EXPLANATORY REMARKS.

37(g) Education - Secondary - Direct grants to non-Government Secondary Schools - A. General - (g) A.5. Miscellaneous Grants - Voted - Playgrounds.

The outstanding liabilities on 1-4-49 will be Rs.42,786 or Rs.42,800 in round figures and they relate to schemes Nos.4,5,6,7,8 and 9. Provision made in the current year's Budget for schemes Nos.1,2 and 3 will be utilised during the current year itself.

Scheme No.4:-- The site has been purchased already. The provision of Rs.216/- made in respect of this scheme in the Budget Estimate of 1947-48 could not be utilised as the management could not show a clear title to the property. It is hoped that the management will be able to satisfy this condition. A provision of Rs.216/- is therefore, proposed under Part II of the Budget Estimate for 1949-50.

Scheme No.5:-- Government in their Memorandum No. 24847/G7. B1/3 Edn., dated 30-7-1947 informed the management that the land acquisition proceedings will be held in abeyance till the lease deed is executed in favour of the Devasthanam. No provision is suggested for this scheme as it will be deleted from the approved list, in due course.

Scheme No.6:-- Government have sanctioned an additional grant of Rs.25,000 during the year 1948-49 as building grants, and have called for proposals. As this scheme is already on the approved list and as the land purchased is used as school playground, this is selected as one of the schemes for sanctioning this additional grant during 1948-49. No provision is therefore suggested for this scheme in 1949-50.

8
: 2 : 7
Scheme No.7: The scheme was placed on the list of approved works at an estimated cost of Rs.4,900 rendering the institution eligible for a half grant not exceeding Rs.2,450. This provision is suggested in Part II of the Budget Estimate for 1949-50.

Scheme No.8:- The maximum admissible grant viz. Rs.1,320/- in respect of this scheme is Rs.1,320/- is suggested in Part II of the Budget Estimate for 1949-50.

Scheme No.9:- No provision is suggested in respect of this scheme as there is no likelihood of the management purchasing the grounds in ^{the} near future.

Summarising the above, the provision suggested in Part II of the Budget Estimate for 1949-50 will be Rs.3,986 or Rs.4,000/- as detailed below:-

Scheme No.4	Rs. 216
,, 7	2,450
,, 8	1,320
Total	Rs. 3,986 or
	Rs.4,000/- in round figures.

in 1949-50

Am Sec
25/4/49

Memo No. 73691 B, / 48-5 Edn d/ 25-4-49.

The D P S is informed that a provision of
Rs 1,70,000 has been made in the Estimates of
Expenditure for 1949-50 for part payment of grants
for the schemes specified in the annexure. The
Director is requested to suggest how this provision
may be distributed over all the schemes by making
necessary connection to the amounts shown against
each scheme in Col. 5 of the annexure

alterations and improvements to meet departmental requirements it has become necessary to provide additional accommodation owing to the increase in the strength of schools. The Government revised their policy and sanctioned, as a special case, in the current year grants amounting to Rs. 1,31,475 for the construction of buildings for secondary schools for boys. It is considered necessary to make similar grants in 1949-50 also.

4. The Director of Public Instruction has recommended that grants may be sanctioned in the next year for the construction of buildings for fifteen secondary schools for girls and eight secondary schools for boys amounting to Rs. 3.12 lakhs and 2.11 lakhs respectively. In view of the policy of Government to defer all costly building schemes till the cost of building materials and labour comes down to normal and having regard to the anti-inflation policy also, costly buildings schemes have been left out. The new schemes for which provision has been suggested in the next year's budget are shown in the annexure. It is also proposed to make building grants to one training school and to one school for defectives which come under the category of special schools. As only a part of the schemes is likely to be executed in the first year and the grant claimed in respect of the expenditure thereon, it is considered sufficient to provide for part payment of grant for certain schemes as shown in the annexure.

5. The Director of Public Instruction has recommended that a provision of Rs. 4,000 may be made for payment of grants to three institutions shown in the annexure for playgrounds. It is proposed to accept the Director's recommendation.

6. This Department recommends that a provision of Rs. 2,83,800 be made in the next year's budget as shown in the summary at the head of the note.

M. V. SUBRAMANIAN—2-12-48.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

PART II SCHEME FOR 1949-50.

[SUBJECT.—Grants for buildings and playgrounds to Secondary and Special schools under private Management.]

Summary.

Head of account.	Item of Expenditure.	Non-recurring.	
		Ultimate.	Cost in 1949-50.
		RS.	RS.
37. g. Education—Secondary— Direct grants to non-Government Secondary schools—A. General—3. Buildings—Voted.	Building grants to non-Government Secondary Schools.	4,37,500	2,57,500
5. Miscellaneous Grants—Voted— Playgrounds.	Grants for the purchase and improvement of sites for playgrounds.	4,000	4,000
37. n. Education—Special— Direct grants to non-Government Special schools—A. General.			
(i) Excluding Post-War Reconstruction—3. Buildings—Voted.	Building grants to non-Government Special Schools.	34,800	22,300
	Total ..	4,76,300	2,83,800

Grants towards the cost of construction of buildings and acquisition of land for school, hostel or playground for secondary and special schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VIII of the Grant-in-Aid Code. Under these rules, the Director of Public Instruction maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of Government every year such new schemes out of the list for which provision should be made for payment of grants in the next year's budget.

2. Budget procedure requires that provision should be made in Part I for schemes for which a portion of the grant has already been paid or is likely to be paid before the end of the year preceding the budget year and in Part II for other schemes. A provision of Rs 85,000 has been proposed for inclusion in Part I in respect of 12 part-paid schemes.

3. Prior to December 1941, grants not exceeding one-half of the cost were given towards the acquisition of sites and construction of buildings for secondary schools under private managements. With a view to conserve all available funds for elementary education, the Government decided in 1941 that no building grant should be given in future to secondary schools for boys, unless a special case is made out that a grant is essential to the institution. This decision is not applicable to grants for the construction of buildings for secondary schools for girls and for the provision of playgrounds for all schools. On account of the imposition of the restriction, grants for the construction of buildings for secondary schools for boys were considerably restricted with the result that the schools had to get on with existing accommodation or by putting up temporary thatched sheds to provide the requisite additional accommodation. As the buildings in which most of the schools are housed are unsuitable and require reconstruction or extensive

post copy of the telephonic message dated 8th May 1949.

From
The Director of Public Instruction, Madras.

To
The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras.

Read: Government memorandum No. 73691-B1/48-8, Edn., d/25.4.1949
regarding payments of grants in 1949--50.

It is observed from the above memo. that the
following schemes have not been considered for provision in the
budget estimate of 1949--50, Part II.

