the principles laid down for other staff and refix their pay in the revised scales. Local bodies which have not given weightage as yet and which fall in the first group of 51 municipalities and 17 District Boards referred to above, may be asked to give their teachers revised pay (with weightage) from 1-1-47. Those that fall in the second group of 7 District Boards and 22 municipal councils may give the revised pay to their teachers (with weightage) from 1-10-47, without any claim for arrears. Those municipalities, which fall in the third group of 7 municipalities referred to above may give the revised pay to their teachers (with weightage) from 1-4-48, without any claim for arrears. Those teachers who are ineligible for any advance increment may be allowed to count service inthe pre-revised scale upto a maximum of one year.

In all cases the period of service of the teachers in the revised scales will count for increment from 1-1-47. It may be laid down that the extra cost involved in giving weightage for past service should be borne from the funds of the respective local bodies.

As Government issue the direction for revision of pay, the pay as revised should in fairness be taken into account for purposes of working out the net cost and grant. The question whether the extra cost should be taken into account in assessing the teaching grant payable to local bodies has only been deferred~~x~~ for

ne present. It will have to be taken up at the earliest opportunity and settled. Local Bodies can ill afford to meet the bill for all time.

I am glad that H.M.(FIN.) and H.Pr. have accepted the principle that weightage should be given for teachers in secondary schools in local bodies also and that the Govt. should pay half net grant on that also. I understand that (to make that) has to go to Finance and then before the Standing Finance Committee and the Cabinet. It will take a long time. In the meantime, teachers are anxious. I am glad that in the note of H.M.(L.A.) in page 24, he has accepted that "in all cases, the period of service of the teachers in the revised scales will count for increment from 1-1-47 and that it may be laid down that the extra cost involved in giving weightage for past service should be borne from the funds of the respective local bodies".

I suggest that orders may be issued on the lines indicated by H.M.(L.A.) immediately pending consideration of this matter before the Cabinet.

I agree with H.M.(L.A.) when he has said that local bodies can ill afford to meet the bill for all time and the matter will have to be taken up at the earliest opportunity and settled. Sub: Advance increments in the revised scales of pay to teachers in secondary schools under local bodies - Payment of grant.

Summary of Cost.

Major Head of Account.	Minor and Sub-Head of Account	Ultimate cost. Recurring.	Cost in the year of introduction. 1947-1948. 1948-9
		Rs.	Rs.
37.Education - Secondary - Grants to local bodies for secondary education - Ordinary and Partially excluded areas.	1 Teaching-Voted	2.10 lakhs.	Nil. (Will depend on the date of giving effect to the scheme)

In May 1947, when sanctioning the introduction of the revised scales of pay for teachers in secondary schools under local bodies as from the 1st January 1947, it was ordered that the pay of each of the existing incumbents should be fixed in the revised scales at the stage next above the aggregate of his pay in the existing scale of pay and his temporary additional pay or personal pay, if any, whether such aggregate represents a stage in the revised scale or not. If such aggregate is less than the minimum of the revised scale, his pay should be fixed at such minimum. These orders have not benefited appreciably teachers who have put in long service under local bodies.

2. In the case of Government servants including teachers in Government secondary schools, after the pay is fixed in the revised scale at the next above stage, advance increments have been allowed giving weightage for their service in the scales existing prior to 1st January 1947. This concession has already been allowed to teachers employed in Elementary Schools and in respect of employees paid from general funds subject to the condition that the additional expenditure involved on account of the grant of the concession should be met entirely from the Elementary Education Fund or the General Funds of the local bodies concerned as the case may be.

3. Representations have been made by Secondary School Teachers' Associations in regard to the grant of the concession to secondary school teachers under Local Bodies. The Director of Public Instruction has recommended that the teaching staff in secondary schools under local bodies should also be allowed the benefit as it does not stand to reason that they should be deprived of this weightage for their service in the old scales prior to 1st January 1947. It is accordingly proposed to allow weightage for service to teachers in secondary schools under local bodies in accordance with the provisions

p.t.o.

governing the grant of advance increments to other employees xxxxx under local bodies.

