*In View of*

MADRAS,

below, I have no objection 15th June 1949.

in opening 4th Form of the school.

Dear Hon. Mr. Madava Menon, may be told so. *KM*

In continuation of my personal representation to you yesterday, I have to further place the following facts, before you, for your kind and sympathetic consideration in the educational interest of the growing students of Thondi, a remote corner in the Ramnad District:-

1. This school was originally an aided school under the management of late Janab. Syed Mohamed Sahib, M.L.A. After his demise the school was closed for want of finance.

2. In November 48, On my representation, then education Minister, Mr. Avinasi-lingam Chetty ordered for the management of the school by the Ramnad District Board. From then, till today, it is running as such having as for as III form in it.

3. As there is no high school within a radius of about forty miles from this school, to facilitate the school going population of this area, on the representation of the leader of the opposition with me then Minister Hon. Mr. A. B. Shetty. Assured, in the month of April 1949, to grant permission to us to open Fourth Form if the district Board is willing do so.

4. On this, the Ramnad District Board applied to the Director of Public Instruction, on 11-5-49, requesting permission to open Fourth Form in the said high school. When I met the concerned Educational authorities, here, on 13-5-49, I was given to understand that it is not possible for them to grant such a permission without

Sir,

Sub:-- Board High school, Tondi - District Board,

45979

In submitting herewith as desired (By phone) by the Honourable Minister for Education, the letter RC 10499/48 dated 21-5-1949 of the Special Officer, District Board, Ramnad requesting for permission to continue Form IV in the Board High school, Tondi during the year 1949-50, I wish to state that while approving the transfer of management of this school to the District Board, Ramnad Government have stated in their order No. 2825 Edn., dated 26-11-48 that the District Board should maintain the school only as a Middle school with Forms I to III from next school year (1949-50) and the question of converting the school into a High school by opening Higher Forms should be taken up later on if the strength of the school warrants such development. Government also insisted on "Form IV being allowed to continue only during the current school year (1948-49)". The Special Officer, District Board, Ramnad however requests that Form IV may be allowed to be retained and continued in 1949-50 in view of the fact that there are about 40 pupils awaiting admission in that Form. But the remarks of the District Educational Officer (enclosed) show that there is no prospect of Form IV having economic strength during 1949-50 and even during 1950-51 and that the accommodation also is likely to be found not satisfactory for even the Middle school during 1949-50. He, therefore, suggests that both the Private Parents' association and the District Board may do adequate propaganda in 1949-50 and build up strength in the lower Forms and pave the way for IV Form in 1950-51. The Divisional Inspector of schools has also endorsed the opinion of the District Educational Officer (vide, his remarks enclosed) and I am also to agree with their views. The Government Endt. 33219-B1/49-1 Edn., dated 10-5-1949 is also resubmitted herewith for perusal.

I request that the originals enclosed herewith may kindly be returned after they are done with.

Yours faithfully,

Hon'ble the Educational Minister,

and favourable disposal:

The Resolution reads as follows:-

" About 30 students are ready for admission in the 4th Form

Sir,

Subject:— Education — S.M. Board High School, Tondi —  
Rannad Dist — Continuance of IV Form — in  
1949-50 — Sanction requested —

Reference:—

Tondi is a place without any facilities for  
Secondary Education nearer than Devakottai, a  
Costly place, more than 30 miles away.

The people living in this part of Rannad  
District both Hindus and Muslims are generally  
too poor to send their children to distant places  
for higher education and has remained  
Educationally backward for a very long  
time.

The population of Tondi and the  
neighbouring villages warrants the expectation of  
of very good strength in the High School in the  
immediate future, owing to the assurance of  
stability and good management under the  
District Board, Rannad, which has recently  
taken over the management of the school  
in March, 1949.

P.T.O.

The low strength in the school during 1948-49 was due to various adverse circumstances like the unstable management of the school under the old committee, serious widespread attacks of cholera for 4 months in the year and conditions of utmost famine and suffering to the people in the neighbourhood owing to an unprecedentedly long drought.

30 pupils are confidently expected to study in Form IV during the next academic year. All these will otherwise have to go to distant places and live in expensive hostels. Possibly most of them may have to stop their studies unless they get local facilities for continuing at school.

This is an economically and educationally backward area which deserves generous treatment at the hands of all authorities and the Government in the matter of provision of facilities for higher education.