Annexure No. 15.

- Ser. No. 2 Sarada Vidyalaya Girls' High School, Thyagarayangar.
Ser. No. 28 Kasturi Girls' High School, Nellore.
Ser. No. 35 Girls' High School, Ialgudy.

2. Kindly let me know whether the intention of
Government is to distribute the provision of Rs. 1,70,000/- men-
tioned in the above memo. over all the schemes mentioned in the
annexure including special schools and playgrounds. The total
amount in col. 5 of the annexure is Rs. 2,83,725/- which relates to
different budget heads.

3. The scheme relating to the "Muslim orphanage"
is treated as a secondary school in annexure (15) (37 g.-A.3.
Buildings). I presume that the provision of Rs. 1,70,000/- has
to be distributed over all the schemes in col. 5. of the annexure
relating to secondary schools for boys and girls including
Orphanage amounting to Rs. 2,57,475/-.

4. In this connection I request to be informed of
the schemes included under Part I Budget Estimate of 1949--50
with the amounts of grant provided against each scheme.

5. As the provision of Rs. 1,70,000/- made is less
than the grant proposed by me, I presume I may call for reports
from the managements regarding the progress of work and base my
recommendation on the report. This will take some time.

6.

Scheme.	Advance proposed by the Director.	Mention in the Annexure Col. 5.
T.T.V. School, Construc- tion of building.	Rs. 10,000/-	Rs. 30,000/-
A.R.C. School, purchase of building.	Rs. 30,000/-	Rs. 15,000/-

3226

23

18

2.
The grant of Rs.30,000/- relating to A.R.C. Secondary School was proposed for inclusion by me, as the building has been purchased and the school is being conducted in the building. Hence advance grant was not suggested. I presume that I can propose Rs.30,000/- towards this Scheme.

Yours faithfully,

J. Paulanathine

Grants - Buildings and Playgrounds - Non-Govt Secondary and Special Schools 1949-50 - Distribution of allotment made in the budget

From the D.P.S. Post copy of T.M. 28.5.49

Memo. No. 73691 B/48-7 Edn: d/28.5.49.

The D.P.S. is informed

(1) that a provision of Rs 85,100 has been made for the 12 schemes specified in the annexure for which provision was suggested in Part I estimate
(2) that the scheme relating to "Muslim Orphanage" is included in the Part II scheme relating to Direct Grants to non-Govt Secondary Schools for boys and girls and the amount provided for part payment to those schemes out of the allotment of Rs 1,79,000 is Rs 1,43,700 only excluding Rs 4,000 for Playgrounds and Rs 22,300 to non-Govt Special schools and that the amount to be distributed for the various schemes under the part payment system may now be suggested with reference to the maximum grant payable for each scheme and that any variation that may be found necessary with reference to the amounts actually claimed by the various managements having regard to the progress made in the execution of the schemes may be made at the end of the year when grants are actually disbursed. For the A.R.C. Secondary School also - part payment may be made in the current year and the balance may be paid in the next year, and

(3) that the schemes for the construction of buildings for the Sarada Vidyalaya Girls High School Tinagar, Haskari Devi Girls High School

Nallare and Girls High School Lalgudi were not considered for making provision in the Part II estimate. They may be included by the District in the Part I Scheme for 1950-51

Office of the
 Director of Public Instruction,
 Madras, dated, 10th June 1949

From The Director of Public Instruction
 Madras.

To The Secretary to Government
 Education and Public Health Department
 Fort St. George, Madras.

Sir,

Subject:- GRANT -- Building -- Non-Government
 Secondary Schools 49-50 -- Distribution
 or allotment.

Reference:- Govt. Memo No.73691 B1/48-5 Edn.,
 dated 25-4-49.
 Govt. Memo No.73691 B1/48-7 Edn.,
 dated 28-5-49.

According to the allocation suggested for Part II
 Building Schemes the total demand is over three lakhs and
 according to the distribution worked out in Col. 5 of Govern-
 ment Memo cited above, it is Rs.2,57,475/- for the 20 schemes.

2. As against these two amounts, Government now order
 that the claim should be restricted to Rs.58,600/- vide para 2
 of Government Memo dated 28-5-49 which is less by nearly two
 lakhs. Again Government in their order Ms. No.1443 Education,
 dated 9--5--1949 ordered that an advance grant for Devanga
 High School, Coimbatore may be paid during the current year,
 while the three old schemes mentioned in para 3 of the Memo.,
 dated 28--5--49 have been omitted from the Part II Scheme of
 1949-50.

3. The managements have been asked to report the progress
 of work done so far, and it is not known whether there would
 be any appreciable reduction in the original demand.

4. As there may be much practical difficulty in the way
 of restricting the small allotment of grant to over 20 schemes,
 I request that Government may be pleased to sanction an addi-
 tional allotment under Building Grants.

Yours faithfully

The Director

For Director of Public Instruction

E & P.H. (B.)

The main file on the subject has been linked to the file relating to the sanctioning of building grant to the

A.P.D.T. High School, Malkipuram in the current year itself, and is under circulation to H.M. (Edn.) / H.M. (Fin.) / H.P.

The return of the main file may be awaited. The Secy has also been asked to report the additional provision required for schools for which no provision has been made

Subject: -- GRANT -- BUILDING -- NON-GOVERNMENT Secondary Schools 1949-50 -- Distribution of allotment.

Reference: -- Govt. Memo No. 73091 R/48-2 Edn., dated 25-4-49.
Govt. Memo No. 73091 R/48-7 Edn., dated 28-5-49.

According to the allocation suggested for Part II building schemes the total demand is over three lakhs and according to the distribution worked out in Col. 5 of Government Memo cited above, it is Rs. 2,57,475/- for the 20 schemes. 2. As against these two amounts, Government now order that the claim should be restricted to Rs. 2,80,000/- vide para 2 of Government Memo dated 28-5-49 which is less by nearly two lakhs. Again Government in their order No. 1443 Education dated 9-5-49 ordered that an advance grant for Devanahalli High School, Coimbatore may be paid during the current year, while the three old schemes mentioned in para 3 of the Memo, dated 28-5-49 have been omitted from the Part II Scheme of 1949-50.

3. The managements have been asked to report the progress of work done so far, and it is not known whether there would be any appreciable reduction in the original demand.

4. As there may be much practical difficulty in the way of restricting the small allotment of grant to over 20 schemes, I request that Government may be pleased to sanction an additional allotment under building scheme.

Yours faithfully

Grants - Buildings and playgrounds - non-Government secondary and special schools - 1949-50 - Sanctioned.