4. With effect from the 1st January 1947, the Government have undertaken to pay teaching grants to all recognised secondary schools under local bodies on the basis of half the net cost of maintenance of the institutions in the previous Financial year. As teaching grants will have to be assessed on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments, one half of the extra cost involved in the grant of advance increments will have to be met by Government by way of grant.

5. The Finance Department pointed out that the introduction of the system of payment of teaching grants to all the secondary schools under Local Bodies on half the net cost basis with effect from the 1st January 1947 instead of the fixed lump sum subsidies paid to certain schools opened prior to 1930, in itself involved extra expenditure even without any salary revision, that the Cabinet Salaries Committee recommended that the pay of servants of local bodies should be fixed only at the next above stage without any weightage being given to past service and that in accordance with those recommendations the grant of advance increments to teachers in elementary schools in respect of certain local bodies has been sanctioned subject to the condition that the additional expenditure involved should be met from Elementary Education Fund of the local bodies concerned and that no subsidy would be paid xxxxxxxxxxx by Government towards the deficit which might be caused by the grant of advance increments. They suggested that on that analogy weightage to service may be given to secondary school teachers subject to the condition that the extra cost on that account should be met entirely by the local bodies concerned and excluded in calculating the Government Grant-in-Aid payable to the local body concerned towards the maintenance of secondary schools. They further suggested that if the proposal is to be pressed orders may be taken in circulation and the new service procedure followed.

This Department however noted that the exclusion of the expenditure on account of the grant of advance increments from the expenditure incurred on xxx payment of salaries when claiming the teaching grant will entail additional work and the procedure for assessment of grant will become more cumbersome, and, apart from that, that some of the local bodies may not be in a position to meet the entire cost on account of the grant of advance increments from their funds and if their liability is limited to one half it could be met from the additional income derived by the levy of 10 instalments of fees. The case was then circulated for orders. On this, the Hon'ble Minister for Education minuted as follows:-

"It is wrong for Finance to imagine that when the revision of salaries were given, the increase in the instalments were contemplated. They were not contemplated. The increase was made in June while revision of salaries was made sometime in March last. We should press the proposal that immediate effect must be given for weightage of service to the staff in secondary schools under local bodies and to assess teaching grant on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments. Because of the increase in instalments the commitment to the provincial funds will not also be much.

In fact it will not exceed the extra one-fifth income which we will get by increasing the eight instalments.

The Hon'ble the Minister for Local Administration agreed to the proposal.

The Hon'ble the Minister for Finance minuted as follows:-

"Weightage may be allowed. Teaching grant may be assessed on the basis of the expenditure incurred on weightage too. Revised scales on this basis may come into effect from the 1st January 1948.

B.G.(opal) R(eddy),

6. In view of the urgency, the case was circulated for orders whether the proposal may be placed before the Cabinet. The Hon'ble the Premier minuted that this may be deferred.

7. Pending a decision on the above question, it was proposed that local bodies might be permitted to grant advance increments and refix the pay of the teachers in the revised scales meeting the entire extra cost from their own funds without any expectation of grant from the Government. Hon'ble the Minister for Local Administration agreed to the proposal. He minuted as follows:-

".....Local Bodies may now be directed to take into account the service of teachers prior to 1-1-47 in all cases, allow advance increments in accordance with the principles laid down xxxx for other staff and refix their pay in the revised scale." ...."

"As Government issue the direction for revision of pay, the pay as revised should in fairness be taken into account for purposes of working out the net cost and grant. The question whether the extra cost should be taken into account in assessing the teaching grant payable to local bodies has only been deferred for the present. It will have to be taken up at the earliest opportunity and settled. Local bodies can ill afford to meet the bill for all time.

H.M. Finance and H.Pr. should see.

The case was circulated to the Hon'ble the Minister for Finance and the Hon'ble the Premier after circulation to the Hon'ble the Minister for Education.

