[illegible]

Sir,

Sub: Transfer of printing machines from the Penitentiary Branch Press to Central Press, Mint Buildings.

I have the honour to state that the convicts at present being drafted to the Penitentiary Branch are all short-termers mostly sentenced to six months imprisonment and cannot in that period be trained to do machine work or to give any appreciable production and in order to cope with the very heavy pressure of machine work at the Central Pres. I am gradually transferring the machines here to be worked by paid staff.

2 I have so far transferred 8 machines, 4 platens and four cylinder machines^{and} therefore require eight additional Junior Machine-men on the scale of Rs.35-1-55 and four Layers-on on Rs.30-1-50 to put these machines into operation. The cost will be compensated by production; these men will give and be far more profitable to have them working here rather than having them practically idle at the Penitentiary.

I request Government to sanction the additional staff as early as possible so that the machines may be brought into operation from 1st May 1948.