ORDER (MS) NO. 2080 EDUCATION DATED 28-6-49

The Govt. sanction grants not exceeding one-half of the actual cost of acquisition of sites, or construction of buildings for secondary and special schools and for hostels or for the acquisition of sites for playgrounds and their improvement, specified in the annexure, subject to the maximum limits specified against them. The grants will be disbursed in accordance with the provisions of the Grant-in-Aid Code. The D.P.I. is requested to communicate the orders to the managements concerned.

2. The expenditure on payment of grants to secondary schools should be met from the appropriation in the estimates of expenditure for 1949-50 under '37.g. Edn. Secondary - Direct grants to non-Government secondary schools - A. General - 3. Buildings' and "5. Miscellaneous - playgrounds". The expenditure on payment of grants to the special schools should be met from the appropriation under "37.n. Education - Special - Direct grants to non-Govt. special schools - A. General (i) Excluding Postwar Reconstruction - 3. Buildings".

3. The amount of grant provided for disbursement is shown against each item. The amount that will be claimed by the management of each school will depend upon the progress of the work done till the grant is claimed. There might be savings in the amount provided for some of the schemes. It will be open to the D.P.I. to utilise the savings for disbursement in cases where the grant claimed is more than the amount provided for. If from the progress reports called for, it is considered that the amount provided for is insufficient, The D.P.I. may apply for the additional

allotment required. include necessary provision in Part I Budget Estimate for 1950-51

Grants - Buildings and Playgrounds- Secondary and special schools under private managements - Part II scheme 1949-50.

Grants towards the cost of construction of buildings and acquisition of land for school, hostel, or playground for secondary and special schools under private management are sanctioned and disbursed in accordance with the rules in chapter VIII of the Grant-in-Aid Code. Under these rules, the Director of Public Instruction maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of Govt every year such new schemes out of the list for which provision should be made for payment of grants in the next year's budget.

2. Budget procedure requires that provision should be made in Part I for schemes for which a portion of the grant has already been paid or is likely to be paid before the end of the year preceding the budget year and in Part II for other ^{new} schemes.

3. Secondary schools Part 1 The D.P.I. has stated that a provision of Rs 59416 will be included in Part 1 Estimates for 1949-50 in respect of certain part paid schemes. Since the estimates were submitted, orders have been issued in G.O. No 2590 Edn dated 16-10-48 sanctioning grants to certain secondary schools for the construction of buildings. A portion of the grant will be disbursed in the current year and these will become partpaid schemes at the close of this year. The provision to be made in Part 1 in respect of 12 schemes works out to Rs 85041 or Rs 85,000 roundly. This may be included in Part 1 estimate.

Part II There are no restrictions for sanctioning grants to secondary schools for girls for the construction of buildings or provision of playgrounds for all schools. In the current year grants were

③ 9-11 cf

hief
by 23-10-48

G.N. 171560
9-12-41 ③

... were sanctioned to the extent of Rs 1.54 lakhs for nine schemes, after considering the proposals as a Part II scheme. For 1949-50, the D.P.I. has recommended that grants may be sanctioned for 14 schemes specified in the list at (XX). The Director has not included in the list, the scheme for the construction of a building for the Shanti Vijai Hindu Girls High school, Coonoor, which has already been included in the approved list. Including this, the

number of schemes which have already been included in the list of approved and for which grants have not been sanctioned comes to 15.

The maximum grant payable for all these schemes amounts to Rs 3,11,700 roundly. The D.P.I. has recommended that a provision of Rs 2,21,187 may be made in the next year's budget for payment of grants for the new schemes under the part payment system. In respect of ~~21~~ schemes ~~for~~ which the maximum grant payable exceeds Rs 10,000, it will be sufficient to provide for payment of a ~~part~~ in the next year and the balance may be paid in 1950-51. ^(Part I) The provision may be limited to Rs 1,67,200 as shown in 5 of the statement at (XX).

Boys' schools. As building grants to secondary schools for boys were considerably restricted since 1941 and it is necessary to make grants more liberally than in the past in view of the necessity to provide adequate buildings for these schools, it was decided in the current year that grants to the extent of Rs 2.5 lakhs to secondary schools for boys under private managements and under local bodies ^{should be made.} Accordingly grants amounting to Rs 1,31,475 were sanctioned for construction of buildings for secondary schools under private managements in G.O.

No 2590 Education dated 16-10-48, H.M. (Edn) has observed that similar provision should be made in the next year's budget. A list of schemes which have already been ordered to be included in the list of approved works and for which grants have not yet been sanctioned will be found on page 3 of (XX). The total grant payable in respect of all these works amount to Rs 2,10,816. The D.P.I. has recommended that a provision of Rs 95,000 may be provided for payment of grants to all the eight schools. If the undertaking of fresh liability is to be restricted to 1.25 lakhs (half of 2.5 lakhs) a selection will have to be made out of this

Orphanages. The D.P.I.'s recommendation that a sum of Rs 15,000 may be

provided for the construction of a hostel for boys by the Rev. H. S. Aiyappa, Madras, may be accepted. As this Muslim Orphanage, this is not subject to the restrictions which building grants for secondary schools for boys were subject and this need not be included in the schemes to be selected for the provision of Rs 1.25 lakhs referred to above.

Playgrounds The D.P.I. recommends that a provision of Rs 4,000 may be made for three schemes- Nos 4, 7 & 8 in the list on page 3 C.F. ^{His recommendation may be accepted.}

Special schools The D.P.I.'s recommendation that a sum of Rs 10,300 in round figures may be provided under Part II for Sharkey Memorial Training School, Masulipatam, may be accepted.

The remarks of Finance may be invited as prior to this.

Finance (B.E.IV) Deptt.

Part II Scheme for 1949-50.

Building grants to Secondary and Special Schools under private managements.

	Ultimate Cost. Rs.	Cost in 1949-50. Rs.
(1) Secondary Schools for Girls.	3,11,700	1,67,200
(2) Secondary Schools for Boys.	2,10,816	95,000
(3) Muslim Orphanage.	35,000	15,000
(4) Play grounds.	4,000	4,000
(5) Special Schools.	10,300	10,300

Item (1) above:- The maximum grant payable for all the schemes under this item amounts to Rs 3,11,700 roundly. The D.P.I. has recommended that a provision of Rs 2,21,187 may be made in the next year's budget for payment of grants for the new schemes under the part-payment system. E. & P.H., however, consider that in respect of schemes for which the maximum grant payable exceeds Rs 10,000, it will be sufficient to provide for payment of a part in the next year, and the balance in 1950-51, and therefore, propose that the provision to be made in 1949-50 may be limited to Rs 1,67,200.

The proposal may be agreed to.

