dated 9-4-1949. *pick*

I have already recommended the opening of a High School by the Panchayat Board, Valparai in my letter No.L.Dis. 10506--47 dated 4-11-47. Government have in their orders in G.O.Ms.No.935 - Edn. dated 20-4-1949 have also permitted the opening of a Middle School and have stated that the question of converting the Middle School into a High School might be considered after experience is gained of the working of a Middle School. The Collector & Special Officer of the District Board has no objection to the Panchayat Board starting a High School straightaway.

Sub :-- Education--Secondary--Valparai Opening of a
High school by Valparai Panchayat Board
during 1949--50.

Ref :- Director's Endorsement Rc. 849 G.2-49 dated
31--5--49 in reply to Government Memo No.
25239- Bl-49 1 Edn. dated 9--4--49

In continuation of Director's Endorsement
referred to above I am submitting herewith the letter Rc.85 A-49
dated 6--4--1949 of the Executive Officer, Panchayat Board Valparai
requesting permission to open Form IV in the Panchayat Board Middle
School, Valparai during the year 1949--50, together with a copy
of the Resolution of the Panchayat Board in the matter.

Attention is invited in this connection to para
1 of G. O. No. 935 Edn. dated 20--4--48 wherein Government, while
sanctioning this Middle school from 1948--49, have stated that the
question of converting the Middle school into a High school may be
considered after experience is gained of the working of the Middle
School. But the Panchayat Board requests for permission to convert
the Middle school into a High School during 1949--50 itself in view
of the circumstances explained in the annexure to the Commissioner's
letter. The District Educational Officer Coimbatore and the Nilgiris
also recommends this proposal--vide copy of his letter Rc. 196- E49
dated 3--6--49 enclosed. It is therefore suggested that Government
may be pleased to permit the Panchayat Board Valparai to open Form
IV in the school during 1949--50.

Yours faithfully

Sir,

Sub :- Schools--Secondary Panchayat Board--Middle Valaparai--Opening of Form IV From 1949--50 Remarks.

Ref :- Your R.C. 804 G2/49 dated 31--5--1949.

I visited the locality (Valparai) on 30--5--49 along with the Divisional Inspector. The opening of Form IV is quite essential to meet the educational needs of the Anamalais. The Panchayat Board have successfully managed a Middle school last year. They can run a High School successfully because of their resources and their central situation in a rich plantation area. The Coimbatore District Board have also no objection. I recommend the sanctioning of Form IV in the Panchayat Middle school, Valaparai from this school year 1949--50.

ANNEXURE.

(a) Valparai is a central place to the entire Anamalai Hills constituting the Valparai Panchayat Board with an area of 154 sq.miles and a population of about 60,000 consisting of 43 estates and the Government Cinchona Plantations. There are elementary schools in almost all estates besides the fifteen elementary schools run by this Panchayat Board. There is one Higher Elementary school in Mudis estate and a Panchayat Board Middle School in Valparai. Valparai township is the central place of all activities for the whole of this hill area and a High School is quite essential in this place. The major part of the population is labour and their children have to stop with mere elementary education as they cannot afford to send them for Secondary education to the plains. The nearest high school to this place is in Pollachi which is 40 miles away. So the need for a High School in this place is quite obvious and in the interest of the public in general and the labour class in particular a High School has to be established in this place as expeditiously as possible. The existing Panchayat Board Middle School at Valparai may be converted into a High School in stages by opening of the Form IV from the next school year.

(b) The probable strength of the Fourth Form to be newly opened is about 30 to 40.

(c) One block of the present buildings now occupied by the elementary section will be vacated and utilised for accommodating the Fourth Form. The elementary section will be shifted to a shed now under construction. The area of the class room to be utilised for Fourth Form is as follows:-

Length -- 29 feet.

Breadth -- 17 feet.

Square area.493 sq.ft. The sketch of the above is enclosed.

(d) One L.T. (Mathematics), a Tamil Pandit and a Physical Instructor (Higher Grade) will be employed in addition to the present staff.

(e) The Panchayat Board has already applied for the alienation of 25 acres of additional land for High School purposes, and 7 acres out of it will be set apart for playgrounds. The area of the playgrounds now in use is 3 acres. Besides the present equipment additional equipments will be provided on consultation with the Physical Instructor.

(f) Recurring cost for additional staff as per column (d) above is as follows:-

L.T.	Rs.140/-p.m.including allowances
Tamil Pandit: ...	Rs.104/-p.m. --do--
Physical Instructor.	Rs. 94/-p.m. --do--

Annual cost

Rs.338/-p.m.
Rs.338 x 12 = Rs.4056.

NON RECURRING COST:

Furniture for IV Form	Rs. 450/-
Laborator equipments	Rs. 500/-
Library ...	Rs. 500/-
Physical Education	Rs. 100/-
	Rs. 1550/-

A sum of Rs. 15,000/- has been provided under the head "Ordinary Expenditure" for the Middle School in the budget for 1949-50.

(g) The financial position of the Panchayat Board is sound. Details from the budget estimate duly approved by the Inspector of Local Boards are given below.

I was at Valparai yesterday and they presented to me a Memorandum and asked me to draw your attention to the fact that they do not have a High School anywhere round-about their area and they have got enough students for all the classes of a High School. They only want the Education Dept. to have it approved. I know the situation for several years and I know some of the people there intimately. Their representation is fairly correct. ~~insists~~ Instead of passing through the usual routine, I think this is a deserving ^{case} where exemption may be given to the usual rules in order that they can have a full-fledged High School straight-away. They are sending most of the children to the plain with great inconvenience. ~~and~~ I think the High School can be started straight-away *with these children*

In G.O. No 935 Edu d. 20.4.48, the Govt. permitted the Panchayat Board, Valparai, to open a middle school at Valparai from the school year 1948-9. It was

also ordered that the question of converting the middle school into a high school would be considered after experience is gained of the working of the middle school. The Executive Officer of the Valparai Panchayat Board has now requested permission to open Form IV in the middle school during the school year 1949-50 itself. The DEO Coimbatore and the Nilgiris has stated that the Panchayat Board have successfully managed the middle school last year and that they can successfully run a High School in view of their resources and of their central situation in a rich plantation area. He considers that the opening of Form IV is quite essential to meet the educational needs of the Anamalais. In these circumstances, the DPI recommends and E+P+H propose to accept the proposal.

The extra cost involved in the proposal is estimated at Rs 4.050/- recurring and Rs 1.550/- non recurring. ~~and the Panchayat Board is prepared to meet it.~~ The cost to the Govt on account of the teaching grant will be half of the net addl. expe. which may presumably be less than Rs 2,000/- p.a. as the above estimate do not allow for fee charges. This grant is payable in 1950-51, if the IV Form is opened in the current year. The proposal may be agreed to in finance and the draft order accepted.
