Sir,

Sub: Grant - Building - Girls Secondary School, Moodu-
bidri - Newly opened - Construction of building -
inclusion of the scheme.

REF: G.O.Ms.No.1212 Education dated 14--5--1948.

92084 (M)

The new Girls Secondary School, Moodubidri, the opening of which was sanctioned in the G.O. mentioned above is housed in a temporary building. The school was stated with a strength of 30 pupils distributed in Forms I to III. The Trust hopes to start the next three forms in successive years to make it a complete Girls' High School.

2. Though the school has only 3 forms now the Correspondent has submitted plans for the construction of a building with 8 rooms to house the six forms and the remaining two - rooms for "Library and Reading Room" and "Staff Office" with scope for double floor at a future date. The approximate cost is Rs.51.328/-.

3. The Correspondent has submitted an application for building grant towards the above construction.

As the school has been started during the current year and as the strength is poor I request to be informed whether the application for building grant can be considered and the scheme included in the consolidated list for the quarter ending 31-12-48, for the consideration of Government or to defer the "Building Scheme" till the opening of Vth Form, when "Cheap Type design" for School building" would be ready.

Yours faithfully,

The DP & R is informed that the question of constructing
new buildings for the aided Secondary School for girls at

strength of the school shows improvement. The opening
of higher forms in the school should also be deferred until
the strength of Forms I to III proves the economic and
justifies the opening of higher forms - It is advisable to

The Hon'ble Minister for Education,
Government of Madras,

Sir,

Sub: An appeal - IV Form opening of - permission
solicited - special claims prayed for.

I beg to submit the following facts for your kind
consideration and favourable orders.

1. The government selected, Moodbidri in the
District of South Kanara for the opening of a Middle School
for girls under the management of the Moodbidri Educational
Trust in the current year, communicated in the proceedings
of the Director of Public Instruction, Madras, R.C.No.917-
D-47 dated 21st May 1948, under the system of special aid
by which we are to get a teaching grant based on the actual
net cost of maintenance of the school to a maximum of
Rs.3300/-/- for a period of five years.

2. On 13-1-1949 I submitted to the Director of Public
Instruction through the Inspectress of Girls' Schools, Sixth
Circle, Calicut application for recognition of Form IV as
from 1--6--1949, and in reply I am informed by the Inspec-
tress of Girls Schools, that the opening of higher forms
in our Girls' Secondary School has been deferred until the
strength of I to III Forms are enrolled to more than 20
in each as per the Government memo No.92694-B-2-48-1,
Education dated 23--12--1948 communicated in Proceedings
Dis.No.75-49 dated 6--1--1949 of the Director of Public
Instruction, Madras.

3. No doubt the present strength of the school is
lean, but I assure you, that it will increase appreciably
and each form will have not less than 20 pupils. The

may be informed accordingly.

The position of the IV form will be ~~the~~ also similar to the other lower forms from the next academic year.

4. The present low strength is due to the fact that the school was opened in the month of July 1948 when normal admission in the Boys' High School of the same locality and of the neighbouring High Schools were long over, and our school got only such of the few pupils that could not get admission elsewhere, and others who wish to attend only a Girls' Secondary School.

5. There are more than 60 girl pupils studying in the Secondary classes of the local boys' High School, most of whom will definitely join their Girls' School.

6. Parents who wish to send their girls to Girls' High Schools specially for the bifurcated courses have all promised to give uniform help and support.

7. In between Mangalore and Karkala this is the only Girls' Secondary School.

8. I therefore earnestly request that as the present condition of the school does not impress you to grant permission for the opening of the IV Form readily on the plea of ~~the~~ low strength, the Moodbidri Educational Trust may kindly be permitted to open the IV Form with a specific condition of obtaining ~~the~~ minimum strength of 20 in each form.

So I pray that early orders ~~be~~ be granted to us for opening the IV form as from 1-6-1949.

I consider that the school will have to establish itself well as a Middle school by satisfying the conditions of accommodation, staff, equipment and endowment before the question of opening higher forms is taken up for consideration. In this connection I invite the attention of the Government again to their Memo. 92684 B2-48-1 Edn. dated 23-12-48.

Sub: An appeal for Reconsideration - opening of
IV form in the Girls' Secondary School, Moodbiari
Special claims - prayed for.

The Petitioner is informed as per the Memorandum No. 29994-B1-49-2 Edn. dated 17th May 1949 Education and Public Health Department - Government of Madras - that the opening of the Higher forms in the above school should be deferred until the strength in forms I to III of the school proves to be economic and till the School establishes itself well as a Middle School by satisfying the conditions prescribed in respect of accommodation, staff equipment and endowment.

No, doubt the strength of the school in the last accedemic year was poor, but I as-sure you, that it has appreciably increased this accedemic year and each form having 20 pupils.

We have legally conveyed to the accounts of the School an endowment of Rs.10,000/- and by the time, we have a full fledged girls' High School, we will raise the endowment appreciably.

Two trained B.A.B.T. Lady teachers - one as Headmistress and the other as an Assistant have already joined service and every efforts will be made to have complete trained lady teachers on the staff.

Regarding accommodation - Now the school is housed in two buildings having sufficient accommodation, the plans of which have been already submitted through the the Inspectress of Girls' School, Sixth Circle, Calicut with the Sanitary certificate from the District Health Officer, South Kanara, Mangalore.

Parents of the girl pupils are reluctant to send their daughters to the local Boys' High School and every day girl students are waiting in the school for the IV form.

It is therefore prayed that the opening of higher form in the school may be permitted this accedemic year.

I beg to remain,