27

Grant- Buildings- Special schools-Blind, Deaf and Dumb
School Teynampet - Part 11 scheme for 1949-50

From the D.P.I. R.C.No 142-D2/48 dated 22-10-48

May be circulated to H.M.(Edn) for orders as in the circumstances stated by the D.P.I. in his letter on page 1 C.F. the scheme may be included in the list of approved works and the question of giving a half grant towards the cost of the work may be ~~considered~~ considered in connection with the budget for 1949-50. (Being a special school the restrictions imposed in G.O. No 1915 Edn dated 9-12-41 do not apply to this school)

Finance (a)

Finance (B.E.IV)

Part II scheme for 1949-50.

Building grant to the Blind, Deaf and Dumb school, Teynampet.

Ultimate cost	Cost in 1949-50
Non-Recg.	Non-Recg.
Rs.	Rs.
24,500	24,500

E.& P.H. have issued orders sanctioning the inclusion in the list of approved works of the scheme for extensions to the main building of the Blind,

Item (2) above:- It is stated that H.M.(Education)

has observed that a provision of Rs 2.5 lakhs should be made in the next year's budget for payment of building grants to Secondary schools for boys under private managements and under local bodies, as was done in the current year. It is presumed that orders of the Government will be taken on this proposal. Subject to the proposal of E.& P.H. to distribute the provision of Rs 2.5 lakhs equally between schools under private managements and local bodies, that is so far as this file is concerned, to restrict the total grant payable to schools under private managements to Rs 1.25 lakhs may be agreed to in Finance. The total grant payable in respect of the schemes relating to private managements amounts to Rs 2,10,816. The D.P.I. has recommended that a provision of Rs 95,000 may be made for payment of grants to all eight schools mentioned on page 3 of (XX). E.& P.H. propose that, if the undertaking of fresh responsibility in respect of these schools is to be restricted to Rs 1.25 lakhs (half of Rs 2.5 lakhs), a selection will have to be made out of this list by H.M.(Education). If this is done, the provision to be made under this item would be reduced.

Items (3), (4) & (5) - E.& P.H. propose to accept this recommendation of the D.P.I. to make provision for these items as indicated. Finance may agree.

E.& P.H. may prepare the necessary note on the Part II Scheme after obtaining orders in circulation including H.M.(Fin) & H.P.

It is very doubtful whether funds can be found for the provision of building grants on the scale indicated above, in the budget for next year. It is also part of the present anti-inflationary policy to defer building schemes generally. Orders of M.D. in H.P. may be taken before the Part II Scheme Note is prepared.

MP 3-4 CF

Deaf and Dumb school, Teynampet at a cost of Rs.49,000.

By propose that this work may be included in the Part II schemes for building grants to Secondary and Special schools in 1949-50.

The present policy of the Govt. is to defer all building schemes, except those that are immediate and essential, in view of the high cost of materials and labour, and also as an anti-inflationary measure. What applies to building schemes applies to building grants also. Though it seems desirable to give a grant to this school, it seems it can be deferred in view of the present policy of the Government, and in view of the need to balance the budget for the next year without drawing on the reserve, as suggested by the Govt. of India.

In the circumstances, Finance may advise that the proposal to give a building grant to the school in question may be deferred. If E.& P.H. do not agree, they may be requested to take orders in circulation including H.M.(Finance).

Notes from page 3 ante may be read.

2. The case relates to provision being made in Part II of the budget estimates for 1949-50 for sanctioning grants to secondary and special schools under private management for the construction of buildings or additions & improvements to existing buildings and for the acquisition or improvement of playgrounds. - The payment of grants is regulated according to the rules in the Grant-in-Aid Code under which the amount of grant is limited to one-half of the cost; in the case of building schemes, the maximum grant payable to any individual scheme is restricted to Rs 35,000 so that the funds available may be sanctioned to as many schemes as possible. The DPJ maintains a list of approved schemes and recommends for the consideration

3- NOV 1948

81165-SUM

list at (XX)

H.M.'s orders may be taken.

by 4-11-48

of Govt every year such new schemes out of the... which provision should be made for payment of... in the next year's budget. The proposals of the 21... 1949-50 are as follows:-

Building grants

	Estimated Cost	Cost in 1950
(1) Secondary schools for girls	3,11,700	1,67,200
(2) do for boys	2,10,815	95,000
(3) Building grants to orphanages attached to secondary schools (Mullin orphanage, Nageswaram)	25,000	15,000
(4) Building grants to special schools		
(a) Training schools	10,500	10,300
(b) Schools for deaf & dumb & blind	24,500	12,000

(5) Grants for the acquisition or improvement of play grounds to Secondary schools for boys & girls 4,000

2. Secondary School for girls. There are no restrictions to sanctioning grants for the construction of buildings to Secondary schools for girls. The maximum grant payable for the 15 schemes specified in the SH at (XX) which have already been included in the approved list amounts to Rs 3.12 lakhs. The DPJ has suggested that a provision of Rs 2.41 lakhs may be made for these schemes in the next year's budget. This Deptt suggested that a provision of Rs 1.67 lakhs may be made and Finance have agreed to the suggestion. They have however pointed out that it is part of the present anti-inflationary policy to defer building schemes generally and it is very doubtful whether funds can be found for the provision of building grants on the scale indicated above. It is therefore for consideration whether schemes costing over Rs 70,000 (twice the amount of the maximum grant payable for each scheme) may be left out as they can be considered to be costly schemes and provision may be made for the remaining schemes. The amount to be provided for will then come to Rs 1.47 lakhs.

Primary schools for boys These were hitherto subject to the restrictions imposed in G.O. No. 1915 Edu & 9-12-41 and grants were only in exceptional cases. In view of the fact that grants were considerably restricted during the past seven years, it was decided in cabinet that a sum of Rs 2.5 lakhs should be sanctioned in the current year and out of this a portion - Rs 131,475 was sanctioned for the five schemes specified in the annexure to G.O. 2590 Zondy 16-10-48. (B/11) The Secy (Edn) has already suggested that similar provision may be made in the next year's budget. As the total grant advisable for the 8 schemes which have already been included in the approved list amounts to Rs 2.11 lakhs, it was suggested by this Deptt. that a selection may be made out of the list so as to limit the maximum liability in respect of the schemes for which funds should be provided for to 1.25 lakhs. Finance have agreed to this proposal. The schemes for which grants may be provided for, may now be selected omitting costly schemes.

4. Muslim Orphanage - Angamaly - Thiruvananthapuram - Madras - Item 3 on p. 7 ante & item 4 on p. 8 ante. Finance have agreed to the inclusion of 43 in the list on p. 5 of the list for this scheme.

