The Proposed Extension

ST. ALOYSIUS' COLLEGE,
MANGALORE 10th May, 1949.

Please put up urgently.
H.M. (Edn.)

On May the 18th 1949, the New Arts Block of St Aloysius College, Mangalore, will be solemnly opened.

It may be of interest for you to know that the building has cost over 5 lakhs and Old Boys and Friends have contributed Rs. 2 lakhs and the Management has taken a loan of Rs. 3 lakhs. Still a third of the building remains to be finished and equipped - it is the Science Block - and we need to spend Rs. 2 lakhs more.

At the instance of the then Minister for Education I had resubmitted my application for grant to the D.P.I. in my letter No. 84 C/48-49 dated 30th October 1948. But in spite of an urgent reminder in my letter No. 170 C/48-49 dated 15th March 1949 the D.P.I. has not even replied to say whether a grant has been sanctioned or not.

If a grant is not sanctioned, the building will have to come to a halt, and so if the Government has sanctioned a grant, an announcement to that effect on the formal opening day will greatly cheer us.

May I request you for a message on this occasion. I still remember you telling me the day you were laying the Foundation Stone of Fr Muller's Extension, that you were more interested in Education than in Health. I hope you will be able to give us a token of your good will.

Thanking you,

Yours sincerely,

The Hon'ble Sri A.B. Shetty,
Minister for Education and Health,
Government of Madras,
Fort St George,
Madras.

SUMMARISING NOTE.

Grant - Building - St. Aloysius College, Mangalore - Construction of college building.

In September 1948, the Principal, St. Aloysius College, Mangalore, submitted an application to Govt. for a grant to the college for the construction of new college buildings which were estimated to cost Rs. 4,83,000/- in 1946 and which the Rector reported as having risen to Rs. 6,20,000/- in 1948 on account of the increase in the rising costs of materials. The D.P.I. who was consulted in the matter, recommended the inclusion of the scheme in the list of approved works at an estimated cost of Rs. 4,64,815/- based on the P.W.D. estimate. His recommendation was accepted and the scheme was included in the list of approved works for the quarter ending 31.12.1948 and the college was rendered eligible for a maximum half grant of up to a maximum of Rs. 75,000/-, the limit fixed for a first grade college.

2. In May last, the Rector and Principal of the College, addressed a communication to the Govt., stating that the new college buildings cost over Rs. 5 lakhs out of which a sum of Rs. 2 lakhs was collected from the old boys and friends of the college, that the balance of Rs. 3 lakhs was met by the management by raising a loan, that a third of the buildings (science block) still remained to be completed and that it would cost the management an additional amount of Rs. 2 lakhs. He requested the Govt. to make a grant for the scheme and announce it on 18.5.49 i.e. on the occasion of the opening of the new college buildings.

3. The question was considered and in view of the urgency of the proposal, the proposal was treated as a 'New Service' and it has been ordered in circulation including H.M. (Edn), H.M. (Fin) and H.Pr. that a part payment of the grant, viz. 10,500/- may be paid to the college during the current year, the expenditure being met out of the amount of amount representing the undistributed balance of Rs. 1.5 lakhs.

EDUCATION & PUBLIC HEALTH DEPARTMENT. (G2).

SUMMARISING NOTE.

Sub: GRANT - Building - St. Aloysius College, Mangalore - Construction of college building.

In September 1948, the Principal, St. Aloysius College, Mangalore, submitted an application for a grant for the construction of new buildings for the College estimated to cost Rs. 4,83,000/- in 1946 and Rs. 6,20,000/- in 1948 on account of the increase in the cost of materials. The Director of Public Instruction who was consulted in the matter, recommended the inclusion of the scheme in the list of approved works at an estimated cost of Rs. 4,64,815/- based on the Public Works Department estimate. His recommendation was accepted and the scheme was included in the list of approved works for the quarter ending 31-12-1948 and the college was rendered eligible for a half grant up to a maximum of Rs. 75,000/-, the maximum limit of Government grant fixed for a first grade college.

2. In May last, the Rector and Principal of the College, ~~XXXXXX~~ addressed a communication to Government stating that the new college buildings cost over Rs. 5 lakhs out of which a sum of Rs. 2 lakhs was collected from the old boys and friends of the college, that the balance of Rs. 3 lakhs was met by the management by raising a loan, that a third of the buildings (science block) still remained to be completed and that it would cost the management an additional amount of Rs. 2 lakhs. i.e., on the occasion of the opening of the new college buildings.