H.M. Finance minuted as follows:-

"The above is a reasonable demand on provincial finances. It only means a grant-in-aid. If we do not do even that, then we have no right to ask local bodies to adopt enhanced salaries weightage etc.
Our right to direct involves responsibility to share their burden.

The Hon'ble the Premier agreed with the minutes of the Hon'ble Minister for Finance.

The file was then recirculated to the Hon'ble the Minister for Education. He minuted as follows:-

" I am glad that the Hon'ble the Minister for Finance and the Hon'ble the Premier have accepted the principle that weightage should be given for teachers in secondary schools in local bodies also xx and that the Government should pay half not grant on that also. I understand that the matter has to go to Finance and then before the Standing Finance Committee and the Cabinet. It will take a long time. In the meantime, teachers are anxious. I am glad that the Hon'ble the Minister for Local Administration has accepted that "in all cases, the period of service of the teachers in the revised scales will count for increment from 1-1-47 and that it may be laid down that the extra cost involved in giving weightage for past service should be borne from the funds of the respective local bodies."

I suggest that orders may be issued on the lines indicated by the Hon'ble the Minister for Local Administration immediately pending consideration of this matter before the Cabinet.

I agree with the Hon'ble the Minister for Local Administration when he has said that local bodies can ill-afford to meet the bill for all time and the matter will have to be taken up at the earliest opportunity and settled. Now that the Hon'ble Minister for Finance and the Hon'ble the Premier have agreed, I hope it will be a matter of time and in the meantime, orders as suggested above may issued.

T.S.A. (Vinashilingam)

8. Orders were accordingly issued directing local bodies to grant advance increments to teachers in secondary schools giving weightage for their service in the scales which existed prior to 1-1-47 subject to the condition that the entire cost on account of the grant of the concession should be met from the general funds of the local bodies. As in the case of the general establishment local bodies have been divided into three groups and permitted to refix the pay of the teachers allowing advance increments with effect from 1-1-47, 1-10-47, or 1-4-48 as the case may be without any claim for arrears. Those teachers who are ineligible for any advance increments have been allowed to count service in the pre-revised scale of pay upto a maximum of one year.

9. The points for decision are (1) whether the expenditure incurred on payment of salaries to the staff in secondary schools as refixed allowing weightage for their service in the scales which existed prior to 1-1-47 should be taken into account for purpose of assessment of teaching grant and (2) if so from what date.

If the expenditure incurred ~~incurred~~ from dates on which the pay has been refixed by each local body is taken into account, the Government will have to incur some additional expenditure by way of teaching grant in respect of local bodies which have refixed the pay from 1-1-47 and 1-10-47 and additional funds will have to be provided in the Budget Estimate for 1948-49 to meet this expenditure by obtaining a supplementary grant.

The approximate total expenditure on account of the grant of advance increments to teachers in secondary schools under local bodies is estimated at Rs.4.19 lakhs and the ultimate recurring liability

to Government by way of teaching grant will be 8.10 lakhs.

10. The particulars to be furnished for financing new schemes of expenditure are given below:-

(a) Budget provision under the Major Head of Account 8.20.42.900 ~~Rs.6,99,62,900~~

(b) Actual expenditure under the Major Head in the current year to the end of ~~November 1947~~ April 1948 (for which the figure is available 12,16,317 ~~Rs.3,19,98,703~~

(c) Estimate of expenditure on the scheme in the current year Nil

(d) Savings in the budget provision for other items included in the major heads (No savings are anticipated at present)

(e) Total commitment in the year under the major Head on account of new schemes (not provided for in the budget) sanctioned since the beginning of the financial year upto the end of the month of ~~December 1947~~ May 1948. Rs. 12,28,000 ~~11,35,800~~

(f) Total commitment in the year under all major heads of account of new schemes (not provided for in the budget) sanctioned since the beginning of the financial year upto the end of the month of ~~December 1947~~ May, 1948. Rs. 95,73,500 ~~3,75,08,300~~

Note for the Cabinet

Subject - Advance increments in the revised scales of pay to teachers in secondary schools under local bodies - Expenditure to be taken into account for purposes of assessment of teaching grant.