5. Training Schools. The provision of Rs 10,300 suggested is for building grants to the Sharkey Memorial Training School. Finance have agreed to the provision being made.

6. Schools for Defectives. The D.D. has recommended the inclusion of the scheme for extension to the main building of the Blind & Deaf & Dumb school, Teyyanpet in the list of approved works & this has been sanctioned in G.O. No. 2700 Edu & 28-10-48 (M) As the recommendation was made after the submission of Part II estimates, this was not included in the Director's estimates.

The Finance Deptt. do not agree to provision being made for this scheme. vide their note on p. 5-6 ante. This Govt. have recognized the need for expansion of facilities for the education of defective children. It is therefore for consideration whether this Deptt. may provision for Rs 12,000 being made for this scheme as first payment to play grounds. Finance have agreed to the small amount of Rs 4,000 being provided for this purpose. There are no restrictions to sanctioning grants for play grounds.

The file may now be circulated to HM (Zon) for perusal & for orders as required by Finance before a Part I scheme note is put up, and on the points raised in paras 2, 3 and 5 on pages 7 and 8 ante.

12.XI

16/11/48

The file may be circulated to HM (Zon) for perusal of the minutes of HM (Zon) above on behalf of H.P. and for orders as to whether he wishes to press for provision being included under Part II of the BE for 1949-50 for new building schemes falling under the five categories specified on page 7 ante. If so orders are solicited on the points raised in paras 2, 3 & 5 of the office note on p. 7-8 ante.

17-11-48

18-11-48

18-11-48

This is a new conservative estimate. May be considered by H.O.T. & for Part II.

19

20-11-48

Please see the minutes of HM (Zon) above. It is presumed that HM (Zon) has agreed to the modifications proposed in paras 2, 3 & 5 of the office note on p. 7-8 ante to the original proposals and he refers to the proposals as thus modified as a 'conservative estimate'. If so suggested therein, the fresh liability

in respect of building schemes for secondary schools for boys is limited to Rs 1.25 lakhs, it will be sufficient to provide a sum of Rs 60,000 for the schemes to be selected in the B.E. for 1949-50. The ultimate cost in 1949-50 will then be as shown below:—

Building grants	Ultimate Cost	Cost in 1949-50
Secondary schools for girls	1,91,700	1,17,200
Secondary schools for boys	1,25,000	60,000
Orphanages attached to secondary schools - (Mushin Orphanage Thyagarayanagar)	35,000	15,000
Building special schools - Training schools	10,300	10,300
Schools for defective children (Deaf, Dumb & Blind)	24,500	12,500
Grants for Playgrounds		
Acquisition or improvement of playgrounds for secondary schools for boys & girls	4,000	4,000
Total	3,90,500	2,18,500

The provision of Rs 2,18,500 suggested for inclusion in the B.E. for 1949-50 is in respect of schemes which have been included in the list of approved works prior to 1.11.48.

The file may now be circulated to H.M. (En.) for orders whether the above proposal may go forward as a part of scheme for 1949-50.

22-11-48
22-11-48
May be considered as Part II
24.XI

What ever provision we may make should be on district war basis. I am not seeing any schemes for elementary schools in villages. They should also receive attention at least now. May I know the amount spent on buildings for elementary schools in villages go in B.E. during the last three years?

C.P.R.
25/11

Please see the minutes of H.Pr. on p. ante.

BUILDINGS GRANTS TO ELEMENTARY SCHOOLS:-

It is proposed to allot a sum of Rs. 6 lakhs in the current year for buildings for ele. schools. The amount is to be distributed district-war on a population basis. Proposals received from the D.P.I. for the disbursement of this allotment are under consideration. The grants will be given for ele. schools under district boards, municipal councils and private management. The file will be circulated to H. Premier in due course. With reference to the applications received by the Director it is proposed to disburse only Rs. 2.14 lakhs. out of the allotment referred to above.

2/. H.M. (En.) has ordered that a similar provision of Rs. 6 lakhs may be made in the B.E. for 1949-50. to be distributed district-war as grants for building schemes for elementary schools. The total grant payable in respect of the schemes suggested by the D.P.I. is however only Rs. 1.98 lakhs. Orders are being taken in circulation whether only 1.98 lakhs should be provided in the budget estimate or whether Rs. 6 lakhs (and the Director asked to submit further schemes to cover the balance. The information regarding the distribution of grants for elementary schools district-war during the last 3 years is not readily available. It is being obtained from the D.P.I. and the Inspector of M.C.I.s and Local Boards.

3/SECONDARY SCHOOLS:-

The proposals in this file of ~~them~~ are in regard to provision of funds in the next year's budget for new schemes for the construction of buildings for secondary schools for girls and for boys and special schools and for provision of play-grounds. A statement showing the districts in which the schools to which grants were sanctioned in the current year is put up at (C). A list of schemes already included in the list of approved work for which grants are to be provided for in the ~~year~~

next year is put up at 'XX'. The district - war basis is being observed even at the time of selecting schemes for inclusion in the approved list.

It has been ^{suggested} ~~decided~~ that the liability in respect of schemes for the construction of buildings for secondary schools for girls and boys to be newly ^{under fallen} ~~opened~~ in 1949-50 ^{may} ~~should~~ be limited to Rs. ~~191,700~~ 191,700 and 125000 respectively.

In respect of schemes for the construction of buildings for secondary schools for girls, it has been suggested in para 2 of the notes on p.7 ante that schemes the estimated cost of which exceeds Rs. ~~7,000~~ ^{70,000} may be left out. H.M.(Edn.) has already approved this ~~by~~ ^{vide} his minutes on page 9 ante. Accordingly 4 schemes (numbers 1,5,10 & 15) in the list on p 1-2 of 'XX' have been struck off.

In respect of schemes for the construction of buildings for secondary schools for boys, a selection has to be made from the list on p. 3 of 'XX' so that the maximum subsidy admissible for the selected schemes does not exceed Rs. 1.25 lakhs.

As it is necessary to specify the schemes for which it is proposed to include provision in the next year's budget ^{in the Part II scheme note} the selection should be made now. The file may be circulated to H.M.(Education) and H.Pr. for orders.

Handwritten notes:

H. (C.),
H.Pr.

The proposal for Girls' Schools may be approved as agreed to by Finance. As the proposals themselves are few, there is no scope for selection in the district-war basis.

With regard to boys' schools, the total for aided secondary schools is about Rs.1,25,000/-. For that purpose, the following schools may be approved.