3. The question was considered and in view of the urgency of the proposal, the proposal was treated as a 'New Service' and it was ordered in circulation including the Hon'ble Minister for Education, the Hon'ble Minister for Finance and Hon'ble the Premier that a part payment of the grant, viz., 10,500/- might be paid to the college during the current year, this amount representing the balance out of the provision of Rs. 1.5 lakhs already provided in the current year's budget, towards grants for new building schemes of Aided Colleges. ~~Accordingly the Government have sanctioned the payment of this amount during the current year and have requested the Director of Public Instruction to include the scheme in Part I of the Budget for 1950-51 with a view to enable the management to get the balance of grant, viz., Rs. 64,500/- in the next year.~~

4. This note is now circulated to the Hon'ble Ministers other than the Hon'ble Minister for Education, the Hon'ble Minister for Finance and the Hon'ble the Premier, and to the Chief Secretary and Finance Department.

"Secretary, E. & P.H.

Please put up urgently.

Sd. A.B.S(hetty),
14.5.1949.
H.M. (Edn.)."

The Rector and Principal, St. Aloysius College, Mangalore, states that the new college buildings have cost over Rs. 5 lakhs, out of which a sum of Rs. 2 lakhs has been collected from the old boys and friends of the college, and the balance of Rs. 3 lakhs has been met by the management by raising a loan, and that a third of the building ^(science block) still remains ~~to~~ to be completed and that it will cost them an additional amount of Rs. 2 lakhs. He ~~states also~~ ^{mentions} that he submitted an application for a grant for the college buildings last year but that in spite of a reminder, the D.P.I. has not sent any reply to him. He therefore requests the Govt. to make a grant for the above building scheme and announce it on the occasion of the opening of the new buildings on 18.5.1949. The Principal of the College submitted an application for a grant for the new college buildings in September 1948. The D.P.I. who was consulted in the matter recommended the inclusion of the scheme in the list of approved building works for the quarter ending 31st December 1948. His recommendation has been accepted by ~~the~~ and the Govt. have sanctioned the inclusion of the scheme in the list ~~of~~ of approved building schemes making the scheme eligible for a half grant up to a limit of Rs. 75,000/- for the quarter ending December 1948 - Please see G.O. No. 1576 Edn., dated 16.5.1949. A copy of the G.O. has ~~been~~ been despatched to the Principal of the College, on 16.5.1949 which will be received by him on 17.5.49, the day before the opening of the new buildings. In the

making the scheme eligible for a half grant up to a limit of Rs. 75,000/- for the quarter ending December 1948 - Please see G.O. No. 1576 Edn., dated 16.5.1949. A copy of the G.O. has been despatched to the Principal of the College, on 16.5.1949 which will be received by him on 17.5.49, the day before the opening of the new buildings. In the

~~Circumstances, therefore no separate communication need be sent to the Principal in reply to his present letter. May be circulated to H.M. (Edn) with reference to his orders on p.1 ante.~~

16/5/49 In regard to the actual grant of Rs 75000 which the management have been made eligible for by the inclusion of the scheme in the Approved List, a regular Part II Scheme has to be put forward, provision included in the Estimates for 1950-51 and then only the grant sanctioned. There is a provision of Rs 1 1/2 lakhs in the Current year's Estimates intended to be utilized for grants to the Karaikudi Alagappa Chettiar College, Lady Doak College, Madras and St. Anne's Training College, Mangalore. After giving the grants towards the building schemes of these institutions, there will be a balance of Rs 10,500 out of the above provision. So the Current year's provision is inadequate if a grant of Rs 75000 to St. Aloysius' College is considered to be urgently necessary in the Current year itself -

In G.O. 1576 Edn. d/16-5-49, the Government sanctioned, among others, the inclusion in the list of approved works, the scheme for the construction of buildings for the

E. & P.H. (G.2)

St. Aloysius College, Mangalore. It was stated thereon that though this approval did not convey any guarantee of grant, it will render the ^{Institution} ~~Association~~ eligible for a half grant, if and when funds become available. The orders mentioned above have been despatched to the College authorities on 16-5-49. (Apparently the D.O. and the G.O. have ^{crossed} ~~issued~~ each other.) It will be observed from the orders ~~referred to above~~ that we are not committed to sanction a grant immediately.

E & P.H. propose that the present case may be treated as ^{urgent} ~~New Service~~ and a grant sanctioned for payment during the current year itself by following the ^{'new service'} ~~procedure~~ for emergent schemes.

2. It is submitted that the Cabinet have decided in connection with the Budget for 1949-50 that the expenditure on the payment of grants for the construction of buildings for Colleges in the current year should be limited to Rs. 1.50 lakhs, ^{hence reducing the provision for Part II Schemes in order to balance} ~~as one of the measures of balancing~~ the Budget. If, in the present case, a grant of Rs. 75,000 is to be sanctioned now as proposed, it will be contrary to the orders of the Cabinet--please see in this connection the Finance notes on pp. 5-6 N.F., portion K of E & P.H. notes on p. 7 N.F. and the orders in circulation at the bottom of p. 8 N.F. in G.O. 1576 Edn. d/16-5-1949 at flag (X). ^{In view of} ~~According to~~ the decision taken so recently as on the 8th May 1949 to consider the question of giving a grant ^{in connection with the} ~~as a~~ Part II Schemes for 1950-51, it does not seem necessary to follow the emergent procedure proposed by E & P.H., and sanction the grant in the current year itself.