It is therefore requested that early sanction may please be accorded for the retention and continuance of IV Form in the S.M. Board High School, Tondi, so that the expected strength of 30 may be realised by the time of the reopening of the school after Summer Vacation on 6th June, 1949.

Copy of Panchayat Board Resolution No. 20 dated 23-4-49 is herewith enclosed.

Copy of proceedings no. 20 dated 23-10-49 of  
The Tondi Panchayat Board passed at its ordinary  
meeting.  
Present:- S. S. M. Syed Ibrahim Sahib,  
President.

Proceedings no. 20.  
Read:- Whereas IV form has been continuing  
in the S. S. M. Board High School, Tondi, Rannad, from  
1947-48 till now.

Whereas owing to the assurance of  
stability of the High School, under the management  
of the District Board, Rannad a large number of  
students wish to join here in the academic year  
and especially into the IV form, which is expected  
to have a strength of more than 30 pupils.

Whereas the poor strength in the school  
during 1948-1949 was caused only by the lack  
of stability of the institution under the old  
management as well as the hardships caused  
by long drought and famine to the people living  
in the neighbourhood.

Whereas all these pupils living in the  
neighbourhood will have to go otherwise to distant  
and costly places more than 30 miles away at  
considerable expense and inconvenient to pursue  
their studies in the higher forms.

This Board requests the concerned authorities  
and the Government of Madras to sanction the  
continuance of the IV form in this school from the  
academic year 1949-50.

Resolution:- Unanimously approved.

2. Strength in the higher forms has not been encouraging in the past as may be seen from the following data.

|          |    |    |     |       |
|----------|----|----|-----|-------|
| Forms    | I  | II | III | total |
| Strength | 46 | 25 | 19  | 90    |

|          |    |     |     |    |       |
|----------|----|-----|-----|----|-------|
| Forms    | I  | II  | III | IV | Total |
| Strength | 58 | 533 | 18  | 13 | 122   |

| Forms    | I  | II | III | IV | Total |
|----------|----|----|-----|----|-------|
| Strength | 30 | 26 | 9   | 12 | 87    |

|          |    |    |     |    |       |
|----------|----|----|-----|----|-------|
| Forms    | I  | II | III | IV | Total |
| Strength | 24 | 12 | 18  | 5  | 59.   |

Out of 18 pupils of Form III in 1948-49 only 12 have been promoted. The Headmaster has reported that these pupils are most likely to continue their study in the School if IV form is retained in the School in 1949-50. Members of the Parents' Association and the Headmaster have also reported that some pupils who have passed III Form in other schools are also likely to join in IV in the School. Particulars of such pupils with consent of parents have been called for but are not yet received. But this would be only drawing away pupils from other schools though this Board School may be more convenient, being nearer home for such pupils. The number is besides uncertain yet. There is another fact to be taken note of. There were only 12 pupils in II Form at the end of 1948-49 and of these 10 pupils have been promoted to III Form and this will not be by itself a promising strength for IV form in 1950-51. So strength in III Form also has to be increased to lay a sure foundation for IV Form. No doubt Pondi is an isolated and backward area and Secondary Education needs to be encouraged among the people here, but whether IV form can be continued in 1949-50 with economic strength and whether there will be adequate strength in III Form in 1949-50 and in IV form in 1950-51 would appear to be rather doubtful in spite of the promises vouchsafed by the Parents' Association, when there is the difficulty in respect of accommodation. There is only one long thatched shed measuring 17'3" x 16' with only an incomplete small room (16' x 13') for the Headmaster, the Office, the Library and the Laboratory. The classes and staff are all provided for in the long hall divided by screens far from sound proof. Certainly this is not at all a satisfactory position for a High School. There is the Hostel building, tiled, with one or two extra rooms besides the Kitchen and dining hall. The District Board now has proposed to utilise one of the rooms for craft class. This is encroaching on Hostel accommodation and unless the Hostel is revived in 1949-50 there is no hope of rehabilitating this decayed school. It is

now too late for the Dt. Board to plan any new additional shed to meet the needs of IV form. Even without IV form in 1949-50 the existing accommodation is likely to be found not satisfactory for the Middle School. There are only thatched latrines put up for staff, boys and girls though this may not be treated as a serious drawback affecting the continuance of IV form. The staff and equipment of the school were quite inadequate in 1948-49. But the District Board may be in a position to improve them in 1949-50. These factors ~~also~~ may not weigh much in considering the continuance of IV Form in 1949-50.