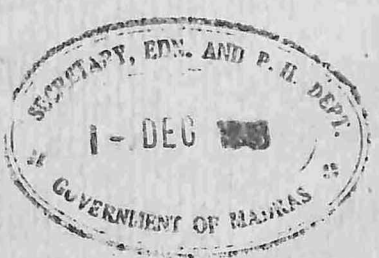

S.No.	Name of the school.	Amount to be provided for in the Budget Estimate.
1.	T.T.V.High School, Madras.	Rs. 30,000/-.
2.	Hindu Theological High School, Madras.	10,000/-.

3. Hindu Nadars' High School, Sivakasi, Ramnad Dt. Rs. 15,000/-.
4. Sri Sai Baba National High School, Anantapur. 20,000/-.
5. R.C.M.St.Antony's Secondary School, Vizaganadam. 17,500/-.
6. L.M.C. High School, Shiyali. 6,250/-.
7. K.V.Middle School, Ujre, S.Kanara dt. 11,500/-.
8. St.Antony's High School, Tanjore. 15,000/-.

Total. Rs. 1,25,250/-.

In these also, all the approved applications have been ^{promised} ~~approved~~, and they have been selected districtwise also.

Handwritten: 157 20.11.48

Handwritten note:
on 30/11/48
H.M. (Edn.) said that as the number of schemes is small (viz. eight) and as the institutions are situated in three linguistic areas, funds should be provided for all the schemes. (p.34)

Please see the orders in circulation above. It was suggested in this Dept's note on p.10 ante, that the maximum grant to be paid for aided secondary schools for boys for construction of buildings may be limited to Rs.1.25 lakhs and the provision to be made in BE for 1949-50 to Rs 60,000. H.M. (Edn.) has selected all the 8 schemes for which the maximum grant payable is 2.11 lakhs and has suggested that a provision of Rs 1.25 lakhs may be made in the next year's budget for the purpose. H.M. (Edn.) on behalf of H.Pr. has approved this proposal.

37.n. Education - Special - Direct grants to Non-Govt. Special schools - A. General

(1) Excluding Post-War Reconstruction - 3. Buildings - Voted. Building grants to non-Govt. Special Schools. 34,800 22,300

Total. 4,76,300 2,83,500

Grants towards the cost of construction of buildings and acquisition of land for school, hostel or playground for secondary and special schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VIII of the Grant-in-Aid. Under these rules, the D.P.I. maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of Government every year such new schemes out of the list for which provision should be made for payment of grants in the next year's budget.

2. Budget procedure requires that provision should be made in Part I for schemes for which a portion of the grant has already been paid or is likely to be paid before the end of the year preceding the budget year and in Part II for other schemes. A provision of Rs.85,000 has been proposed for inclusion in Part I in respect of twelve part-paid schemes.

3. Prior to December 1941, grants not exceeding

one half of the cost were given towards the acquisition of sites and construction of buildings for secondary schools under private managements. With a view to conserve all available funds for elementary education, the Govt. decided in 1941 that no building grant should be given in future to secondary schools for boys, unless a special case is made out that a grant is essential to the institution. This decision is not applicable to grants for the construction of buildings for secondary schools for girls and for the provision of playgrounds for all schools. On account of the imposition of the restriction, grants for the construction of buildings for secondary schools for boys were considerably restricted with the result that the schools had to get on with the existing accommodation or by putting up temporary thatched sheds to provide the requisite additional accommodation. As the buildings in which most of the schools are housed are unsuitable and require reconstruction or extensive alterations and improvements, to meet departmental requirements and it has become necessary to provide additional accommodation, owing to the increase in the strength of the schools. The Govt. revised their policy and sanctioned, as a special case, in the current year grants amounting to Rs.1,31,475 for the construction of buildings for secondary schools for boys. It is considered necessary to make similar grants in 1949-50 also.

4. The D.P.I. has recommended that grants may be sanctioned in the next year for the construction of buildings for 15 secondary schools for girls and 8 secondary schools for boys amounting to Rs.3.12 lakhs and 2.11 lakhs respectively. In view of the policy of Government to defer all costly building schemes till the cost of building materials and labour comes down to normal and having regard to the anti-inflation policy, also, costly building schemes have been left out. a selection has been made out of the schemes recommended by the Director. for girls schools. The new schemes for which provision has been suggested in the next year's budget are shown in the annexure. It is also proposed to make building grants to one training school and to one

one school for defectives which come under the category of special schools. As only a part of the schemes is likely to be executed in the first year and the grant claimed in respect of the expe. thereon, it is considered sufficient to provide for part payment of grant for certain schemes as shown in the annexure.

5. The D.P.I. has recommended that a provision of Rs.4000 may be made for payment of grants to three institutions shown in the annexure for playgrounds. It proposed to accept the Director's recommendation.

6. This dept. recommends that a provision of Rs. ~~2,48,500~~ ^{2,83,800} be made in the next year's budget as shown in the summary at the head of the note.

4000

22300

171000

Grants towards the cost of construction of buildings and acquisition of land for school, hostel or playground for secondary and special schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VII of the Grant-in-Aid Code. Under these rules, the Director of Public Instruction maintains a list of schemes approved from a technical point of view. The Director recommends for the consideration of Government every year such new schemes out of the list for which provision should be made for payment of grants in the next year's budget.

2. Budget procedure requires that provision should be made in Part I for schemes for which a portion of the grant has already been paid or is likely to be paid before the end of the year preceding the budget year and in Part II for other schemes. A provision of Rs 85,000 has been proposed for inclusion in Part I in respect of 12 part-paid schemes.

3. Prior to December 1941, grants not exceeding one-half of the cost were given towards the acquisition of sites and construction of buildings for secondary schools under private managements. With a view to conserve all available funds for elementary education, the Government decided in 1941 that no building grant should be given in future to secondary schools for boys, unless a special case is made out that a grant is essential to the institution. This decision is not applicable to grants for the construction of buildings for secondary schools for girls and for the provision of playgrounds for all schools. On account of the imposition of the restriction, grants for the construction of buildings for secondary schools for boys were considerably restricted with the result that the schools had to get on with existing accommodation or by putting up temporary thatched sheds to provide the requisite additional accommodation. As the buildings in which most of the schools are housed are unsuitable and require reconstruction or extensive

alterations and improvements to meet departmental requirements it has become necessary to provide additional accommodation owing to the increase in the strength of schools. The Government revised their policy and sanctioned, as a special case, in the current year grants amounting to Rs. 1,31,475 for the construction of buildings for secondary schools for boys. It is considered necessary to make similar grants in 1949-50 also.