If E & P.H. wish to press the proposal, they ^{will} ~~may be~~ requested to circulate the case to H.M. (Finance) also.

The Finance Deptt. ^{against} ~~advise~~ the proposal of this Deptt. to treat the scheme relating to the payment of a grant of Rs. 75,000/- to the St. Aloysius College, Mangalore for the construction of new college buildings as an urgent ~~XXXXXX~~ one, the amount being sanctioned during the current year itself ^{after} following the new service procedure for emergent schemes. It is for orders whether this ~~Deptt.~~ Deptt. will press their proposal at A on p. 3 ante ^{will have to} ~~and if so, the case may be circulated to H.M. AT (L.S.M.)

In respect of the application to H.M. of St. Aloysius College, Mangalore that the grant of Rs 75,000 may be given immediately in order to prevent the work of construction from coming to a stand still, the position is as below:

In the current year's budget the appropriation is of Rs 1½ lakhs which has already been distributed to three institutions leaving an undistributed balance of Rs 10,500/- The late Minister desired that the appropriation should be shared not only by the three colleges but by other colleges also whose needs were very urgent. On general principles the Hon'ble the Finance Minister did not agree to the change. The question now for consideration is whether (1) the undistributed balance of Rs 10,500 should be given

M

to the St. Aloysius College as part of the grant of Rs 75,000/- which Government have already announced to the College; (2) whether in view of the special circumstances of this college which has already spent Rs 5 lakhs, 3 lakhs being on loan, Government should not pay the entire amount of Rs 75,000/- in order to enable the work to be completed to accommodate the full strength of 12 hundred students which Government have approved. The question really is whether consistently with the financial position Government can make the payment immediately which will be of great assistance to the college in completing the very large work which has not been ^{undertaken} ~~admitted~~ by any other college in this province.

It may be recalled that Government have recently ^{agreed to} ~~given~~ a half grant of Rs 2,17,500 to the Bellary College for which no provision had been made in the current year's budget.

H.M.(Edn) ✓ *the entire amount may be paid now in view of the urgency of the scheme and the new service procedure for emergency schemes followed.*

24/5

I would suggest that the total ^{may} ~~be~~ should be raised to 15 lakhs, so that ^{every year} ~~can get~~ H.P. (Edn) can speak over with H.P. and get it for discussion in the Cabinet.

E. & P.H. (G.2)

Elementary Schools	-	Rs. 10 lakhs.
High Schools	-	Rs. 2.5 "
Colleges.	-	Rs. 1.5 "

These schemes were considered as Part II Schemes for 1949-50. The provision of Rs.10 lakhs is not for grants to aided colleges ~~only~~ but relates to Elementary schools. Provision for grants for new building schemes for colleges, is as already mentioned, Rs. 1.5 lakhs only. ~~Provision for the notes~~ ^{on P.27/49} This amount is intended to be distributed among the three institutions mentioned below, leaving a balance of Rs. 10,500/-:--

Lady Doak College, Madurai	-	Rs. 50,000/-
Dr. Alagappa Chettiar's College, Karaikudy.		Rs. 75,000/-
St. Anthony's Training College, Mangalore.		Rs. 14,500/-
Total	...	1,39,500/-

2. The grant of Rs. 2,17,500/- which it has been separately proposed to be given to the Veerasaiva College, Bellary, will have to be met by additional appropriation in ~~the~~ the current year's estimates. The existing provision in the current year's budget estimates is not sufficient for meeting the additional expenditure ^{on account of this grant} So far, only the cases of the Veerasaiva College, Bellary, and the St. Aloysius College, Mangalore, are the two cases ~~which are under consideration~~ of new building schemes which are under consideration. It does not appear necessary to consider the question of making an additional lump sum provision at this stage. Urgent cases can always be dealt with as and when they arise. Esnd P.H. to give immediately the unallotted balance of Rs 10,500/- to the St. Aloysius College, Mangalore, can be given effect to only after following the "new service" procedure, as the liability to the Govt. by way of grant, viz. Rs 75,000/- exceeds Rs 10,000/- (nonrecurring). As the case has already been seen by H.M. Edu and H.M. Finance, the file may be circulated to the Hon'ble the Premier before issue of orders. Thereafter a summarising note should be circulated to all other H.M.s, to the Chief Secretary and to the Finance Dept. and a supplementary grant obtained from the Legislature at the earliest opportunity, provided the proposal is approved by the Hon'ble the Premier also.

As pointed out by E.P.H., if a sum of Rs 10,500/- is now sanctioned as a Part payment against the total grant of Rs 75,000/- admissible, the balance will become a commitment in respect of the scheme ^{after it is} already sanctioned. In such cases, the usual procedure is to provide for the balance of the grant in Part I of the estimates.