In the case of Government servants including teachers in Govt secondary schools, after their pay was fixed in the revised scale at the next above stage, advance increments were allowed giving weightage for their service in the scales of pay which existed prior to 1.1.47). Representations were made by secondary school teachers Associations in regard to the grant of the concession to secondary school teachers under local bodies. The DPI recommended that the teaching staff in secondary schools under local bodies should be allowed the benefit as it did not stand to reason that they should be deprived of the weightage for their service in the old scales prior to 1.1.47. It was accordingly proposed to allow weightage for service to teachers in secondary schools under local bodies in accordance with the provisions governing the grant of advance increments to other employees under local bodies.

2. With effect from 1.1.47, the Government have undertaken to pay teaching grant to all recognised secondary schools under local bodies on the basis of half the net cost of maintenance of the institutions in the previous financial year. As teaching grants will have to be assessed on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments, one half of the extra cost involved in the grant of advance increments will have to be met by Govt by way of grant. The question should therefore be placed before the S.F.C. before orders are issued admitting the extra expenditure to avoid the Cabinet. As this would take a long time, it was decided in circulation that local bodies might be permitted to grant advance increments and refix

pay of the teachers in the revised scales meeting the entire extra cost from their own funds without any expectation of grant from Government and that the question whether the extra cost should be taken into account in assessing the teaching grant should be taken up at the earliest opportunity and settled as local bodies could ill afford to meet the bill for all time. Orders were accordingly issued ~~accordingly~~, directing local bodies to grant advance increments to teachers in secondary schools giving weightage for their service in the scales which existed prior to 1.1.47 subject to the condition that the entire cost on account of the grant of the Concession should be met from the general funds of the local bodies. As in the case of general establishment, local bodies ~~were~~ were divided into three groups and permitted to refix the pay of the teachers allowing advance increments with effect from 1.1.47, 1-10-47 or 1.4.48 as the case ~~is~~ may be, without any claim for arrears of pay. Those teachers who were ineligible for any advance increments were allowed to count service in the pre-revised scales of pay upto a maximum of one year. - Accordingly all Dt Bds and municipal Councils have granted advance increments to teachers in Secondary Schools under their control from their own funds.

3 The ultimate recurring liability to Govt by way of ~~the additional expenditure on salaries on account of the grant of advance~~ increments is taken into teaching grant is estimated at 2.10 lakhs. The question for assessment of teaching grant whether the expenditure incurred on payment of salaries as refixed allowing weightage for past service may be taken into account for purposes of assessment of teaching grant ~~if so~~ from what date, was considered by the S.F.C on 27.4.49. The Committee approved the proposal and decided that the Concession should be allowed retrospectively from the date on which the pay of the teaching staff was refixed. The expenditure in 1948-9 on payment of salaries according to the pay as refixed after allowing weightage will be taken into account in assessing the teaching grant for that year payable in the current year if the expenditure is admitted for grant. In addn, grants will have to be made towards the expenditure incurred in 1947-8. according to the decision of the S.F.C, this may roughly be estimated at Rs 1.5 lakhs. The additional expenditure ~~estimated at Rs 1.5 lakhs~~ in the current year on account of this proposal will have to be met by re-appropriation or by moving a supplementary demand in due course

4. The point for decision now is whether the recommendation of the S.F.C. ~~was to be accepted~~ that the Concession should be allowed retrospectively from the date on which the pay ~~of~~ of the teaching staff was refixed, may be accepted.

How'ble Minister for Educn

The note for the Cabinet on Pr 45-46 with regard to the question that the expenditure incurred by local bodies in the grant of advance increments in the revised scales of pay to teachers in Secondary schools should be taken into account for purposes of assessment of teaching grants has been circulated to all the Hon'ble Ministers. The file may now be sent to Chief Secretary.