4. The Director of Public Instruction has recommended that grants may be sanctioned in the next year for the construction of buildings for fifteen secondary schools for girls and eight secondary schools for boys amounting to Rs. 3.12 lakhs and 2.11 lakhs respectively. In view of the policy of Government to defer all costly building schemes till the cost of building materials and labour comes down to normal and having regard to the anti-inflation policy also, costly buildings schemes have been left out. The new schemes for which provision has been suggested in the next year's budget are shown in the annexure. It is also proposed to make building grants to one training school and to one school for defectives which come under the category of special schools. As only a part of the schemes is likely to be executed in the first year and the grant claimed in respect of the expenditure thereon, it is considered sufficient to provide for part payment of grant for certain schemes as shown in the annexure.

5. The Director of Public Instruction has recommended that a provision of Rs. 4,000 may be made for payment of grants to three institutions shown in the annexure for playgrounds. It is proposed to accept the Director's recommendation.

6. This Department recommends that a provision of Rs. 2,83,800 be made in the next year's budget as shown in the summary at the head of the note.

M. V. SUBRAMANIAN—2-12-48.

Please see the Part II scheme note at pp 235 ante. A provision of Rs 1.25 lakhs has been made in the estimates of expenditure for 1949-50 for payment of building grants to the schemes specified at pp 235 ante. A draft order is submitted below for approval. It may be sent to Finance U.O. for acceptance.

In accordance with the decision taken in cases relating to the payment of building grants for the high school at Periyanaickenpalayam, Madras Xian college high school and the Girls' high school, Triplicane, should we raise the maximum grant from Rs 30,000 to Rs 35,000/- in the ^{cases of} ~~high~~ schools marked in pencil in the draft?

The budget head in respect of the grant for the Muslim Orphanage should also be specified in the draft.

in
11-11-49

The question of ~~raising~~ the maximum admissible grant from Rs 30,000 to Rs 35,000/- in respect of the ~~one~~ ^{six} schemes referred to above by the A.S. will have to be considered only as and when representations are received from the managements concerned. In regard to the ^{three} High Schools viz. Sri Ramakrishna Vidyalaya high school, Periyanaickenpalayam and the National High School (Girls) Triplicane, and the Madras Xian college high school the grants were enhanced only after considering the representations from the respective managements. The Fin. Dept. have advised, in connection with the raising of the limit for the National High School for Girls, Triplicane, that this no general order is necessary in this respect and that enhancement need be sanctioned only on representation by individual managements.

Grants ~~from the~~ ^{for} towards construction of buildings for orphanages ~~are met out of the~~ ^{attached to secondary schools} of the affrs.

under "37g. Edn - Secy. Direct grants to Secy. Schools A. General - 3 Buildings". The maximum grant in respect of St. Mary's Middle School for Girls ~~was~~ Sawyerpuram was fixed at Rs 7,675 in the Part II Scheme proposal only approximately. Orders have since issued fixing the grant at Rs 7,660 based on the estimate as finally approved by the J.C.A. The revised figures have now been incorporated in the draft below. It may be sent to Fin. U.O. for acceptance.

In respect of Building Schemes for Secondary Schools approved prior to June '48, the limit was fixed at one-half of the estimated cost subject to a maximum of Rs.30,000/- in each case. In respect of Schemes approved after that date, the maximum limit was fixed at Rs.35,000/-. The old limit of Rs.30,000/- was raised to Rs.35,000/- ^{for the first time} in the case of the building scheme relating to Ramakrishna Vidyalaya High School, Perianaickenpalayam, approved in G.O.No.3178, Edn. dated 11-12-48. This concession was extended to the building schemes relating to the Madras Christian College High School and the National Girls' High School, Triplicane. There are ~~five~~ ^{five} Schemes in respect of which the maximum limit has to be raised from Rs.30,000

to Rs.35,000; These are indicated in pencil in the draft below. In the case of item 2, the limit has to be increased from Rs.30,000/- to Rs.31,500/- representing one half of the estimated cost. It will be seen that the maximum grant of Rs.30,000/- is less than one-half of the estimated cost in respect of each scheme. It would seem fair to raise the limit in these cases to 35,000/- as has been done in ^{the} three cases ^{mentioned above} and not to leave the question to the managements. If Finance agree, necessary alterations will

be made in the draft. The file may be sent Finance.

E & P.H. U.O. No.

7369/B, 48-3 Edn.
7/4/49.

Finance(Exp.A)Depa

Last seen in Finance on p.14 above).

The notes from page 25 above may be perused.

The draft order may be accepted subject to the following remarks:

Provision for the year 1949-50 for the scheme of grants for buildings and play-grounds to secondary and special schools under private managements, as proposed by E.& P.H., was Rs.2,83,800. The Cabinet allowed a reduced provision of Rs.1,70,000/- in the budget for 1949-50 - see item 35 on p.128 of the Budget Memorandum for 1949-50. E & P.H. may therefore be requested to specify the grants to the schools in question in 1949-50 with reference to the amount provided in the budget. This may be done by introducing ^{an additional} ~~a fresh~~ column(5), "Grant ^{provided for in} sanctioned for 1949-50" in the annexure to the draft Order and distributing the sum of Rs.1.70 lakhs over the various schemes ~~only~~.

2. Raising of the maximum limit of grant from Rs.30,000/- to Rs.35,000/- in respect of certain schools.

Before June 1948, the maximum limit of half grants admissible to Secondary Schools for schemes relating to buildings and play-grounds was Rs.30,000/-. When this limit was in force, the five schemes in question were, among others, included by the Director of Public Instruction in the approved list of building schemes. In the case of the schemes relating to the Ramakrishna vidyalaya High School, Perianaickenpalayam, the National

This would mean that the Govt. are committed to the balance of the expenditure for the next year 1949-50 & there is no justification for anticipating the budget for 50-51. The proper course is to omit some of the items so as to limit the total cost to the amount provided - the working in P.P. & A on p.25 above is to be omitted. 12/4/49.

Go taken to Secy.

school, Triplicane, and the Madras Christian High School, Madras, the maximum has been fixed individually on representations received from these institutions. When the question of raising the limit generally for all the schemes was raised, this Department advised that no general order need be issued raising the limit to Rs.35,000. ~~It is that the case of each institution may be considered if and when it is the concerned institutions moved in the matter.~~ In view of this, Finance may advise that the maximum limit need not now be raised to Rs.35,000/- in respect of the five schemes in question, as proposed by E & P.H. on pp.30-31 above.

AA B
11.4.49 11.4.49
in view of the need to keep the total cost below Rs 1.70 lakhs. In fact some efforts will have to be omitted altogether as I have indicated in my marginal remarks on the previous page.

11.4.49 E.P.H.

E & P.H. (B).

Please see the notes of Finance Deptt. at pp.31-32 above. The Secretary of the Finance Deptt. has stated that certain of the building schemes will have to be omitted so as to bring down the ultimate cost to Rs 1,70,000/- and that the question of raising the maximum grant admissible to the remaining five schemes need not be considered now.