But the uncertain economic strength in III and IV forms and the unsatisfactory position in respect of accommodation do not justify the continuance of IV form in 1949-50. It is upto the parents' Association and the District Board, the present management, to do adequate propaganda in 1949-50 and build up strength in the lower forms and pave the way for IV Form in 1950-51. The Hostel also will have to be revived and made popular to ensure steady and economic strength in the lower forms in the School.

Schools - Secondary - District Board Ramnagar

for Continuance of Form W in 1949-50

From Haji Abdul Khader Jamali P.S. Ramnagar

From the DP 9 RC. 1153. G-2/49 & 15.6.49

②/41-42 of

In G.O. no 2825 Education dated 11-11-48, the Govt while permitting the District Board Ramnagar to take over the management of the incomplete Secondary <sup>(upto IV form)</sup> School at Tondi, directed that the school should be maintained only as a middle school from the current school year <sup>(1949-50)</sup> and that the question of converting the middle school into a high school should be taken up later on if the strength of the school warrants such development. The S.O. DTSD Ramnagar has now applied to the DP 9 for the continuance of Form W in the school in the current year also, as the strength of the form is expected to be economic. Both the DFO & the Divisional Officer of Schools are of opinion that from the point of view of accommodation & strength also, it is not desirable to permit the continuance of Form W. The DP 9 is also of the same view.

2. Attention is solicited to the notes connected with G.O. no 2825 dated 11-11-48. It has been observed therefrom that the financial position of the DTSD is not satisfactory and that the DTSD will not be in a position to satisfy the requirements of the Deptt in respect of accommodation, staff, equipment unless public benefactors come forward which is very doubtful. It is however for consideration whether the DTSD should be allowed an opportunity to improve the school by maintaining its status.

the place that St. Robert is situated in a corner of

perhaps be agreed to.

The financial position does not  
seem to have improved. The  
mere fact that the nearest

the D.P.D. has stated that the accommodation  
to be found not satisfactory even for a middle  
During 1949-50. In the circumstances, this Deptt.  
may advise against the proposal of St. Bd. to  
Continue the IV Form during 1949-50 as this will  
involve payment of a large teaching grant from  
Revenue funds.

with reference to the minutes of HM (Con) above,  
attention is solicited to para 2 of go no 975 Edn 3  
10.5.47 under which teaching grants on the basis  
of one half of the approved net cost of maintenance  
are payable in respect of all recognised secondary  
schools under local bodies. If permission is accorded  
for the retention of Form IV, the expenditure on the  
maintenance of that form also will have to be taken

 amount in assessing the teaching grant. As at the time  
 transfer of management was permitted, it was considered  
 that the Govt's liability will be only in respect of a middle  
 school from the current year, the present proposal will  
 involve payment of larger teaching grant as pointed out  
 by Finance at X on p 3 of. unless it is ordered that  
 the entire cost on account of Form IV should be met  
 from the funds of the Dt Bd. For this purpose the Dt  
 Bd will have to maintain separate accounts in respect  
 of the high school Dept and this will create a new  
 system under which the middle school alone is aided by Govt  
 and the high school ~~department~~ department is maintained  
 by the Dt Bd from its own funds. If the financial  
 position of the Dt Bd is really not satisfactory  
 the Dt Bd will certainly come up to Govt for aid  
 Orders of HM (Edu) may therefore be taken as to whether it  
 is the intention that permission to retain Form IV should  
 be accorded subject to the condition that the entire  
 cost on maintenance of the form should be met from  
 the funds of the Dt Bd & no teaching grant will be  
 made for this form.

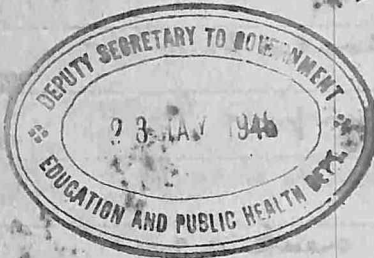

2. In regard to the minutes of HM (Fin), it is  
 submitted that the Dt Bd will have to provide the  
 necessary addl accommodation by putting up a temporary  
 shed if the existing accommodation is found insufficient  
 vide Condition (7) on p 42 of G.O. no 28252 du 2 11-11-48  
 It is not proposed to make any grant to the Dt Bd  
 for this purpose now.