2) It has been suggested in this Deptt. that the immediate cost i.e. the amount payable in the current year should be restricted to Rs 1,70,000/- and that the balance of the

see A on p 29 above

It is certainly not advisable to increase any of the items to Rs 35,000

Fin. ... 23672/Exp. 11.4.49

Generally, building grants are disbursed in instalments within a period of two to three years.

TW/11/49

The question may be referred if the management concerned apply for enhancement of A in p 29 ante

TW/11/49

grant admissible to these schemes should be treated as expenditure under Part I estimate in the ensuing year. Attention is in this context invited to the minutes of H.M. (Edn) at p 15 of the linked file with reference to the extracts of proceedings of the S.F.C. restricting the provision for building grants to secondary schools under private managements and local bodies to Rs 2 1/2 lakhs. H.M. (Edn) was not for pressing the proposals further as the provision included in the proposals was only towards payment of part grants in 1949-50 and as the ultimate cost would remain unaltered in respect of building schemes pertaining to secondary schools under local bodies, subside have been sanctioned for all the selected schemes even though provision has been made for part payment only in 1949-50. This practice is not new. Vide govt. 771 Edn of 5.4.48. Before sanctioning the DPD as to how the grant of Rs 170000 provided for payment in the current year may be distributed to the several schemes, Finance

Separate file

pages 16-18 of 9 (C)

may be requested to say whether in the circumstances mentioned above, they agree to the grant admissible to the schemes specified in the annexure to the Part II scheme note may be sanctioned. The maximum grant admissible will not be claimed in the first year of execution of the scheme and in the case of costly schemes, it may take 2 or even 3 years for completion and the provision for payment of grant in a particular year will be based upon the probable expenditure that may be incurred on the scheme in that year.

3. The suggestion of Finance that the maximum grant need not be raised from Rs 30000 to Rs 35000 in respect of certain schemes may be accepted

20/4/49

X
E.P.H.

H.M. (Edn)'s minute in L.F. is primarily
based on a conversation in regard to building
schemes which have been specifically sanctioned
by Govt. Where there is a separate order of sanction
the provision actually made in a year does not
matter & the balance of expenditure will naturally
have to be incurred in subsequent years.

This principle cannot obviously
be a case such as the present one
There is no separate order approving
the schemes i.e. admitting the wish
concerned for aid. However it
that even the D.P.I. is competent
select institutions for which aid
should be given & this dept. need not
be object to the sum of Rs 1.70
lakhs referred to being distributed
over all the schemes mentioned in
the Part II scheme note.

[Issued as Memo No. 73691 B/48-7 Edn. d/28.5.49]
G.No. 42554 from the B.P.G. Re. No. 537 D2/48 d/31.5.49.

Please see the letter from the B. P.G. at p 27 cf. Orders in this regard were already issued in Memo No. 73691 B/48-7 Edn

for the new schemes relating to secondary school girls including the Muslim Orphanage is Rs 14 and that part payment should be made for a. If the full grant of Rs 30,000 is provided for the school to the A.R.C. Secondary School, the amount available for distribution to other schools will be reduced. It seems that it will be sufficient if part payment is made for the scheme also.

The progress of work can be correctly estimated towards the close of the year. It may take a long time to get reports from the various managements. The DPJ may therefore be asked to suggest suitable amounts based on the maximum grant for each scheme. The Director may be asked to report the amount if necessary before actual payment is made having regard to the claims received for disbursement at the end of the year.

A draft memo is submitted below for approval

clarifying certain points raised by the D.P.G. in
5-5-49. The memo was despatched on 30/5/49.

In regards para 2 of the Director's letter at p 27 of,
it is informed that there is no objection to his disallowing
of building schemes for which provision has been made
in the Part I of the B.E. for 1949-50.

A draft Memo is submitted below for approval.

[Handwritten signature]

[Memo no 73691 B.1/48-8 Edu dated 6.6.49]

45202. From the D.P.G. AC no 537 D2/48 2, 10.6.49.

Please see the letter from the D.P.G. on 11/31-32 of.

2. The D.P.G. was clearly informed in Memo 73691 B.1/48 p 25 of
23.5.49, that the amount provided for payment in the
current year (under the part payment system) to the managements
of aided secondary schools in respect of 20 new schemes
relating to Day Schools including orphanages attached to
such schools is Rs 143,700. He has however wrongly assumed
that the provision available for new schemes to be 58,600 only
by deducting from the figure Rs 143,700, the amount
of Rs 85,100 provided for certain schemes for which grants
were sanctioned in previous years & for which a portion of
the amount of grant outstanding will have to be disbursed
in the current year. The provision for the latter is in addn
to the former and the total provision is Rs 228,800 for
building grants to non-govt secondary schools.

3. It is necessary that orders sanctioning grants
for the new schemes should be issued without any further
delay so as to enable the managements to take up the
execution of the schemes if they had not already commenced
in anticipation of sanction & claim the grant before the
end of year with reference to the expenditure that is
incurred in the execution of the work in the current year

of the budget
estimates

vide p. 235
of the budget
estimates

The actual amount required for disbursement
the current year will depend upon the progress in
the execution of the schemes and it will be hard
to estimate with some accuracy whether the provision
in the budget is sufficient or not ^{only} at the close of
the amount provided for may be allotted tentatively
for the several schemes having regard to the maximum
grant admissible in each case and the D.P.G. may be asked
to apply for additional funds later on if required.

4. In regard to schemes for which grants have
been sanctioned even though they were not considered as Part
II Scheme for 1949-50 and for those for which it is
proposed to sanction grants in the current year without
treating them as Part II schemes ^{for 1950-51} the amount required
for disbursement may be included in the note for the
Cabinet to be prepared for obtaining sanction for addl funds.
The D.P.G. has been asked separately to estimate the requirements.

5. A draft order is submitted below for
approval. It may be sent to Finance for acceptance.

Finance (S.P.H.)

(Finance saw left on page 37 above)

The note from the postman marked XX on page 38
above may be found.

B. above. The proposal may be accepted.

A. above. Additional funds to meet expenditure
in excess of the budget provision of Rs 1-20 lakhs
cannot be provided for in the current year in view
of the fact that the ^{original} ~~provision~~ ^{grants} was ~~reduced~~ ^{revised} to Rs 1-20
lakhs (with a view to keep down the revenue deficit)
by the Cabinet - vide K on page 31 above. Additional
funds that may be earned by the managements
concerned will have to be provided for in Part II of
the Budget estimates for 1950-51. S.P.H. may
therefore be requested to modify para. 3 of the draft
order as indicated in pencil which may remain to be corrected in L.
